COMMUNITY HOTEL BOARD DONATIONS

The Streaky Bay Community Hotels Board of Directors is proud to share a major milestone: $1.066 million donated back to the community since leasing began in 2003.

For over 20 years, the Board has supported local groups, clubs, and projects. This achievement shows how a community-owned business can give back, helping local people and making our region stronger, together.

The Board sincerely thanks all community members and patrons for supporting the Streaky Bay Community Hotel. Your support helps keep the benefits flowing back into our local area.

All Streaky Bay Council District residents over the age of 18 are eligible to apply to be a Member of the Streaky Community Bay Hotel Ltd simply by applying to the Board. Life Membership is a one of payment of $50, your membership assists in our endeavours to support the Streaky Bay and surrounding areas.

Community Donations 2025/2026

In the latest round of funding, the Board has allocated $78,900 in support to 21 local organisations and initiatives across sport, health, education, arts, tourism, and wellbeing.

The recipients were:

West Coast HawksFootball/Netball Fees $3500
S/Bay Childrens Centre $1000
Wirrulla Memorial Hall $1000
S/Bay Instep Dance $1000
S/Bay Arts Up $1000
S/Bay Lions Club $1000
S/Bay Racing Club $5000
Wirrulla Golf & Bowls $5000
S/Bay Tourism $5000
Elmhaven Hostel $10000
W/Coast Hawks Mental Health Day $1500
S/Bay Bowls Club $2000
RFDS $3000
Karcultaby School $2500
Streaky Sounds Music Festival $5000
S/Bay Golf Club $2500
S/Bay Black Sea Dragons $500
Sceale Bay Comm Group $1000
Wirrulla Progress Assoc $1500
Streakers of Poetry Bay $500
Port Kenny & Dist Sports Centre $10000
NYE Fireworks $10400

CONNECTING COMMUNITIES EVENT - POOCHERA

The Connecting Communities Event took place at the Poochera Sports Complex on 11 July, with around 120 people attending for a fun and engaging day.

The event featured three hours of kids' activities, including inflatable games and creative workshops with Grace Chapman, where children made chocolate truffles and nature-inspired creations. Afterward, they enjoyed a BBQ lunch followed by a cozy movie night in the change rooms.

In the evening, Pizza4Shore served a delicious gourmet BBQ, offering prawn skewers, pork sliders, and burgers, followed by a hilarious performance by comedian Kel Balnaves.

SAAS Ambulance Officer Dave Coombe provided health checks and CPR demonstrations, which were very popular with attendees. The CFS offered kids the chance to try on uniforms and use the fire hose, and hosted a community engagement stall. Centacare was also present, offering support and information for families.

A big thank you to the Poochera Sports Complex for running the bar, popcorn stand, and dessert service, and for their support in making the event a success.

And finally, thank you to PIRSA for funding this fantastic community event and to everyone who came along.

COMMUNITY ACHIEVEMENT - BAIRD BAY

We're honoured to share that Baird Bay Experience has been inducted into @ecotourismaustralia Hall of Fame.

This milestone celebrates more than 20 years of continuous ECO Certification - a rigorous standard that recognises deep, ongoing commitment to sustainability, community, and conservation.

For us, sustainability isn't a checklist. It's embedded in everything we do - from respectful marine wildlife encounters, to energy-efficient villas, to supporting local producers and artisans. Every detail matters because this place matters.

Thank you to our guests, partners, and community for helping us do things the right way - for more than two decades and counting.

Baird Bay Experience Team

SACWA

For our July meeting, we met at Sussan's home where we enjoyed a delicious meal with our meeting.

On the 18th July, we had a successful soup fund-raiser. We would like to thank everyone for their support.

Next meeting on 12th August, we will be celebrating our 87th birthday with lunch at Venus Bay.

14th August, Far Western Group meeting at Streaky Bay RSL Hall

INDOOR BOWLS

Wednesday July 23 was a special day at the S.B.I.B.C. The day was chosen to honour Pauline Dale who passed away on Saturday July 5, 2025, aged 97 years.

As the sun shone brightly on July 23 the indoor bowlers played their customary 3 games of 8 ends and paid tribute to Pauline, a longtime member, friend and mentor.

In 1958 Pauline became a foundation member of the Streaky Bay Women's Bowling Club. Through the years she played lawn bowls in many formats, was club treasurer, committee member and was awarded Life Membership in 1992, was Patroness in 2005. Pauline also designed and implemented the original program for the Whiting Carnival.

In her later years she played only indoor bowls where she was often called upon to guide a novice indoor bowler. She attended the club Christmas party on 20/12/23. see photo.

Pauline's passing has brought an end to an era of commitment and association with the sport of bowls, both the outdoor and indoor games.

Winter months always mean time out for bowlers and a lower number playing the weekly Wednesday indoor games. However the games do continue, sometimes attendance bolstered by visitors.

Winning teams were=
July 2 = Roger, Geoff, Jim P.
July 9 = Darryl, Connie, Jim C.
July 16 = Marlene, Connie, Gay
July 23= Gay, Thip, Roger, Jim C.

Community News

MENS SHED

Well, if people were wondering what was behind the brick wall on Montgomerie Tce they will know now. It is the Men's shed.
The council has done a great job with this project.

Thanks to Sharon Gilmore for mounting the them and cutting the glass Jim Clarke's 100th Birthday cards from the King & Queen as well as our Prime Minister have been put into a frame. Thanks to John Lelifeld for making the frame and to Jim himself for staining it. See pic below.

Thanks to John O'Brien we now have rear doors that can be closed without much effort. Both screen door and wooden door have been repaired.

From a work side of things we have a few new projects on the go. A table that was bought into to us for refurbishing has been started with the rubbing back and painting of the metal work. We have been asked by the Bay Community Op Shop if we could build a bigger bookcase for the shop. A mud kitchen for the community garden is also underway. We are still working on the wicking beds for the same project. The bench seat from near the medical clinic is now finished and back in place. The lighthouse we have been working on is nearly complete with the customer coming and giving us the okay on it.

Thanks to Dean Schlink we have been given some good timber to use.

A couple of members repaired two gates for a local. Her comment was that's how they used to open. No more broken hands trying to open gates.

We are still collecting old reading glasses to go to Pt Lincoln for checking and then sending overseas.

PROBUS

Probus welcomed 2 very enthusiastic girls in Gemma and Cham from Landscape to our July meeting. They filled us in on all the services they provide to our area of which many people were not aware. They are very busy in our community monitoring bushland bird nesting and also carrying out pest control of foxes and rabbits.

Furthermore, they monitor mice, goats and deer. They are also carrying out Revegetation at the Sheoaks and at Pildappa. Gemma told us about their involvement in the pest control on Flinders island showing us videos and pics. This was so interesting for us all. Many questions were asked and brochures given out to whoever wanted them. Pres Shirley presented both girls with a Probus pen.

Our next meeting will be on August 21st in the Streaky Bay Hotel starting at 10.00.

Community News

STREAKY BAY NATIONAL TRUST MUSEUM

Visitors have declined somewhat recently, possibly due to tourists moving north to warmer weather.

Maintenance team have continued to make improvements. New 'opening times' signs for the front fence are almost complete. Tidying/rearranging progressing following the painting.

Maps are on display of farms in the council area. Photos have now been hung on the walls.

Streaky Bay School research from 1913 done by Mrs Rae Brewster makes for interesting reading. Weekly examinations were held and printed in the Sentinel. (some of us younger generation probably called it a weekly test!) Records show many of our parents, grandparents or close relatives were often named as top of the class. One student, Master Murray Cotton was regularly amongst the top. He received a scholarship for higher education. (Streaky Bay at that time did not have higher education) Mr Cotton completed his medical degree and came home as the local Doctor for many years. Two students receiving order of merit were Mr R. L. Bebbington, local photographer and Ian Beck. Ian also received recognition for his speed as an athlete. Two of his granddaughters may be following in his footsteps!

Researching resulted in a sad note, the Head Teacher at Streaky Bay Mr Silas Mirtz Fiodoer Schulz passed away. He was replaced in 1909 by Mr Oborn who was Head Teacher for 10 years. During his time, he and his wife lost a baby in 1916 aged 3 months.

We still receive enquires regarding family history. William Anderson (1925) and his daughter (1911) from Petina both buried in Streaky Bay. No record of William. Hollamby, Cungena. McAvaney. Denise Little is a much appreciated source of information.

Next meeting 4th August, 10 am. All welcome.

COASTAL PROTECTION BOARD GRANT

1,000 Native Plants Given to Local Gardeners

1,000 native plants grown by Trees For Life were handed out to gardeners in the Chain of Bays area.

People living in Streaky Bay, Corvisart Bay, Sceale Bay, Searcy Bay, and Baird Bay received more than a dozen types of native trees, shrubs, and ground covers. These included drooping sheoaks, swamp paperbarks, Eyre Peninsula bluegums, coastal tea trees, seaberry saltbushes, wallowa wattles, and cockie's tongues.

Volunteers brought the plants from Adelaide in a special trailer. A local landowner from Fisherman's Paradise kindly donated stakes and tree guards. A pick-up point was set up in Sceale Bay to help with distribution.

"Because of the rain, many people planted their trees straight away," said Dave Kirner from Friends of Sceale Bay.

The Friends of Sceale Bay project was funded by the Coastal Protection Board, with help from the District Council of Streaky Bay.

INSTEP WORKSHOPS

Instep Dance Brings Energy and Opportunity to Local Youth

Over the recent school holidays, Instep Dance Group Inc. hosted a series of exciting workshops in Streaky Bay, offering children around the district and Instep instructors the chance to explore new skills in cheer, circus, hip hop, strength, and conditioning.

Led by guest instructor Madeline Little and supported by senior dance students Sienah and Jayde, the cheer workshops saw an enthusiastic turnout from participants aged 4 and up. Children were encouraged to step outside their comfort zones, building confidence and coordination while having fun. Instructors also received valuable training on how to structure effective dance classes and the importance of strength within dance.

The learning continued with a professional development session led by local physiotherapist Shelly Fricker from Move Physio and Pilates. Shelly guided Instep's volunteer instructors through the foundations of safe warm-ups and cool downs, and even included a Pilates session to help them feel that classic Pilates burn! Her guidance and generous handout of stretches and strength-building activities will benefit instructors and students alike moving forward.

Instep Dance Group is extremely grateful to both the Streaky Bay Community Op Shop and Streaky Bay Hotels Ltd, whose generous grant funding made these holiday workshops possible. Thanks to their support, the local community had the opportunity to access engaging, skill-building programs right here at home.

With more workshops planned for the next school holidays, Instep looks forward to continuing to build confidence, creativity, and strength in young people across our region.

Kara Squire
President - Streaky Bay Instep Dance Group Inc.

Media Release

Government of South Australia

Emily Bourke MLC

Minister for Emergency Services

Thursday, 24 July 2025

New boat to support Eyre Peninsula marine rescue

A new rescue vessel is now in operation in Streaky Bay and surrounding waters, helping SES volunteers respond to marine incidents across the Eyre Peninsula and keep the community safe.

The new boat–delivered to the Streaky Bay SES Unit this week – is the first dedicated marine rescue capability for Streaky Bay and is configured for the primary response area, extending to Cape Lavoisier in the north and Elliston in the south.

The $130,000 in funding provides a new vessel and specially designed trailer, enabling quick launches at boat ramps or beaches.

The 5.5-metre rigid hull inflatable boat is fitted with the latest in navigation electronics, communications and safety features, including 24-hour vessel position monitoring to support crews on board.

Volunteers will respond to a wide variety of incidents and emergencies, from assisting mariners who have broken down to more serious incidents requiring extended surface searches.

The vessel–capable of operating in open seas as well as local surf and reef conditions–will also assist with reported shark sightings and incidents in the area.

It follows the recent roll out of trauma kits to Streaky Bay and Elliston and information and warning signage at Granites as part of the State Government's $500,000 shark mitigation package.

While many Streaky Bay SES volunteers have significant marine qualifications and experience, some of the Unit's 20members completed training in the lead-up to the vessel's delivery to ensure the Unit is ready to respond as soon as the boat arrived.

The new additionisthe19th vessel in the SES fleet, along with Volunteer Marine Rescue vessels for emergency response in coastal and inland waters across SA.

Quotes attributable to Emily Bourke

This is a first for Streaky Bay and supports local volunteers who are dedicated to keeping their community and visitors safe.

The new fit-for-purpose vessel has modern equipment and will enable the SES to rapidly respond when called upon.

It builds on measures we are taking to improve safety along our coastline following the devasting and continual impact of tragedies in the region's waters.

Quotes attributable to SES Marine Operations Manager, Darryl Wright

This delivery will not only improve marine rescue and response capability in Streaky Bay but also support operations along the west coast of Eyre Peninsula and in other areas due to the vessel's versatile design and launching capacity.

The SES has been working toward strengthening response capability in coastal areas including Streaky Bay for some time, with this initiative coming to the fore following a number of recent tragedies in the area.

Quotes attributable to SES Streaky Bay Unit Manager, Trevlyn Smith

The arrival of the new boat is a proud day for the Streaky Bay SES Unit and marks the culmination of a lot of hard work and ongoing consultation with State headquarters to make it happen. It is a fitting reward for the volunteers that have been training in marine skillsets in preparation.

The size and configuration of the boat will allow it to provide a rapid response to marine incidents and emergencies in a wide variety of conditions experienced in our area, providing a real boost to community safety.

It may also provide a focus point for potential new volunteers, and I'd welcome enquiries from anyone that would like to find out more information.

EYRE PENINSULA LANDSCAPE NEWS

THE SHEOAK PROJECT

The Eyre Peninsula Landscape's team in the West have been busy implementing the first year of the "Restoring Drooping Sheoak Grassy Woodland on Calcrete, Eyre Peninsula" (or the Sheoak Project for short).

The project aims to:

- Enhance remnant patches that remain of the Drooping Sheoak Grassy Woodland which are currently in good health by controlling herbivores and revegetation.
- Increase distribution of this critically endangered habitat from the remaining 2-3% of its known historical range.
- Managing key threats by working with landholders to control pest plants and animals, and strategically fencing important areas.
- Engaging landholders, community, and schools to raise public awareness of the project aims, which are to improve the condition and distribution of the threatened ecological community. In 2024/25 staff and contractors worked with private landholders as well as the Department for Environment and Water to revegetate 162ha of Drooping Sheoak Grassy Woodland habitat from Streaky Bay to Lake Hamilton. To ensure the success of the re-vegetation efforts, the team have been working with contractors and landholders to deliver integrated herbivore control methods and monitoring.

We've been working with schools and communities across EP to plant more than 500 tube stock at various restoration sites in Streaky Bay and Lake Newland Conservation Park. Many thanks to all the volunteers, teachers and students who have helped with the planting days.

Moving into the second year, the Sheoak project will continue re-vegetation and herbivore threat management at new sites. Keep your eyes peeled for other community events including Bushland Bird Identification workshops and annual 2-hectare Bushland Bird Surveys. This five-year project is funded by the Australian Government Natural Heritage Trust and delivered by the Eyre Peninsula Landscape Board, a member of the Commonwealth Regional Delivery Partners Panel.

WEED WATCH

Now is the best time to control the spread of juvenile plants such as Gazania and African Boxthorn. This will prevent flowering and seed set in mature plants. Gazania and Boxthorn spread quickly, outcompeting native vegetation that is critical for native flora and fauna. Both weed species are declared under the Landscape South Australia Act 2019 for the whole of South Australia. Please get in contact if you require advice or assistance in control.

Flinders Island Safe Haven Project

FlindersIsland, 32km off the coast of Elliston, is being transformed into a safe haven for nationally threatened species. Across Australia there is a network of more than 100 havens, consisting of predator-free islands and over 35 fenced areas that contain mammals susceptible to predators.

Cats, rats and mice are pests that will be eradicated, along with removal of wild cattle and de-stocking of sheep from the island. The island will be nationally recognised as part of Australia's safe haven network and threatened plant and animal species can be re-introduced once the island is deemed to be "pest free".

Rodent baiting operations were completed in May 2025. This was one of Australia's largest rodent eradication programs and a huge step towards critical conservation outcomes for the Eyre Peninsula. It will take a minimum 2 years of monitoring and success checks before we can declare a successful eradication.

The cat eradication program is well underway with specialist hunters and trappers stationed on the island.

The beach, coastal Crown Land and Island remain closed to the public until cat operations are complete, which is expected to be the end of December 2025. This is to ensure public safety while hunting operations are in place.

Top photo: Rodentbaiting operations in action. This was a highly complex operation requiringthe use of heavy machinery, helicopters and ground crew to ensure the whole island could be treated using best practice methods.

Bottom photo: Rodent baiting team 2nd application. Left to right: Gemma Bawden, Bryan Patterson, Liz McTaggart, Jason Higham, Matt Brown, Grant Harper, Sarah Butcher, Peter Arthur, Rochelle Wheaton, Tobin Woolford, Carissa Woolford, Peter Corson, David Thompson, Jonas Woolford, Reef Bunguard, Dylan Jarvis, Jody Gates.

This project is jointly funded and managed by the Australian Government, the South Australian Department for Environment and Water and the Eyre Peninsula Landscape Board in partnership with the Woolford family.

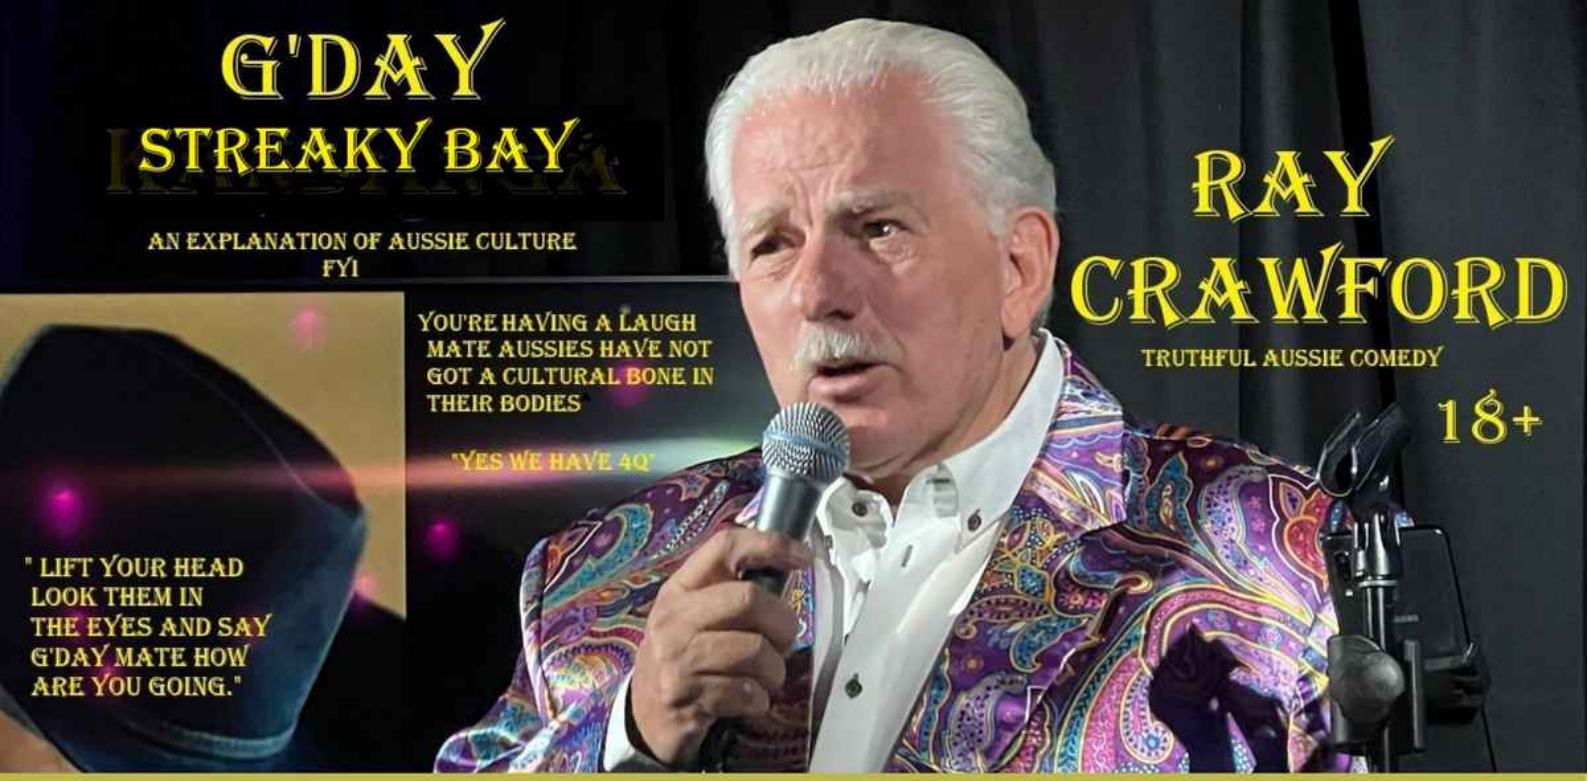

NAIDOC 2025

Staffin the West were proud to be involved in this years NAIDOC celebrations in Streaky Bay and Ceduna. The huge success of these events is owed to the tireless and passionate efforts of Volunteers, Local businesses, and Organisations, and those who support and attend these fantastic events. The Board is committed to supporting the involvement of Aboriginal people and organisations in the management of the region's landscapes and in recognising Aboriginal culture and knowledge of natural resources in the landscape.

PUBLIC NOTICE

Section 79 - The Granites

From 25 July 2025, PIRSA has implemented a Section 79 Notice **prohibiting the use of all Rock Lobster pots at The Granites** (recreational and commercial) for an initial period of 12 months.

NO OTHER FISHING PRACTICES WILL BE AFFECTED UNDER THE NOTICE.

DISTRICT COUNCIL OF Streaky Bay

THE WEST COAST JUSTICE GROUP NEED YOUR HELP.

The West Coast Justices Group is urgently seeking more volunteer Justices of the Peace (JPs) to serve our local communities across the West Coast — including Streaky Bay, Wudinna, Ceduna, and surrounding areas.

Due to the vast size of our region and a decline in available JPs, many residents are experiencing long delays and travel times just to access essential witnessing and certification services. Our small but dedicated team of JPs is stretched thin — and **we need your help.**

HELP SERVE THE COMMUNITY BY:

- Witnessing documents
- Verifying identity documents
- Taking Affidavits and Statutory Declarations
- and much more!

For more information, please contact:

Chairman John Rumbelow JP:

DISTRICT COUNCIL OF Streaky Bay

Council News

FROM THE CEO'S DESK

After the Drought, the Deluge: Tackling Stormwater for the Long Term

The line from a Badly Drawn Boy song "the drought has been crippled by the rain" captures perfectly the mixed emotions many of us have felt in recent weeks. After a prolonged dry spell, the recent rainfall has brought relief and renewed life to our landscapes—but also exposed the long-standing stormwater issues in our communities, particularly within the township of Streaky Bay.

While this rain has been welcomed, it has overwhelmed drainage systems in some areas and served as a timely reminder of infrastructure vulnerabilities. As residents' rainwater tanks fill, the overflow often contributes to increased stormwater runoff—intensifying the burden on streets, culverts, and public spaces not built to handle such sudden volumes.

These issues are not new. Council has been steadily working toward solutions, including the completion of a detailed review of our Stormwater Management Plan last year. What may not be as widely known is that Council is now actively working with specialist Stormwater Engineers to design infrastructure solutions that will help mitigate flood risks and better manage water flow in future storm events.

It's important to understand that this is a long-term undertaking. If Council were given $20 million tomorrow, we could easily spend it all addressing stormwater challenges alone—such is the scale of need across our district. That's why we are approaching this carefully and strategically: developing solid project designs, staging works overtime, and seeking co-investment through State and Federal Government grants to make the most of every dollar.

Our immediate priority is the eastern part of Streaky Bay, especially around Jubilee Road. This area has seen recurring issues and is being prioritised as part of the engineering and design work now underway.

That said, Council recognises that stormwater concerns are not unique to Streaky Bay. Other townships across the district have their own challenges, and these are firmly on our radar. As we progress with staged solutions, we will ensure that stormwater planning and investment considers the needs of our broader district communities as part of a district-wide approach.

We understand that many residents wanted to see action sooner—and that not everyone will be satisfied with the pace of progress. But I want to offer this reassurance: Council is taking this seriously, and we are actively working toward practical, lasting solutions to a complex and long-standing issue.

Thank you for your continued support as we navigate this vital work. The results won't be immediate, but they will be meaningful and long-lasting.

FROM THE CEO'S DESK CONTINUED...

Why Council Sometimes Removes Trees

In November 2024, a tragic incident at a Victorian caravan park led to a $475,000 fine after a large tree branch fell and killed a camper. The case, prosecuted by WorkSafe Victoria, found that the park owner had failed to act on expert arborist advice recommending the removal of hazardous limbs. This devastating event is a solemn reminder of the critical importance of proactive tree management.

At the District Council of Streaky Bay, we deeply value the natural beauty of our environment. Many of our public trees are beloved icons—some decades old and full of character. However, the safety of our community must always come first.

You may have noticed Council contractors removing branches, or even entire trees, in our parks, along roads, or in reserves. These decisions are not made lightly or without cause. They are part of Council's structured tree management program, guided by qualified arborists. These professionals inspect trees regularly and provide recommendations based on risk assessments, health of the tree, structural integrity, and proximity to areas frequented by the public.

When we remove a tree—or even just a large limb—it is never an ad hoc or aesthetic decision. It is a preventative safety measure, and a legal and ethical responsibility. The case mentioned above underscores the consequences of ignoring such advice.

We understand that seeing a mature tree come down can be emotional. Trees are part of our streetscapes and shared memories. But what you don't see is the internal decay, structural weakness, or overhanging limbs that could pose real danger during high winds, storms, or even on an ordinary day.

Council also strives to balance this safety need with replanting efforts. Where appropriate, we will replant native or suitable tree species to ensure we maintain shade, habitat, and aesthetic value across our townships.

In short, our approach is guided by safety, expert advice, and long-term sustainability—not by convenience. We want our parks and streets to remain places where people feel safe to gather, walk, and enjoy the environment.

Thank you for your understanding and support as we continue to manage this responsibility with care and diligence.

Kind Regards,

Damian Carter
Chief Executive Officer

Streaky Bay Art Workshops

On July 8, thirty kids in Streaky Bay took part in art workshops hosted by Kayla from Retro Squid at the Streaky Bay Supper Room. The workshop featured three creative stations: tie-dying t-shirts, crafting resin key rings, and painting and decorating plates. The children had a fantastic time and were able to take home their personal creations as a souvenir.

Wirrulla Art Workshops & Pop-Up Gaming Zone

On July 9, thirty more kids participated in similar workshops at the Wirrulla Hall, also led by Kayla from Retro Squid. As part of the school holiday activities, they enjoyed the same three creative art stations. Between the sessions, a pop-up gaming zone with a Nintendo Switch and a variety of board games kept the kids entertained. A big thank you to everyone who attended and to the Alcohol and Drug Foundation for generously funding these workshops, making them possible for the community.

Gnocchi Making Workshops

On Thursday 26 June and Friday 27 June, two After-School Gnocchi Making Workshops were held at the Streaky Bay Visitor Centre from 3:30pm to 5:00pm. Across the two days, 24 children took part in the hands-on sessions facilitated by Grace Chapman.

During the workshops, the children learned how to make gnocchi from scratch, following a step-by-step process guided by Grace. They each wrote down the recipe to take home and gained practical cooking skills in a fun and supportive environment.

To finish, each child went home with a portion of their freshly made gnocchi and a container of homemade tomato sauce, lovingly prepared by Grace, to share with their families for dinner, a wholesome and rewarding way to connect learning with home life.

Pop-Up Gaming Zone at the Visitor Centre

The Visitor Centre was transformed into a vibrant gaming space, featuring an Xbox 360, PS5, and Nintendo Switch, all projected onto a large screen and complemented by bean bags and colorful LED lighting, creating a welcoming atmosphere.

The Gaming Zone was open on July 4 from 2pm to 5pm, offering students a safe and enjoyable place to relax after school. Another session took place on July 15 during the school holidays, providing a mix of video games and board games, including Eyre Monopoly, Connect 4, Guess Who, and LEGO.

Stay tuned for updates on upcoming pop-up gaming afternoons!

THRIVE COMMUNITY GARDEN

Expression of Interest

We are looking for individuals to join our gardening volunteer group as we look to create a beautiful new Community Garden space. Whether you are an experienced gardener or simply have a love for nature and community projects, we welcome your skills and creativity. Together, we will plant and nurture a vibrant garden space that everyone can enjoy.

FLAVOURS OF STREAKY BAY!

Each month, The Criterion will be featuring recipes from one of our locals. We hope to eventually build a recipe book that showcases the best of Streaky Bay! The recipe can be anything you love to eat, from a sauce to a sweet! Please email all your recipes to info@streakybay.sa.gov.au

Suzie's Fakeaway Big Mac Wraps

Makes 4 wraps

Ingredients

For the sauce:

½ cup mayonnaise
2 tbsp dill pickles, finely chopped
1 tbsp yellow mustard
1 tsp white vinegar
1 tsp paprika
¼ tsp garlic powder
¼ tsp onion powder

For the wraps:

4 large tortillas
500g minced beef
½ white onion, finely chopped
Salt and pepper, to taste
1 cup shredded lettuce
1 cup shredded cheese
Dill pickle slices (optional)

Method

1. In a small bowl, mix together all of the sauce ingredients until smooth. Chill in the fridge for at least 20 minutes or until ready to use.
2. Cook the mince in a frying pan over medium-high heat until browned. Add the chopped onion and cook for a few more minutes until soft. Season with salt and pepper.
3. Lay out the tortillas and spread with a generous spoonful of the sauce. Top with cooked beef, cheese, lettuce, and pickles if using.
4. Roll up each tortilla tightly, slice in half if you like, and serve straight away.

Amelias Chocolate Peanut Butter Protein Balls

Makes approx. 20 balls

Ingredients:

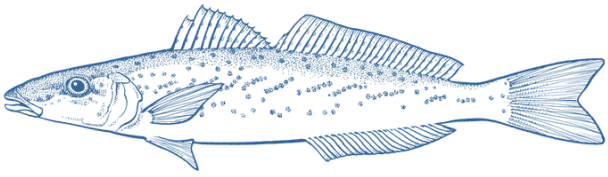

- 1 cup rolled oats
- ¼ cup chocolate chips (optional)
- ⅓ cup chocolate protein powder (vanilla works too)
- ½ cup natural peanut butter
- 3 tbsp honey
- 3 tbsp water (plus more if needed)

Method:

1. In a bowl, mix all ingredients together until well combined.
2. If the mixture is too dry, add a little more water—1 teaspoon at a time—until it holds together.
3. Roll into balls and place on a lined tray.
4. Chill in the fridge for 20 minutes to set.

Storage:

Store in an airtight container in the fridge for up to a week, or freeze for longer shelf life.
