## STREAKY SOUNDS

The inaugural Streaky Sounds 2023 could not have been a bigger hit for the town, with over 1000 people in attendance, with a mixture of families, youth, and your old school rock dad fist pumping to Choirboys classics. The decision to make Streaky Sounds a family inclusive event really paid off with Event Organiser, Jess Davis saying 'originally we had mixed feedback about having the family component ie: with kids activities, etc., but knowing our community and having so many families, to have an event that is inclusive of everyone was something we really wanted to make happen'.

So far, there has only been positive feedback for the event - Raves about the fantastic kids' entertainment put on by Xtreme Kite and Paddle from Port Lincoln, amazing food and drinks from over 10 different food vans (a lot of whom managed to sell out at some point during the night) and of course the brilliant line up of artists that we saw take the stage.

From local ladies Sharon Moore, Jodi Martin and Bonkers, to the local lads Taij and Dylan on the DJ deck, all the way to country classics girl Caitlin Drew, the mellow tunes of Joshy Willo, and the blasting rock from Audio reign, there was something for everyone. The night really kicked into gear when Revel – Adelaide's premier cover band took the stage. Think of every classic rock and pub song you know, they sung it, and the response from the crowd was next to none; mosh pits, fist pumping and people on shoulders, the night's vibe was in full swing.

Our first major band to take the stage was British India, a crowd pleaser to say the least. Their indie rock sound perfectly encapsulating the Streaky Bay feel. Followed by our headliner of course, Choirboys. Their expertise and passion flows from the energy they give when they're on the stage. Lead singer Mark Gable even came down to the front row just to shake his adoring fans' hands. The Council Team are proud to see their effort be rewarded in such a massive way, with the event running so smoothly and the massive support from all of the festival goers, volunteers and artists.

'We've had the most amazing feedback from the artists, British India and Choirboys especially, those artists have done shows internationally, to get the feedback that they have given, of being an amazing crowd, amazing venue, amazing hospitality and organisation, hearing those things made everyone's dream come true' says Jess. After the success of the weekends event, it is an early indication that Streaky Sounds 2.0 is on the cards.

## LETTERS TO THE EDITOR

To the editor.

As a member of the Streaky Bay and District Medical Clinic Association Inc I attended the general meeting called on 5 June 2023 at the Streaky Bay Hotel 6.30pm. That meeting was well attended, and available to us on the way in was pictorial diagram showing the current Operational Responsibility and Structure. Most importantly there was also a four-page briefing paper, however I only managed to read a quarter of the material before the meeting started otherwise I would have known and understood why the Chairman (Jonas Woolford) struggled in an attempt to inform us of the situation relating to communications and meetings the board and members had over the past several months with a proposal to transition from the current SB&D Medical Clinic Inc to being run by Eyre and Far North Local Health Network - SA Health (Because we knew the current situation had already become unsustainable).

Part of the problem being the board could not get defined answers to questions and apparently anything that was proposed by those government connected groups kept changing. It was clear members of the board were tired and not happy with the situation as they currently saw it and had been trying to sort out.

At 7pm members from those organisations who were supposedly likely to be 'taking over' the running of our medical system was connected by computer to the meeting. No wonder the chairman had trouble telling us what was being proposed. I think the room full of people like me were utterly disgusted with what the 'invited guests' had to say and what they thought the outcome might look like. To start with it sounded horribly like they did not really know what they were proposing and how it would work. On top of that we find out something like what was put to us is in operation over parts of lower Eyre Peninsula and not working very satisfactory. That lower Eyre Peninsula area contains towns much smaller and closer together than Streaky and the other communities within our council area without worrying about Elliston, Wudinna, and our own ongoing tourist influx.

As a person who had been an both employer and an employee, there was no way I would ever agree to anything like the dodgy proposal which was actually going to be a nightmare with nobody likely to be held responsible or accountable. The term 'faceless bureaucrats' sprang to mind.

As soon as possible after the 'invited guests' disappeared off the computer I moved a motion that was worded. Medical Clinic Board approach The District Council of Streaky Bay to assist in engaging a consultant to investigate the business case of becoming a full time private practice. That motion was seconded and carried.

I then seconded a motion that followed, The medical Clinic Board also ask Council for assistance in the undertaking of a Community Survey.

That motion was also carried. - While I have no idea what that survey will look like or what information might accompany it there are two really important points you need to be aware of.

(1) Currently private practice GP's in Streaky and Ceduna are unable to directly admit a patient to a hospital.

(2) The bottom line being, do we want permanent Doctors serving our community (Private practice) or are you prepared to accept an endless run of locums who also are straddled with duties outside our community besides attempting to look after us.

I highly recommend everyone should get a copy of that 5th June briefing paper as it does a reasonable job of outlining the current situation and possible/probable (maybe?) situation assumed but not guaranteed by those who will become faceless and disappear if it does not work out. Before filling out any survey make sure you understand the implications of the answers you provide.

In closing I express my gratitude to the members of the Board (present and past for the work they have done.

Peter Jans

## A TASTE OF STREAKY BAY - DELICIOUS

The Streaky Bay Tourism and Business Association kicked off their fourth Tasting Australia event by welcoming Lyndey Milan OAM to town at the Streaky Bay Museum Friday 5th May 2023. Local producers, sponsors and VIP guests gathered to toast the celebrated chef and the quality produce of the district.

The Tasting Australia event was held on Saturday 6th May at noon on the Streaky Bay Community Hotel Motel Ocean deck overlooking the historic jetty. A beautiful back drop for the elegantly set tables. Local resident Faye Kelsh prepared the table centre pieces using local roses with a variety of cottage and native flowers. The arrangements looked extremely attractive set on wooden sliced logs.

The guests were greeted with Wayrob oysters with a finger lime ponzu and Gin Bloody Mary with a glass of Arras NV Blanc de Blanc sparkling wine served in a commemorative glass 'Let's toast A Taste of Streaky Bay'. The Gin Bloody Mary oyster recipe had Streaky Bay Distillers Abalone Gin as a key ingredient.

Event tickets purchased before the end of February went into the 'Early Bird' draw for the chance to win a Weber Baby-Q BBQ. The lucky winner was Cathy Love of Ceduna. Cathy came to the event last year, this year she came in a party of 12 and announced she will be back with 20 people for next year's event.

All tickets purchased went into the 'Lucky Ticket' draw. Winner Annette Clark from Colonel Light Gardens won a Lanson champagne gift pack with an autographed Lyndey Milan cookbook.

The raffle on the day for an esky with 2 lobsters, a bottle of Arras and 6 pack of Peroni beer was won by local Streaky Bay resident Peter Yoko. The raffle items were kindly donated by Streaky Bay Marine Products, Streaky Bay Mitre 10 and Streaky Bay Hotel Nominees.

Guests came from as far away as Alice Springs, Sydney, the Barossa Valley, Adelaide and Port Lincoln. The guests from the Barossa came specifically to meet Lyndey Milan and to have her autograph their copy of her cookbooks. Local musician Bonkers entertained the guests as they savoured the delicious 4 course meal of local Wayrob oysters, Streaky Bay Marine Products prawns and abalone, Streaky Bay Meat Service lamb and pears dripping in Haystacks Honey with matching premium South Australian wines.

Lyndey Milan introduced each course to the guests highlighting the ingredients used and the quality of the produce.

Major sponsor Streaky Bay Marine Products director, Damon Edmunds, addressed the attendees and gave an overview of the seafood selected for the day and explained why our local product is truly superior.

## A TASTE OF STREAKY BAY - DELICIOUS CONT

Streaky Bay Tourism and Business Association President Lyn Finch said that:

“Being part of the Tasting Australia program provided the opportunity to showcase our place, people and produce.

Lyndey Milan OAM was selected as the guest chef because of her credibility and authenticity in this space, being a much loved and respected food and wine writer and judge for over 30 years.

Our appreciation and thanks go to the District Council of Streaky Bay for sponsoring the event. To the other sponsors and suppliers, Streaky Bay Marine Products, Wayrob Oysters, Haystacks Honey, Streaky Bay Meat Service and the Streaky Bay Hotel - thank you for your kind support and generosity.

The Association is very appreciative of the Streaky Bay Hotel for hosting the event at their venue and for orchestrating the hotel decks transformation and in rallying the wonderful hospitality staff. It's very motivating and such a wonderful learning experience for our local hospitality staff to work alongside someone of Lyndey Milan's calibre.

This event not only features Streaky Bay on the State's culinary itinerary, but it also makes an economic contribution to our local community and adds to the social vibrancy of the town."

Local tradies assisted in setting up the Ocean deck, with several locals - actively involved in the event. Wayne Daniels - photographer captured the day. Luke Matthews, Brock Trezona and Kelly Coombs worked in the kitchen alongside Lyndey. Sally Trezona, Chris Boylan and many others formed the competent team of hospitality staff.

From the feedback received, guests thoroughly enjoyed the day and trust the event will be back next year.

## FAITH NOTES

We are familiar with the frequently used saying to come the full circle, which means that people or things, having set out on a journey or task, have returned to where they started. It happens when a team gets to the end of their football or netball season or a student successfully negotiates their academic year. They have successfully completed the cycle and are back at the beginning. This applies particularly to our thoughts about Jesus on the Feast of the Ascension, which the Christian Churches celebrated recently.

In one sense, the Ascension celebrates that Jesus has come full circle because, having come from the Father to accomplish a specific mission, He returns to the Father having achieved what He was sent to do. And He was sent to save us from spiritual death and alienation from God that is due to our sins.

But in another sense, the Ascension marks the passing on of the baton by Jesus to His apostles. At the beginning of his public ministry, He had preached that the kingdom of heaven was close and He had challenged people to repent of their sins and believe in the Good News, which involves putting the teachings of Christ into practice in their lives. Now the responsibility for that ministry was being passed on to the apostles and disciples. They were mandated to continue his saving work, drawing all nations to the truth of the Gospel.

Jesus' departure from the earth and His return to heaven did not mean that His apostles and disciples would remain alone in their mission.

Although He would no longer be physically present, He told them: And know that I am with you always; yes, to the end of time (Mt 28:20).

The message of the Ascension is clear. The saving work of Christ is now being handed over to the Church. The baton is being passed on to us. Yet so many today have not grasped the baton of faith gifted to them and passed it on with energy and joy to others. There is a deep sadness here because when a person chooses a life without faith they are denying themselves the deep friendship of a life lived with Jesus, the support and love of a faith community and a goal and ultimate meaning in their life.

Just as in a relay race, it is imperative that we do not drop the baton, so it is in the race of life and very especially in our spiritual lives. The responsibility for passing on the baton of faith rests with us. Let us carry the baton of faith with courage and conviction and let us pass it on to all those we meet.

The meeting was attended by 17 members and 1 visitor following a BBQ lunch in the club rooms.

Bev who was previously Vice President takes over from Shirley Petty who did not seek re-election. Shirley, during her over 6 year term was often called upon to make decisions, in particular at the height of Covid and her thoughts were always "what's best for the club". Her aim now is to remain an active member of the club and continue in the role of photographer.

Secretary Julie Wild, Treasurer Jim Petty, Assistant Treasurer Wayne Miller were re-elected together with last year's committee minus Raylene Fiebig and Gay McCarten (now Vice President) replaced by Nicki Mayhew and Annette Gibbs.

The meeting agreed to again donate \$500 to the Streaky Bay and Districts Sporting Complex and that club subs and play fees remain unchanged.

## DOG OWNERSHIP IN STREAKY BAY

Owning a dog brings joy, companionship.....and responsibility. In Streaky Bay, as in many jurisdictions, dog owners are subject to various legal obligations to ensure the welfare of their pets and the safety of the community.

### 1. Dog Registration

The first and foremost legal requirement for dog owners in Streaky Bay is dog registration. According to the Dog and Cat Management Act 1995, all dogs over three months old (within 14 days of taking possession) must be registered with the local council which you can do on Dogs and Cats Online or contact the Council and we can assist. Existing dog (and cat) registrations are due by the end of August. Registration helps identify dogs, ensures they receive appropriate vaccinations and health checks, and assists in returning lost dogs to their owners. Failure to register a dog can result in fines or other penalties.

### 2. Controlling Dogs in Public Places

Dog owners have a responsibility to keep their dogs under control when in public places. Dogs must be on a leash when outside of designated off-leash areas. Check the signage in public areas such as parks and beaches. Dog owners must also clean up after their dogs and dispose of their waste appropriately. We are increasing our inspections at Back Beach where we have received some complaints.

### 3. Responsible Dog Ownership

Responsible dog ownership means meeting the needs of the animal and ensuring it does not pose a threat to public safety. Owners must provide proper food, water, shelter, and veterinary care for their dogs. Additionally, it is essential to prevent dogs from roaming or causing a nuisance to neighbours, such as excessive barking, and restrain your dog if you are transporting in the open tray of a ute.

### 4. Dog Attacks and Dangerous Dogs

South Australia has strict laws regarding dog attacks and the ownership of dangerous dogs. If a dog attacks or injures a person or another animal, the owner may be held liable for any resulting damages.

### 5. Microchipping and Desexing

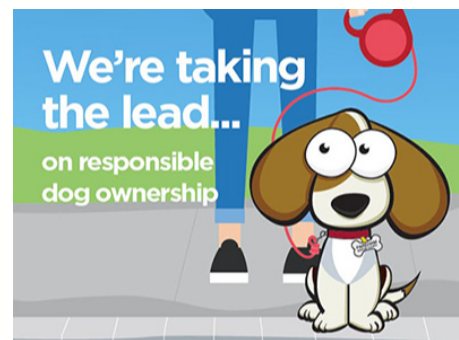

Microchipping and desexing are vital aspects of responsible dog ownership. In South Australia, dogs must be microchipped by 12 weeks of age (unless exempt) or within 28 days of acquiring it. Microchipping helps identify dogs and enables quick reunification with their owners if they become lost or stray. All dogs born after 1 July 2018 must be desexed before 6 months or within 28 days of taking possession (unless exempted).

### 6. Restricted and Prohibited Breeds

Certain dog breeds are deemed "restricted" or "prohibited" under South Australian legislation. Owners of these breeds must adhere to specific regulations, such as keeping the dog securely confined and muzzled when in public.

Owning a dog in Streaky Bay comes with a range of legal responsibilities that promote the welfare of the animal and the safety of the community. By adhering to these obligations, dog owners can create a harmonious environment where their pets can thrive while respecting the rights and well-being of others. We seek your co-operation.

And just so you know.... you can marry a dog in India. It happened recently in a lavish ceremony because the dude was convinced that his health issues were the result of his killing two dogs when he was a child and the only way to atone for his sins was to marry a dog. If you have similar issues, consider.

## DACO ONLINE

Dogs and Cats Online is now available to the public to add new registrations for dogs and cats or make changes to your existing registration information.

Dogs and Cats Online is the state wide system used by all South Australian councils for dog, cat and breeder registration.

- registration (dog, cat, business, breeder)
- replacement discs
- deceased or lost pets
- animal/owner information on Dogs and Cats Online
- payments and concession cards
- other dog/cat related enquiries

We also had the big morning tea organised by Fay Kelsh from which the proceeds raised \$350 towards the Cancer Council. Thanks to all that made food for the event.

The Morning Tea was well supported by locals and some from Port Lincoln and one couple from Tasmania.

If there are any new people in the district that would like to join Probus you are more than welcome to come to one of our meetings. We hold a meeting the third Thursday of each month in the Flinders room at the hotel.

# THANK YOU!

A HUGE THANK YOU to our wonderful community.....

Charli has been growing her hair for the last 12 months with the idea of cutting it off and donating it to help supply children's wigs to kids who have lost their hair due to a medical condition.

Charli came up with the wonderful idea of fundraising as much as she could and donating the money to a charity of Zahli Habel's choice.

At the beginning of this year at just 12 years old, Zahli was re diagnosed with cancer.

Zahli chose the Starlight Foundation as they have been a huge support to Zahli and her family throughout Zahli's journey.

On Saturday 20th May Charli had 'the big chop for Zahli'.

What was originally meant to be a 'let's try and fundraise \$1000' turned into something a whole lot bigger.

Her tally right now is sitting at \$7,600

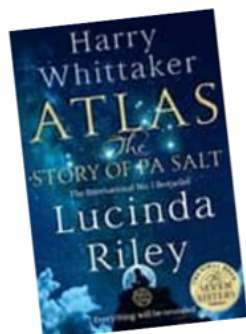

Charli and I want to say a huge thank you to our incredible community and especially to the West Coast Hawks football & Netball club for getting behind her and supporting Charli with her fundraising.

Sending all our love to Zahli & the Habel families.

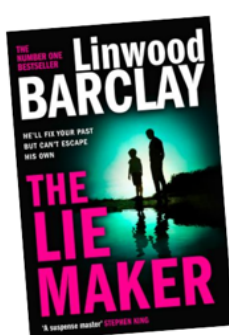

A huge thank you once again,  
Courtney & Charli Montgomerie

The Sutherland Shire Environment Centre's 2023 RD Walshe Memorial Writing for the Environment Competition is now open. This year's topic is Future, what future? It invites writers to put themselves in their fictional future. The competition asks writers to submit a piece of writing that personalises the future. The writing must, of course, consider elements related to the environment and broader sustainability concepts.

There are 3 age categories – Under 19, 19-25 years, and Over 65 – with cash prizes of \$500 for the winner of each category. Runners up will also receive a cash prize. The Sutherland Shire Writers Group also offers an additional prize of \$100 for a junior writer, the "Pat Strong Award for a Young Writer", which honours one of the Group's foundation members.

Details about the competition and how to submit your entries can be found here:

<https://www.ssec.org.au/grants-and-awards/rd-walshe-memorial-writing-for-the-environment-prize/>

Entries close on Friday, 30 June 2023.

# BECKS MITRE 10

## WHY SHOULD YOU FILTER RAINWATER?

Rainwater itself is very pure, but in the collection process, it becomes contaminated with airborne particles, bacteria or anything on your roof, gutters and within the water tank itself. Leaf matter, rust, dirt and animal droppings all come into contact with your water along the way bringing with it harmful bacteria, sediment, bad tastes and odours, as well as long-term effects caused by giardia.

The solution? A Puretec filtration system, specifically designed for rainwater.

- ✓ Kills 99.99% of bacteria in water.
- ✓ Filters out sediment, bad taste & odours.
- ✓ Options for whole house or undersink.

The Puretec range of water filters are available from Becks Mitre 10. Scan the QR code for more product info.

# The Great White Project

Andromeda is developing The Great White Project (GWP), located 15 km southwest of Poochera. Approval of the PEPR for The GWP from South Australia's Department for Energy and Mining (DEM) has been received, that allows the processing of up to 300,000 tonnes per annum (tpa) of ore, producing up to a nominal 150,000 tpa of kaolin products from The GWP.

Construction of the mining operation to extract and refine bright white kaolin clay is expected to start following lodgement of the environmental bond and the Native Vegetation Fund offset. Both are required prior to construction commencing, which is anticipated to be before the end of 2023.

Andromeda seeks to provide local businesses and interested parties an update on The GWP's development, by hosting Business Drop-In sessions on:

Tuesday 27<sup>th</sup> June  
11am – 2pm  
and  
4pm – 6pm  
at  
Drift, Alfred Terrace, Streaky Bay.

This is an opportunity for local businesses to:

- keep informed about the GWP's development,
- provide an understanding to Andromeda of local business capabilities, and
- understand what is required of Andromeda Contractors.

Andromeda is now in the process of preparing for the construction phase of The GWP later in the year, where a number of work packages will be offered for tender.

The Project will create up to 40 direct jobs along with supply and contracting opportunities. Future expansion plans are expected to see us grow to 70 direct jobs at full operating capacity and add a significant economic boost to the region over the 28-year Life of Mine operations.
