STREAKY BAY NYE FIREWORKS

The Streaky Bay Hotels Ltd Board of Directors would like to thank all the businesses, families and individuals that donated towards the fireworks to make this annual event a success.

A special thanks to the Streaky Bay Council for their assistance with the jetty and road closures and the Streaky Bay Visitor Centre and Streaky Bay Hotel for updating the facebook sites to acknowledge the sponsors.

Wishing all a very happy, healthy and successful 2026 and with your continued support to the fireworks look forward to doing this again next New Years Eve.

Thank you, Streaky Bay Community Hotels Board of Directors

FAMILY FISH DAY 2026

Record attendance at Family Fish Day

Family Fish Day celebrated its 23rd year on Saturday 3rd January 2026 thanks to the Streaky Bay Tourism and Business Association, Killas and community minded local sponsors.

A record crowd was in attendance with 125 anglers aged 3 to 17 years registering. The keen anglers came from near and as far from Emerald, Caloundra and Forest Lake Queensland, Wembley and Margaret River Western Australia, Kilsyth, Beaconsfield and Narre Warren Victoria, Modbury Heights, Nuriootpa and Strathalbyn in South Australia. They arrived early to pick the best spot on the iconic Streaky Bay Jetty.

The weather was kind, a beautiful 23°C with a slight southerly breeze. The event co-ordinators were delighted with the turn out and sincerely thank members of the local community that stepped up to help with the insurance for the event. Earlier this year the Association's insurance company stated that they would no longer insure fishing competitions. That meant going to market for quotes and the Association was alarmed at the costs for an event that runs for 4 hours. Fortunately, Matt Patterson of Community Broker Network insurance came onboard and generously assisted to sponsor the event, along with Baird Bay Experience and Streaky Bay Motel & Villas. To have local businesspeople get onboard to ensure the longevity of the event is just fabulous and the organisers are extremely grateful for the support.

The Streaky Bay Hotel Nominees have been a long-time sponsor of the event, and Penny Hogan organised a great raffle valued over $200 with something for everyone in the family. The lucky winner was Alex from Streaky Bay.

Locals Graham Redding and Gary Finch each donated a rod and reel for the Biggest Catch of the Day won by a Poochera resident for landing a 900g Flathead and the Runner Up catching a Rock Cod weighing 430g by a Streaky Bay resident. Donald and Janet Williams, Streaky Bay residents, yet again, generously provided the Unluckiest Angler with a quality rod & reel too, being awarded to an angler that did not catch a thing all morning yet demonstrated great enthusiasm.

Shimano added to the day by kindly provided caps. Killas gave away 6 tackle boxes and fishing rods to some very lucky participants and organised the weighing station, equipment, bait, water and sausage sizzle.

Members of Fisheries SA attended and encouraged us all to care for our ocean and be responsible around the water and with sustainable fishing practises.

Simon Turner from Port Lincoln appreciated the effort that goes into hosting such an event and kindly made a $50 donation towards the day.

The organisers had hoped that the Department of Infrastructure and Transport would have permitted the food and beverage vendors to be located at the jetty platform, however they required a fee of $200 for the privilege to do so, which was cost prohibitive for the vendors. This is disappointing as the State and Federal Government are spending $102.5 million on the Algal Bloom Summer Plan with local Council waiving the boat ramp fees to entice people back to the ocean. The Streaky Bay Tourism & Business Association willingly donate time and effort into hosting such an event, as it has for more than 2 decades, and appreciate the local vendors willingness to get behind the event. The Association's observation is that State government agencies are not looking at the bigger picture, and seem to ignore the South Australia Tourism Plan 2023 which is centred on the visitor economy and aiming for sustainable region experiences. Despite this, it turned out to be a great day for the participants and those in attendance.

The winners

Biggest catch: Flathead, weight 900g, prizes $200, trophy, rod & reel.
Angler 38 – 14 year old Zayden Gill of Poochera.
Runner up: Rock Cod, weight 430g, prizes $150, trophy, rod & reel.
Angler 2 – 5 year old Ivan Dickson of Streaky Bay.
Unluckiest Angler: Did not catch a thing all morning yet demonstrated great enthusiasm. Prize trophy, rod & reel.
Angler 119 – 5 year old Charlotte Leathan of Streaky Bay.
Catching 3 different species $5 each
Angler 3 – 8 year old Calvin Dickson of Streaky Bay
Angler 17 – 6 year old Blair Schulz of Nuriootpa
Angler 27 – 7 year old Pheonix Smith of Clarendon
Angler 31 – 9 year old Levi Hebberman of Poochera
Angler 42 – 13 year old Harriet Sharon of Darlington
Angler 64 – 15 year old Chase McLean of the Yarra Valey
Angler 95 – 15 year old Tarryn Gill of Poochera.
Special Acknowledgment Trophies
Hooked on fishing – 4 year old Tay Tonkin of Fairview Park
Something feels fishy – 4 year old Nellie Gosling of Poochera
Jetty champion – 9 year old Issac Lynch of Poochera
Keep calm & fish on – 8 year old Soli Winder of Streaky Bay
Super angler award – 6 year old Beau Moroney of Streaky Bay
A reel expert can tackle anything – 6 year old Morrison Biffen of Kalamunda Western Australia
Fish tremble at the sound of my name – 6 year old Adalin W of Redcliffs Victoria.

The Association thanks the participants, volunteers and sponsors for another successful Family Fish Day. If you would like to participate next year keep Saturday 2nd January 2027 free!

SSTREAKY BAY NEW YEAR'S EVE FAMILY FESTIVAL

The Streaky Bay community and visitors came together on 31 December to celebrate the New Year at the Streaky Bay New Year's Eve Family Festival on the foreshore.

The event featured food vans, kids' activities and the New Year's Eve fireworks display, with families, friends and visitors enjoying a relaxed and welcoming atmosphere as 2025 came to an end. The fireworks display was the highlight of the night, drawing crowds to the foreshore to celebrate together.

The District Council of Streaky Bay thanks everyone who attended, along with the vendors, volunteers, contractors and council staff who worked behind the scenes to make the event possible.

Council looks forward to hosting more community events in 2026 and wishes everyone a safe and happy New Year.

Community News

INDOOR BOWLS

The S.B.I.B.C. Christmas lunch was on December 17 in the Streaky Bay Hotel. For the occasion 29, members and guests, were seated at 3 festive decorated tables. There was lots of happy chatter and laughter aplenty. Everyone received a welcome. A present too, via a lucky number draw. Hotel staff delivered a splendid 2 course meal, after which everyone must surely have expressed the proverbial “elegant sufficiency “.
In December the weekly indoor bowling competitions were limited to the first 2 Wednesdays only. December 3 brought 19 players, December 10 there were 20 including 1 visitor. At the conclusion of play on 10/12 the scoreboard showed that every team had won one of the three games played. Only one team had won all three. Others were ; 1 team 2 wins+ 1 loss, 4 teams 1 win+ 2 losses.
December 10 was also early birthday celebrations for 3 members. Shirley 25/12, Jim C. (101) 27/12, Thip 28/12. Birthday cakes and photos were the order of the day.
Winning teams were:
Dec. 3= Sandy, Lyn, Roz
Dec.10= Joylene, Jim P., Gay
Dec.17, 24, 31. No bowls played
Indoor bowling play resumes January 7, 2026 and every Wednesday thereafter. Names in by 1pm, visitors welcome.

ST AUGUSTINE’S NEWS

A big thank you to all who helped in any way with the Nativity Trail.

28 shops and businesses displayed the lovely sheep, and we had some really interesting names. More about the names next issue. The little sheep will be collected from mid-January. Thank you to the Visitors Centre for their help with the Nativity Trail. We had many great comments from adults. It seems they enjoyed a little bit of fun too.

St Augustine’s are having a Back to Streaky Wedding Festival in February. We hope to collect as many old wedding photos taken at St Augustine’s to show. We ask anyone who was married in St Augustine’s, or who were part of a bridal party in the Church and who have photos of the day (the older the better) to let us either copy the photos or let us display the originals for our Back to Streaky Wedding Festival in February.

If you have some photos, please contact Meryl on 0428 624 991 or Christine on 0407033257

We plan to run the Back to Streaky Wedding Festival on Valentine’s Day Weekend with photos of weddings held here as far back as we can recall. Wedding blessings and Renewal of Wedding Vows available by contacting Reverend Bob on 0448 995575 or
Reverend Christine on 0407033257

Everyone is invited to see our wedding history. This will be on 14th, and 15th February 2026. Afternoon tea will be available.

Our $5 Bag Sales continue on Mondays and Saturdays 9-12 pm. Our stock is reducing and new stock is being brought out as space permits. Lots of bargains for everyone! We need to clean out The Shed!

First Monday Bag Sale for 2026 will be January 19th followed by Saturday 24th January.

THE BAY COMMUNITY OP SHOP

THE BAY Community OP SHOP

DONATING?

Due to the overwhelming amount
of donations being left at the front door
it has been decided to restrict donating to
shop open times only.
Weekdays - 10 to 2; Weekends - 10 to 12

Please **DON’T LEAVE DONATIONS AT THE FRONT DOOR**

Your cooperation would be greatly appreciated.

Community News

MEN'S SHED

The Streaky Bay Men's Shed is honoured to have the second eldest member of Men's Sheds in Australia.
Jim Clarke turned 101 years of age on the 27th of December. Well done, Jim.
The picture shows Jim holding the Men's Shed Australia tee shirt given to him for his 100th.

The only older member is a gentleman from a NSW shed who is 102 years old. I have been told he did not join the shed until he was 99 years old.

Picture shows Jim Clarke with his tee shirt presented to him for his 100th Birthday.

Projects completed and collected are the 5 wine barrels which were renovated and lacquered and the customer was more than happy with.

Thanks to John Lelifeld and Mick Taylor who worked outside normal hours to get the last 10 rat hotels for the Department of Environment and Water completed ready to be taken to Flinders Island for the eradication project.

The picket fence was also completed to go around the Xmas tree on the lawns out front of hotel. This has drawn many favourable comments.

The Men's Shed would like to thank the relations of the late Mick Tomney who asked us if we would help clean the house and shed ready for sale. We were given a lot of items to use or sell for helping.

We have been given another bench seat to refurbish for a customer.

Thanks to Paul Tillett we have been given some good Baltic Pine floor boards to use on different projects.

Thanks to Rob Fiebig who provided a great Christmas lunch along with all the trimmings for the members and guests. Well done Rob.

MEN'S SHED CONTINUED...

A great year at the Men's Shed ended with a very successful BBQ on New Years Eve. In trying conditions wind wise we were able to make it all happen.

Thanks to members who helped prepare, setup, work on the night and cleanup after the event.
Special thanks must go to Jarrah who is a chef, for helping cut up the meat and then assisting Rob Fiebig with making Yiros. A great asset on the day/night.

Finally, the Men's Shed would like to thank the community for their support in allowing us to make/repair items. This has been a valuable source of income for the shed and has provided meaningful time at the shed for members.
Thanks to the Eyre Peninsula Community Foundation and Perlubie Sports day for grants/financial assistance throughout the year.

Picture show Tobin Woolford loading the completed rat hotels for Flinders Island.

THE FRIENDS SALE DAY

As a follow up to **The Friends Sale Day** held last December, on Saturday 13th:

Thank you to all who helped and/or contributed in raising **$1000 for the Royal Flying Doctor Service and $250 for Angel Flight**. A TERRIFIC total!

Official receipts for the donations have been received from RFDS and Angel Flight. Plus messages of sincere appreciation from the two organisations.

Significant money was also given via RFDS money tins. The contents of those tins will be counted at a later date by RFDS personnel in Port Lincoln.

On behalf of The Friends Sale Day team,
Thank you all,
Carolyn Smith and Dianne Strack

Community News

PROBUS

December was a happy and busy month for Probus, filled with enjoyable activities.

Our Christmas party was a great success, with many members dressing for the occasion. JoylenToes were tapping along to the music provided by Paul Bellerby, who played many familiar songs and Christmas carols for us. Wonderful entertainment, Paul! A total of 34 members and visitors attended on the day, making it a very enjoyable gathering.

Our next meeting is on Feb 19th. Streaky bay Hotel Mudge Room at 10.00. All Welcome

PROBUS CONTINUED...

STREAKY BAY NATIONAL TRUST MUSEUM

December was a relatively quiet month re visitors.
Sandra opened the museum on a number of days during the holiday period.
5th December we held our annual Christmas Party. A very enjoyable time. We hosted a number of guests from community organisations who support us with donations.
Neil Morgan will continue to liaise with Ceduna Museum with regards to celebrating 400 year anniversary of “Nuyts” landing.
Shepherds Hut, on Hospital grounds, the first building in Streaky Bay, belongs to SA Health and if not maintained will fall into disrepair. Sandra has been in contact with Council CEO. Could the building heritage listed? Communication ongoing.
We have had an enquiry regarding Carawa School? Heather responded that we have very little information. If anyone in the community has any photos or information, not only for this school, but of the many which have been closed over the last 100 years.
A family member is looking for a photo of ‘Campbell girls’. We will continue to search.
Heather will update cemetery records to help visitors with enquiries.
Discussion is ongoing regarding where the Jetty replica will be situated.
17th January the cruise ship TRUE NORTH will be visiting Streaky Bay. We are looking forward to showing their passengers our museum. Last year the jetty was closed, people were ferried into the shore in a dingy!
We now have on display a framed craft item of needlework done by CWA members on Eyre Peninsula, along with photos of those who participated in putting this together. Rae Brewster was part of the group. All other Streaky Bay ladies participating have sadly passed.
Chris has continued painting signs for the machinery & other areas in the museum.
Wendy Francis, a volunteer, has extensive knowledge of the puppets we have on display, and maybe able to entertain students when they visit.
New volunteers are welcome
We look forward to 2026, continuing improvements and welcoming visitors.

Board Support Media Statement
Streaky Bay and Districts Medical Clinic

The Board of the Streaky Bay and Districts Medical Clinic is pleased to welcome Dr Ernest Wong as a resident General Practitioner, working alongside existing GP Dr Victoria Bradley.

Dr Wong and Dr Bradley will operate on a shared roster basis. To ensure continuity of care, the Clinic will continue to engage locum doctors to fill service gaps as required until a third permanent GP is successfully recruited to address the remaining two-week roster gap.

Both Dr Bradley and Dr Wong are engaged as independent contractors to the Clinic and, under this model, set their own consultation fees. Fees for services provided by locum doctors are set by the Clinic Board. In the interest of consistency, transparency, and long-term sustainability, the Doctors and the Board have undertaken a comprehensive review of all fees. The revised fee structure will be introduced from 1 January 2026.

While there has been significant public discussion regarding the expansion of bulk billing, this model is not viable for every practice—particularly in rural and remote communities and privately operated clinics. Bulk billing must be considered and implemented on a practice-by-practice basis to ensure services remain available and sustainable.

For almost eight years, the Board—supported by Council—has worked tirelessly to maintain local GP and emergency support services for the Streaky Bay district. The Board strongly supports the introduction of the revised fees as a necessary step to retain medical services and secure the long-term future of the Clinic.

The Board is optimistic about the stability this evolving model provides and looks forward to continuing to deliver quality healthcare locally. We thank the community for their understanding and ongoing support as the Clinic works to remain sustainable for the future.

Yours faithfully,
Streaky Bay and Districts Medical Clinic Board

Welcome: Dr Ernest Wong (pictured) with resident GP Dr Victoria Bradley

Council News

FROM THE CEO'S DESK

From the CEO Desk: Jetty Pool Shade: Abuse It and It Will Be Removed and other antisocial behaviour occurring.

I would like to begin by wishing everyone a happy new year. Unfortunately, it is disappointing to be starting 2026 by needing to address an issue that continues to grow in our community – anti-social behaviour and the very real consequences that come with it.

One matter I want to speak about directly is the jetty pool shade structure. Council is currently assessing the possibility of removing this shade altogether, and I want the community to clearly understand why.

The roof of the jetty pool shade has not been designed to be climbed on or to take the load of people standing or jumping from it. Individuals continue to climb onto the roof and jump into the pool. This creates a major safety risk – not just for those climbing on it, but also for anyone underneath. A structural failure could see the roof collapse onto people below, or someone fall from height and strike something underneath.

The structure has been clearly designed not to be scalable. You physically cannot climb it without being boosted up by others. Despite this, we continue to see it misused.

What is particularly disappointing – and frankly unacceptable – is that this activity is not just being undertaken by children. We have observed local families, parents included, participating together and then proudly posting it on social media. This makes it almost impossible to promote appropriate behaviour when adults refuse to take responsibility for themselves, let alone their children.

As CEO, when I am aware of a clear risk, I have a legal and moral obligation to act. We have assessed other options, including pigeon spikes, however these come with their own injury risks and are not suitable in a public swimming area.

The message here is simple: continue to abuse it, and it will be removed. If that occurs, no one will be able to enjoy sitting underneath it in the shade. That outcome would be deeply disappointing, because it means the entire community is punished for the actions of a few.

Unfortunately, this issue is not isolated.

Across our town, Council is dealing with a growing level of anti-social behaviour that is damaging public assets and diverting significant time and money away from positive community outcomes. Ratepayers ultimately bear the cost – through repairs, increased insurance premiums, staff time spent making sites safe, and lost opportunities while facilities are closed or restricted. It is also influencing Council's future decision-making, where infrastructure that might once have been delivered is now reconsidered due to the risk of damage or misuse.

FROM THE CEO'S DESK CONTINUED...

Some examples of what Council is currently dealing with include:

- Three front windows of the Council Office smashed
- Doctors Beach playground fencing panels kicked in and used by local kids for "sword fights"
- Extensive and ongoing vandalism at CBD public toilets, including smashed ceramic toilet bowls, broken mirrors, smashed bottles and glass, and toilet paper holders ripped off
- Entire clotheslines (including concrete footings), generators, lithium-ion batteries and microwaves being placed into Council public bins – a single truck fire or damage could cost close to half a million dollars
- Local kids climbing on top of playground structures and shade cloths at Doctors Beach
- Ding-dong-ditching occurring inside the Caravan Park
- Oil deliberately poured into the skate bowl
- Damage to the public hammock, which ultimately had to be removed due to misuse
- Trees being damaged, including stakes pulled out and trees pushed over
- Public toilet doors and locks damaged across multiple locations
- Broken glass repeatedly found in playground soft-fall areas
- Pavers removed from footpaths and placed in the middle of the road

I have followed the social media commentary on these issues over time, and I want to be clear: while some people insist that "locals wouldn't do this," the reality is very different. Council receives witness reports, reviews CCTV footage, and works closely with police. In the majority of cases, this behaviour is being carried out by locals – not outside influences.

To protect community assets, Council has already installed CCTV cameras at a number of locations, fenced off the rear carpark of the Hall to protect generators and Council and staff vehicles, and implemented other protective measures. These are not steps we want to take, but they are becoming necessary.

As a community, we have to work together to address this. If you feel safe and comfortable, speak up and tell individuals to stop. If you don't, take note of what you can and report it to Council and/or the police. Council will report all incidents to police, particularly where there is enough information to pursue charges. And if you know the parents, tell them.

We all want a town we can be proud of – one with safe, welcoming public spaces that everyone can enjoy. That only happens when people take responsibility for their behaviour and hold others to account. Public facilities are not disposable and Council resources are not unlimited. If this behaviour continues, access to facilities and opportunities will continue to be lost. That responsibility does not sit with Council – it sits with those choosing to behave this way, and those who allow it to continue.

Damian Carter, Chief Executive Officer
District Council of Streaky Bay

Where to locate them?
How they are designed and decorated?

If you are from **Poochera, Wirrulla, Sceale Bay, Perlubie, Eba Anchorage, Haslam** and would like to be apart of this project for your community please get in contact with us at 8626 7033 or info@streakybay.sa.gov.au

HAVE YOUR SAY: SHAPING THE FUTURE OF TOURISM IN STREAKY BAY

The District Council of Streaky Bay is inviting residents, local businesses, and tourism operators to help shape the future of tourism promotion in our district.

Council is developing a **Streaky Bay Tourism Marketing Plan** to create a clear and coordinated approach to how our region is promoted as a destination. At the moment, tourism information comes from a variety of sources, which has led to outdated materials, inconsistent messaging, and fragmented promotion. By working together, we can ensure Streaky Bay is represented in a way that is fresh, accurate, and true to our community.

Why This Matters
Tourism is a vital part of Streaky Bay's local economy and lifestyle. A shared strategy will:

- Improve the accuracy and currency of tourism information.
- Provide consistent and coordinated messaging.
- Better meet the expectations of visitors.
- Support local businesses and tourism operators.
- Strengthen collaboration between Council, industry, and the community.
- Increase the visibility and reach of Streaky Bay as a destination.
- Build trust by showing how community feedback is shaping outcomes.

Consultation Period
The consultation will run from **1 October 2025 to 31 January 2026.** During this time, community members can contribute through surveys, meetings, and opportunities for public comment.

How You Can Be Involved
A dedicated consultation page has been set up where you can find background information, updates, and the community survey.

Take the survey here: https://www.streakybay.sa.gov.au/council-services/Major-Projects/streaky-bay-tourism-marketing-plan

Your input will directly shape the Streaky Bay Tourism Marketing Plan, ensuring it reflects local voices and supports a strong future for our region.

This is an opportunity to ensure Streaky Bay is promoted in ways that highlight what makes our region distinctive and competitive as a destination for years to come.

DISTRICT COUNCIL OF Streaky Bay

What is the Flinders Island Safe Haven Project?

From 2025, the whole of Flinders Island is being transformed into a safe haven for nationally threatened species. Safe havens are predator-free islands and fenced areas that protect mammals susceptible to predators. Across Australia, a network of more than 100 safe havens has been created by governments, landowners and conservation groups.

The first stage to make Flinders Island a safe haven is the eradication of introduced pest animals. These include predators and animals that have competed with native species for food and shelter, and degraded native vegetation. When the eradication is confirmed successful (success checks due in May 2027), threatened plant and animal species can be introduced to the protected environment.

Offshore Islands possess highly effective natural biosecurity barriers for ongoing protection against reinvasion, which dramatically reduces the cost to maintain a feral-free environment.
Alongside benefits to native plants and animals, the Flinders Island Safe Haven will stimulate conservation and nature-based tourism and opportunities for the local community.

Important biosecurity information for <u>all visitors</u>

Whether you travel to Flinders Island by plane, boat or barge, <u>every visitor</u> has a critical role to play in preventing pests from reinvading. Rats and mice are the biggest threats as stowaways, especially in vehicles, vessels and gear that has been stored away. All biosecurity actions and checklists are detailed on the Flinders Island Eco Escape website and must be strictly followed. The QR code at the top of the page will direct you to: https://flindersislandeco.com/biosecurity-and-visitor-requirements/

Notify, Check, Clean and Close - every trip, every time.

Preventing pests from making their way to the Island is the first, and most effective step in the biosecurity chain. Before leaving the mainland we need you to:

- Notify – Complete your booking or day visitor notification online.
- Check – Your luggage and personal items for pests and organic matter.
- Clean – Your footwear, outdoor clothes and equipment, and personal items.
- Close – Store your luggage securely after packing to prevent pest access before departure.
- Contact the Woolford's if you see any pest animals on the island. This includes mice, rats, cats.

Cooperation by every island visitor will make all the difference to the success of this project.

Australian Government
Department of Climate Change, Energy, the Environment and Water

Government of South Australia
Department for Environment and Water

LANDSCAPE SOUTH AUSTRALIA EYRE PENINSULA

flinders island safe haven

What pests have been targeted?

In early 2025, feral cattle and sheep were removed from the island. From May to December 2025, an eradication program focused on mice, rats and cats. South Australia's largest ever rodent eradication program was delivered, including helicopter aerial baiting. Trapping and detection dogs have also been part of the comprehensive pest eradication process, meticulously planned and delivered for minimal impact on native species. Native vegetation has already shown signs of recovery, including sheoak seedlings and the identification of 14 species of native orchids. Monitoring will be ongoing to determine pest eradication success and help protect against reinvasion. Success checks for rodents and cats will be completed in May 2027 as per best practise eradication guidelines.

What animals will be introduced to the Flinders Island Safe Haven?

When the pest eradication is confirmed a success, threatened mammals can be released on the island. The species are being selected based on a number of criteria, including a report by the Threatened Species Recovery Hub that identified Australian native mammals that are highly susceptible to predation by cats and foxes. Other criteria include the prevalence of species in other safe havens, the suitability of habitat, and prioritising species (or near relatives) with evidence of existence on Flinders Island in the past. The current plan is to begin by introducing the banded hare-wallaby and Nuyts southern brown bandicoot.

Why is this happening on private land?

Working collaboratively with private landholders is recognised as a critically important step in modern conservation efforts. The owners of the island, the Woolford family, are dedicated to creating a haven for threatened species, working with a skilled team to enhance the island's ecosystem. A conservation agreement will be placed over the island, in addition to an existing Heritage Agreement that covers 250 hectares.

How is this project funded?

This project is jointly funded by the Australian Government, the South Australian Department for Environment and Water and the Eyre Peninsula Landscape Board in partnership with the Woolford family.

Ready to Step Up and Save Lives?
Join the New Ambulance Responder Course!

The new Ambulance Responder Course is tearing up the old playbook.

Forget endless online modules — this course is all about getting your hands dirty (not literally... well, maybe sometimes). In just 4 months, 7 volunteers from the West Coast region have earned their responder status.

Ashley and Lindon have just finished the course in Streaky Bay and are now available to go on-call from home — ready to handle car accidents, medical emergencies, and more importantly, those all-important RFDS transfers from the local hospital. Oh, and the occasional medical retrieval team pick-up from the airfield. Without them, your family will be stuck here!

What you'll learn:

- · How to pull someone out of a car without turning them into a human jigsaw puzzle
- · How to handle a mass casualty scene without losing your cool
- · How to treat major trauma like a machine
- · How to keep an unconscious patient alive without performing CPR on yourself
- · How to drive an ambulance like you actually know what you're doing

If you want to challenge yourself and give back to your community, this course is for you! Returning volunteers can jump back in—no boring online videos to catch up on.

Curious? Drop by a Tuesday training night, 6:30 pm at the Ambulance Station (next to Streaky Hospital) or if in the school holidays (no training, as all superheroes need time off) just give Dave a buzz 0428 713 033 — he's great at answering questions and terrible at jokes.

Ash receiving his authority to practice

Lindon receiving his authority to practice

Mobile CPR in the ambulance

Treating an anaphylaxis patient

Cardiac arrest training (CPR)

Extrication from a vehicle

DISTRICT COUNCIL OF Streaky Bay

streaky bay JETTY POOL

We love seeing everyone enjoying the Jetty Pool.

The new steps are a hit; easy in, easy out!

Quick safety note:
Please don't climb or jump from the shade structure. It's unsafe, and we'd hate to lose it.

Thanks legends.

Many thanks to West Coast Welding

A Seasonal Guide for Streaky Bay Gardeners

January in Streaky Bay is peak summer. Expect hot days, strong coastal winds, and very dry conditions. Gardens can still be productive, but success depends on smart water use, shade, and heat protection. Focus on maintenance, harvesting, and preparing for the seasons ahead rather than pushing plants too hard.

What to Plant in January

Planting is limited during extreme heat, but there are still options if you water well and protect young plants:

- Heat-tolerant veg: zucchini, cucumber, pumpkin
- Fast crops: bush beans, radish, spring onions
- Leafy greens: heat-tolerant lettuce, silverbeet, perpetual spinach (best in partial shade)
- Herbs: basil, lemongrass, rosemary, thyme, oregano

Tip: Plant in the late afternoon and water well to reduce transplant shock. Use shade cloth if temperatures spike.

What to Prune (and What to Avoid)

- Roses: continue deadheading only
- Herbs: harvest regularly to stop them going to seed
- Fruit trees: remove damaged or dead branches only

Avoid heavy pruning in January—plants are already under heat stress and can suffer sunburn.

Watering Wisely in Summer

Efficient watering is critical in January:

- Water deeply and less often to encourage deep roots
- Early morning watering reduces evaporation
- Check pots daily—they dry out much faster than garden beds
- Drip irrigation or soaker hoses are ideal in hot, windy weather

Tip: Keep mulch topped up (straw, sugar cane, or compost) to conserve moisture and protect soil life.

Caring for Natives and Coastal Plants

Local natives are well suited to January conditions once established:

- Avoid frequent shallow watering
- Check young plants regularly for heat stress
- Remove weeds competing for moisture

Good choices for Streaky Bay gardens include:

- Westringia (coastal rosemary) – tough and low maintenance
- Pigface and saltbush – perfect for sandy coastal soils
- Grevillea and correas – support birds and pollinators

Tip: Don't fertilise natives in extreme heat—wait until autumn.

Gardening for Wellness

January heat can be draining—gardening is best done gently and mindfully:

- Garden early or late to avoid heat stress
- Focus on simple tasks like harvesting and watering
- Enjoy the sensory benefits: warm air, ocean breezes, and summer scents
- Share surplus produce with neighbours and friends

Spending even short periods in the garden can help you slow down, stay active, and feel connected to nature during the hottest time of year.

For more information on how gardening supports physical and mental wellbeing, visit the Preventive Health SA website.

FLAVOURS OF STREAKY BAY!

Each month, The Criterion will be featuring recipes from one of our locals. We hope to eventually build a recipe book that showcases the best of Streaky Bay! The recipe can be anything you love to eat, from a sauce to a sweet! Please email all your recipes to info@streakybay.sa.gov.au

Ruby's Asian Style Prawn or Fish Lettuce Cups

Ingredients

- 500g raw peeled prawns (deveined) or white fish, diced
- 2 tsp finely grated ginger
- 1 tsp fresh crushed garlic
- 1 tsp Chinese five spice
- 1 tbsp oil
- 200g crushed peanuts
- 2 tbsp oyster sauce
- 1 tbsp soy sauce
- 1 red chilli, seeded & finely chopped
- 2 baby cos lettuces (leaves separated) or iceberg lettuce cups
- 1 small red capsicum, seeded & finely chopped
- 1 carrot, peeled & cut into matchsticks
- 100g green beans, trimmed & thinly sliced lengthways
- 3 spring onions, thinly sliced diagonally
- 1 bunch coriander (to serve)

Method

1. Combine the prawns, ginger, garlic, and five spice in a bowl. Toss to coat.
2. Heat the oil in a wok or large frying pan over high heat. Add half the prawns and stir-fry for 2–3 minutes, or until they curl and change colour. Transfer to a plate and repeat with the remaining prawns.
3. Add the peanuts and chilli to the wok and stir-fry for 2 minutes or until the peanuts are golden. Return the prawns to the wok with the oyster sauce, soy sauce and 1 tbsp water. Stir-fry for 1 minute until the prawns are cooked through.
4. Arrange the lettuce leaves on a serving platter. Top with capsicum, carrot, green beans, spring onion, and the prawn mixture. Season to taste and finish with coriander sprigs.

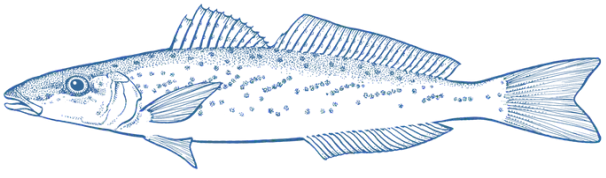

Maddy's Spinach, Bacon & Cheese Everything Cobb Loaf

Ingredients

- 1 large cob loaf
- 1 tbsp olive oil
- 1 tbsp crushed garlic
- 1 medium onion, finely chopped
- 200g shortcut bacon rashers, diced
- 250g frozen spinach, thawed & well squeezed
- 2 tbsp chopped chives
- 250g cream cheese, softened
- ½ cup light sour cream
- ½ cup mayonnaise
- 1 cup grated cheddar cheese
- 1 × 30g packet spring vegetable soup mix
- Salt & pepper
- Extra chives, to serve

Method

1. Cut 4cm off the top of the cob loaf to form a lid. Scoop out the soft bread inside, leaving a 1.5cm shell. Tear the removed bread into dipping pieces and set aside. Preheat the oven to 180°C.
2. Heat the olive oil in a frying pan over medium heat. Add the bacon and cook until golden. Add the onion and cook until softened. Set aside to cool slightly.
3. In a large bowl, combine the cream cheese, sour cream, mayonnaise, cheddar cheese, spinach, spring vegetable soup mix, chives, and the cooked bacon and onion mixture. Season with salt and pepper and mix well.
4. Spoon the mixture into the hollowed cob loaf and replace the lid. Wrap the cob in foil and place on a baking tray. Bake for 40 minutes. Remove the foil, scatter the torn bread pieces around the cob, and bake for a further 10 minutes, or until the dip is bubbling and the bread pieces are toasted.

BECKS SipnSave

Happy New Year ?

Life presents us with

challenges and

unexpected risks.

The challenge is to have the

Lord God as your constant

partner and companion.

The risk is to go it alone.

Peter Jans January 2026
