INDOOR BOWLS

Six indoor bowlers celebrated birthdays in March.
Denise 2/3, Owen 4/3, Bev.W. 7/3, Jim P., 7/3, Gay 8/3, Glenis 23/3. Five of the group played bowls on Wednesday 19/3 when the extra large and scrumptious birthday cake was presented. (see photo)
The S.B.I.B.C. has welcomed visitors over the past 4 weeks. On 19/3 there were 3 to bring the player number to 22 = 4 teams of 4 and 2 teams of 3.

During the month there has been no need of a shots count as each week has produced a clear winner, but there have been some unusual end results. On 5/3 at the end of the 2nd game the scoreboard read the unusual results of 3 teams 11 shots and 3 teams 8 shots and that every team had won a game but only 1 had won 2 games. That team went on to win the day. The following week there was another 3 game winner. Here, 2 game winners were drawn to meet and the tussle began, one would win the day. Penalty scores started end on end! Five ends of penalty scores. Only 3 normal play ends to score. One team gained the upper hand to win. (see below)

The club will hold the A.G.M. on April 9 at1pm following lunch in the club rooms at noon. There will be limited number of bowls games to follow.

Winning teams were=
March 5= Lyn, Julie, Jim C
March 12= Denise, Bev W., Julie
March 19= Bev W., Sandy, Denise, Joylene
March 26= Julie, John, Delfeen (visitor)

STREAKY BAY NATIONAL TRUST MUSEUM

We thank you all for your patience whilst the painting has been undertaken.
Opening day will be Tuesday 8th April 10 am.
Come and see how refreshed the interior looks.

The Museum is looking to welcome new volunteers.
Researching local and family history whilst welcoming visitors whether local, schools and from all over Australia and sometimes overseas is extremely interesting.

PROBUS

We held Our AGM this month with only a few changes. (Pic below). We enjoyed listening to our guest speakers Nadia and Paul Bellerbys story. Coming from Qld and settling in Streaky bay after buying the 'Banked' building and some land at EBA anchorage, they now plan to revegetate and restore the land for future generations.
Nadia has worked in many disability organisations, and with Paul, they owned a successful award winning farm stay business in Noosa. Paul a musician, played us a few great tunes to finish off the morning.
I can't help but think how lucky we are to have such diverse and interesting people come to our town. Thankyou to you both.

Easter came early at our Happy Chat, with 19 attending and exchanging various Easter memories and stories. An Easter movie quiz question from Wendy had us all guessing. With a small prize won by Bryony.

We then visited the adjoining Knife shop art gallery to admire the wonderful art of Sara Goosey.

Any new members welcome to attend contact Shirley Petty 0428735315

MENS SHED

It is great to see John O'Brien back at the shed after being away on holidays for some months.
John was straight back into it making some plaques up for the bowls club.

We are also working on a bookcase for the complex.

We have also been asked to make some mice /rat traps for Parks and wildlife.
Jim Petty and John Lelifeld have made a prototype to see if it is what they require. (see picture)

Thanks to Peter from Poochera who has given us a fair bit of left over gear from a house restoration. Much appreciated.

On Friday the 21st of March we cooked a BBQ for our members and also some members of the **Eyre Peninsula Community Foundation**. The EPCF has always looked after our Men's Shed with grants.

If there are community groups out there that are looking for a little extra money for projects the Men's Shed would strongly recommend applying for grants through EPCF. Their forms are easy to follow and if you get into trouble a phone call is always on hand.

We have now been given plans for a lighthouse that we have been asked to make.

The miners lounge that was restored has now been painted (see picture) Thanks to Sandy Johnson, Jim Clarke and James Cash for painting it. End user happy with it.

It is good when you have the right people as shed members as we often you get asked to do certain jobs that might be out of reach for some people but an easy job for others. An example of this was we had a lady that wanted a mirror put into a frame, which meant cutting the glass to size then fitting it in the frame. John Lelifeld has done picture framing and glass cutting so this job was an easy one. Another happy customer.

The Men's Shed is always on the lookout for off cuts of timber or furniture that can be restored or the wood salvaged from it. Please contact the Men's shed before throwing items to the transfer station.

The Men's Shed is open every Friday between 9.00am and 3.30pm.

ANZAC DAY 2025

Anzac Day 2025

Streaky Bay RSL (subbranch) will be conducting two services on Anzac Day Friday 25th April 2025.

Dawn Service with be at the jetty platform commencing at 6.45 am. Even though the jetty is under refurbishment the site manager Michael Stephenson and his crew have been extremely helpful and will shift equipment and temporary fencing around to enable us to use the platform and part of the jetty. Their efforts to support this event is very much appreciated. The cutting will be a “no go” zone and secured.

Tony and Penny Hogan will have breakfast available at the Streaky Bay Community Hotel at the conclusion of the service.

The ANZAC DAY march will commence at 1045 from the corner of Wells Street and Bay Road leading up to a Commemorative Service at the RSL Hall at 11.00.

Once again, the local CFS will be doing an excellent job helping us by cooking a BBQ lunch. The RSL Hall will be open for visitors to have a look at our exhibits and refreshments will be available.

The RSL is always looking for new members, if you are an ex-serviceman or a relative of a person who was and are interested in joining, please see one of the current members to make enquiries.

SA AMBULANCE SERVICE

STREAKY BAY LIONS CLUB

MID-WEST HEALTH & AGED CARE INC.

Annual General Meeting

Tuesday 29th April 2025
Elliston Community Health Meeting Room at 5.30pm

Interested individuals from the Elliston, Streaky Bay and Wudinna communities are invited to this year’s presentation of reports that will take place in Elliston.

Nominations are being called for any person residing in:
1 x Streaky Bay, 1 x Elliston and 1 x Wudinna
local government area representatives
– 3 year term is eligible to nominate as a member of the Association under section 25 of the Associations Incorporation Act 1985.

This is an opportunity to be involved in the auspice arrangements for Commonwealth & State Multi-Purpose Service funding to facilitate, co-ordinate and provide hospital, primary health and aged care services to the local government areas of Elliston, Streaky Bay and Wudinna. It is also an opportunity to source funding, encourage, seek and manage donations and funding opportunities to support the expansion and or improvements of existing services, or introduction of additional services.

Nominations can be made by contacting:
Kym Gillett (Chair)
PO Box 11
ELLISTON SA5670
Phone: 0429 879 055 or 86879 055

"EBA" A WILD LANDS PROPERTY CONSERVATION PROJECT

"Eba" (meaning life or living one) is a 152 hectare Humane Society International Wild Land Trust property with ~2km of shore frontage situated in Eba Anchorage, Western Eyre Peninsula, SA. owned by Paul & Nadia Bellerby.

"Our previous Wild Land Trust Property, "Rosecliffe", unanimously won us the honour of the prestigious UNESCO Noosa Biosphere Award - Land Category in 2022. At "Rosecliffe" with over 39 years of commitment, we reforested 93 acres and opened up public access in partnership with Noosa Council & Land Care Noosa.

Nadia has always had a passion for conservation. She studied biology at UC Santa Cruz and project teamed in Hawaii and in Australia on cetacean research projects covering population distribution, communication, behaviour and was part of the team that developed the boat whale interaction guidelines for the NPS Australia.

We purchased "Eba" in 2022 with the dream to rehabilitate and conserve this ecologically significant section of coastline, selling our beloved "Rosecliffe" to fund the project. Eba is presently in an ecologically degraded disturbed state. Previously used for sheep grazing and wheat farming, the property comprises of a range of ecological community areas: samphire shrublands, remnant coastal dune scrublands, mallee, coastal grasslands as well as large areas of cleared pasture land. Lens wells on the property have historically provided a freshwater source for camel trains and livestock. The coastline has been used for unmanaged free camping for generations with caravans lined up during holiday periods. Within the property, recreational 4 wheel driving, dirt bike riding, illegal camping, and dumping has occurred throughout causing ecological damage.

We started with a number of studies, taking three years to complete, to form an ecological rehabilitation & management plan. They included a geological survey, a native vegetation assessment and a 6 month White Bellied Sea Eagle study. Greening Australia stepped in offering a corporate funded carbon offset - interconnected native species planting proposal for the cleared 37 hectares.

"Upon their advice, we will be applying for a Heritage Area Agreement to protect all remnant habitats and this will assist us with funds to set up a public historical/ ecological information display. Our proposed dwelling site has been placed strategically to allow visual governance of and direct access for the protection of the high impact coastline tourist area. Cat & fox predation is currently threatening the properties wildlife as well Pigface Island that adjoins the property via a land bridge on low tides. Eradication of these feral species has been set as a priority as they are decimating our unique precious fauna.

With our rehabilitation & management plans completed, we have now submitted our application for this project to Planning SA. The first challenge is to clear with the State Commission Assessment Panel in order to progress the application to the environmental departments whereby environmental experts can have a say on our plans outcome and to advise on any further strategies".

by Paul & Nadia Bellerby

ELLISTON BIRD WORKSHOP

APRIL 29

Join us for a fun and informative day learning about some of our local bird species.

TOPICS COVERED

- INTRODUCTION TO BIRD ANATOMY
- GETTING TO KNOW COLOURS & FIELD MARKINGS RECOGNISING BIRDS BY
- HABITS & BEHAVIOURS
  BIRD WATCHING TIPS
-
  - how to maximise sightings without disturbance
  - learning calls
  - when recorded calls can be used
  - bionculars & spotting scopes
- RECORDING DATA USING BIRDATA
- BIRD MIGRATION

Morning session in the sports centre, followed by a field session after lunch. Please wear attire suitable for a few hours in the field & bring binoculars.

Tuesday, April 29
9am - 4pm

Elliston Sports Centre,
4-6 Memorial Drive

Free event but must RSVP. Tea, coffee & lunch provided.

RSVP TO:

Landscape Officer, Ian Quinn

ian.quinn@sa.gov.au

0427 261 793

This workshop is supported by our project to restore & enhance Drooping Sheoak Grassy Woodlands, funded by the Australian Government Natural Heritage Trust.

Flinders Island Safe Haven project

What makes Flinders Island unique?

Flinders Island is a unique and wild place, with around 50 km of diverse and stunning coastline, featuring granite boulders, limestone headlands, sandy beaches, dune systems and sheltered bays. Approximately 75% of Flinders Island is covered with native vegetation, including remnant Drooping Sheoak woodlands, Tea Tree forests and native vegetation.

Flinders Island is one of South Australia's largest islands at 4,000 ha.

What is happening on Flinders Island?

From 2025, Flinders Island is being transformed into a safe haven for nationally threatened species.
Across Australia there is a network of more than 100 havens, consisting of predator-free islands and 20 fenced areas that contain mammals susceptible to predators.
Once pests are eradicated from Flinders Island, the island will be part of Australia's safe haven network and threatened plant and animal species can be re-introduced. This will create a lasting impact that will stimulate conservation and nature-based tourism with opportunities for the community to get involved.

What pests will be eradicated?

From May 2025, an eradication program will focus on mice, rats and cats. Best practice rodent and feral cat eradication methods will be used with technical experts being engaged for the project.

By the end of 2025, the eradication process should be complete.

What pests will be eradicated?

Working collaboratively with private landholders is recognised as a critically important step in modern conservation efforts.

The owners of the island, the Woolford family, are dedicated to creating a haven for threatened species, working with a skilled team to enhance the island's ecosystem. A conservation agreement will be placed over most of the island, in addition to an existing Heritage Agreement that covers about 250 ha.

The unique nature of islands provides natural biosecurity barriers that dramatically reduce the cost to maintain a feral-free environment as well as a high level of ongoing protection against reinvasion.

Australian Government
Department of Climate Change, Energy, the Environment and Water

Government of South Australia
Department for Environment and Water

LANDSCAPE SOUTH AUSTRALIA EYRE PENINSULA

How will visitors to the island be impacted by this project?

The local community who regularly visit the island are critical to the success of this project.

From May to December 2025, the island will be closed while the eradication process takes place.

When the island is open for visitors, support the project by following biosecurity procedures – all detailed on the Flinders Island Eco Escape site including:

- Contacting the landowners if you are planning a trip BEFORE you leave the mainland.
- Checking the biosecurity checklists when considering visiting the island.
- Ensuring that all luggage has been checked and packed in accordance with the Flinders Island Biosecurity Plan.
- If arriving by plane, boat or barge, be sure to check the correct procedure for packing to avoid bringing unwanted rodents and pests.
- Not bringing firewood.
- Checking all surfboard covers, swags and tents, BBQ bags and other high-risk items to ensure there are no stowaway pests before leaving the mainland.

Biosecurity for the island is the responsibility of everyone who visits the island. Following these simple steps will make all the difference to the project success.

How is this project funded?

This project is jointly funded by the Australian Government, the South Australian Department for Environment and Water and the Eyre Peninsula Landscape Board in partnership with the Woolford family

What happens after the eradication operation is declared a success.

A report by the Threatened Species Recovery Hub has identified the mammal species for inclusion in safe havens (those that are highly susceptible to predation by cats and foxes). This report has provided the basis for a strategic assessment of the highest priority species to introduce on Flinders Island. The mammal species candidates for introduction to Flinders Island included 18 identified as extremely or highly susceptible to predators. Also, some species need to be secured in more havens, whereas others are relatively well-conserved in existing havens. Based on this assessment the following species are prioritised on the short-list:

1. Banded Hare-wallaby
2. Southern Brown Bandicoot (ssp. Nauticus; Nuyts islands)
3. Greater Stick-nest Rat.

For the initial phase of introductions, the proposal is to introduce the banded hare-wallaby and Nuyts Southern Brown Bandicoot. Subsequent introductions would in part be informed by the success of the first two species.

Streaky Sounds 2025

Streaky Sounds 2025: A Massive Success Despite the Heat

The third edition of Streaky Sounds Music Festival has once again delivered an unforgettable day, bringing an electric atmosphere to the Streaky Bay Oval on March 9, 2025. Despite another scorcher of a day, festivalgoers embraced the heat, ready to dance, sing, and celebrate live music in the heart of our coastal town.

This year's lineup was absolutely stellar, featuring a mix of local acts and iconic Australian acts. The energy hit its peak when The Cat Empire took to the stage, captivating the crowd with their signature blend of jazz, ska, and infectious rhythms. As the sun went down, the entire oval transformed into a massive dancefloor, with people of all ages moving to the beat and soaking up the festival magic.

But the fun wasn't just for the grown-ups! The kids' entertainment package kept the little ones busy (and cool) with a dunk tank, water slides, and plenty of fun activities, making sure families could enjoy the festival atmosphere together. With the heat in full force, the water-based activities were a huge hit, giving everyone a chance to cool off between sets.

Beyond the music, the festival had everything covered—delicious food from local vendors, ice-cold drinks to keep the crowd refreshed, a misting tent and an unbeatable community vibe. Vendors in particular deserve a huge shoutout for braving the extreme heat to keep festivalgoers fuelled throughout the day—a major effort in tough conditions! It was a day and night to remember, reinforcing Streaky Sounds as a must-attend event on the South Australian music calendar.

Of course, none of this would be possible without the incredible support behind the scenes. A massive thank you goes out to all the staff, volunteers and vendors, who worked tirelessly to make this event happen. A special shoutout to the SES volunteers who kept the crowd cool with the misting tent and cooling towels, our dedicated volunteer first aider Jason Habel, the production team, the Streaky Bay Community Complex for running the licensed bar, and our hardworking security team who helped ensure a safe and smooth event for everyone.

A huge thank you also to the incredible artists—both the local talents and those who travelled all the way to Streaky Bay—for bringing their music and energy to the stage. And let's not forget our amazing MC, Emma Pedler, who kept the crowd entertained and the vibes high throughout the entire event!

We were truly overwhelmed by the attendance this year—the support for Streaky Sounds has been absolutely incredible! Seeing so many people come together to celebrate live music and community spirit in Streaky Bay is what makes this festival so special. Whether you were front and center dancing your heart out, enjoying the family-friendly activities, or simply soaking up the atmosphere, thank you for being part of it. Your energy, enthusiasm, and love for live music are what keep Streaky Sounds going year after year.

A Huge Thank You to Our 2025 Sponsors!

Streaky Sounds wouldn't be possible without the incredible support of our amazing sponsors! Their contributions help bring the festival to life, and we are so grateful for their generosity and belief in this event.

Celebrating a Century of Community

100 Years of Memories and Moments

All Welcome

Easter Saturday 19 April 2025, 11:00 am—7:30 pm

Easter Sunday 20 April 2025, 10:30 am—3:00 pm

Registration is essential by Friday 4 April @ 6:00pm

Yantanaby Memorial Hall 100 Year Celebration

Yantanaby Memorial Hall

Celebrating a Century of Community at Easter time

Article written by Jayne Holland on behalf of the Friends of Yantanabie

100 Years of Memories and Moments

The Friends of Yantanabie' are inviting people from far and wide to join with them in celebrating a century of community at the Yantanaby Memorial Hall over the Easter weekend in 1925.

If you blink you may miss the little town of Yantanabie (often spelt Yantanaby in the early days) as you travel along the Eyre Highway in South Australia's far west between the regional towns of Poochera and Wirrulla.

Named with an Aboriginal word meaning 'deep water' the town was surveyed gazetted in March 1918, although records show that the first pioneer family to reside in Yantanabie was a Mr. John Hull and his wife (nee Annie Redding) and their 8 children.

The township is set to come alive and be abuzz again over the Easter holiday weekend with a program of great activities to recognise 100 years of the Hall. Over two days the Memorial Hall will facilitate a jam-packed program that includes the laying of a memorial wreath and ode of remembrance, cutting of the cake, brief history talks and displays, an orienteering walk of the township and a mystery tour drive around the district. Several opportunities to reminisce over shared meals and refreshments will once again highlight how a community hall is essential at the heart of communities to enable people to come together and interact.

As early as 14 June 1918 the Hall committee were considering a substantial shell brick building to be used as a town hall, as recorded in the Minutes:

"Mr. Tynan proposed Mr. Karutze Seconded That hall be placed on one side of hall block to allow for erection of larger hall should it be deemed advisable to erect same at a later date."

The momentum to build the Yantanaby Memorial Hall shell brick building picked up pace and was *"unanimously carried"* in the meeting Minutes of 13 January 1923.

On 12 June 1924, a pivotal decision was Carried as:

"Mr. Bert Bennie moved that Mr. Barretts Tender be accepted for the completion of the hall. Seconded by R.L Robertson."

Volunteers and committee men travelled considerable distances on horseback to contribute to the building of the Memorial Hall. Every day over Mr. Linquist who lived out on New England country would ride on his horse some 14 miles into Yantanabie to chip stones for the hall. On any given day there was often up to 20 men working on facing the rocks for the hall.

Mrs. J Bennie was nominated (18 July 1924) and chosen (following the close of voting on 31 August 1924) to lay the foundation stone for the hall. A popular choice, she was chosen by community because she was the only mother in the region to lose a child in the First World War. Mr. & Mrs. Bennie lost their son Wally on the frontline in France on 3 March 1917. He is buried at the Warlencourt War Cemetery in France.

Following *"an Athletics Sports meeting held at Yantanaby on Wednesday October 8"* the celebratory event at the hall was held *"during the afternoon."*

The colourful history of the Yantanaby Memorial Hall cannot be overstated or chronicled entirely in this article. It is a great achievement against all odds by resilient people living in a very remote rural community that spanned across a century. The hall is a beacon of community spirit and selfless volunteering. More recently Fay Kelsh and 'The Friends of Yantanabie' team, have spent many years upgrading the Hall. As volunteers they have undertaken the preservation of the Hall, its artefacts and historic records to tell the stories of the events, people and places that made up the very fabric of the community since the early 1900's.

On Easter Friday 19 April and Easter Saturday 20 April 2025 the Yantanaby Memorial Hall will open its doors once again. The Friends of Yantanabie have a wonderful program planned for a weekend of fun, laughter, memories and moments to relive and recreate that sense of place and community that makes Yantanabie and the Yantanaby Memorial Hall so special in the hearts of so many.

Fay Kelsh and the team would like to invite and welcome all to join with them for the program of events on:

- Easter Saturday 19 April 2025, 11:00 am—7:30 pm
- Easter Sunday 20 April 2025, 10:30 am—3:00 pm

Registration is essential by Friday 4 April @ 6:00pm.

To find out more or register for the event contact 'The Friends of Yantanabie':

- Fay Kelsh, e: faykelsh1@gmail.com
- Denise Watson, e: wemberley1@gmail.com
- Trevor Arney, e: trevor.arney@gmail.com

You can find the **full program** and more information about the colourful history of the Hall on the **Facebook event page "Yantanaby Memorial Hall 100 Year Celebration."**

Yantanaby Memorial Hall

Eyre Peninsula Feast: Seaside Culinary Experience at Baird Bay

10 May 2025 | 1pm

This May as part of Tasting Australia, join the Baird Bay Experience team for a distinctive seaside lunch featuring a five-course meal crafted by Head Chef Calvin Von Niebel.

Experience the best of the Eyre Peninsula with a menu that includes freshly shucked oysters and seafood courses cooked over open-flame. Explore various food stations and discover how locally foraged ingredients can transform a meal.

This event is more than a unique culinary journey through the landscape of our region, it's a perfect blend of casual atmosphere, good company and sophisticated flavours.

Council News

GOVERNANCE

Local Government Sustainability
Council received a report outlining the preliminary report into Local Government Sustainability following a referral from the Minister for Infrastructure, Transport, Regional Development and Local Government.

The parliamentary inquiry into local government sustainability has released a preliminary report that has highlighted ever-expanding responsibilities, funding gaps and cost shifting as key themes impacting councils, according to a newly published interim report. Many Council's highlighted that they are now having to move into the areas of health, aged care, childcare and mental health services, covering the short comings of state and federal government. Other areas of concern and new focus areas included; housing supply, planning and development, provision of enabling infrastructure, increased environmental regulatory compliance and management obligations, climate adaptation and emergency management, all of which were putting increased financial and resourcing pressure on Councils across Australia.

Regional Development Australia Eyre Peninsula
Council received a report and endorsed to continue paying a pro rata based funding towards the operations of RDAEP to ensure continued collaboration to support economic growth, regional development, and infrastructure investment in the Eyre Peninsula Region.

INFRASTRUCTURE

Montgomerie Terrace Bicycle Path
Council has been successful in gaining funding toward the construction of Phase 1 of this project. This funding will enable the construction of the path from East Terrace through to the Youth Precinct. The section from the School to the Youth Precinct will be undertaken as part of Phase 2 as Council are still deciding on the future

Haslam Jetty
A site visit was undertaken in March with contractor and consulting engineer to finalise the scope of work and project methodology.

Roads Update
Roads – Construction
Currently completing

- Calca Road (Sceale Bay to Pt Labatt Rd)

Next

- Wheaton Drive (sealing) – 1.4km – Private Works

Completed

- Aerodrome Second Runway - Resheet
- 6.5km - Westall Way Loop - Yanerbie Rd to Reef Road (Fisherman's Paradise)

INFRASTRUCTURE

- 5.8km - Calca Bluff Road – Flinders Hwy to Drinanvale Rd
- 1km - AB Smith Road – End of seal to Pipeline Rd
- 0.9km - Pipeline Road – AB Smith to Sceale Bay Road
- 1km x 20m Wide - Aerodrome unsealed runway re-sheeting
- 8km - Chilpenunda Road Rip & Relay - Grub Track Road towards Streaky Bay Hwy
- Jessie Flat Road (Kelsh Rd to Piednippie Mary Vale Road)

Downer have been awarded sealing contract and reseals and new seals will commence this month. Works to be completed include; Calca Road, Wheaton Drive, RSL Hall Driveway, Eyre Avenue, Linklater Street, Stuart Street, Fleming Terrace, Richardson Lane.

Streaky Bay Traffic Flow Study
Council Officers have received a copy of the Draft Preliminary Report and currently reviewing the document prior to presentation to Council and further community consultation.

Wirrulla Dump Point
Public Consultation regarding the proposed locations has been undertaken and now council officers are awaiting mandatory soil testing.

Massas Bridge Funding Success
Council Officers submitted a funding application through the Coast Protection Board for the replacement of this asset and were successful. This project which will see the replacement of the existing bridge, procurement of materials is continuing for this project.

CBD Areas Rejuvenation Projects
Council Officers have identified areas for improvement including the installation of lawn, including irrigation on the road verge in front of the Pizza Shop and the Powerhouse Museum along with concrete edging, landscape rocks and plants as a buffer zone. This will enable customers a space to dine outdoors and will improve the amenity of the location.

Aerodrome Reseal Funding Application
Council Officers have submitted a funding application for the resealing of the Aerodrome runway, there has been no feedback on the application at this time.

Streaky Bay Hall Commercial Kitchen and Hall Upgrades – Project Proposal
Council Officers have been investigating options to improve the overall functioning of the Hall including the installation of a commercial kitchen.

Council News

INFRASTRUCTURE CONTINUED...

This project aims to enhance the hall's functionality for community events, improve emergency response capabilities, and increase sustainability.

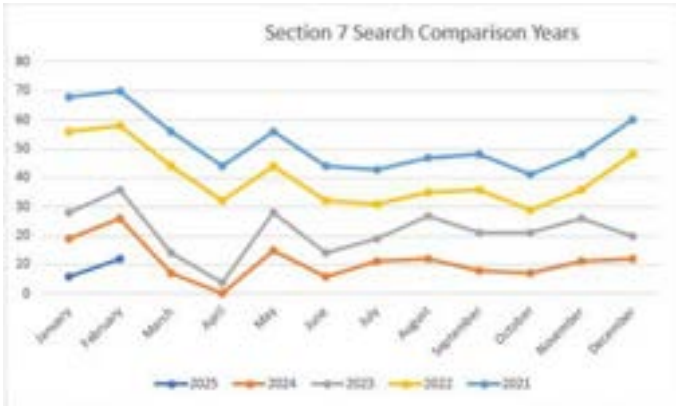

Design concepts were developed last year in consultation with hall users and refined following Council's recent conference experience. Council officers are currently obtaining cost estimates and identifying funding opportunities.

PLANNING AND REGULATORY

Animal Registration Fees
A report was presented to Council regarding the setting of fees for 2025/26 Financial Year and Council endorsed to raise fees by 2.5%, with an increase in late fee penalties.

District Planning Approvals

Assessments Improvements Code Amendment
Consultation is now open on the draft Assessment Improvements Code Amendment, which proposes technical amendments to South Australia's Planning and Design Code.
This code amendment is an opportunity to improve the Code's general performance, interpretation and consistency, which can lead to better planning outcomes for the benefit of all South Australians. The proposed amendments have been informed by feedback received from local council, planning industry professionals and other users of the Code.

PLANNING AND REGULATORY CONTINUED...

It also forms part of the State Government's response to the Planning System Implementation Review, implementing recommendations of the Expert Panel. The Code Amendment Improvements included improvements to spatial mapping, better clarification on policy definitions, Land Use Definitions amended to include; workers accommodation is being expanded to include a definition that supports regional tourism & hospitality, Land Use Terms being expanded to include Trade Training Facilities & Emergency Services Facilities, definement of personal or domestic services establishments. Administrative Terms & Definitions amendments including; amendments to definitions of building heights, Primary and Secondary street terms are being amended to simplify and provide flexibility where multiple road frontages are present, amendments to clarify the intent of a public notification exemption. Additionally, parking space requirements in urban areas, new Policy Outcome for Community Title Land Divisions and Car Parking requirements for Major Open Spaces.

Eyre and Western Regional Plan
The Plan provides a framework for land use, infrastructure, and environmental management over the next 15 - 30 years to support sustainable growth. It addresses challenges related to remoteness and the need for reliable connections between communities and services. This Plan ensures the region has the infrastructure and housing needed to support its growing communities, safeguard the region's unique environment, increase job and economic opportunities and compatible land uses for the region's long-term prosperity and liveability.

These plans play an important role in guiding sustainable growth by identifying land use and longterm infrastructure over a 15 to 30 year period. They outline where new housing and employment areas will be located, how services will be delivered, and what infrastructure is needed while exploring different growth scenarios. In 2023, Visioning Workshops were held in Port Lincoln and Ceduna to gather insights to support the initial development of the Plan. Stakeholders unable to attend the workshops were invited to provide feedback through a survey hosted on the YourSAy platform. You can read more about the community's insights in the What We Heard Report.

Council News

ECONOMIC DEVELOPMENT / TOURISM

Visitor Centre Numbers

Western Eyre Peninsula Connectivity Plan
Telstra has provided a draft Western Eyre Peninsula Connectivity Plan and discussions are currently being held about developing an application to the Regional Roads Australia Mobile Program (RRAMP) to ensure telecommunications coverage on the Eyre and Flinders Highways.
Telstra has also committed to doing an audit of the battery back-up times of all mobile phone towers,
this information will assist with emergency planning and lobbying into the future.
Additionally, Telstra has committed to undertaking a digital maturity assessment of each EP Council.

Eyre Peninsula Destination Management Plan
As previously communicated the South Australian Tourism Commission has engaged ***The Tourism Collective*** to develop a Destination Management Plan (DMP) for the Eyre Peninsula region, along
with all other SA regions.

This plan will align with the refreshed ***South Australian Visitor Economy Sector Plan 2030***, which is set for release in April 2025 and replace the current ***SATC 2025 Regional Visitor Strategy***. The new Eyre Peninsula DMP will outline our aspirations and priorities for tourism, aiming to accelerate positive outcomes that support our local people, communities, and places to thrive (and supercede
the existing plan).

While significant work has already been undertaken, including the current Eyre Peninsula
Destination Management Plan 2025 and the SATC 2025 Regional Visitor Strategy, this is a key opportunity for our region to reflect on its aspirations for the future. The development of the new DMP will commence in approximately October, with opportunities for councils and key stakeholders to provide input through one-on-one discussions, industry workshops, and surveys.

SUSTAINABILITY

SA's Net Zero Strategy 2024 - 2030
The South Australian Government released its Net Zero Strategy in late 2024 and this report provides a brief outline of that Strategy, it is presented to Council to provide a brief insight into future potential future research and policy positions in relation to SA's emission targets. Council received a report regarding the release of the strategy and the potential impacts of the strategy on Council, local industry and the region in general.

COMMUNITY DEVELOPMENT

Streaky Bay Community Connections Precinct Project
Recognising the need for a modern, fit-for-purpose facility to support health and allied health services, the District Council of Streaky Bay developed an initial business case in May 2023 for a Business, Health, and Community Hub. The proposed multi-purpose facility aimed to provide:

- Medical and allied health consultation rooms for both regular and visiting specialists,
- Community meeting rooms and offices,
- A youth hub,
- Digital and business services, and
- A men's shed.

To advance the concept, in September 2024, using State Government funding, Council engaged S2 Architects to conduct an asset study of Council's existing building assets within the Streaky Bay township. This study confirmed that none of the current assets were suitable for the proposed facility. Additionally, the development of initial concept designs highlighted the need for broader precinct planning for the site, as the proposed building would occupy only a portion of the available land. It needs to be stressed that the actions outlined in project brief were recommendations from the Architect and were not being presented by Council Officers for Council endorsement. The study was conducted to review Council's building assets, assess the feasibility of accommodating the hub within an existing Council building, and to further develop the initial concept of the hub. Therefore, the study was only presented as information only.

The report was seeking Council's feedback on the proposed project plan, and approval to apply for State and Federal Funding to complete Stage 2 and Progress Stages 3 and 4 of the project.

Streaky Bay Kiddie Gym
February Kiddiegym was another great success with over 25 children getting involved and of course just as many parents and caregivers finding time to connect and chat with each other and their own children.

Council News

COMMUNITY DEVELOPMENT CONTINUED...

There was some great feedback received from this month's Kiddiegym; firstly, to lower the number of children in each session from 15 to 10 to help reduce overstimulation for some children, this feedback will be implemented in the March Kiddiegym. The second request was for Kiddiegym to be held more regularly, potentially on a fortnightly basis. The Wellbeing Hub Project Officer will look to investigate this further on the basis that this program takes on more of a volunteer run approach.

Mentally Fit EP Conference
The Wellbeing Hub Project Officer was invited to speak at the Mentally Fit EP Conference on the 22nd of February in Port Lincoln. It was a great opportunity to highlight all the amazing work that the council has done in past 12 months to improve wellbeing in our community and provide opportunity for people to connect. The conference was joined by representatives from around South Australia including the Mental Health Commissioner, the Minister for Children and Young people, the Chief of Psychiatry and many more. A lot of rich conversations were had between surrounding councils and organisations with an opportunity to share what has worked well in each of them and to gain some new ideas of what might work well in the future to combat the unique issues identified in our plan.

Ageing Well Strategy
The Ageing Well Strategy is nearing its final stages, now out for final public consultation until the 28th of March, before it is brought to the following council meeting for endorsement. The draft strategy can be found on the council website, and the link to the consultation survey can be found on The Wellbeing Project Facebook page.

PIRSA Connecting Communities Events Grant
The CD team were successful with the application to the PIRSA Connecting Communities Events grants, this event will be delivered in Poochera, the team are currently discussing available dates and liaising with contractors. Once the dates/program is confirmed the CDS will provide a more detailed overview of the event.

Community School Pool
The Streaky Bay Community Pool had a total of 810 people visiting the pool during the month of February.

SAYW SA Youth Week 9–17 April 2025 | adf Alcohol and Drug Foundation | Local Drug Action Team Program

YOUTH FUNDING

The Community Development Team were successful in two funding applications to coordinate youth activities for the District.

SA Youth Week 2025
The application to SA Youth Week was to coordinate a laser tag and mini golf activity followed by a movie afternoon. Laser tag was identified by the youth as an activity they wanted delivered within the District, this event encourages social connection, physical activity, whilst experiencing an opportunity without having to travel xxxkms. After the laser tag and mini golf , at 2pm Wild Robot will be on the inflatable cinema at the hall.
This event will be delivered on Monday 14 April 2025 from 9-12 in Streaky Bay and XX-XX in Wirrulla and is free to all attendees.

Local Drug and Alcohol – Community Action Plan
The Community Development team worked closely with the youth of the district and its stakeholders to develop the third community action plan.
The below is the plan of projects and events that are required to be delivered prior to 30 June 2025. These events are all free for the youth within our communities to attend and the CD staff are working on locking in dates and contractors with events being delivered across the whole district.
The following activities were included in the plan;

- 2 x Cooking Workshops
- Gaming Days
- Gymnastics Workshops
- Skate and Scoot Event
- Family Fun Day
- Soccer Workshops
- Empowerment Program
- 3 x First Aid for Senior School Students
- 3 x Art Workshops
- Laser Tag

Council News

CEO UPDATE

From the CEO's desk
Starlings – What's Council doing about them?

If you've been in the Streaky Bay township over the past few years—especially around dusk—you'll know exactly what I'm talking about when I say our community has had enough of the starlings.

These invasive birds are more than just a nuisance. They are damaging public infrastructure, private property, our trees and agricultural assets—and they're doing it in overwhelming numbers. Copious amounts of droppings are making popular public spaces unsafe and unsanitary. Farmers are facing contaminated feed, and health concerns for both livestock and workers. Council staff are continually cleaning up, only for the same locations to be fouled again within 24 hours. And yes, I've personally sat under the trees to witness the problem—at times it sounds like it's raining bird droppings, there are so many birds.

So, what is Council doing about it?

We're doing everything we can, including the procurement of sound cannons—and we're asking the State Government to help us do more.

In South Australia, the management of starling birds is primarily the responsibility of the Department of Primary Industries and Regions (PIRSA), through its Biosecurity SA division. Starlings are declared pest animals under the Landscape South Australia Act 2019, which means there are obligations to report and manage their spread. However, this state-led framework does not currently go far enough in areas like Streaky Bay where starling impacts are severe and persistent.

At present, starlings are classified only as a declared pest bird, which limits management options. In contrast, other states—such as Western Australia—have implemented coordinated eradication programs, including trapping, shooting, and surveillance at the SA-WA border to stop the birds from spreading westward. These efforts have proven successful and demonstrate that targeted action can work.

At the most recent Eyre Peninsula Local Government Association (EPLGA) board meeting, the District Council of Streaky Bay passed a formal motion calling for a change: we want starlings reclassified as a pest species for eradication purposes, not just containment. This would allow for a coordinated program of trapping, baiting, and where appropriate, shooting in high-density areas like ours.

CEO UPDATE CONTINUED...

Starling Scan

Why are starlings such a problem?

- Economic damage: They devastate fruit crops like cherries and grapes, and strip grain paddocks.
- Contamination of feed: They spoil livestock feed operations.
- Health risks: Starling droppings can harbour bacteria, fungal spores, and diseases that affect both humans and animals.
- Public safety: Slippery footpaths and fouled eating areas create hazards across the township.

It's also important to acknowledge that weather patterns—particularly dry years—contribute to the problem, pushing birds to nest and feed in more concentrated areas. This is why locals like Councillor Philip Wheaton have been calling for action as far back as 2017.

How can you help?

While Council continues to push for regulatory reform, we still need your help. The most valuable thing residents can do right now is report starling sightings using the "StarlingScan" tool at https://feralscan.org.au/starlingscan. This national resource enables the public to log sightings, nesting sites, and damage caused by starlings. It helps paint a fuller picture of the scale of the issue and assists biosecurity agencies in prioritising control efforts.

Some of you have already started using it—thank you. The more reports we have, the stronger the case we can make.

What's next?

Council will continue to work with regional partners and the State Government to push for reclassification and funding for more proactive control. We thank our residents and farmers for their patience and persistence. This is a shared challenge—and one we believe can be overcome with the right support from State Government.

Damian Carter
Chief Executive Officer
District Council of Streaky Bay

Council News

COUNCIL TO TAKE OVER WASTE COLLECTION SERVICES FROM 30 JUNE 2025

The District Council of Streaky Bay is making a significant change to ensure the long-term sustainability of waste collection services in our community. As of 30 June 2025, Council will manage kerbside waste collection services in-house.

Why is Council Making This Change?
In late 2024, Council sought tenders for kerbside waste collection and management of the Cungena landfill site. Unfortunately, no providers submitted proposals. This challenge is not unique to Streaky Bay, with many regional councils facing similar issues due to:

- High costs of servicing regional areas, making them less attractive to private contractors.
- Complex environmental reporting requirements, which make it harder for smaller waste providers to operate.
- Limited availability of private waste providers, with some proposals being financially unviable.

After discussions with other regional councils that have successfully taken waste collection in-house, Council decided to directly manage these services to ensure continuity for our community.

What This Means for Residents
Council is committed to making this transition as smooth as possible and has already taken key steps, including:

- Procuring two second-hand waste trucks to support the new in-house service.
- Recruiting waste collection drivers to ensure reliable service delivery.
- Consulting with local contractors about potential involvement in waste management, including the operation of the Cungena landfill site.

Initially, there will be no changes to the current level of waste collection services. However, once the transition is complete, Council will explore options for additional services, such as kerbside co-mingled recycling collection.

Financial Considerations
Council expects that bringing waste collection in-house will be **cost-neutral** compared to outsourcing. However, it's important to note that not all waste management costs are covered by user fees, meaning some expenses are subsidised through general rate revenue.

Future Waste Management Goals
Looking ahead, Council will continue working on long-term waste management strategies, including:

- Reducing landfill waste, especially as the State Government's landfill levy continues to rise.
- Maximising the lifespan of the Cungena landfill site through improved waste management.
- Exploring circular economy initiatives to lower disposal costs and reduce environmental impact.
- Assessing waste disposal options for smaller communities, including potential regional waste hubs.

Keeping the Community Informed
Council will keep residents updated throughout this transition via our website, the criterion, and social media.

For any questions or further information, please contact Council at dcstreaky@streakybay.sa.gov.au or phone 08 8626 1001

WE ARE HIRING: KERBSIDE COLLECTION OPERATOR

As the Council bring kerbside collection in-house, we have a new employment opportunity available.

Don't miss out on this chance to make a difference in our community!

For more information and to apply, visit the council website

Applications close at 5:00pm on Friday, 11th April 2025.

PUBLIC NOTICE

PROPOSED SALE AND REVOCATION OF COMMUNITY LAND 9B MCCORMACK WAY, STREAKY BAY

Proposed Sale and Revocation of Community Land – 9B McCormack Way, Streaky Bay

The land highlighted blue below is currently owned by the District Council of Streaky Bay and classified as Community Land. The land is located within a larger allotment that has served as a buffer zone area.

The Council has received a proposal to purchase the portion of land highlighted blue in the diagram below for the purpose of amalgamating the land with the adjoining allotment in which they will be able to expand their existing business operations.

The land is proposed to be sold at market value.

The Council have reviewed the proposal and assessed that with the sale of this portion of land that there remains adequate land for retaining the purposes of the buffer zone.

In accordance with the Local Government Act 1999 (Sec 194) – Revocation of classification of land as community land the Council must undertake Public Consultation in accordance with its Public Consultation Policy.

A copy of the public consultation report can be found here: ***https://www.streakybay.sa.gov.au/__data/assets/pdf_file/0034/1787830/Consultation-Report-McCormack-Way-Proposed-Community-Land-Revocation-2025.pdf***

The Public Consultation Period Commences: 1st April 2025 and Closes 5.00pm 30th April 2025.

Submissions may be made via: Email: dcstreaky@streakybay.sa.gov.au Post: PO Box 179 Streaky Bay SA 5680 Delivery: 29 Alfred Terrace, Streaky Bay

Enquiries can be made by email to planning@streakybay.sa.gov.au or call (08) 8626 1001.

Damian Carter
Chief Executive Officer

Blue Area – Proposed area to be sold

NEW 15-MINUTE PARKING ZONE ON WELLS STREET
– Supporting Local Business & Accessibility

In response to requests from local businesses, the District Council of Streaky Bay is introducing a 15-minute parking zone in front of 55 Wells Street. This change is designed to support regular customers, improve accessibility for those with mobility challenges, and encourage turnover of parking spaces near businesses.

For many years, parking in Streaky Bay has been unrestricted, but as our town grows, small changes like this can help improve access and convenience for everyone. The benefits of the new timed parking zone include:

- **More convenient parking for quick visits** – perfect for picking up an order or running a short errand
- **Easier access for people with mobility challenges**
- **Better support for local businesses** by making sure customers can find a park nearby

For those needing longer-term parking, a large off-street parking area is available directly across the road, providing plenty of space for those staying in town for extended periods.

Education First – No Immediate Fines

As Streaky Bay hasn't had timed parking before, Council Officers will be patrolling the area and issuing warnings for the first month to raise awareness and help the community adjust. This education period ensures everyone understands the new rules before enforcement begins.

Council appreciates the community's cooperation in supporting this initiative. If you have any questions, please contact Council on (08) 8626 1001.

Tourism Round Up - Streaky Bay

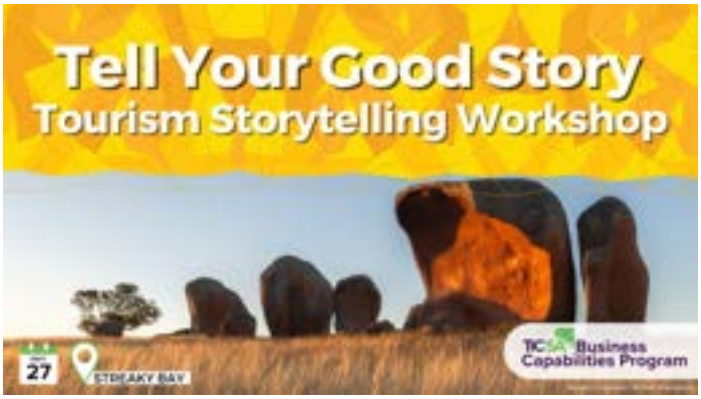

Come together for an industry update and networking event with TiCSA where you will hear from Shaun de Bruyn, CEO of TiCSA . No lengthy presentations—just quick, engaging snippets to spark conversation with industry colleagues over drinks and nibbles.

Date | **Tuesday, 27 May**
Time | **4:30 - 6:30pm**
Where | **Streaky Bay Hotel-Motel,** 33 Alfred Terrace, Streaky Bay SA 5680
Cost | All TiCSA Members receive 2 complimentary tickets | Non-Members $30

TiCSA Members can access their two complimentary tickets by selecting the TiCSA Member Offer ticket option, if you'd like to purchase further tickets please select the TiCSA Member ticket option.
For all event enquiries please contact TiCSA at info@ticsa.com.au or 08 8231 3085.

Tell Your Good Story - Tourism Storytelling Workshop (Streaky Bay)

Visitor markets are changing. Travellers are increasingly seeking more than just a good experience; they are choosing destinations and businesses with exceptional experiences that are also doing good for their local communities and environment.

Unlock the power of storytelling to showcase how your tourism business positively impacts your local community, economy, and environment—building deeper connections with customers and setting your business apart.

In this interactive workshop with The Tourism Collective you will learn how to authentically and practically communicate your 'Tourism for Good' stories and why doing this will benefit business resilience and profitability. There are many South Australian tourism businesses doing all sorts of good things – from sponsoring the local sport team to revegetating nature reserves - and it is time we started talking about them.

Key takeaways:
• The concept of 'Tourism for Good'
• Why stories matter to visitors and how they drive demand for your business
• What are your 'for Good' stories and how to practically share them
• How to elevate your stories through key visitor touchpoints and during the guest experience
• Tips to ensure your 'Tourism for Good' story is authentic

This workshop has been designed for South Australian tourism businesses, local governments, and regional tourism organisations."

When: **Tuesday 27 May | 1-4pm**
Where: **Streaky Bay Hotel-Motel,** 33 Alfred Terrace, Streaky Bay SA 5680
Cost: $15 for TiCSA Members | $30 for Non-Members (GST Inclusive)

Country regional plans - CONSULTATION OPEN

Be part of shaping your region's future
Public consultation is now open for the Eyre and Western Regional Plan. This is your opportunity to help shape the long-term vision for one of South Australia's most unique regions.

This comprehensive regional plan outline strategies for land use, infrastructure, and environmental management over the next 30 years, supporting sustainable growth and addressing the unique challenges the region faces.

The Plan focuses on:

- enhancing connectivity for remote communities
- building resilience for a sustainable future
- futureproofing the economy by growing industries such as energy, mining, agriculture, tourism, agriculture and aquaculture
- safeguarding the region's unique biodiversity
- ensuring there is the infrastructure and housing needed to support thriving communities.

Collaboration is at the heart of this Plan. Input from stakeholders, including industry, government, and the community, is essential to ensure the Plan reflects the specific needs of the region.

We're seeking your feedback on the following five key themes:

- People, housing and liveability
- Productive economy
- Environment, natural resources and landscapes
- Transport and infrastructure
- Implementation and delivery.

How to get involved
This is the chance to contribute to the future of the Eyre and Western region. Whether you're passionate about the environment, the economy, or have ideas about housing and infrastructure, your feedback is important.

Join our online information sessions to hear directly from our team about the Plan and learn how you can have your say. For more details visit:

- Eyre and Western Regional Plan: yoursay.sa.gov.au/eyre-and-western-regional-plan

Consultation closes at **5:00pm** on **Wednesday 7 May 2025.**

FLAVOURS OF STREAKY BAY!

Each month, The Criterion will be featuring recipes from one of our locals. We hope to eventually build a recipe book that showcases the best of Streaky Bay! The recipe can be anything you love to eat, from a sauce to a sweet! Please email all your recipes to info@streakybay.sa.gov.au

Tamarin's Chicken Curry

Ingredients:

- 2 tbsp tandoori paste
- 1 large capsicum, diced
- 1 brown onion, diced
- 150g frozen spinach
- 1 cup dried red lentils or 1 can chickpeas (drained)
- 750g chicken thigh, diced
- 750g chicken breast, diced
- 1 chicken stock pot
- 1 tin crushed tomatoes
- 1 bunch fresh coriander (stems finely diced, leaves reserved for garnish)
- 3cm piece fresh ginger, grated
- 2 tbsp ground cumin
- 1 tbsp ground coriander
- 1 tbsp ground cinnamon
- 1 tbsp crushed garlic
- Salt and pepper, to taste
- 1 red chili, diced (optional, for extra spice)
- Rice and pappadums, to serve
- Natural yoghurt, to taste

Method:

1. In a large pot, dry-fry the cumin, ground coriander, and cinnamon over medium heat until fragrant.
2. Add oil or butter, then stir in the tandoori paste, grated ginger, and crushed garlic. Fry until aromatic. Remove from the pot and set aside.
3. In the same pot, brown the diced onion, then add the chicken and the reserved curry paste back in.
4. Once the chicken is nearly cooked, add the diced capsicum, cover with a lid, and let it steam for 3 minutes.
5. Stir in the crushed tomatoes, then fill the empty tomato can with water and pour it into the curry.
6. Add the chicken stock cube and the finely diced coriander stems. If using, add the diced red chili for extra heat.
7. Stir in the frozen spinach, salt, pepper, and red lentils (or chickpeas).
8. Simmer on low for 30-60 minutes, until the chicken is tender and the flavors have developed.
9. Once slightly cooled, stir in natural yoghurt to taste. Alternatively, serve the yoghurt on the side so individuals can adjust the spice level to their preference.
10. Serve with rice and pappadums (prepared as per packet instructions), garnished with fresh coriander leaves

By Tamarin Donlan

Glenyse's Honey Baked Chicken

Ingredients:

- 1 packet French onion soup mix
- 2 tbsp honey
- ½ to ¾ cup white wine (or water)
- 8 chicken pieces (approx. 1 kg)

Method:

1. Preheat oven to 160°C .
2. In a bowl, mix the French onion soup mix, honey, and white wine (or water) until well combined.
3. Place the chicken pieces in a shallow, ovenproof dish.
4. Pour the mixture over the chicken, ensuring all pieces are coated.
5. Cover the dish with foil or a lid and bake for 50 minutes.
6. Remove the cover and bake uncovered for another 30 minutes, or until the chicken is tender and golden brown.
7. Serve warm with your choice of sides.

Glenyse's Tangy Hamburgers

Ingredients:

- 500g mince meat (beef or preferred type)
- 2 tbsp plum jam
- 1 onion, grated
- 1 egg, lightly beaten
- ¾ cup soft bread crumbs
- 2 tsp grated lemon rind
- Salt and pepper, to taste
- Flour (for hands)
- Oil (for frying)

Method:

1. In a large bowl, combine mince, plum jam, grated onion, beaten egg, bread crumbs, lemon rind, salt, and pepper. Mix well.
2. Lightly flour your hands and shape the mixture into hamburger patties.
3. Heat oil in a frying pan or preheat a grill.
4. Cook patties until browned and cooked through to your liking, flipping once during cooking.
5. Serve hot with your favorite burger buns, salad, or sides.
