There was around 80 individual responses received for the combined feedback strategy.

A report was presented to Council's Road Action Group Committee to discuss the feedback and make recommendations for Council to consider.

A brief summary of feedback received is tabled below;

#### Wells Street

Round-a-Bout	Concerns if it is too small punts and heavy vehicles could not navigate, many were in favour of it providing large vehicles could navigate it
School Car Park – Sealing and Delineation	Whilst the design concept was well supported by respondents, this is land under the care and control of Dept Education and not Council

Eyre Ave Pedestrian Crossing	This was support by all respondents
Oval Precinct Entrance	Respondents requested footpath connectivity and the suggestion of the removal of the verge

Caravan Park Slip Lane Entry	Design was generally supported
Extended Kiss and Drop Lanes	Concepts were well supported

#### Bay Road

Wide Shared Use Path	Concept supported

Anderson Crescent Realignment	Concerns were raised over its necessity, design and parking locations
Bay Road Carpark	Concept not supported well
Parallel Parking Lanes	Respondents were split, some supported, many did not feel it was necessary
Jubilee Road Slip Lane	As above
Bellenger Wallschutzky Road Intersection	Majority supported, concerns over cutting corners with current design
Dodgson Drive Access Closure	Respondents were divided with if this should occur or not
Drainage Swale	Supported – should be undertaken – stop the flooding to Dodgson Drive
Redding Road, Park Avenue and Centenary Road Intersections	Respondent responses were varied, many were in favour, alternatives including a round a bout were presented, some questioned the cost of works, were refuges going to impair large vehicles

### EYRE AVENUE CONCEPT DESIGN DEVELOPMENT

Council sought input, ideas and suggestions from the community to assist with the design of an Eyre Avenue Foreshore Precinct Development.

There were many wonderful ideas and concepts put forward, with a strong response from the community to retain the general amenity of the foreshore precinct.

Some of the ideas and concepts included; improved stormwater (reduced run-off), shelters, seating, viewing platforms, increased footpaths, public art spaces, bbq's, designated parking, play spaces and ensure views are retained, to name just a few.

Council staff and Elected Members were presented with the detailed community feedback and met with Masterplan Consultants to undertake a workshop on the proposed design elements in December 2017 (Masterplan were also provided with the feedback document). The workshop included an onsite visit.

The consultants have been commissioned to undertake a design draft concept, and once this has been received it will be presented to Council for approval to go out for Public Consultation.

### DOCTORS BEACH FENCING

Council sought feedback from the community on the relocation of fencing at the Doctors Beach Playground. Council has received many complaints regarding the existing fence and its location and design.

The majority of the feedback indicated that those respondents wished for the fence to be located around the entire perimeter of the lawned area.

Council will also be installing a shade sail to this area and is currently awaiting development approval on the structure.

## COUNTRY HEALTH SA

Country SA Primary Health Network (CSAPHN) was very pleased to have been announced as one of twelve new National Suicide Prevention Trial (NSPT) Sites, bringing significant resources, activity and funding to areas of need in regional South Australia.

The trial will be placed at a regional level to better respond to local needs, and identify new learnings in relation to suicide prevention strategies. The 2-year trial will adopt a system based approach to the delivery of suicide prevention services, targeting populations identified at a local level as 'at-risk'.

To help CSAPHN get a better picture of the needs of each community we have developed a survey to engage with stakeholders, community members, consumers, carers, community organisations and service providers, to identify gaps and opportunities in regional suicide prevention. Findings from this survey will help shape the development of local and regional community suicide prevention action plans and the allocation of resources to help prevent suicide. If you live, work or study in the Cities of Port Lincoln, Whyalla, Port Augusta, Port Pirie, Yorke Peninsula or the Country North region of South Australia please take some time to complete the survey.

## PROBUS

Minutes of Meeting held 15th February 2018  
President Jan welcomed 31 members and 6 apologies were accepted.

Birthday wishes were extended to Rae Brewster, Rupert Schlink and Zita Chester

General Business:

Nomination Forms for 2018-19 office bearers are again available here today. So far we have not received any nominations. We would like them completed and filed before our meeting – preferably before end of Feb.

Seek nominations during the morning tea break. It's simple – no office bearers equals no Club!

## BUSINESS

Rae Brewster suggested that it would be good for 'Probus' to be seen to be supporting our local community and she flagged the idea of a donation to Streaky Bay Hospital Auxiliary (Hospital/Elmhaven). After further discussion about other ways our 'extra' money could be spent Rae proposed: "That we donate \$500 from Club funds to the Streaky Bay Hospital Auxiliary – with our donation to be earmarked for a specific item/project." Sec: Fay Kelsh Cd  
Heather Carey asked if Club members would like Cactus Martins to entertain us for some time after the AGM. All were in favour.

Prop: H Carey "That members make a 'Gold Coin' donation for a presentation to Cactus on this day

Sec: P Eylward Cd

Meeting closed at 10.33am

## GUEST SPEAKER

Anthea Freeman - After morning tea our members enjoyed Anthea Freeman's report on her recent trip to China. Anthea, who is studying pharmacy at UniSA, worked for some time with a large pharmaceutical company in a rural area of China as part of a uni work placement. We were all reassured by her report on the highest standards of quality control and cleanliness which she found existed within this Company.

Following work experience Anthea and her group then spent some time doing the 'tourist bit' and she shared much of this with us, enhanced by her slide show. As usual it's the personal insights into the cultural differences and the "funny things" that happened to or around Anthea that made today's guest so interesting to listen to. We all appreciated Anthea sharing her precious 'home' time with us, and at such short notice.

## INDOOR BOWLS

February has been the month for visitors to attend the Streaky Bay Indoor Bowls.

The number surpassed January's attendance. Over two weeks, February 14th and 21st a total of nine visitors joined the locals to enjoy the fun and hospitality. Player numbers on the afternoon reached 26.

While it is not unusual to find at the end of the day the need for a shots count to determine a winner, recently on two consecutive Wednesdays 3 teams scored 2 wins and a loss which meant the play committee had the sums to do.

However on February 21st there was no such problem when the fours team comprising Kaye, Don, Margaret and Bill recorded 3 clear wins. The Club AGM is coming up in a couple of months and key office-bearers are already making preparations.

President Shirley Petty will announce the date for the meeting in ample time for members to plan ahead.

Council officially took over the clinic on 3 February, 2018.

All Council staff and clinic staff have been working hard together to ensure that the transition is as smooth as possible, and a continuation of service is provided.

The intention is that the current operational elements of the clinic will not change.

A Practice Manager and Practice Nurse have been engaged on 6 month basis, pending the development of the Incorporated Association.

The Chief Executive Officer and Manager, Community and Economic Development are currently investigating housing opportunities and remuneration options for potential successful applicants.

A detailed operational report was presented to a Special Meeting of Council and this report is available for viewing on Council's website [www.streakybay.sa.gov.au](http://www.streakybay.sa.gov.au)

## Club One Small Grants – SA (ONGOING)

Club One has a small grants program to provide up to \$500 (more on merit) to Clubs to assist in small projects and activities.

Typical allocations would be for first aid equipment, strips for a junior team, minor capital items and so forth. In sum, practical, very useful and much needed. The amount if approved is a one off. Clubs and organisations having direct significant income (be it from pokies/ large government grants/ large sponsorships/ professional funding support) would be excluded.

It is an important objective of the program that it is simple and accessible to applicants.

To participate, all that is required is a letter requesting assistance for a specific small project. The letter will need to identify and describe the project, state the costs and give the time frames.

Club One would also like details of the Club and its activities.

Club One will assess the application and will fund on merit.

## TAKE THE STEP - VOLUNTEERING IS EASY

### New Ambulance training course makes it easier to get on the road

A new Ambulance Assist course for volunteers with SA Ambulance Service has already proved a success for the recruitment of many volunteers across country SA. Now a course will be offered on the Western Eyre Peninsula for anyone who would like to volunteer in Streaky Bay, Port Kenny or Wudinna.

SA Ambulance Service has recently introduced the Ambulance Assist training program where recruits can set the pace of their own training and can be driving an ambulance and supporting an Ambulance Officer in just weeks.

Regional Team Leader Paul Coombs says now is a good time to join up as the new Ambulance Assist course will be starting locally in late March.

"We are delighted to be offering this excellent course which gets volunteers on the road and helping out on rosters quicker," said Paul.

"It's really important that we have the staff to cover the roster in the likes of Streaky Bay which covers a large geographical area. Streaky shares roster cover with Port Kenny and has quite a high workload.

"Any help we get would be good. We need daytime covered but are flexible, even if people can cover part of a shift while their kids are at school we would appreciate the help."

Streaky Bay ambulance volunteer Wayne Daniel signed up as a recruit 18 years ago when his parents encouraged him to help out 'for a few years'.

"I thought I had something to offer and would volunteer for a short time, but here I am still doing the same thing 18 years later," said Wayne.

"I keep coming back because I get such a sense of satisfaction being able to help the community. You see people not at their best but then you see them improve and you know you played a part in helping them."

Wayne became Volunteer Team Leader at Streaky Bay seven years ago and says he would encourage anyone to give ambulance volunteering a go.

"Give it a go because it's very rewarding and you do learn a lot of skills and meet a lot of different people."

# OPEN NOW...Art Funding for Projects

## GOT A GREAT ARTS IDEA?

Country Arts SA, through the Regional Arts Fund, supports regional artists and communities by offering bi-annual funding opportunities that inspire arts and cultural activity in rural, regional and remote areas of South Australia.

Regional artists who are looking to develop their arts practice, or artists and organisations who are motivated to stimulate their communities through innovative arts projects, are encouraged to apply.

The Regional Arts Fund, managed by Country Arts SA, has application rounds in March and August of each year and is delivered under two main categories;

*Step Out* grants are open to communities and artists to partner with professional artists and arts organisations to create high quality arts projects that build capacity for long term benefits and increase professional development.

*Step Up* grants are open to artists, organisations and community groups to undertake small cultural projects, or for individual artists to undertake professional development opportunities, such as mentorships. If you have never applied to Country Arts SA or never undertaken an arts project you are encouraged to apply to this category.

Country Arts SA also delivers the *Skills Development* grant program. This grant can assist groups to

# Let's Go Caravan & Camping Lifestyle Show 2018

Streaky Bay Tourism in partnership with their membership and the District Council of Streaky Bay joined with Regional Development Australia, Whyalla and Eyre Peninsula (RDAWEP) at the 2018 'Let's Go Caravan & Camping Lifestyle Show' held at the Adelaide Showgrounds Wednesday 14 – Sunday 18 February.

Streaky Bay Tourism manned a 3m frontage alongside RDAWEP and entered into 1,426 direct visitor dialogues over the 5 days of the Show. 100 exhibitors from the Caravan and Camping industries come to the Showgrounds for the 2018 event while the numbers through the gates in 2018 was a staggering 30,000 people.

Volunteers noted that the majority of visitors to the stand had just been, were about to go or had planned a visit to Streaky Bay in 2018 and beyond. It was an interesting statistic to see how many people at the Show were aware of Streaky Bay and were in the final stages of planning their trip. The knowledgeable volunteers at the stand provided potential visitors a friendly opportunity to do their holiday planning 'one on one' at the Show.

People were very positive in their verbal feedback on Streaky Bay at the stand and regarded a visit to the far west region of the Eyre Peninsula as a wow or 'must do' experience. Streaky Bays two Caravan Parks were highly rated and received only positive comments.

Of the online survey responses, the more telling statistics were:

- ~ 93.10% opted to receive information about the Eyre Peninsula (EP)
- ~ 91.38% had visited the EP before and 41.51% had visited within the last two years
- ~ 48.15% had visited the EP between 2-5 times
- ~ 62.15% who hadn't been intended to visit more than once in the future and 36.84%

would stay between 5-7 nights

### Consumer and Business Services

## LIQUOR LICENSING A MODERN AND SAFE SA

### South Australia's liquor licensing system is being comprehensively reformed, starting with several changes on 18 December 2017.

This is the first of several stages of reform, working towards a contemporary and safe liquor licensing system for our state. The changes cut red tape for licensed businesses and remove or modify outdated and irrelevant restrictions. This reduces regulatory burden and creates more efficient processes for industry.

#### Exemptions for Low-Risk Businesses

Low-risk businesses will no longer require a liquor licence to treat their clients to a drink, reducing administrative burden and supporting industry. Exempt businesses will be able to sell or supply liquor without a licence in certain circumstances, including:

- hairdressers and barbers
- retirement villages
- businesses selling gifts
- jewellers
- patient care accommodation.

The current licence exemption for bed and breakfast style accommodation is also being extended.

#### Increased Regulation of Supply to Minors

There will be stronger penalties for people who illegally supply alcohol to anyone under 18. Big parties and events will be targeted, where large groups of teenagers are supplied with alcohol.

#### Other Red-Tape Reduction

A number of other red-tape reduction measures will also come into effect on 18 December:

- abolishing the requirement for some licensed businesses to provide meals at the request of a member of the public or a lodger
- removal of designated dining areas, reception areas and sampling areas
- removal of most notification and advertising requirements that currently apply to licence applications

#### Entertainment Consent

Licensed venues will no longer need consent from Consumer and Business Services to host a range of entertainment, including music and comedy. This will make it easier for businesses to host bands, supporting a vibrant live music scene. Consent will still be required for prescribed entertainment such as boxing, martial arts and sexually explicit entertainment.

#### Temporary Approval of Responsible Persons

These reforms streamline the responsible person process and support employment.

#### Reducing Restrictions on New Year's, Sundays and Holidays

Licensed businesses will now be able to trade until 2am on New Year's Day

# 2018 COUNCIL ELECTIONS

Councils are part of the democratic framework of Australia. The community elects their council members every four years and the next general elections happen in November 2018.

Unlike State and Federal elections, it is not compulsory to vote in South Australian council elections. However, council elections are the biggest single voluntary civic participation activity in the state with nearly 360,000 people voting in the 2014 council elections.

Another important difference from State and Federal elections is that all voting in council elections is done by post. Enrolled voters receive a **voting package through the mail** and return their votes in a reply paid envelope.
