DISTRICT COUNCIL OF Streaky Bay

Coastal Hazard Survey

We invite you to contribute to our understanding of the coastal hazards and observed coastal changes for Streaky Bay and Baird Bay. The two coastal hazards under consideration are sea-flooding (inundation) and coastal erosion. We are also seeking your view as to how much coastal change has occurred over the time you have been connected to the coast. We are also seeking photographs of sea storm events that caused flooding or erosion. **Click here** to find out how you can contribute photographs.

You can also email Council at dcstreaky@streakybay.sa.gov.au or call 08 86261001 for further information.

Your relationship with the coast

1. What is the coastal location to which you are most connected?

- ◯ Streaky Bay township
- ◯ Baird Bay settlement
- ◯ Other (please specify)

2. How are you connected to this coastal location?

- ◯ Permanent resident (own house)
- ◯ Permanent resident (leasing, boarding)

- ◯ Holiday house (own house)
- ◯ Holiday house (regular lessee)
- ◯ Other (please specify)

3. How long has your relationship been with this coastal location?

- ◯ 0-5 years
- ◯ 5-10 years
- ◯ 10-20 years
- ◯ Over 20 years

Coastal Change

4. How much do you think the coast has changed due to natural impacts (not human) over the course of your connection with the coast?

- ◯ No change
- ◯ Minimal change
- ◯ Moderate change
- ◯ Major change
- ◯ Unsure

5. If you have observed coastal changes, describe the nature of those changes.

Coastal Storms

6. This current year of 2025 has been stormy around the South Australian coastline. Did you observe any of these sea storms at Streaky Bay or Baird Bay?

- ◯ No
- ◯ Yes at Streaky Bay
- ◯ Yes at Baird Bay

7. If yes, what month (if known), and did you observe?

8. Have you observed sea storms from previous years?

- ◯ No
- ◯ Yes at Streaky Bay
- ◯ Yes at Baird Bay

9. If yes, what year (if known), and what did you observe?

10. Do you have photographs of any sea storm events?

- ◯ No
- ◯ Yes for 2025
- ◯ Yes for previous event

11. Refer to the Council website to ascertain how you can contribute these photographs.
Or provide your email address or phone number below and we will contact you.

General Questions

12. We understand that there are varying views about the impact of climate change and the potential impact of sea level rise. How concerned are you that climate change related to human influences will exacerbate coastal hazards?

- ◯ Not concerned
- ◯ Minimally concerned
- ◯ Moderately concerned
- ◯ Majorly concerned
- ◯ No view

13. Do you wish to share any other information that may be relevant to this coastal hazard study?
