SKATE PARK'S FENCES DOWN: A NEW ERA OF COMMUNITY ENJOYMENT UNVEILED!

Streaky Bay Youth Precinct — The hum of excitement reverberates through the air as the fences surrounding the skate park vanish, signalling the dawn of a thrilling new chapter in community entertainment. This momentous step welcomes all to experience a revitalised atmosphere of enjoyment and togetherness.

Yet, the precinct has transformed into a haven that extends beyond the realm of a mere skate park. It now embraces a realm of attractions, meticulously crafted to cater to a diverse spectrum of interests, including:

🚲 **BMX Pump Track:** Brace yourself for an electrifying journey on the BMX pump track, a pulsating course engineered to exhilarate riders of every skill level.

🏀 **Half-Court Basketball Court:** Unleash friendly competition as you engage in exciting matches, refine your shots, and cultivate a sense of teamwork on the half-court basketball court.

👶 **Play Area for Young Explorers:** Spanning generations, the precinct offers a dedicated play area designed for the young. Of particular note is the interactive and educational whale bone dig pit, an engaging experience in discovery.

While we savour the triumph of the recent soft launch, our vision for the precinct continues to expand. In the forthcoming months, an array of improvements is set to enhance the community's experience:

🌳 **Abundant Greenery:** Elevating the precinct's allure is a commitment to nature. The upcoming addition of more trees will infuse the park with a lush, vibrant charm.

🚻 **Enhanced Comfort:** Anticipate the introduction of contemporary, visitor-friendly toilet facilities that prioritize the comfort of all who visit the park.

🚀 **Welcoming Entry Signs:** Be on the lookout for elegantly designed entry signs that will extend a warm, visually captivating welcome to all visitors of the Streaky Bay Youth Precinct.

🍖 **Elevated BBQ Experience:** A waiting connection of power from SA Power Networks, upgrades to the park promises to amplify the picnic experience with the installation of a community BBQ.

Our gratitude extends to all who graced the soft launch on that memorable Friday night. With an official opening event scheduled for October, pending the final touches, we're thrilled to declare that the precinct is **NOW OPEN** for all to revel in. Whether you yearn to display your skateboarding prowess, relish a leisurely picnic, or simply witness the exuberant play of children, the park beckons with open arms.

Council News

STORM WATER MANAGEMENT PLAN CONSULTATION

Save the Date

Water Technology has been engaged by the District Council of Streaky Bay (DCSB) to provide review and update of the existing Streaky Bay Stormwater Management Plan (SMP), finalised in 2011. In the decade since it's development, changes to both the landscape and community priorities have occurred, along with significant advancements in data availability and hydraulic modelling capabilities.

An updated SMP will address the changed needs of the community and stakeholders, provide an opportunity for alignment with other strategic documents (i.e. the District Management Plan and Streaky Bay Township Masterplan), and set the priorities for management actions over the short to medium timeframe. The scope of this project was identified in the proposal as to:

- Build on the previous work and existing documentation regarding stormwater management
- Engage with stakeholders and the community to develop a long-term vision for stormwater management in the region, and to identify existing risks and potential opportunities
- Document existing stormwater management strategies
- Identify appropriate, fit for purpose upgrades and/or new management strategies, with associated costings and priorities so that they can be implemented when funds become available.

Consultation Phases

August 2023	Early Key Stakeholder Engagement
19 September 2023	Catchment Walk and Targeted Community Consultation
19 September 2023	Councilor and Staff Workshop
20 September 2023	Public Consultation Workshop
August-October 2023	Community Survey
November 2023	Second Round Consultation

If you would like to provide any written feedback or photographic evidence of localised issues prior to the September workshops, please email them to dcstreaky@streakybay.sa.gov.au and in the subject title include "Stormwater Management Plan Feedback".

Penny Williams – General Manager, Prosperity

MOORE'S BOAT RAMP PERMITS

A permit is required to launch or retrieve boats and watercraft from Moore's Boat Ramp. Failure to purchase a current period permit may result in the issue of an expiation notice. The expiation fee is currently \$210. Please note that purchasing a permit after being notified that a valid permit was not displayed on the towing vehicle will not suffice to avoid an expiation notice.

For annual permit holders the 2023/24 permit must now be displayed. These are yellow. Please be advised that the 2022/23 annual permits (blue), and any other prior year annual permit, have expired and do not constitute a valid permit to avoid an expiation notice.

All permits can be obtained from The District Council of Streaky Bay Principal Office at 29 Alfred Terrace, the Visitor Centre at 21 Bay Road or Killa's, Streaky Bay at 48 Wells Street.

CEO UPDATE

I note recent media coverage regarding a feasibility study being undertaken for a possible medical, community and business hub. As the CEO of Council, I believe in fostering transparent communication and community engagement. So, in this month's column, I would like to shed light on a crucial aspect of our decision-making process that often involves various projects and initiatives - a feasibility study.

What is a Feasibility Study?

A feasibility study is a comprehensive analysis conducted by the council to evaluate the viability of a proposed project, idea, or concept. This study involves a detailed examination of various factors, such as technical, economic, financial, legal, and social aspects, to determine whether the concept holds merit and aligns with our community's needs and aspirations.

Why Do Councils Undertake Feasibility Studies?

Councils undertake feasibility studies as a responsible approach to decision-making. It's important to emphasize that initiating a feasibility study is not a commitment to undertake a particular project, but rather a strategic tool to assess the potential benefits and risks associated with it. By conducting a feasibility study, we ensure that any future endeavours are based on a solid foundation of information and analysis, enabling us to make informed choices that benefit the community at large.

Exploring Merit and Viability

When a concept emerges within our community, it's natural for us to want to explore its potential. However, embarking on any project without careful evaluation could lead to wasted resources and disappointment. Feasibility studies offer us the chance to thoroughly examine the concept's feasibility, addressing questions such as:

Technical Feasibility: Can the project be realistically implemented from a technical standpoint? Are there any technical challenges that need to be overcome?

Economic Feasibility: Is the project financially viable? What are the estimated costs and potential revenues? Are there potential economic benefits for the community?

Financial Feasibility: Can the council secure the necessary funding for the project? What are the potential financing options available?

Legal Feasibility: Are there any legal or regulatory constraints that might affect the project? Are there permits or approvals needed?

Social and Environmental Impact: What could be the social and environmental consequences of the project? How can these be mitigated or leveraged for community betterment?

Due Diligence Through Developing a Business Case

Developing a business case is an integral part of the feasibility study process. A business case involves creating a detailed proposal that outlines the objectives, costs, benefits, risks, and potential outcomes of the project. By doing so, we engage in due diligence - a thorough and meticulous examination of all aspects surrounding the project. This approach ensures that the council has a comprehensive understanding of what the project entails and whether it aligns with our community's values and goals.

In essence, undertaking a feasibility study with a well-developed business case reflects our commitment to responsible governance and decision-making. It showcases our dedication to prioritizing projects that have the potential to enhance our community's quality of life, infrastructure, and overall well-being.

In moving forward, I urge each one of you to remain actively engaged and well-informed about the diverse projects under consideration. Recent instances, such as the Township Master Plan, Pioneer Park redevelopment, township entry signs, and Streaky Bay Youth Precinct projects, highlight our commitment to extensive consultations. These have included townhall meetings, drop-in sessions, online surveys, and street stall consultation gatherings.

As we continue to advance with this feasibility study, which is the only thing Council has committed to, our approach will remain consistent. We will once again seek your valued input through community consultations. We aim to understand your aspirations for this facility, envision how it could enrich your lives, and determine its priority in our collective vision.

The insights gathered through these interactions will be instrumental. They will guide the Council in meticulously assessing the project's potential, and in deliberating the appropriate course of action, including whether they should and if so, when and how to proceed.

Your participation is not only pivotal but deeply appreciated. It is through this collaborative effort that we can ensure our community remains a vibrant and thriving place for all.

BENEFITS OF OWNING A PET

The Health Boosting Benefits of Pets

Most pet owners are clear about the immediate joys that come with sharing their lives with companion animals. However, many of us remain unaware of the physical and mental health benefits that can also accompany the pleasure of snuggling up to a furry friend.

It's only recently that studies have begun to scientifically explore the benefits of the human-animal bond. And while it's true that people with pets often experience greater health benefits than those without, a pet doesn't necessarily have to be a dog or a cat. Studies have shown that:

- Pet owners are less likely to suffer from depression than those without pets.
- People with pets have lower blood pressure in stressful situations than those without pets.
- Playing with a dog, cat or other pet can elevate levels of serotonin and dopamine, which calm and relax.
- Pet owners have lower triglyceride and cholesterol levels (indicators of heart disease) than those without pets.
- Heart attack patients with pets survive longer than those without.
- Pet owners over age 65 make 30 percent fewer visits to their doctors than those without pets.

The companionship of a pet can also ease loneliness and most dogs are a great stimulus for healthy exercise, which can substantially boost your mood and ease depression.

BUT.....this can all turn pear shaped if your dog attacks another dog or person. Keeping your dog on a leash when off your property protects you, your dog, and the community from any physical, emotional, physiological, or financial harm a dog bite can cause.

There are areas marked by signage where you can take your dog off-leash.

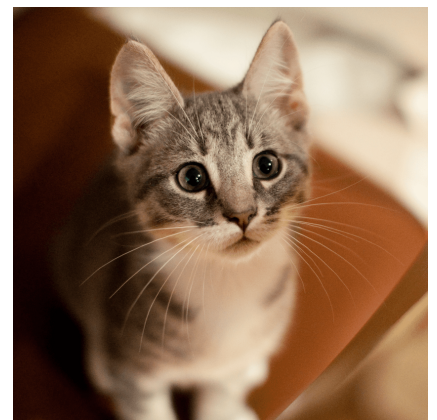

BUT.....your dog must be under “effective control”

to avoid the prospect of a fine, meaning your dog must remain close to you, within your sight at all times and will return to you when you call it.

And, just so you know.....while this is not likely to be your pet, it is likely that at some point you have consumed castoreum a “natural flavouring” used in perfume and as a flavour enhancer in ice cream and fruit flavoured products. It's taken from the scent gland located under a beaver's tail, which led chef Jamie Oliver to call it “beaver anal gland”. Tastes like vanilla (I'm told).

Perhaps more importantly, and just so you know.....you can walk around naked anywhere in Spain because wearing nothing but your birthday suit is considered an “inalienable human right” under Spanish law. Nothing to do with pets. Just saying.

David Francis
General Inspector

JOB VACANCY

Planning and Regulatory Officer Fulltime

The District Council of Streaky Bay is seeking an interested applicant who would like to join our team as a Planning and Regulatory Officer in a fulltime position.

The successful applicant is required to be energetic, motivated and have a high level of work ethic who can show that they can communicate, guide, and implement programs and solutions within the organisation.

The applicant must be able to work within a diverse workforce, contribute and align with Councils strategic vision and pillars. A Job and Person Specification can be obtained from the District Council of Streaky Bay Office or via the Council website www.streakybay.sa.gov.au.

Applications should include:

- Cover Letter
- One (1) page response to Key Responsibility Areas and skills and knowledge section of the Job Description, outlining experience relative to these responsibilities.
- Resume – including two current referees

Closing date is 5:00pm on Friday, 15th September 2023.

Please address applications to the General Manager of Prosperity, PO Box 179, Streaky Bay SA 5680 or email dcstreaky@streakybay.sa.gov.au and clearly mark with Planning and Regulatory Officer.

PAINT CERAMIC WORKSHOP WITH RETRO SQUID

Kayla from Retro Squid has been in workshop heaven this week with her Paint Ceramics Youth Workshop in Streaky Bay. Over 25 children joyfully threw themselves into the opportunity to design and paint their ceramic plate.

We are very happy with the attendance of the activity, the 3 different sessions got booked out in just a few days. It was amazing seeing the kids express themselves through the creative process and going home with a big smile on their face feeling very proud of their own creations. The District Council of Streaky Bay is extremely proud to fund such amazing activities to keep the kids busy during school holidays. We hope to host more activities like this in the future.

"Kayla provided such a fun, productive day for our little people in the school holidays. My daughter was so excited for the workshop and spent the day before drawing and painting in preparation. The event sparked so much happiness for all the children involved, it was beautiful to see. What an awesome asset for Streaky Bay to be able to hold art classes during the school holidays. Thank you"

Abby Stevens

"It was a fabulous chance to create spaces for other people to be creative! I look forward to many more workshops to come!"

Kayla from Retro Squid

Thank you to the Local Alcohol and Drug Foundation for helping fund this event.

And of course, a special thank you to Kayla for hosting such amazing events during school holidays in our small town!

STREAKY BAY GOLF CLUB - EP JUNIOR CHAMPIONSHIPS

On July 2nd, our club's youngest A grade golfer at the age of 15, Kyle Feltus played at Port Lincoln in cold conditions in the Eyre Peninsula junior championships. Kyle won the event with a round of 80 off the stick.

This week the members of the club want to wish Kyle all the best in the Riverland. Kyle is off to play in the South Australian Junior Country Championships for under 18's, which is held at the Berri golf course. He is also one of two players too to be representing Eyre Peninsula on the Loxton golf course in the Brett Ogle cup this week as well.

Kyle has only been playing golf for a couple of years but with his hard work and consistency in training he has been able to prove what can be achieved and become a young talented golfer known around the state.

Keep up the good work and enjoy these opportunities Kyle.

Picture is of Kyle with the shield in Port Lincoln for the junior championships which he won.

STREAKY BAY GOLF CLUB - MILLERS AUTO SPONSORSHIP DAY

On Sunday 16th July in what should have been and was really good golfing weather, 22 men took to the course in the Miller's Auto Stableford competition. Callan put on an array of great prizes again. But by the scores handed in at the end of play the day was tougher than what was expected by most. A couple made use of the great conditions.

Division one winner with 36 points was Andrew Atkinson with r/up being Travis Baber with 35 points. Div two was won by Joel Alexander with a massive 44 points with r/up being Matt Tape with 38 points. Long drive div one was Brenton Huntley who also took out the nearest to the pin in div one. Division 2 long drive was Matt Tape and no one got the nearest to pin in div two.

Thanks again to Callan for his valuable sponsorship.

Community News

EP LANDSCAPE BOARD UPDATE

The District Council of Streaky Bay in conjunction with the Eyre Peninsula Landscape Board are implementing measures for the management and control of this pest plant.

Background

Gazania sp. are a perennial herb supporting daisy flowers of white, yellow, orange, purple, and red colourings and green glossy topped leaves with blue-green furry undersides. They form mat-like colonies commonly on disturbed grounds such as roadsides. Originally from South Africa this garden escapee thrives in our climate and is drought tolerant. It is widespread in many coastal townships and is particularly destructive in coastal dunes and amongst roadside vegetation where it can exclude all other plants. It is also recently being recognised by landholders as a difficult weed to control once established on farming land.

Gazanias are very tolerant to fire, frost, salinity and drought. Outside their natural range Gazanias can rapidly out-compete native plants, leading to a decline in biodiversity. Gazania is a declared plant under the Landscape South Australia Act 2019 and its sale or transport is prohibited throughout the whole of the state of South Australia.

Management and Control

Physical

For effective control, the entire plant, including its root system, should be dug out. Minimal disturbance techniques should be employed. Plants should be removed and correctly disposed of to ensure flowers do not go to seed or the roots re-establish. In situations where the plant cannot be removed, flower heads should be taken off before setting seed. This will prevent the further spread of seed. A minimal level of control is to mow or brush cut the flowers before they develop and set seed.

Herbicides

The Weed Control Handbook for Declared Plants in South Australia offers advice on suitable herbicides and rates. A copy of the handbook is available at www.pir.sa.gov.au. There is also a Weed Control Phone App available for Android and iPhones.

EP LANDSCAPE BOARD UPDATE - CONTINUED

Landholders should always read the label of any herbicide to ensure it is suitable for its intended purpose and can be used safely. Care should be taken to avoid herbicide contact with native plants and any spraying of herbicide in native vegetation should be left to qualified bushcare operators.

Timing

Control is most effective when the plant is actively growing between June to November. This can be defined as having new lush foliage and flowering. Don't spray when the plant is visibly under stress.

How you can you help?

Landholders and residents are encouraged to remove gazania plants from their properties with the aim of containing the spread in the local area and on the Eyre Peninsula.

More Information

For further information on the management and control of gazania, please contact the Eyre Peninsula Landscape Board Office in Streaky Bay at 15 Bay Road on (08) 8626 1108.

DAFFODIL DAY - THURSDAY 31 AUGUST

Get involved in SA

For all that cancer takes, give all that you can this Daffodil Day on Thursday 31st August 2023, join thousands supporting cancer research.

Whether you want to fundraise or donate, you can your talents to support Australians impacted by cancer, and pave the way to a brighter future for everyone.

An Australian is diagnosed with cancer every 4 minutes.

Together, we can make a difference.

STREAKY BAY INDOOR BOWLS

In July the Streaky Bay indoor bowlers had more than their share of “wonders never cease to amaze” moments. First was on July 5 when the ultimate score of 8 shots on one end was achieved by the pairs team of Wayne and Roger.

Teams will sometimes score 6 shots, even 7 on one end but a maximum 8 is very seldom.

A real “wonder” covered July 19 and 26.

On July 19 all the first of three games played ended in a draw. Then amazingly the same results were scored at the finish of the first games on July 26. Every week teams comprise different players but here the results were the same. Each week after the first game the scoreboard read no win, no loss and a draw to each team.

All bowlers know that often the outcome of a game is very much down to the last bowl and occasionally teams do record a draw but for this to happen in the first game for all teams on two consecutive Wednesdays is truly remarkable.

Now ask, what odds a repeat of this “wonder”?

Birthday celebrations for a club member have been held over to join others in August, so no special cake for the month of July.

Winning teams were:

July 5= Bev W., Cheryl, Owen

July 12= Cheryl, Jim C., Gay

July 19= Roger, Jim C.

July 26= Cheryl, Roger, Raylene

Celebrating Wayne & Nikki's birthday in June

STREAKY BAY MENS SHED

Wow what a great couple of months.

Firstly the members of the Men's shed would like to thank the board of directors from the Streaky Bay Hotel/Motel for allocating us \$1,000 from their recent grant applications. Much appreciated. Thanks to Rob Fiebig for offering to attend the funds presentation and give a bit of a speech.

July/August saw three new members in Sean Carter, Garry Hodge and the Locum doctor in Clemete Le Lievre. Welcome to you all.

STREAKY BAY MENS SHED

Sean has been active already showing us how to sharpen old drill bits. This will save us a lot of money long term. Garry Hodge has donated a vacuum cleaner. Thanks Garry.

Clemente (Clem) is a member of the Geyserland guild of wood workers in New Zealand, National Organisation of wood workers and a ex member of the Carnarvon W.A. Men's shed. Clemente has already tried his hand at wood turning coming on Saturday morning the 5th.

From a work side we have now completed a rocking chair that came up well. (see pic below) Thanks to Jim Petty, John O'Brien, Jim Clarke and Wayne Miller for the work put in on this.

We have made another wooden sink cover (see pic below) for a caravan which I have been told is just what they wanted. We intend making a cutting board from the left over piece of wood. Due to it's size we had to get Jim Lange from Streaky Bay to put it through his larger thicknesser to get it down to size. Thanks Jim.

The fish tank for Elmhaven is now complete and back in place. This work was carried out by Jim Clarke and Wayne Miller.

With the colder weather now Owen Pritchard has been busy bagging up kindling to sell at \$3 per bag.

August saw probably our biggest jobs for some time when we were asked to paint the toilets at the RSL. Thanks to Bruce Hein and Wayne Miller this was completed in a couple of days. Thanks to Sue Thompson for thinking of us to do the job.

Our stocks in the craft shop have now been topped up thanks to John Lelifeld, so if you are looking for something different please visit the craft shop.

We are always looking for new members so if there are any males new to the district that would like to be part of the Men's Shed please contact Wayne on 0448 173 564. If you would like to drop in we are located at the old bowls club on Montgomerie Tce, Streaky Bay.

Thanks must go to Bruce Hein who has been President for the last 5 years as he has decided to move closer to Adelaide to be with family. We wish Bruce and family all the best.

Community News

ELMHAVEN NEWS - STREAKY BAY

On Thursday 27th of July we had an opportunity to have two little toddlers come and visit the Elmhaven residents of Streaky Bay.

We would like to encourage our community to come up and visit our residents with their toddlers or pets.

Intergenerational engagement has been shown to have numerous benefits, including reducing social isolation for the elderly, enhancing social skills for toddlers, and creating a sense of community within the care facility. It also promotes understanding and appreciation between different generations, contributing to a more inclusive and compassionate society.

Toddlers, on the other hand, benefit from exposure to different perspectives and experiences, enhancing their empathy and understanding of older generations. Interacting with seniors can also positively impact their language development, cognitive skills, and socialisation. These pleasant activities, ensures that our residents receive social stimulation that promotes their overall wellbeing and happiness and has a positive impact on their lives.

As we move forward, it is essential to recognise and support the importance of intergenerational engagement in aged care and early childhood settings. By encouraging and investing in such initiatives, we can continue to build a society that values intergenerational connections, promotes empathy and understanding, and enriches the lives of both our elders and our youngest members.

DACO ONLINE

Dogs and Cats Online is now available to the public to add new registrations for dogs and cats or make changes to your existing registration information.

Dogs and Cats Online is the state wide system used by all South Australian councils for dog, cat and breeder registration.

- registration (dog, cat, business, breeder)
- replacement discs
- deceased or lost pets
- animal/owner information on Dogs and Cats Online
- payments and concession cards
- other dog/cat related enquiries

SA AMBULANCE

VOLUNTEERING

SAAS volunteers are provided with the training needed to support their patients. You don't need prior experience in the medical field to join your local team.

Streaky Bay and Port Kenny stations are always needing more volunteers.

Interested? But still not quite sure if its right for you, then we would love to invite you along to training.

Port Kenny train every Monday 5:30-7:30pm

Streaky Bay train every Tuesday 6.30-8.30pm

All welcome. Join us for 2 hours of hands-on learning and learn how to save a life

To find out more, give Dave a call on 0428 713 033

Community News

STREAKY BAY PROBUS

Numbers have been down of late don't know if it is the weather or what.

Having said that there have been some members that have not been in good health recently. Lucy Johnson has been in hospital, as has Dilys Le Cerf.

At our last meeting our guest speaker(s) were Guy and Caroline La China. They spoke on their trip to Amsterdam. Once again a very good presentation. Thanks.

Both Guy And Caroline commented on how clean the city was. They also told us a lot of people live on boats in the canals. Some comments were how do they dispose of waste and we were told they have dump points along these canals.

A group from Probus here are attending the Probus rally which this year is in Quorn. 9 people have put their names down to go. Probus Streaky Bay are always looking for new members so if you are new to the district feel free to come to one of our meetings that are held in the Flinders Room of the Hotel on the third Thursday of each month.

Our meetings normally start at 10.00am.

STREAKY BAY COUNTRY WOMENS ASSOCIATION

15 Members and friends travelled to the Colton Bakery for the May Meeting outing.

A great day was had by all with Mark & Corrine Reynolds, Colton Bakery owners, explaining the bakery's process.

A sampling of sticky buns etc was enjoyed for morning tea on the decking of their home.

Venus Bay store was the next stop for a lovely lunch on their decking.

A very enjoyable day with President Helen Flanagan as the driver and kept everyone amused. Members also assisted with the Community Cuppa For Cancer.

STREAKY BAY COMMUNITY HOTEL

On Tuesday the 25th July the Streaky Bay Community Hotels Ltd Board of Directors held their annual Donations night in the Streaky Bay Hotel new John Mudge Function Room.

The evening consisted of Chairman Peter McEvoy welcoming the representatives of some 16 organisations and community groups which had been successful in gaining funding from the Board.

Peter acknowledged the work and support given to the community by the groups represented, and that funds provided on the night would assist in them continuing their work, also pointing out that these grants are only made possible by the support to the Hotel by the Community.

Recipients were-

Streaky Bay Childrens Centre	-\$1,500
Streaky Bay Mens Shed	-\$1,000

Streaky Bay Museum	-\$5,000
Streaky Bay Snr Citizens	-\$5,000
S/BayMedical	-\$10,000
Streaky Bay Fireworks	-\$7,500
Streaky Bay School F1	-\$6,000
Streaky Bay Arts Up	-\$1,000
Streaky Bay Racing Club	-\$5,000
TOTAL	\$69,000

Representatives on receiving their funding gave an outline of what their organisations offered to the community and plans for use of the funds.

Ranging from sports, mental wellbeing, developing the motorcycle club at the racetrack through to supporting the medical centre with funding, the groups involve participation from people both within and outside the Streaky Bay District, promoting tourism to the area, this is highlighted by events such as Streaky Sounds, Fireworks, Rodeo by the sea and the annual Streaky Bay races.

Board Secretary Rob Stephens explained that since leasing the Hotel the Board has donated approximately \$940,000 with the million-dollar milestone not far away.

The Fireworks for New Years Eve require assistance from volunteers, and anyone interested should contact Peter McEvoy.

Community News

INDIGENOUS ROUND - 1ST JULY

On Saturday 1st July, West Coast Hawks players and supporters travelled to the Koonibba grounds to play against Koonibba in the Indigenous round.

The Hawks B Grade netball team were presented with a beautifully carved boomerang and some bush medicine.

Thank you to Bob Miller for designing and presenting the football guernseys & netball bibs to players of the West Coast Hawks.

A special mention to Cody Colbung for showing the players & supporters his footy boots he designed for Indigenous round and explaining the meaning behind the design.

FAREWELL PIEDNIPPIE

'The final whistle'

The final whistle blew at Piednippie on Saturday 5th August, 2023. The last ever Football & Netball matches to be played at this ground.

The history of Piednippie pre-dates this amalgamation though, with Rovers Football Club forming in early 1900's and the hall being officially opened in 1934.

Over these years, the ground has been a place for coming together as a community and forming lifelong friendships through sport and social events.

Alice Montgomerie attended the first ever game at Piednippie, back in 1934. So it was only fitting that Alice, aged 97 was invited to toss the coin prior to the last ever A Grade football match in front of a huge crowd.

Alice Montgomerie

IT'S WARM IN THE LIBRARY

School holidays are here! Enjoy our welcoming, warm space to use our PCs or connect to our wi-fi, play card games, contribute to our jigsaw puzzle or bring your own activity to use in the comfort of the library.

JOIN A BOOKCLUB

The Wirrulla/Streaky Bay Book Club meet each month, and have done so for more than five years! Each month there is a new read to discuss, but members also share their thoughts on other reads, podcasts and what they've been watching, usually with a cup of tea or glass of wine. New members are invited to join the group, which is welcoming, informal and lots of fun. Please contact library staff for more details.

HOME DELIVERY SERVICE

Our library offers a friendly home delivery service to make sure books and DVDs still get into the hands of those customers who find it difficult to get to the library. Please contact us for details Phone 86261492.

Heywire Storytelling Competition

Empowers young people aged 16 – 22 from all over regional Australia to tell the nation what life is like in their part of the world.

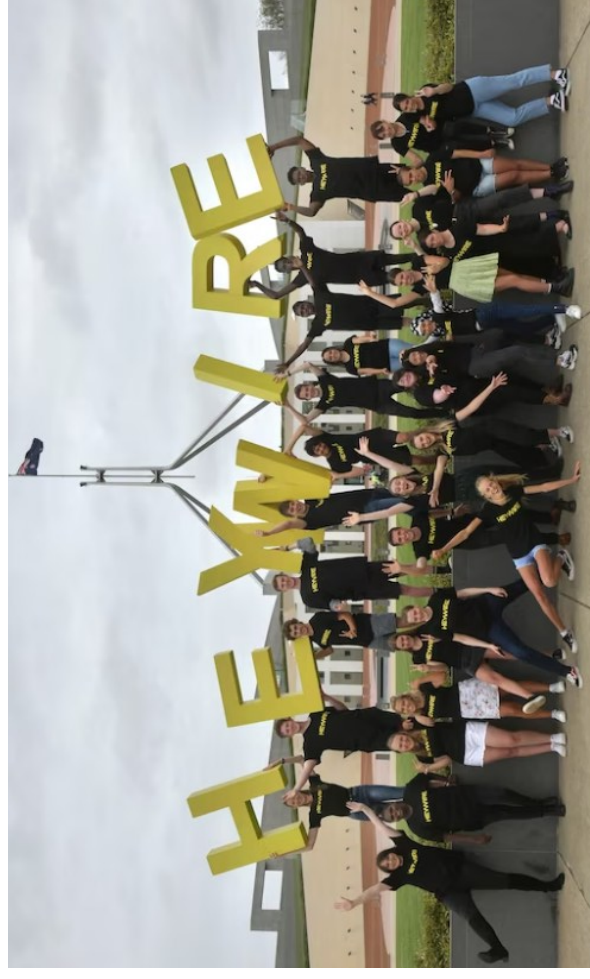

Up to 40 winners from across Australia will get to work with ABC producers and see their stories featured across ABC platforms including ABC TV, RN, local radio, triple J and iview.

Winners will receive an all-expenses paid trip to the Heywire Regional Youth Innovation Summit, where winners come together to discuss how life could be improved for young people in their communities.

BULLS BRONGS & BARRELS

Aboriginal and Torres Strait Islander Voice

In late 2023, Australians will vote in a referendum. Your vote will decide if some words will be added to the Australian Constitution. The words would recognise Aboriginal and Torres Strait Islander peoples as the first peoples of Australia. The words would mean that a body called the 'Aboriginal and Torres Strait Islander Voice' will be set up.

What the Voice would do

The Voice would be set up in line with some principles. These were agreed between a First Nations Referendum Working Group, made up of First Nations leaders from across Australia, and the Government.

The Voice would be separate to the Government. But the group would give important advice to:

- the Government
- Parliament

The Voice would speak on issues that affect the lives of Aboriginal and Torres Strait Islander people.

The Voice members would make sure everyone knows what they are doing and saying.

The Voice would work with groups and organisations that are already in place.

How the Voice would be set up

First Nations people would choose who is in the Voice. They would base this choice on what they want for their communities.

Members would be from a mix of:

- genders
- places
- Aboriginal and Torres Strait Islander cultures.

The Voice would:

- empower Aboriginal and Torres Strait Islander community voices
- be led by Aboriginal and Torres Strait Islander communities
- value all views and voices
- be informed by culture
- include young people.

Voting in the referendum

If you're an Australian citizen and older than 18 years, you:

- must be on the electoral roll
- must vote.

At the referendum, you will be asked to vote either 'yes' or 'no' to adding the words to the Constitution.

The referendum will pass if both of these happen:

- most voters in at least 4 out of 6 states vote yes
- most voters in Australia vote yes.

After the referendum

If the referendum passes, the Government will talk with:

- Aboriginal and Torres Strait Islander communities
- the Parliament
- the public.

These conversations would help to set up the Voice. The Parliament would then make a law to set up the Voice.

Get informed.
Voice.gov.au

Australian Government

Australia is having a conversation about the Voice referendum being held later this year.

It's about whether we should change the Constitution to recognise the First Peoples of Australia by establishing an Aboriginal and Torres Strait Islander Voice.

The Voice would be an independent and permanent advisory body. It would give advice to the Australian Parliament and Government on matters that affect the lives of Aboriginal and Torres Strait Islander peoples.

Get informed.
Voice.gov.au

Australian Government

Courtesy Bus

The Streaky Bay Hotel Courtesy Bus is a service provided by the Hotel for Patrons of the Hotel wishing to enjoy meals and drinks without a concern about drink driving. There is no charge for this service. Our ability to run the service is dependent on the availability of a Staff member to drive.

To request a pick up please phone 8626 1008

- The bus is usually available from 4.30pm daily.
- Bookings must be in by 5pm.
- Caravan Park pick up times are:
 - Islands – 5.30pm
 - Foreshore – 5.45pm
- If the bus is full, we will return for a second run.
- The Bus is NOT available between 6.00pm and 8.30pm due to dinner service.
- The bus can be requested at any time outside these hours and if a Driver is available, we will go earlier.
- Coordinate your return ride with the Duty Manager in the Front Bar
- For our Flying guests, we are happy to pick up from Streaky Bay Airstrip. Prior notice is appreciated.
