Council has following its consultation period endorsed its 2024/25 Annual Business Plan and Budget. A copy of the documents are available at www.streakybay.sa.gov.au

INFRASTRUCTURE

Wells St/AB Smith Road Roundabout

Council Officers have engaged Be Engineering Solutions to undertake a review of existing plans and they will be providing the following work:
-Review of the existing design.
-Development of alternative cost-effective option.

Be Engineering Solutions (BEES) is a South Australian owned and operated engineering consulting business and has extensive experience in road safety, traffic engineering, transport planning, road design and project management. This includes experience in the Local Government sector and working on the Eyre Peninsula.

Streaky Bay Jetty Repairs

Department of Infrastructure and Transport Officers have met with Council Officers to discuss the repairs, design specifications, timeframes and communication strategy. This work is expected to commence in August and go through to January 2025. Department of Infrastructure and Transport Officers will be on site for further discussions with Council Officers in mid-June and will be looking to present a deputation to Council in the coming months to outline the works and design specifications. Montgomerie Terrace Shared Use Path

The surveyor undertook an initial site survey in early May and that data has been used to develop draft plans that are currently under review.

Haslam Jetty Repairs

Tender documents have been developed and Council Officers will be going out to market soon. It is anticipated that this work will commence around the month of August in line with the Streaky Bay Jetty Repairs.

Youth Precinct (Skate Park)

We have recently installed timber bollards and chain to delineate the skate park from the car park. Entrance footpath improvement have been completed to mitigate current traffic/pedestrian conflict. Safety railing has been installed in the north/western end of the skate park. The mounds of dirt and green waste in the corner of the carpark has been removed and the area has been levelled with crusher fines. Entry sign and bollards have been installed along with some additional landscaping. Post and chain were installed around the boundary of the park to encourage use of designated paths.

PLANNING & REGULATORY

COMMUNITY DEVELOPMENT

Biggest Morning Tea

A passionate and wonderful group of women joined forces in early May to pull together a fantastic Biggest Morning Tea event in the supper room. Local businesses and individuals provided scones, jams, cream and more for the event. The event had 80+ attend and they raised over $3000.00 for the Cancer Council. A fantastic event for our community.

TREE GUARD GIVE AWAY

Council has a number of wire cyclone mesh tree guards covered with shade cloth to GIVE AWAY at the Transfer Station. These are used and now surplus to requirements.
Please contact the Main Office on 08 86261001 and talk to Michelle to arrange collection.
Depending on interest numbers per person may be limited.

FROM THE CEO'S DESK

Council's Strategic Planning Process

The first round of consultation for our long-term strategic plan, Community Vision 2045, has successfully concluded. By the time you read this article, a draft of the plan will be available for public consultation. This month's criterion includes an overview of our findings so far. In terms of feedback, we are pleased to report that this has been one of our most successful engagement efforts, with an impressive number of participants. We extend our heartfelt thanks to everyone involved.

FROM THE CEO'S DESK

Community Vision 2045 encapsulates the hopes and aspirations of our district, aiming to secure a bright future for all. This plan outlines our goals for the coming decades and demonstrates how our community can unite to achieve shared goals and address the district's needs both now and in the future. Led by the District Council of Streaky Bay, it will serve as a guide for strategic planning and decision-making, influencing the development of the Council Plan 2025-2029 and beyond. The plan will be reviewed regularly and adjusted as goals are met and new ideas emerge with the next generation of community leaders.

So, what's next? As mentioned, we will also be developing our Council Plan for the period 2025-2029. This plan will feature the priority initiatives and actions for Council over the next four years. To inform these priorities, we will embark on community planning for the communities of Wirrulla, Poochera, Haslam, Sceale Bay, Streaky Bay, and Perlubie Landing/Eba Anchorage. These plans will enable specific communities to identify their goals for improving the social, economic, and environmental well-being of their towns. This approach is distinct from the Township Master Plans we initiated last year, which aimed to identify spatial planning goals and activities. Instead, these new plans will adopt a more holistic approach, incorporating areas such as service delivery and advocacy.

We decided to incorporate this level of consultation to ensure the priorities and aspirations of smaller communities are not overshadowed by the larger population of Streaky Bay. Once these plans are defined, the community reference group and Council will use them, along with the long-term plan, to develop our draft four-year Council Plan.

This plan will outline the priority initiatives and actions for Council services, infrastructure, and advocacy to be provided to the District Council of Streaky Bay community over the next four years.

Thank you for joining us on this journey so far. We look forward to your continued support and participation as we work together to shape a positive future for our district.

Warm regards,
Damian Carter
CEO, District Council of Streaky Bay

STREAKY BAY YOUTH PRECINCT

Wirangu Welcome Signs

The Youth Precincts' latest addition boasts a beautiful locally crafted and designed welcome sign at the entrance to the park.

Thank You to Streaky Bay locals; Bob and Elle Miller for their wonderful design collaboration on this project. Bob Miller describes the art work below;

" The design is etched out on a boomerang or "Garli" as the Local Wirangu would call it which means a returning throw stick. The artwork represents the kids coming to the skate park to play. The young Wirangu man watches over the children while they play to protect them and to ensure their safety. The word "Wai" represents a traditional greeting of the Wirangu people. "

Streaky Bay Youth enjoying the Youth Precinct

Thank You also to West Coast Welding and Ville Creative for their invaluable input in making this project come to life.

The District Council of Streaky Bay is proud to be a part of this new installation at The Youth Precinct, and looks forward to the possibility of collaborating with more local artists in the future.

DOG REGISTRATION

Rego Renewal for Rover: Reminder

Not your Land Rover…. your Dog “Rover”.

Dog and cat registration renewals for the 12 months to June 2025 will soon be available for processing through *Dogs and Cats Online* from 24th June 2024. Renewal notices will be sent out to owners in the first week of July 2024.

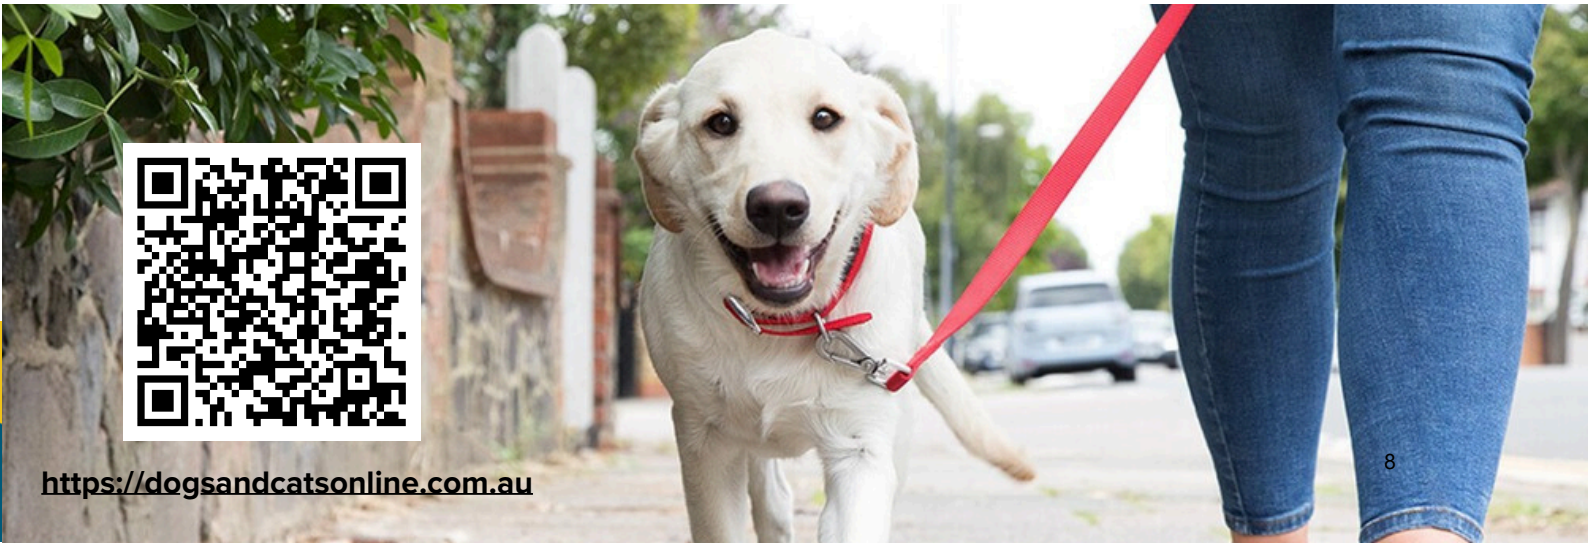

As in prior years, **registration renewals for dogs must be completed before 31st August 2024**. Every dog over 3 months of age must be registered. And please make sure your dog or cat is microchipped. Be aware that penalties will apply for not complying.

We welcome the news that the Streaky Bay Council has decided not to increase dog and cat registration fees for the 2024/25 year.

Dogs and Cats Online is the statewide online system used by all South Australian councils for dog, cat, and breeder information. We encourage all dog and cat owners to register your dog or cat using this facility, and review and update details recorded, including address, phone numbers, microchip number, photos and certificates. This can make all the difference when we try to safely return home an “escaped” dog or cat.

Of course, if you have any difficulty accessing and using Dogs and Cats Online then our friendly council staff can assist you.

THE BAY COMMUNITY OP SHOP

Several members were recently invited to Elmhaven to celebrate Volunteers Week.

Mel Redding presented Annette Gibbes (on behalf of The Bay Community Op Shop) with a certificate of appreciation for our volunteers.

A huge thanks you to Sue and Marty Heysen, as well as Chris, for their generous support. They have allowed us to use their cottage to sort donated goods over the past two years. Chris has regulary loaned his muscles. Your help has been much appreciated.

Thanks also to the community. Your continued support has allowed us to once again support 21 community groups with $38,000 raised through the shop sales.

As we are in the process of moving, please leave all donations at the current shop.

HOSPITAL AUXILLIARY

Meeting held 4th June.

Payment has now been made and ultra sound vein finder purchased a demonstration will be held at a time to be notified to thank all those who helped to fund this project. A big thankyou to all bodies involved.

A request for help to purchase a driver syringe used in palliative care treatment has been approved by committee.

Personal has been selected to get together to organise catering for Probus rally to be held in September.

Much discussion was held with many concerns re our healthcare system everywhere and the extra concerns for our smaller country towns/hospitals and the burden placed on their personal. Noted too the travel and distances needed to access this care for many especially our elderly do hope for all our sakes this improves soon.

Unfortunately Lesley was called to an emergency and was unable to attend hopefully she will be available next meet. A Thankyou card and appreciation message was sent to Rowena who is moving to Adelaide. Rowena has been a valuable member of the auxiliary and we all wish her well for this big move.

Next meeting to be August 6th at 2pm in the Hospital boardroom

MENS SHED

It is pleasing to see 10 to 12 members at the shed each Friday over the last couple of weeks.
Some working on their own projects and others working on different projects that have been bought in.
Some have been working on another large table that needed a fair bit of work done on it.
Garry Hodge has bought in a wash stand to do up. See pic below with John O'Brien working on it.
Jim Petty, Wayne Miller and John Lelifeld have been working on small wooden tractors and trucks to put into the craft shop.
We have 4 bird feeding boxes ready for sale. Thanks Peter Eylward and Malcolm Brace for making them and to Jim Clarke and Sandy Johnson for painting these. These are on sale for $40 each. The photo below shows that it does really work.
Our workshop looks a little tidier thanks to Jim Petty and Wayne Miller who spent time sorting out the storage area behind the bar and the work benches in general.
We did apply to the Australian Men's Shed Assoc for a grant for some storage but we were not successful in getting anything.
We intend to make some shelves to store our screws, nails and other fixings to free up space.
We have bags of kindling for sale at $5 a bag available from the Men's Shed on Fridays.

PROBUS

What an awesome month Streaky Bay Probus have had. Our guest speaker for the last 2 months has been Sandy McElligot (a new member) who moved here from Alice Springs 3 years ago. Sandy was the Remote Women's Health Educator. She trained female remote nurses and Aboriginal Health Practitioners in holistic women's health including insertion of implanon contraceptives, taking cervical screening, she was also an educator and advocate for remote community Aboriginal women. She produced 3 dvds while working including prevention of child sexual abuse, breast cancer prevention & treatment and the benefits of breast feeding.
Another clever and interesting speaker. We had a big crowd with some of Sandy's friends also attending.

On Tuesday 18th June, 17 members went on a bus trip to Yantanabie for Big Morning Tea and luncheon. What a wonderful day out, the sun was shining and some beautiful country hospitality was enjoyed. A big thank you to our very active member Fay Kelsh who was our hostess.
An enthusiastic Happy Chat was held last month at the Streaky Bay Hotel with13 attending and enjoying a serve of hot scones. The members all bought a special item to share and we had lots of laughs.

Next meeting will be on 18th July, all welcome.

A MESSAGE FROM TELSTRA WITH REGARDS THE 3G NETWORK CLOSURE ON 31 AUGUST 2024

Today, Telstra is sharing that they'll be sending out around 12,000 complimentary mobile devices for some of their customers who are in difficult situations, live rurally or are elderly. These are customers who may need some external support transition when the 3G network closes, to ensure they're able to stay connected after 31 August.

Telstra selected these customers as they are in difficult situations such as dealing with financial hardship, recovering from a natural disaster, living in very remote areas or depend on a working phone because they are living with a life-threatening medical condition. Many are also over 80 and live regionally and due to such circumstances, can find it challenging to visit a store.

Telstra will be communicating with eligible customers in the coming weeks to let them know a mobile device is on its way. There's nothing for them to do but follow the instructions in their package to switch to their new phone on the 4G network.

Eligible customers will have heard from Telstra by the end of June. If a customer hasn't heard from Telstra by then they are encouraged to make their own arrangements as the 3G network will close on 31 August.

Do not to delay in upgrading to a compatible phone. If you are hearing a recorded message play when they make an outgoing call, it's time to take action.

How do I know if I'll get a new handset from Telstra?
Telstra will be communicating with eligible customers in the coming weeks to let them know a device is on its way. All they have to do is follow the instructions in their package to switch to their new phone on the 4G network.

What do I need to do?
There are around 156,000 customers across consumer and small business that we're communicating with to let them know that they have a handset that is either 3G only, does not support Voice over 4G (VoLTE), has 4G coverage limitations, or is 4G enabled but hardwired to use 3G for Emergency calls, and that they need to upgrade before the 3G closure to stay connected.
If you are in this group, you'll currently hear a pre-recorded message when making an outgoing call on your mobile phone, reminding you to upgrade.
If you are one of these customers, please don't ignore it. It is there to remind you that your phone won't work after 31 August, and you should act now before the network closes.

How do I check my phone?
Any new phone you buy from Telstra will work on 4G and 5G networks.
You can SMS 3 to 3498 (3GXT) to check your phone, and if you have any questions - or if you have received any communication from Telstra and are still unsure - please contact them online, on the phone, or in person.

Upgrading doesn't have to cost a lot.
Not all devices are created equal but there are many handsets available that will work once we say goodbye to 3G.

You don't need to spend hundreds of dollars to update your handset, and there are many affordable options available. Take the time to consider what you'll be using your device for before you upgrade and find one that suits your needs.

If you live regionally, you may consider a Blue Tick device, which is a mark that Telstra give phones they have tested that deliver superior voice coverage in rural and regional areas.

If you are a Telstra customer and need any help, you can contact them in the My Telstra app, call 132200 or visit Telstra in store so they can help.

You can read more about the initiative on the Telstra Exchange blog http://shorturl.at/qSwvl

GET TO KNOW THE TEAM...

SA Ambulance Service

BEN HIGGINS - (ACTING) VOLUNTEER TEAM LEADER & VALUED TEAM MEMBER

Retired. Keen fisherman (fair weather only)
Secretary of the Streaky Bay Pistol Club

How long have you been involved in SA Ambulance?
I started volunteering in1998 after my sons best mate was killed in a accident and then seeing an advert in the local paper looking for volunteers.
Volunteering is such a rewarding experience in the Streaky Bay community. The thanks and appreciation the team and I get on arriving and whilst at jobs when our patients are feeling anxious and vulnerable is so rewarding.

Proudest moment in SAAS
A moment that stands out for me was delivering a baby only 5 minutes after getting to the job. I recall on the way to the job I said to my partner (she was very new as a volunteer) you will be down the ‘çatching end'.
And as it turned out we didn’t have much time to think about things and before I knew it, I was holding a 7.5lb baby boy. This all happened at 0530 in the morning. We said to each other once we had calmed down ‘if only we had a cigar and a bottle of champagne to celebrate’.

What is something the Community might not know about SAAS
SAAS pay for all your training and uniforms. You learn life saving skills which you will take with you forever, and the best part.... you become a member of our great team

TASHA HOWELL (VALUED TEAM MEMBER)

Property Manager at Ray White,
a dog Mum, lover of walks on Yanerbie beach.

How long have you been involved in SA Ambulance?
Over the years, whilst living in the Adelaide Hills, I had been first upon the scene of an accident on 3 different occasions. The ‘not knowing’ of what to do to help these people each time was extremely confronting and left its mark on me. Going forward to 2017 and moving to Streaky Bay, I became acutely aware of the isolation and distance in relation to immediate emergency response times, resources and care. Along with the fact that our Ambulance Officers/Responders were all trained volunteers doing their bit to help keep the community safer & supported. I was surprised and wanted in. 5 years later, I'm enjoying the experience and I'm very much still learning.

Proudest moment in SAAS
After attending a 'day long’ job at Wirrulla for a car accident, I received a state wide accolade from a Ceduna Paramedic David Jaensch that was on scene as well. Ohh... and the day missing Julie was found.

What is something the Community might not know about SAAS
It is not only our volunteers who contribute directly to our ambulance coverage, our employees also play a big part in accommodating our availability for the service. My own employer generously contributes by allowing me to be on the SAAS roster during one of my work days each week. Our Streaky Bay SAAS service relies on a joint community effort.

BUSY KIDS Streaky Bay

⭐ Discover the Child Care Subsidy (CCS) - Your Key to Affordable Child Care! ⭐

Are you looking for financial support with your child care costs? The Child Care Subsidy (CCS) is here to help! Provided directly by the Australian Government, CCS reduces the fees you pay to your child care provider, making quality child care more affordable than ever.

✓ Available to more families than before, across a wide range of income levels.

✓ Easy application process, straightforward online application process

✓ Direct payment to your child care provider and minimising your out-of-pocket expenses (up to 90% of fees paid by the government).

Take advantage of CCS to ensure your child receives the best care while you focus on work, study, or other commitments.

Don't miss out on this opportunity to ease your child care expenses.

Visit Busy Kids today to enrol your child and start saving!

Family income	Subsidy rate
Up to $83,280	90%
Between $83,280 - $533,280	The percentage decreases by 1% for every $5,000 of income a family earns
$533,280 or more	0%

2024, LET'S DO IT AGAIN, STREAKY BAY!

THE LONGEST TABLE #ForkCancer

Every dollar you raise makes an impact in the fight against cancer!

$100	Purchases equipment for haematology cancer patients to maintain their muscle mass while undergoing lengthy treatment stays in hospital
$250	Creates a prostate cancer 'report card' which clearly outlines the outcomes of various prostate cancer treatments to help men and their families make more informed choices
$500	Establishes pop-up skin cancer clinics to improve early detection for regional South Australians, who have a 15-31% higher rate of skin cancer
$1,200	Tests a novel probiotic pill aimed at diagnosing bowel cancer earlier, with the eventual aim to improve participation rates in bowel cancer screening programs
$2,000	Funds iPads and telehealth equipment for the children's oncology ward, to help a child communicate with their parents or nurse when they are in isolation after radiation treatment
$5,000	Investigates a new drug and drug target for IDH1-mutated leukaemia that specifically blocks cancer cell growth
$10,000	Supports the Bragg Comprehensive Cancer Centre's critical startup costs, recruitment of key specialists and research resources to ensure the teams can hit the ground running when the centre opens and transform cancer care in South Australia

OCCASIONAL CARE

@ Streaky Bay Children's Centre

WHAT IS OCCASIONAL CARE?

Occasional Care is for children aged 12 months to kindergarten age & is a delightful break for parents/caregivers, providing a 3-hour 'now and then' childcare session. It gives parents/caregivers the chance to attend appointments, engage in activities, or simply take a well-deserved break while their child/ren are in good hands. It's also a great opportunity for your little one to have fun, learn, and socialise with peers & educators in a nurturing and safe environment.

Community News

In response to community and staff feedback, a locum doctor is now based in Streaky Bay full-time, providing inpatient and on-call emergency services to Streaky Bay and Elmhaven Aged Care.

EFNLHN continues to support the private Streaky Bay and District Medical Clinic on Mondays and Fridays by supplying locums. Other staffing arrangements are the responsibility of the clinic.

Streaky By Hospital Emergency Department remains open to the community and is always staffed. Nurses are supported by locums, GPs, virtual services and MedSTAR when required.

We will continue to review this model regulary.

Patients who need urgent medical attention should call Triple Zero (000)
If non-urgent or you're not sure what to do, please call Health Direct on 1800 022 222.

Bible reference the book of Deuteronomy chapter 34 verses 1-4

The Death of Moses

Then Moses climbed Mount Nebo from the plains of Moab to the top of Pisgah, across from Jericho. There the LORD showed him the whole land—from Gilead to Dan, 2 all of Naphtali, the territory of Ephraim and Manasseh, all the land of Judah as far as the Mediterranean Sea, 3 the Negev and the whole region from the Valley of Jericho, the City of Palms, as far as Zoar.

4 Then the LORD said to him, "This is the land I promised on oath to Abraham, Isaac and Jacob when I said, 'I will give it to your descendants.' I have let you see it with your eyes, but you will not cross over into it."

The above is only one of many references which supports the fact the only nation or group of people in the world having true ownership of any land is the Israelites (Jews).

Everyone else is only a custodian of the area they occupy.
