

Finger traces to secret places...

# Streaky Bay District

## Cape Bauer Loop Drive

Head out past the caravan park and turn left onto the Cape Bauer Drive.

Take in the sights of Hally's Beach, Whistling Rocks (blowholes) and call into the next parking bay to see the sea eagles nest. On Cape Bauer with its rugged coast, look carefully to the left on the cliff point to see the osprey nest. Olive Island is easily visible on the horizon.

Enjoy the drive back to Streaky Bay past the mangroves, boat ramp and oyster farms and finishing with a lovely view of the township. There is excellent fishing all along here.

Please take care on the dirt roads and remember to stick to established tracks.
