Council News

INFRASTRUCTURE

Hall and Office Generator Installation

Contractor has been engaged and contract has been signed. Installation by contractor is scheduled at the end of September 2024.

Tractor Beach Hybrid System Installation

The existing composting toilet system at Tractor Beach will be replaced with a Hybrid Toilet system. This project is due to commence late August and temporary toilets will be placed on site until the project is completed.

Anderson Road/Cape Bauer Intersection

Following the initial survey and plans, the boundary and centrelines have now been marked in preparation for the realignment project to commence.

Streaky Bay CBD Garden Beds and Road Verges Rejuvenation

The Parks and Gardens team have initiated a rejuvenation project for the Streaky Bay CBD Garden bed and road verge. This project has included removing old, dead vegetation and replacing with low-maintenance trees or plants. This effort aims to enhance the area's aesthetic appeal and sustainability.

Streaky Bay CBD Bollard Replacement

Replacement bollards at the Alfred Tce/Bay Road intersection have been installed.

Streaky Bay CBD Toilet Fencing Replacement

The existing fencing surrounding the toilets has been replaced, there is further works required in this area.

Streaky Bay Foreshore Landscaping

As part of the replacement of the CBD Toilet Fencing, Council Staff had to remove a lot of the existing trees/shrubs. They have since cleared and levelled the area in preparation for lawn. A new pram ramp and footpath is also being installed to improve connectivity and accessibility as the existing path was narrow and did not have a ramp connecting to the foreshore.

Streaky Bay Oval Lights

The Streaky Bay and District Community Complex sought permission from Council to apply for funding and undertake the replacement, this was endorsed by Council.

Streaky Bay Foreshore Light Replacement

New lights have been received to replace the existing lights at the foreshore across from the Hotel. Light poles have been ordered and are now awaiting the delivery of the poles.

Whilst removing the old light poles near the CBD Toilets, staff discovered old steel conduit. Council staff are now exploring solar options for this area as it will be more practical and cost effective as there will not be the need to run new electrical and conduit.

Wirrulla Dump Point

Council after again considering the location for the dump point at Wirrulla resolved for Council Officers to go back out to Community Consultation to again consult with the community on their preferred location.

Roads Update

Roads – Construction

Currently Completing

- Calca Bluff Road – Flinders Highway to Drinanvale

Recently Completed

- Westall Way Loop - Yanerbie Rd to Reef Road (Fisherman's Paradise)

Montgomerie Terrace Shared Use Path

The surveyor undertook an initial site survey in early May and that data has been used to develop draft plans, those plans were reviewed by operational staff and it was determined that further survey work was required to ensure that matters of stormwater management were adequately considered.

Haslam Jetty Repairs

Tender documents have been developed and Council Officers will be going out to market soon. It is anticipated that this work will commence around the month of August in line with the Streaky Bay Jetty Repairs.

Streaky Bay Traffic Flow Study

Council endorsed as part of their 2024/25 budget to undertake a study of traffic and pedestrian flow throughout the township. Council Officers have gone out to get costings on this study.

Council News

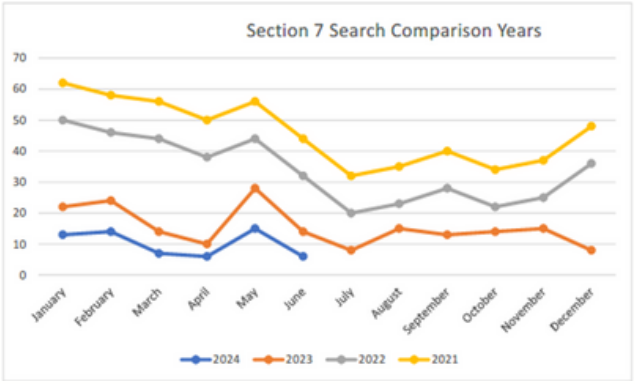

PLANNING & REGULATORY

Draft Cat By-Laws

Council completed its consultation in regard to the amendments to the Cats By Law. Council after considering the feedback will proceed with the proposed changes an in preparation for these changes will develop a comprehensive implementation plan and set an implementation date for 1 July 2025.

District Planning Approvals

State Bushfire Hazard Overlay Code Amendment Update

The draft State-wide Bushfire Hazards Overlay Code Amendment proposed to:

- review and update the mapping and planning rules for the current six bushfire hazard overlays
- deliver improved policy to guide development in areas prone to bushfire.

Council provided extensive feedback recently in regard to this matter as part of the Public Consultation process. The Department received a total of 188 submissions regarding the proposals for change.

A range of feedback on the draft Code Amendment was received, mostly regarding the bushfire hazard modelling and where the different levels of bushfire risk would apply. Many submissions requested changes to the bushfire risk for individual properties. Other common concerns included:

- inaccurate bushfire hazard mapping, particularly at specific locations
- use of outdated data for the bushfire hazard mapping model and the need to align vegetation categories data to AS3959
- increased building and renovating costs to mitigate bushfire risk
- requirements for individual Bushfire Attack Level (BAL) assessments, including the resourcing implications associated with councils and the South Australia Country Fire Service (CFS) reviewing these, and impacts of these requirements on timing for decisions
- on-site water supply requirements
- meeting Asset Protection Zone requirements
- perception of increased insurance premiums as a result of updated bushfire risk ratings.

All feedback is now being reviewed in greater detail and considered in updating the draft Code Amendment. An engagement report is being prepared, which will include a summary of written submissions and feedback received, how these were considered and proposed updates to the draft Code Amendment that was released for consultation.

The engagement report, along with the updated draft Code Amendment will be provided to the Minister for Planning for consideration in making his decision to either adopt the Code Amendment, with or without recommended changes, or not adopt the amendment.

The engagement report and Code Amendment outcome and any further updates will be published on the YourSAy and PlanSA websites.

Council News

ECONOMIC DEVELOPMENT/TOURISM

Township and District Management Plans

The Township and District Management Plans were endorsed by Council. Council Officers are currently working through the actions and listing the actions with a view to Council identifying key project priorities or actions for the next five years, this is pending. It should be noted that the Streaky Bay Township Master Plan project has won two awards in the Australian Institute of Landscape Architects Awards (SA), these being:

- 2024 AILA SA Landscape Architecture Award for Landscape Planning
- 2024 AILA SA Health Parks Healthy People Special Mention

EP Infrastructure Challenges

This paper was commissioned by Regional Development Australia – Eyre Peninsula in light of the housing affordability and availability crisis impacting the region. While it is clear that a lack of available accommodation is negatively impacting the local economy, understanding why there is market failure was important.

Discussions with State Government agencies highlight infrastructure constraints as a consistent and prominent issue on their agenda. The recent formation of the Housing, Infrastructure, Planning, and Development Unit, along with the Office for Regional Housing, demonstrates the Government's interest in facilitating investment and increasing housing supply in both metropolitan and regional areas. Whilst these agencies remain in their infancy, they are facing similar frustrations as their counterparts in the private world. This paper suggests a disparity exists between the government's strategic objectives and the business models of service providers.

While the government aims to foster growth in regional areas, service providers typically require identified demand for their services before investing, creating a "chicken and egg" scenario. Several infrastructure delivery options are available to developers, but they generally focus on reinforcing user-pay models or distributing costs across the community. This approach is not always palatable in a regional context, where limited resources must be managed across large geographical areas. Further, smaller developments and slow uptake rates compound difficulties in assessing timeframes for returns on investment or the potential of future developments contributing to infrastructure costs.

Looking ahead, it is anticipated that both State and Federal Governments will need to assume a more substantial role in supporting infrastructure delivery to address these challenges. This will assist both State and Federal Government achieve their own strategic regional development objectives and housing targets. This paper aims to stimulate discussion and idea sharing, noting that regulatory frameworks, efficiency improvements, and government funding are worthy of further investigation to facilitate growth and align with strategic objectives.

EP Regional Drought Resilience Plan

The Draft document sets to provide a framework to guide future investment and effort in planning for drought. This plan has been prepared by URPS Consultants for the Eyre Peninsula Drought Resilience Advisory Group. The Draft discusses the summary of goals for the project, what drought looks like for the various areas across the Eyre Peninsula, trends, challenges and opportunities and what drought resilience for the Eyre Peninsula involves.

Contact Regional Development Australia Eyre Peninsula for further details on this project.

SUSTAINABILITY

Tree Removal

Active Tree Services removed several dead trees and stumps within the Streaky Bay township and at the Streaky Bay Foreshore Tourist Park.

Hardwaste Disposal Week

The next hard waste week is schedule for the second week of October School Holidays.

Old Haslam Landfill Site

There are a number of occurrences of illegal dumping that has occurred at the Haslam Landfill Site, a letter was sent to all Haslam residents outlining that this was unacceptable and the gate from the township to the site had a padlock placed on there.

Historically there has been a number of oyster baskets, an old (nonoperational) oyster grader and two (nonoperational) tractors that have been disposed of at the site. The amenity of this has only seen to encourage further illegal dumping. In addressing this a second letter has been sent to all Haslam residents and oyster growers requesting information and removal of the Oyster Baskets and old Tractors by the end of August 2024, advertising has been placed on the equipment and in the Criterion. Should removal or contact not be forthcoming then the items will be appropriately disposed of.

The steele collection company have been and removed all the Steele from this site that had been illegally dumped.

COMMUNITY DEVELOPMENT

Streaky Bay Senior Citizens Committee

Council considered a request from the Committee for a Council representative on this Committee. Council nominated and elected Cr Cliff Pudney to undertake this position.

Preventative Health SA - Grant

Council endorsed the Grant Agreement from Preventive Health SA with Council awarded $90,000 in funding for the continuation of funding for a Wellbeing Officer to implement the Streaky Bay Wellbeing Strategy (yet to be presented to Council), the funding is to be provided over two years, from 1 August 2024 to 31 July 2026.

National Trust Museum – Painting Donation

The Council received a request from the Streaky Bay National Trust Museum for $20,000 to match funding received of $20,000 that would enable them to pain the interior extent of the Museum. Council considered the request and endorsed the donation for the painting.

Volunteer Program Update

These sessions are free for Community volunteers from within the district to attend. The Leases/Strategic management workshop was held on Monday 29 July at the Streaky Bay and Districts Community Complex. The workshop had 7 attendees from multiple community groups within our District. These workshops were created and delivered by the CEO, General Manager of Prosperity and General Manager of Business, who did a great job and the feedback from attendees was very positive.

Event Management Part 2:

- 22/8/24 Event Volunteer Management
- 29/8/24 – Financial Viability
- 5/9/24 – Risk Management / Marketing

School Holiday Activities

Poochera Resin & Clay Workshops – Wednesday 10 July 2024, Poochera Sports Complex. Over 30 kids attended these free workshops in Poochera, making resin keyrings and necklaces, card crafting and come and try pottery wheel sessions.

Streaky Bay Movie Marathon – Thursday 11 July 2024, Streaky Bay Hall. More than 100 community members attended the free movie night, the sweet tooth van also joined the event providing sweet treats and dinner options for families. CD staff sold popcorn and refreshments.

Candle Making Workshop – Tuesday 16 July 2024, Supper room – 9 participants enjoyed this activity hosted by Jayne Holland.

Council News

CEO REPORT

From the CEO's desk: Shaping Our Towns Together

As the CEO of the District Council of Streaky Bay, I'm pleased to invite you to take part in an important process that will help shape the future of our towns. The Township Community Plans Consultation is now underway, and this is your opportunity to help shape the future of Streaky Bay, Wirrulla, Poochera, Haslam, Sceale Bay, and Perlubie/EBA Anchorage. We're also reaching out to residents across our district who use Streaky Bay's services to have their voices heard in the Streaky Bay plan.

At its core, this consultation is about understanding what our community wants. But it's also important to acknowledge that we are balancing different expectations, aspirations, and needs from various parts of our district. While everyone's input is vital, we need to keep in mind that not every idea will be achievable immediately. The plans will be instrumental in guiding our decisions, but other factors, such as available funding, asset management priorities, and financial sustainability, will play a role in determining what is realistic and when.

Our goal is to ensure that every township, no matter its size, has an equal voice in this process. Each community has its own unique character and priorities, and through these Township Community Plans, we aim to capture that diversity while building a stronger district for everyone.

These Township Community Plans will help us understand the projects and services that matter most to you. They will also help us prioritize, ensuring that our decisions are not just based on what we want but on what we can afford to achieve. We are committed to making decisions that are financially sustainable while being mindful of the broader needs of our community. Sometimes, that means tough choices, but it's essential that we manage expectations and ensure we are delivering long-term value.

This process will also guide the development of Council's four-year Strategic Priority Document. Your feedback will serve as a key reference point for us as we decide which projects to pursue. While we can't promise that every suggestion will become a reality, your input will help us assess the viability of each idea and focus on what's most important for your township and the district as a whole.

In my view, this phase of our strategic planning is where community engagement becomes particularly meaningful, as we'll be discussing concrete outcomes. The Council's four-year Strategic Priority Document will serve as a clear benchmark against which our performance in delivering these outcomes can be measured.

We have already completed consultation on our long-term strategic plan, and the community plans will now become a vital reference point as we move forward. This information will assist Council and the Strategic Planning Community Reference Group in understanding the specific needs of each community.

I encourage everyone to participate in this consultation. This is your opportunity to make sure your town's needs and aspirations are considered in our project planning processes. By working together, we can create vibrant, sustainable communities that reflect what's most important to you.

Please take a few moments to complete the Township Community Plans survey, available on our website or at the Council office. Let's work together to shape a future that benefits us all.

Thank you for your continued engagement and commitment to making our district the best it can be.

Warm regards,
Damian Carter
CEO, District Council of Streaky Bay

TOWNSHIP COMMUNITY PLANS
CONSULTATION

DISTRICT COUNCIL OF Streaky Bay

Help Shape the Future of Our Towns: Township Community Plans Consultation

The District Council of Streaky Bay is excited to introduce a fresh approach to community planning, tailored to reflect the unique character and aspirations of each township in our region. As part of this initiative, we are creating individual Township Community Plans for Streaky Bay, Wirrulla, Poochera, Haslam, Sceale Bay, and a combined plan for Perlubie and EBA Anchorage. We're also inviting residents across the district who use Streaky Bay's services and facilities to contribute to the Streaky Bay plan.

These plans will help the Council understand what each community needs to thrive and provide insights into the projects, services, and advocacy priorities that matter most to residents. The goal is to ensure that the voices of smaller townships are heard just as clearly as those in larger communities, creating a shared vision for a stronger future.

Why Are These Plans Important?
The Township Community Plans will:

- Make sure all community voices are heard, including smaller townships that rely on Streaky Bay as a service centre.
- Gather insights into each township's aspirations, ensuring a balanced approach to development that benefits both local communities and the wider district.
- Identify key projects, services, and advocacy priorities that will enhance the quality of life in each community.

By participating in the survey, you'll have the opportunity to directly influence these plans, ensuring they reflect your vision for the future of your town and our district as a whole.

How Will These Plans Be Used?
The Township Community Plans will guide the Council as it shapes its four-year Strategic Priority Document, setting out the actions and projects we'll focus on in the coming years. Although these plans are advisory, they will serve as important reference points for understanding the specific priorities of your community. While not every project may be feasible, due to Council's commitment to financial sustainability, your input helps us explore the viability of each idea and identify the most important initiatives.

How Are These Plans Different from Other Plans?
Unlike the Master Plan, which focuses on physical infrastructure, or the long-term Community Vision Strategic Plan, which offers broad guidance, the Township Community Plans are more specific. They zoom in on the projects and services that matter most to your community, making sure that the priorities identified in other planning processes are brought to life.

Have Your Say!
Your input is essential to shaping the future of our townships. Please take a few moments to complete the Township Community Plans survey and help ensure that the future of our region is shaped by those who know it best—you, the community.

Find the survey link on our website: www.streakybay.sa.gov.au/your-council/latest-news/help-shape-the-future-of-our-towns-township-community-plans-consultation or pick up a paper copy at the Council office. Your participation will help us create vibrant, sustainable towns that reflect the needs and aspirations of everyone who lives in or relies on them.

The survey will close on Friday 20th September 2024.

DOG HARRASSMENT & ATTACKS

DISTRICT COUNCIL OF Streaky Bay

I am concerned that, on occasion, cases of dog harassment and attacks have occurred without the incident being reported to the council. Reporting such incidents is reasonably straight forward and may not, in the first instance, result in any punitive action against the dog or it's owner other than a recognition that an incident has occurred, but it will be recorded.

Reporting dog attacks to the council is crucial for the safety and well-being of both the community and the animals involved. Dog attacks can have serious consequences, including physical injuries and emotional trauma.

Prompt reporting helps to mitigate these risks and fosters a safer environment:

- It allows the council to investigate and assess the situation. This is important for determining whether the dog involved poses an ongoing threat to public safety. If a dog is found to be dangerous or aggressive, measures such as control orders, impounding, behavioural assessment or, in the very extreme cases, euthanasia may be taken to prevent future incidents.

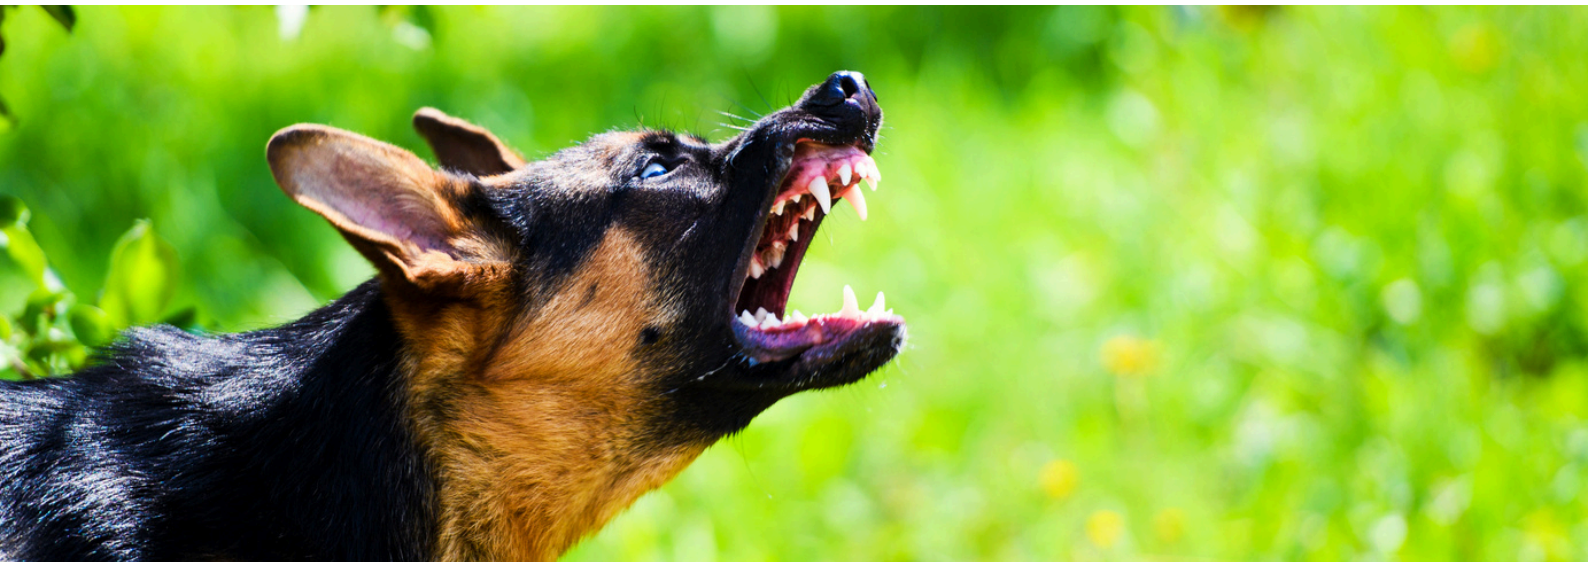

- It allows a broader understanding of the frequency and nature of such incidents. This information can be used to identify patterns for specific dogs, or circumstances that may lead to attacks. With this, the council can implement targeted interventions against a dog, or more generally, actions such as public education campaigns, stricter regulations, or more stringent enforcement of existing laws, to reduce the likelihood of further attacks.

- It holds owners accountable for their pet's behaviour. Dog owners have a responsibility to ensure their animals are properly trained, socialized, and restrained. If an attack occurs, it often reflects a failure on the part of the owner to meet these responsibilities. Reporting the incident ensures owners are held liable, which can deter negligence and encourage more responsible pet ownership.

If you have any questions about this process, then please feel free to contact me at the council.

David Francis

General Inspector

PUBLIC NOTICE

PROPOSED SALE AND REVOCATION OF COMMUNITY LAND 9B MCCORMACK WAY, STREAKY BAY

DISTRICT COUNCIL OF Streaky Bay

Proposed Sale and Revocation of Community Land – 9B McCormack Way, Streaky Bay

The land highlighted blue below is currently owned by the District Council of Streaky Bay and classified as Community Land. The land is located within a larger allotment that has served as a buffer zone area.

The Council has received a proposal to purchase the portion of land highlighted blue in the diagram below for the purpose of amalgamating the land with the adjoining allotment in which they will be able to expand their existing business operations.

The land is proposed to be sold at market value.

The Council have reviewed the proposal and assessed that with the sale of this portion of land that there remains adequate land for retaining the purposes of the buffer zone.

In accordance with the Local Government Act 1999 (Sec 194) – Revocation of classification of land as community land the Council must undertake Public Consultation in accordance with its Public Consultation Policy.

The Public Consultation Period Commences: 1st September 2024 and Closes 5.00pm 22nd September 2024.

Submissions may be made via:
Email: dcstreaky@streakybay.sa.gov.au
Post: PO Box 179 Streaky Bay SA 5680
Delivery: 29 Alfred Terrace, Streaky Bay

Enquiries can be made by email to dcstreaky@streakybay.sa.gov.au or call (08) 8626 1001.

Damian Carter
Chief Executive Officer

Blue Area – Proposed area to be sold

PUBLIC NOTICE

HARD WASTE DISPOSAL WEEK

DISTRICT COUNCIL OF Streaky Bay

Attention all ratepayers and residents!

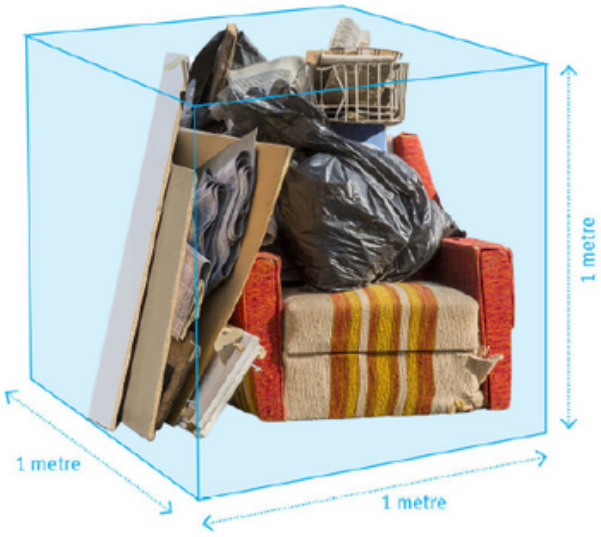

Embrace the opportunity of a complimentary hard waste disposal week happening from:

Tuesday 8th October to Saturday 12th October

Make use of this occasion to dispose of your hard waste at the Streaky Bay Transfer Station or Cungena Landfill Site (by appointment only) at absolutely no cost.

- Up to one cubic metre (approximately equivalent to a 6 x 4 trailer without a cage)
- Or, 1 x Three-seater sofa
- Or, 2 x White goods

Kindly note:

- Strictly no household rubbish; hard waste items only.
- Please ensure items are sorted appropriately.

Accepted items for free disposal include:

- Fridges, freezers, air conditioners (must be degassed)
- Household white goods (e.g., washing machines, stoves)
- Household furniture (cupboards, chairs, bed frames only - no mattresses)
- Scrap metal and timber
- Electrical appliances (e.g., TVs)
- Rolled-up carpet
- General household materials (e.g., doors, kitchen sinks)

Transfer Station Opening Hours

- Monday CLOSED
- Tuesday 9:00am – 12:30pm & 1:30pm – 4:30pm
- Wednesday 9:00am – 1:00pm
- Thursday CLOSED
- Friday 9:00am – 12:30pm & 1:30pm – 4:30pm
- Saturday 8:00am – 1:00pm
- Sunday CLOSED

The following items are not accepted:

- General household waste
- Mattresses
- Commercial waste
- Liquid waste (e.g., motor oil, paint)
- Concrete, bricks, rock, dirt, sand
- Gas bottles, asbestos
- Ammunition/explosives
- Car bodies, car parts, tyres

Cungena Landfill Site
Open by appointment only
Glen - 0428 885 114
Kerri - 0429 239 030

For further inquiries, please reach out to the Council office at 08 8626 1001.
Let's keep our community clean and green together!

Community News

INDOOR BOWLS

As usual the indoor bowls winter attendance figures have fluctuated. This year the number has varied from 13 on 7/8 to 16 the next week.
During the month the club welcomed Lyn Sweet and Sandie Elligot and two club members celebrated birthdays. John Cash 6/8 and Cheryl Williams 9/8 celebrated with a cake on 21/8.
September heralds annual subscription time. All indoor players who are not members of the S.B.B.C. are requested to pay the associate fee for 2024-5 to S.B.I.B.C. treasurer Geoff Kain by 30/9/24.
Over the past 5 weeks the number of penalties awarded have been interesting. Only 3 were necessary on 24/7 but a whopping 11 were given on 7/8. These penalty scores sometimes occur when a skipper with their team down at the head, will endeavour to deliver a perfect shot but unfortunately their bowl has dislodged the kitty off the mat and 4 shots go to the opposing team. However there are many times when the skipper has been successful, then their team rejoices. Penalty scores, whether from a leader, second, third or skipper (1,2,3 or 4 shots) over the 3 games can occasionally boost one of the teams playing on the day to the overall win. Just a close check on the scoreboard will tell the story.
Winning teams were=
July 24 = Joylene, Jim C., Connie, Thip
July 31 = Marlene, Paul, Connie, Lyn
Aug. 7 = Bev W., Gay, Thip
Aug. 14 = Darryl, Connie, Owen, Ian (visitor)
Aug. 21 = Geoff, Raylene, Darryl, Jim C.

EP AUTO CLUB

We had 22 entrants with each driver doing eight runs around the course. The spectators were less than we hoped, about 50 people.

PROBUS

26 people attended Probus this month and we were very privileged to have a visitor to town as our guest speaker. Judith Long (a cousin of one of our members) was very passionate about her research into WW2 soldier settlers, who received land in the Koongawa area.

Judith was bought up in Koongawa and was sponsored by Wudinna Council to write a book on the Waddikee Rock honour roll. She is researching WW1 soldiers now but is finding it difficult to get information and therefore quite challenging.

She also had some knowledge of several Soldier Settlers in the Streaky Bay district. Judith's other interest is fashion and is an influencer for Fella Hamilton brand. She wore a lovely jacket from them on the day which we all admired.

Her husband Milton also spoke on the making of jewellery. He has taken it on as a hobby since retiring from teaching and it has become a big part of his life, designing, making and selling in galleries. It sounded very impressive and a long arduous job. The pieces we saw were amazing and we wished he bought more to show us.

Happy chat was held at Drift with 20 attending. Our theme was Áutumn colours

Guest speaker Judith Long

Community News

RSL HALL

The Streaky Bay RSL Hall was built in 1956, and the interior has remained pretty much the same for the last sixty-eight years apart from a few coats of paint and more recently the conversion of the lady's toilet into disabled access and an upgrade.

The wooden floor was serviceable but desperately needed a face lift to bring it to life and enhance the rest of the Hall. Over many meetings and much discussion it was decided to obtain a quote from Adelaide Hills Floor Sanders run by Scott and Debbie Crawford who came highly recommended. Debbie is a local girl (nee Burke). The quote was duly received and accepted at a quarterly meeting by the RSL Members and arrangements were made for commencement of work.

RSL Members held a working bee on Saturday morning the 3rd of August which was very well attended, the entire Hall floor was emptied so work could commence on the following Monday.

A week later the job was completed and the difference to the Hall is simply amazing and exceeded all expectations.

Please see before and after photos.

Before

After

HOSPITAL AUXILLARY

Arrangements are in place for Probus catering in September. Thanks to Heather Kerry and Coralie.

Palliative care Nikki Syringe purchase requested at last meeting is now being supplied to the Hospital by health networks.

Soil and bark chips have been delivered to Elmhaven to be shared as needed.

HOSPITAL AUXILLARY CONTINUED...

Playground equipment is being assessed to see if slippery dip which blew off in storm can be replaced. As this is used by not only public, but Community services as well we hope for a good outcome. Sharon and Karen to meet to discuss.

Many health issues were discussed and thanks to Lesley for an informative talk on these areas. It seems all the ideas dollars etc spent many outcomes cannot be achieved due to regions not having enough workers to carry them out and often these ideas are city based with no thought as to how they are going to work.!!!!!!!!

Dr issue was again brought up and discussed widely hopefully some normality will come to our regions before too long.

Dead trees at Shepherds hut and Elmhaven were again highlighted Lesley to discuss with maintenance.

We were grateful to Lesley and Portia for a demonstration on the Vein Finder recently purchased. This has many benefits and uses and they have agreed to give a demonstration at our meeting on Tuesday October 1st 2p.m. and we invite any interested people to come along especially those bodies who contributed to this purchase they know who they are and we were very grateful for their support.

Next Meeting Tuesday 1st October 2p.m. Hospital boardroom

SACWA - STREAKY BAY

On Tuesday 6th August, 6 members and 2 guests travelled to Port Kenny to celebrate our branch's 86th birthday. Our thanks go to the Port Kenny Hotel for the beautiful food and hospitality. A beautiful birthday cake, made by Nicki Mayhew, was a yummy ending to the meal.

Following lunch, a visit was undertaken to a member's home, followed by a tour of the town.

Our next meeting will be at the RSL Hall on 10th September

Community News

MENS SHED

On the 23rd we held our AGM and the following people were elected to the committee.

President is Rob Fiebig
Vice President is John Lelifeld
Secretary is Wayne Miller
Treasurer is Jim Petty
All these above were elected unopposed.

4 committee members are Mick Le Cerf, John O'Brien, Garry Hodge, John Thomson.

As was reported in last months edition we have now had our security system installed thanks to Lachlan McGinnis from Streaky Bay Security and Electrical.
We have had two new members join at the shed. Daniel Taylor has been for the last couple of weeks and has proven to be a great help at the shed. Welcome on board Daniel.
Thanks to Jim Petty for showing Daniel where things are in the workshop and explaining what we do.
Daniel was put straight to work helping make some wooden toys working along side Wayne miller.
The other new member is Colin (Havachat) Sweet. Welcome to you Colin.
Our resident chef in Rob Fiebig has got some competition now as Daniel made a chocolate cake for our morning tea on the 16th.
Thanks to John Lelifeld, Jim Clarke and Sandy Johnson the seat for the Post Office carpark is now complete and has been picked up by the council and installed. (see pic)

A small chair that was bought in has been rubbed back and stained and picked up and taken to the upholsterers.
Thanks must go to one of our members in Peter McNicol who has donated and lot of items to the shed.
We have also had some timber donated which will come in handy with making of bird boxes.
The shed has been asked to make some Pygmy Possum nesting boxes for out at the gun club. Designs have been downloaded ready to start making them.
The seat that was out the front of the Bay Community Op Shop is back at the Men's shed for some touch up.
We are in the process of doing an old seat up with new slats on it and a coat of paint on the frames.

MENS SHED CONTINUED...

The Men's Shed has about 30 pairs of reading glasses that will be sent to Port Lincoln for checking and then they will go overseas to needy people.

If you have any old glasses at home you are not using or don't want drop them off at the Men's Shed on Fridays.

Post Office carpark seat

THE BAY COMMUNITY OP SHOP

THE BAY Community OP SHOP

WE HAVE MOVED

The Bay Community Op Shop has relocated to the old Betta Electrical store on Alfred Terrace between Drift and KC's.

A huge thank you to all those who helped us shift both the cottage and the shop to the new premises, Jude with the advertising, the committee and partners, the sorting girls and partners and the Men's Shed fellows. Your tireless efforts were much appreciated.

If you have not had a browse inside, you are most welcome to come and have a look.

Our opening hours are Monday to Friday from 10 to 2pm, Saturday and Sunday from 10 to 12 noon.
A big thank you to our Streaky Bay community for all your support, including all the generous donations. all donations now need to be left at the new location.

(Photos of our opening in the next month's criterion).

NAIDOC 2024

FAMILY FUN DAY

The NAIDOC Family Day is fast growing into one of the best and biggest events on the Streaky Bay calendar and the 2024 event was by far the best to date.

This great family event could not be made possible without the NAIDOC Committee, with a special thanks to Elle, Tayla, Larissa and others for their passionate planning and organising of the event. In partnership with The District Council of Streaky Bay, Eyre Peninsula Landscape Board, National Parks and Wildlife SA, and Arts Up all playing a massive role in the events great success.

Educational and hands on activities lined the institute hall, provided by organisations such as Arts Ceduna, Far West Aboriginal Languages Centre, Wojay, Jaylart, Streaky Bay School Community Library and many more. Accompanied by some beautiful traditional music by Three Minya Dyirdas - there was a wonderful atmosphere.

NAIDOC Committee member, Elle Miller, handcrafted, iced and painted over 150 Aboriginal and Torres Strait Islander cookies (seen on the right), all which were snapped up not long after the influx of over 300 local children, parents, teachers and community members arrived.

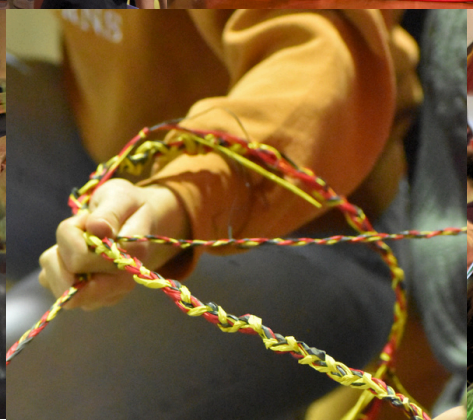

We all look forward to what next year will bring.

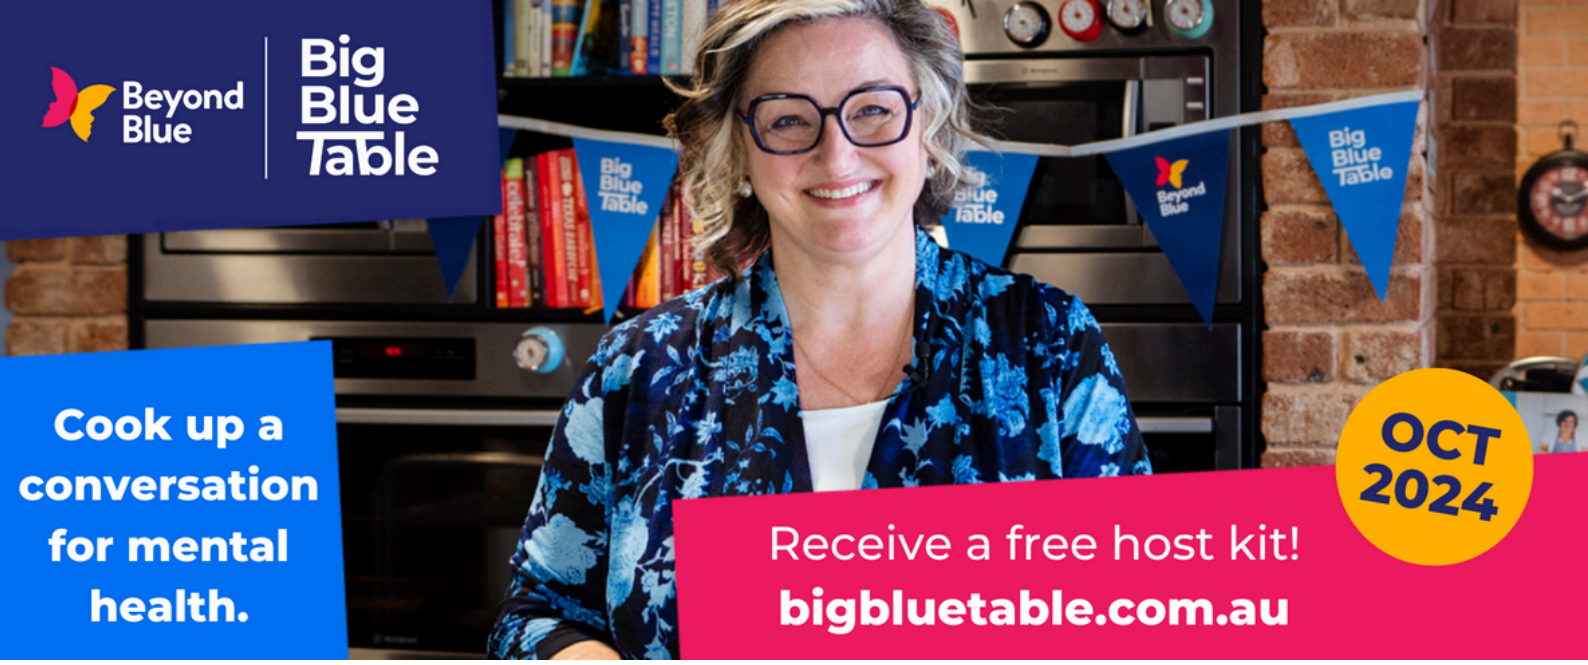

This October, Mental Health Month, Beyond Blue is inviting you to fight the stigma of mental health one meal at a time. Host your guests, share a meal, start meaningful conversations and help raise funds for those facing anxiety, depression and suicide.

Getting together for a meal with friends, family and co-workers can do wonders for your mental health - and now, it can help people all across Australia! Nearly half of us will experience a mental health condition in our lifetime — so let's ensure that no one struggles alone.
Whether hosting a pot-luck lunch at home, decking your office out in blue, or having a picnic in the park, each meal you have can lead to life-saving conversations.
Receive a free host kit with conversation starters, decorations and more to help you host a Big Blue Table.

Register yourself, workplace or school at **bigbluetable.com.au**

Cook up a conversation for mental health.

Beyond Blue

ON FARM CONNECTIVITY PROGRAM

OVERVIEW

This program aims to enable primary producers in agriculture, forestry and/or fisheries to extend connectivity in their fields to take advantage of connected machinery and sensor technology. It forms part of the Government's Better Connectivity Plan for Regional and Rural Australia, which is providing $656 million to improve mobile and broadband connectivity and resilience in rural and regional Australia.

The objectives of the program are to:

- Extend digital connectivity and enable primary producers to take advantage of advanced farming technology.
- Enhance a primary producer's ability to implement digital agribusiness solutions through improved connectivity.
- Capitalise on the agricultural sector's productivity, growth and exports.
- Support access to new communications equipment and services by offsetting some of the cost.

Rebates between $1,000 and $30,000 (GST exclusive) are available offsetting 50% of the cost of eligible equipment item/s listed at Attachment A of the Guidelines.

A total funding pool of $33 million is available over years from 2023-24 to 2024-25, of which $18 million is allocated in Round 2. Will consider outperforming arcDUG status.

A primary producer can benefit from one rebate per farm under the program. If a primary producer operates more than one farm that carries out eligible primary production activities, with each operating as a separate and independent business entity and has its own ABN that has been registered for 12 months or more, one rebate for each farm may be paid.

ELIGIBLE ACTIVITIES

Eligible equipment include:

- Low Power Wide Area Networks (LPWAN): Connectivity technologies that enable and extend connectivity across a primary production enterprise and contribute to the objectives of the Program.
- Connectivity equipment: Products that provide connectivity to sensors and controllers within a local area network or wide area network.
- Environmental monitoring: Devices that monitor environmental activity and provide real-time data to Primary Producers.
- Farm management: Farm management systems that assist with monitoring on-farm conditions, infrastructure, livestock, assets, and safety.
- Remote automation and control: Devices that provide primary producers with tools to enable remote automation and control of connected assets.
- Information dashboards and network software: Information systems that accompany the installation and use of IoT hardware to support decision-making and improve productivity.
- Other: Support services to assist primary producers in enabling connectivity solutions.

Please refer to the Guidelines for the complete list of eligible equipment.

REPLACE the WASTE PLANNED BANS

1 September 2024

South Australia is taking the next step of a phased and manageable move away from single-use plastics, further enabling all South Australians to replace the waste by avoiding single-use plastics and adopting reusable and compostable alternatives. It is planned that the following items will be banned and restricted from **1 September 2024.**

PLASTIC BARRIER BAGS

These will be phased out, enabling the market to switch to compostable alternatives, certified to Australian Standards for compostability [AS4736-2006 and AS5810-2010], aligning with and supporting our state's efforts in recovering food waste from households.

THICK SUPERMARKET OR BOUTIQUE-STYLE PLASTIC BAGS

There are alternatives for these and the timing of this ban allows retailers to source alternatives and inform customers.

EXPANDED POLYSTYRENE (EPS) CONSUMER FOOD AND BEVERAGE CONTAINERS

Expanded polystyrene cups, bowls, plates and clamshell container were prohibited from sale, supply and distribution in South Australia on 1 March 2022. **Other expanded polystyrene (EPS) consumer food and beverage containers** in the market (e.g. gelato tubs) will be removed and complete the approach intended for this type of plastic. EPS trays used for meat, fruit and other food items for retail sale will be phased out.

PLASTIC CONFETTI causes preventable damage to the environment and will be phased out in South Australia. The interpretation of what constitutes confetti will be defined in regulations to follow.

BALLOON STICKS/TIES will be phased out.

PLASTIC BREAD TAGS can be replaced with non-plastic alternatives, as has already been introduced by at least one major bread producer.

SINGLE-USE PLASTIC BEVERAGE CONTAINERS (INCLUDING COFFEE CUPS)

offer convenience for consumers, but these items and their attachments (such as lids and beverage plugs) have limited recovery and recycling pathways, creating confusion for consumers. In order to tackle plastic pollution, business and industry **must transition to more reusable and certified compostable cups,** lids and beverage plugs.

SINGLE-USE PLASTIC FOOD CONTAINERS

Fibre and other certified compostable, or non-plastic recyclable or reusable alternatives can replace single-use plastic food containers with various alternatives already available and in use.

For more information visit replacethewaste.sa.gov.au

Use Alternatives

For information on reusable and compostable alternatives visit: www.replacethewaste.sa.gov.au/alternatives

Government of South Australia

HEALTHY MEN, HEALTHY MASCULINITIES, HEALTHY COMMUNITIES

The Men's Table is a preventative men's mental health and community-building initiative, providing a simple, low-cost, grassroots approach. It helps men build meaningful male friendships by creating safe places to share, overcoming the stigma that "men don't talk".

What we are about

Our vision is Healthy Men, Healthy Masculinities, Healthy Communities. The Men's Table enables adult men to meet on a monthly basis with the same group of men to share a meal and talk openly about their feelings, and the highs and lows that are impacting their lives and well-being.

It's healthy to show emotions and share feelings. When men have an opportunity to do this, they build relationships which can strengthen the resilience of the whole community.

Why we exist

The Men's Table hypothesis is that fostering social connection through participation in a Table is a preventative enabler of men's mental health and emotional wellbeing. The simple model is based on regular interaction between men in an environment in which meaningful conversation and mutual support are expected and role-modelled among members.

GET FOOD IN YOUR BELLY AND STUFF OFF YOUR CHEST

A safe space for men to chat about their life over dinner once a month.

Wirulla Sports Complex,
Tuesday 1st Oct, 6 - 8pm.

Streakers at Port Lincoln

Following a preview at the Streaky Bay Hotel on July 21st The Streakers of Poetry Bay, Nick Carroll, Scott Mepham, and Jesse Giles, took their latest show, “No Worries”, to Beer Garden Brewing, Port Lincoln, on Saturday July 27th. It was a cold night, there were numerous sporting events to compete with, and the cost-of-living crisis hits entertainment before most things. However around 20 people turned up and gave the distinct impression that they enjoyed the show, even purchasing some of our ‘merch’ — poetry cards and books. The Beer Garden is a great venue, and the staff were all warm and welcoming.

Following their successful showing at The Institute back in February, The Streakers had gathered to consider what possibilities and opportunities might emerge. It takes many hours of work to put on an original one hour show and a single performance is hardly a good return for all that effort. All shows benefit from honing through performance and any number of people expressed regret at missing it. What emerged from our discussions was the notion that to reach the widest possible audience on the Eyre Peninsula, a more portable flexible format would be the best strategy. And a more evenly balanced collaboration to optimise the talents of the three Streakers was part of the new concept. Hence the birth of “No Worries”.

One of The Streakers, Nick Carroll, has been invited to perform at the Coriole Winery in McClaren Vale on September 7th. The event is an annual celebration of wine, food and poetry which began in 2005, and is called ‘Poets Pasta and Pavlova’. Nick will be in the distinguished company of well-known SA poets/writers, Peter Goldsworthy, Sharon Kernot and Caroline Reid. Nick is also working on an anthology with equally recognised poet, editor, publisher Jude Aquilina.

The Streakers are very grateful to have received another grant from the Hotel and this will enable us to continue development towards our goal of playing as many pubs, clubs, community halls and events as possible into the future.

Dementia Support Pharmacist

Empowering dementia care: enhancing medication understanding and quality of life

Our Dementia Support Pharmacist program funded through Country SA PHN is dedicated to transforming dementia care across community, home settings, and aged care facilities. We specialise in fostering understanding, trust, and confidence in medication management among clients, families, and healthcare professionals.

Why Choose Our Services?

Comprehensive Medication Management: Our pharmacists provide expert guidance on medication usage, adverse effects management, polypharmacy, and compliance to ensure optimal treatment outcomes.

Personalised support: Through both face-to-face and telehealth consultations, we empower clients and families with tailored education, symptom management strategies, and advanced care planning, promoting independence and quality of life.

Collaborative care: We forge strong partnerships with specialised nurses, general practices, and aged care facilities, establishing local networks that enhance communication and streamline healthcare delivery.

PSA Connecting Pharmacists

Enhanced quality of life: By reducing hospitalisations and supporting end-of-life care, we enable clients to live well with dementia in their preferred environments for longer periods.

Free service across regional South Australia: Our program offers a no-cost service to anyone diagnosed with dementia, regardless of age, throughout regional South Australia. We provide comprehensive symptom support, medication management, and education, with a focus on palliative care when needed. This service extends not only to clients living with dementia but also supports families and associated healthcare professionals in their caregiving journey.

Building trust and confidence: Our approach prioritises building lasting relationships and support networks, facilitating seamless communication between clients and healthcare providers.

Your partner in Dementia Care: Whether you're a family member seeking clarity on medications or a healthcare professional looking to enhance patient outcomes, our Dementia Support Pharmacist is here to support you every step of the way.

Contact us today to discover how we can optimise dementia care together. Email **dementiasupportpharmacist@psa.org.au** or phone **08 7079 8600**.

OCCASIONAL CARE

@ Streaky Bay Children's Centre

WHAT IS OCCASIONAL CARE?

Occasional Care is for children aged 12 months to kindergarten age & is a delightful break for parents/caregivers, providing a 3-hour 'now and then' childcare session. It gives parents/caregivers the chance to attend appointments, engage in activities, or simply take a well-deserved break while their child/ren are in good hands. It's also a great opportunity for your little one to have fun, learn, and socialise with peers & educators in a nurturing and safe environment.

SA Ambulance Service

GET TO KNOW THE TEAM...

JASON HABEL - VALUED TEAM MEMBER

Enjoys spending time with his family

How long have you been involved in SA Ambulance?
I have been a SAAS volunteer for 15 years
Proudest moment in SAAS
My proudest moment was getting my 1st ROSC (return of spontaneous circulation) after doing CPR and knowing that the skills we are taught just saved that very persons life.
What is something the Community might not know about SAAS
SAAS teach you life saving skills that you will have etched in your mind forever.

ANDREW LOCK (LOCKY) - VALUED TEAM MEMBER

Lives in Kimba but works in Streaky Bay, and volunteers on both towns rosters

How long have you been involved in SA Ambulance?
I joined up in February 2023, but I started attending training to see what it was like in December 2022 before I committed to it.
By May I was driving the ambulance for my team in Kimba. In July 2023 my job took me to Streaky Bay and by August I met this awesome team and started going on roster with them
Proudest moment in SAAS
For me, Its every time I come home from a call out and my kids see me in my uniform and ask me "Did you help that person, Dad?".
I proudly respond, Yes i did!
What is something that the Community might not know about being a SAAS volunteer?

- We train once a week so it does not take up lots of your family time.
- There is usually 2 people on every shift (lots of times there's not so we need help and more volunteers)
- We also cover other towns if they didn't get a full roster (so the more volunteers the better)

Courtesy Bus

The Streaky Bay Hotel Courtesy bus is a service provided by the Hotel for Patrons of the Hotel wishing to enjoy meals and drinks without a concern about drink driving. There is no charge for this service. Our ability to run the service is dependent on the availability of a Staff Member to drive.

To request a pickup phone 8626 1008

- The bus is usually available from 4pm daily
- Bookinds must be in by 5pm
- Caravan Park pick up times are :
  -Islands - 5:30pm
  -Foreshore - 5:45pm
- The bus is NOT available between 6pm & 8.30pm due to dinner service
- The Bus can be requested at anytime outside these hours and if a driver is available, we will pick up.
- Co-ordinate return ride with the Duty Manager in the Front Bar
- For our Flying guests, we are happy to pick up from the Streaky Bay Airstrip, prior notice is appreciated.

BARWELL BOYS 1922-1924 AND LITTLE BROTHERS 1927

LUNCH IN CUMMINS HOTEL
FRIDAY, 27TH SEPTEMBER, 2024 at 12:00

To celebrate and remember the part played by the Barwell Boys and Little Brothers who emigrated to South Australia as part of the Barwell Boy Farming Apprenticeship Scheme from 1922 - 1924 to replace farming men lost in World War 1. It was for lads aged 15 to 18 years from the United Kingdom and was followed by the Little Brothers Scheme in 1927. A total of 1440 boys emigrated and we acknowledge the sacrifices that they made to assist with the development of our early South Australian Agricultural Industries. Many came to Eyre Peninsula. This lunch is open to anyone interested in local and South Australian History. You are very welcome to come along. Please contact Beth on 0428 564 337 if you would like to attend.

STREAKY BAY & EYRE PENINSULA

Our help is in the name

of the Lord

who made heaven and earth.

Call upon him now.

Call upon him while you

have been given this time.

The end is when you have

let time slip by without

calling upon the Lord.

Peter Jans
