### POOCHERA & DISTRICTS HISTORICAL SOCIETY

#### Back to Poochera 2020

In September 2020, Poochera will be 100 years old.

To celebrate the Poochera Historical Society would like to invite the people of Poochera and the surrounding communities to consider the idea of hosting a one day celebration to mark this very special occasion.

As part of the 75th anniversary in 1995, a history book was produced Towards The Mist. A team of locals began regular fortnightly meetings to research and assemble as much of Poochera's history as possible. That was over 23 years ago.

As time has passed and changes have occurred in Poochera, the Society is now considering putting together an updated version to the original book. This will obviously be a smaller edition requiring not as much work as the original but will still take time to collate all the new information i.e. Families changing, people moving in and also people departing.

As such we thought as we do have new families in our community and changes to our established families you may wish to update your history.

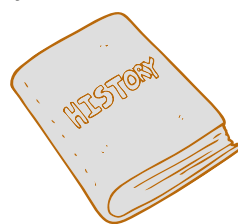

With this in mind, we would like to ask the community for feedback on the idea of creating another (smaller) publication. We would also like to welcome any help and input from anyone who may be interested in joining in to help compile this update.

Any information, ideas or suggestions for either the celebration day or for the book would be greatly appreciated. Please contact any of the people below with ideas thoughts etc..

## PROBUS

Minutes of Meeting held 17th May 2018.

25 members and 1 visitor attended today's meeting and we accepted 10 apologies. Birthday greetings were extended to Colleen Crowder, Mick Tomney, June Francis and Jan Patterson and minutes of the April meeting were read and accepted on a motion of Zita Chester and seconded by Kay Wait.

Zita reported that our proposed beach BBQ had in fact changed to a 3-course meal at the home of a member in our town due to the inclement weather on the allotted day. A lovely day enjoyed by those taking part.

Our Finance Report was read by the Secretary and showed a credit balance with all accounts paid of \$351.55 and a thank you letter has been received from the Hospital Auxiliary for our donation.

Members were told of a planned trip on Thursday June 7th when we will visit the Streaky Bay Museum at 10am where we will be provided with morning tea. Cost: \$10 including entry, at 12:15 approx we will adjourn to the Caravan Park Kiosk for a 2-course, set menu lunch at a cost of \$15pp. Lists are on the desk today if you intend to be part of this outing. Total cost \$25pp.

The Club held its annual "Cuppa for Cancer" morning tea where members generously donated \$155 towards the cause. A reminder was issued that our next meeting will be Thursday June 21st.

Guest Speaker: This month our guest was Mrs Joy Hentschke (Council C.E.O.) who entertained us all today with a condensed story of her life. Her childhood began on a farm not far from Pinnaroo but throughout her lifetime Joy has spent varying amounts of time in almost every state in our country. While working in many different roles since leaving school there has always been an administrative/management component involved in Joy's responsibilities – from small business right through to the role she currently fills. Management roles have covered areas such as fruit growing/picking/packing thru' to transport, banking, employment & disability care and childcare as well as Local Government. Joy invited us all to become more involved with the workings of our Council and to encourage candidates to nominate for the upcoming elections. A thoroughly entertaining speaker.

## COUNTRY WOMEN'S ASSOCIATION

The branch's annual tour saw twelve ladies (members and non-members) enjoy a bus trip to Venus Bay & Elliston in May.

With Helen Flanigan driving, the trip began in high spirits. Rae Brewster was delegated to give a running commentary of interesting & historic places along the way to Venus Bay where morning tea was enjoyed on the verandah of the Venus Bay General Store. A tour around the town and cliff front was of most interest together with the recap of memories of swimming carnivals and holidays spent.

Onward bound to Elliston with places of interest pointed out - Talia Station, old Talia town which is almost deserted and some buildings in ruins. Upon arriving at Elliston, another town and cliff scenic views was enjoyed. A most enjoyable meal was partaken of at the Elliston Hotel. After lunch, Helen had organised a surprise for us, the Old Council Chambers, where much interesting history has been kept in bound volumes of Sentinel and newspaper cuttings as well as displays of local identities and stories from early days. We could have spent hours and hours there. Some of the ladies found their names in Sentinel cut outs of various events. Onward to the old cemetery which is being preserved and is a credit to their community. A tour around the cliff top sculptures was the final hurrah for the day.

A few jokes, much talk and laughter brought a very good day to a close.

On another note, huge congratulations and warmest thanks to all involved in the majestic creation of the community mosaic notice board. It is stunning, vibrant and alive which truly is representative of our beautiful town of Streaky Bay.

## STREAKY BAY AREA SCHOOL

During term 1 of the school year, the Year 6 and 7 students of Streaky Bay Area School were involved in an inquiry learning project where, after viewing 'Blue The Film', they identified a personal inquiry issue around the big question of 'If oceans are considered the lungs of our planet, what does this mean for our future responsibility and how might we educate our community on this?'.

After researching their topic and identifying a solution, alternative or action to a current local, community or global issue, students then hosted the community premiere of 'Blue The Film' and presented their learning, which included interactive displays, demonstrations, opinion polls, quizzes, promotional materials and the opportunity to purchase environmentally friendly alternative products made by the students themselves (including bees wax wraps, produce and shopping bags made of natural material). Over 150 community members attended the community evening, including students, family members, mentors and community members.

As students investigated their issue during the inquiry learning project, students connected with mentors within the community and experts from afar as well as local businesses to help bring about change. This included local and Port Lincoln employees from DEWNR, local community members with expertise in their specific topic and people from the Darwin whose work surrounds Ghost Nets.

Examples of student learning included:

- Effects of Single use plastic in our community and what actions can we take to reduce it?
- Importance of recycling in Streaky Bay
- What would our world be like without sharks
- If we are what we eat then are we our own waste?
- Is washing your face costing the earth?
- What can we do to stop seabirds eating plastics?

We would like to continue this initiative at a year 6 and 7 level, where each year we have a different focus.

## INDOOR BOWLS

The Streaky Bay Indoor Bowls Club is a story of success. From December 2014 the club was without a venue following the closure of the Montgomerie Terrace clubhouse. However months later the old sports clubhouse at the Streaky Bay Town Oval became available and a group of Indoor Bowls volunteers cleaned and outfitted the premises to re-establish the highly successful activity on June 4, 2015. Improvements to conditions continued throughout the year and today, three years later there are 29 names registered on the book, all are either full or associate members of the Streaky Bay Bowling Club.

On May 2, 2018 a sausage sizzle preceded the well attended Annual General Meeting. Election of office bearers for 2018-19 resulted in several members re-elected. President Shirley Petty re-elected, Vice President (new position) Bev White, Secretary Wayne Miller re-elected, Treasurer Jim Petty re-elected, Assistant Secretary (new position) Jim Petty and Assistant Treasurer Darryl Trevena (new position). The committee includes the above plus Roger McCracken, Kaye Wait, Gay McCarten, Julie Wild, Sharon Kitson and Anne Payne.

General business centered round subscription and play fees, the purchase of 2 additional high chairs, a \$500 donation to the complex and replacing a number of the heavy chairs with lighter weight models.

Following the meeting 2 games of Indoor Bowls were played to complete the days outing. The Wednesday afternoon competition continues all year round and now members are looking forward to a special day in June. The future certainly looks brighter for the club as in just a short time the group has recorded a remarkable advancement.

## MENS SHED

The Men's Shed has made a lot of progress since our last article.

First and most important is we have been given the use of the old bowls clubrooms (where we hold our meetings) on Montgomerie Tce to use as our men's shed by the council, on a yearly lease. For this we are extremely grateful. Our lease starts from the 1st July, but hopefully we can get in and start cleaning the sheds up and doing things around the place before hand.

There are still good numbers coming to our meetings which is encouraging. At the moment the meetings are mainly talking of what we need and where we are going to put it. If there are members of the community that are interested in the shed please check notice boards for meeting times.

On the 28th of May we submitted our application for a grant from the Australian Men's Shed, and have also submitted an application for the Community Hotel Grant. A lot of sleepless nights went in to getting the AMSA grant together, but with the help from the staff at the Australian Men's Shed (who worked on the weekends) we finally got there. It is just a matter of waiting for the outcome. We are hopeful for a good result.

Our shed has been fortunate to have a lot of items given to us from the community. The school have given us some tables, chairs and some storage bins. We have also had a donation of machinery for which we are extremely grateful from the Ardrosson Men's Shed of a saw bench, planer and a thicknesser. Another donation was made to us from Eyre Trading in Pt Lincoln. Some other items that have been donated are another lot of tables/chairs, drill and bench grinder, large metal storage cabinet, some woodworking books and we are interested in some machinery on offer.

To these people (they know who they are) that have given items we thank you. If there are members of the community who think they might have items we could use please contact Wayne on 0448 173 564.

We look forward to exciting times ahead for the shed.

## SCHOOL COMMUNITY LIBRARY

streakybay.library@plain.gov.sa.au

### Collection of 'old times.'

Ali Hein has created a beautiful display of some of the objects she has kept or collected because they hold special memories associated with loved people in her life.

Some of the items have been passed down through Ali's family. Others have been amassed through Ali's keen eye at garage sales, the op shop or purchased at her father's estate auction (which we remember as a massive event showcasing many unusual and collectable items).

A sentimental highlight is the fallen star Ali's Grandma saw fall to the ground and spent weeks looking for. Ali is not sure if it is a real star, but because of the memory the story and object hold, it will always be special.

The collection includes items which were used every day, such as a walking stick, umbrella and shoes.

There is glamorous vintage jewellery and handbags, crystal, pottery and beautiful green carnival glass.

Some items would have originally expected to only have short-term usefulness or popularity, such as the toys, cards and tins. However, they have proved a talking point as they remind us all of times past.

Ali acknowledges not all of her items hold monetary value, which viewers of her display in the library will agree that is not always the purpose of a collection.

Ali hopes her collection brings back special feelings and memories for others too.

# Australia's Biggest Morning Tea

On Thursday 24 May we were blessed with wonderful weather for the annual Australia's Biggest Morning Tea. While enjoying some delicious cakes, sandwiches, slices and other goodies we were also lucky enough to be able to view the Island to Inland Art Exhibition.

We had approximately 50 visitors for the day! While numbers may have been down a little on some previous years those present enthusiastically entered into the spirit of the day to compete for prizes in the "Guess the Cup" competitions giving them the opportunity to win some cash, all whilst raising much needed funds for the Cancer Council. The lucky winner on the day was Maxine Johnson from Streaky Bay.

A huge thank you for the delicious treats prepared and donated by local businesses including Bay Funktion Café, the Shell Roadhouse, Elliott's Bakery and Café as well as donations of tea, coffee, milk and sugar from Streaky Bay Foodland and Beck's IGA.

Once again the committee appreciated the strong support of members of the community in both the supply of food and assistance in the kitchen on the day.

Thank you to all the helpers, donations and to everyone that attended.

### \*\*\* REMINDER \*\*\*

#### KERBSIDE WASTE COLLECTION BIN SIZE IS 140 LITRE

As per Council's Waste Management Policy a **140 litre** mobile garbage bin (wheelie bin) must be supplied by the resident for their kerbside waste collection.

Please note that the 120 litre bin is **not suitable** for use by residents as their kerbside waste collection bin.

The 120 litre bin poses many problems for the waste contractor:-

- ◆ The bin grab jaws on the waste contractors truck are only set to pick up 140 litre and the larger 240 litre bins.
- ◆ Due to their narrower body the 120 litre bin slides through the bin grab jaws and the wheels and axle can be dislodged causing damage to the bin.
- ◆ Also due to its narrower body, cardboard and other items get lodged in the bin and is not emptied properly.
- ◆ It is easily blown over and waste gets strewn everywhere and the waste truck driver has to get out to pick up this waste.

Also note that bins must be placed at least 1 metre from any fixed object, i.e. fence, stobie pole or tree and multiple bins are required to be at least half a metre apart.

Your co-operation in this matter will enable the efficient and safe pickup and disposal of all residents household rubbish on collection day.

A copy of the Waste Management Policy can be obtained from Council's website at [www.streakybay.sa.gov.au/Council\\_Services/Waste\\_Management](http://www.streakybay.sa.gov.au/Council_Services/Waste_Management) or from Council's Office at 29 Alfred Terrace or the Visitor Centre at 21 Bay Road, Streaky Bay.

# Art Funding for Projects

**OPENS 1 JULY 2018 !**

## **GOT A GREAT ARTS IDEA?**

Country Arts SA, through the Regional Arts Fund, supports regional artists and communities by offering bi-annual funding opportunities that inspire arts and cultural activity in rural, regional and remote areas of South Australia.

Regional artists who are looking to develop their arts practice, or artists and organisations who are motivated to stimulate their communities through innovative arts projects, are encouraged to apply.

The Regional Arts Fund, managed by Country Arts SA, has application rounds in March and August of each year and is delivered under two main categories;

*Step Out* grants are open to communities and artists to partner with professional artists and arts organisations to create high quality arts projects that build capacity for long term benefits and increase professional development.

*Step Up* grants are open to artists, organisations and community groups to undertake small cultural projects, or for individual artists to undertake professional development opportunities, such as mentorships. If you have never applied to Country Arts SA or never undertaken an arts project you are encouraged to apply to this category.

Country Arts SA also delivers the *Skills Development* grant program. This grant can assist groups to provide skills development opportunities through workshops,

or provide opportunities for the development of project ideas and concepts.

The *Quick Response* grant is available throughout the year to support regional artists to access professional arts development and training opportunities, or organisations and communities with small project opportunities that arise at short notice.

"Country Arts SA offers experienced advice and support from Arts and Cultural Facilitators who can assist with applications and project content and are based right throughout regional South Australia," said Steve Saffell, Country Arts SA Chief Executive Officer.

For more information on the grants and eligibility criteria, or to locate

your closest Arts and Cultural Facilitator, visit <https://www.countryarts.org.au/grants-funding/> <http://www.countryarts.org.au/support-funding/grants-3/>

## **NEXT FUNDING ROUND:**

**OPENS 1 July 2018**

**CLOSES 15 August 2018**

Blessed is the one  
who does not walk in step with the wicked  
or stand in the way that sinners take.

But whose delight is in the law of the LORD,  
and who meditates on his law day and night,

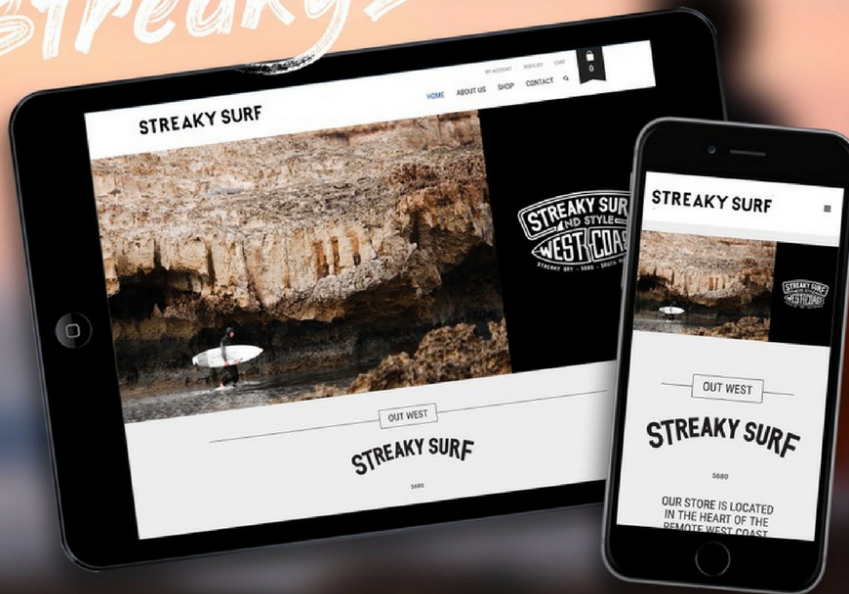

that person is like a tree  
planted by streams of water,  
which yields its fruit in season.  
The Lord will deliver his soul from death.

Before Creation there was Eternity,  
when the World passes away  
time ends and returns to Eternity.

Where will you spend Eternity?

## Don't let your food waste become illegal pig feed

It is against the law in Australia to feed your pigs any food containing meat or meat products or food that has been in contact with meat or meat products. This type of feed is known as swill and is illegal in Australia.

Feeding pigs swill can cause many diseases and has been linked to some outbreaks of foot and mouth disease and other livestock diseases.

Foot and mouth disease is a highly contagious virus and affects not only pigs but sheep, cattle, goats, llamas and more.

Some examples of prohibited pig feed or swill are sausage rolls, pies, pizza, sandwiches with deli meats, household waste and used cooking oils.

These rules apply to all pigs including pigs kept for personal consumption and pet pigs. Anyone who is caught feeding pigs these types of feed can be fined under the Livestock Regulations 2013.

You can find more information at [www.pir.sa.gov.au/biosecurity/animal\\_health/pigs/swill\\_feed](http://www.pir.sa.gov.au/biosecurity/animal_health/pigs/swill_feed)

# 2018 COUNCIL ELECTIONS

Councils are part of the democratic framework of Australia. The community elects their council members every four years and the next general elections happen in November 2018.

Unlike State and Federal elections, it is not compulsory to vote in South Australian council elections. However, council elections are the biggest single voluntary civic participation activity in the state with nearly 360,000 people voting in the 2014 council elections.

Another important difference from State and Federal elections is that all voting in council elections is done by post. Enrolled voters receive a **voting package through the mail** and return their votes in a reply paid envelope.
