STREAKY BAY MOTOCROSS CLUB

Streaky Bay Motocross Club Opens the Gates to the Community

After years of planning, hard work and determination, the Streaky Bay Motocross Club has officially reached a major milestone, with the completion of its new motocross track by Full Throttle Earthworks.

The club recently held its first open track walk for the Streaky Bay community, and the turnout exceeded all expectations. Families, riders, locals and supporters came together to see firsthand what has been built for the future of motocross on the Eyre Peninsula.

Adam from Full Throttle Earthworks completed a demonstration lap during the afternoon, giving the public a look at the flow and safety of the track and showing that it has been designed for everyone — from junior riders and beginners right through to elite-level competitors.

One of the highlights of the day was watching Adam's young daughter, Rose, complete a lap on her little PW50 around the junior development track. It was a perfect example of what the club is really trying to create — a safe, welcoming and family-friendly environment where kids can learn, grow and simply enjoy riding motorcycles.

The club has also built a separate junior and development track aimed at riders of all ages and skill levels. Whether you are young or old, brand new to riding or simply wanting to give it a go for the first time, there will be a safe place to learn the skills and confidence needed to ride a motorcycle.

And while the kids are riding, the parents won't be standing still either — many will be running around the track chasing their little riders, making it just as much fun for the families watching as it is for those on the bikes.

The Streaky Bay Motocross Club first became affiliated in 2022, and after several years of work, fundraising, planning and volunteer effort, the vision is finally becoming reality.

But for the club, this project is about far more than just building a motocross track.

The committee is focused on creating something different — a welcoming, family-friendly environment with absolutely zero ego. The aim is to create a space where people from all walks of life can come together, enjoy the sport, support each other and build something positive for the region.

STREAKY BAY MOTOCROSS CLUB CONTINUED...

The club hopes the facility will become a place where local youth can get outdoors, away from screens and involved in something hands-on and meaningful. Whether it's riding bikes, helping maintain the track, learning skills, volunteering or simply being part of a healthy community environment, the focus is on giving young people a safe space and a sense of ownership and pride in something built for their future.

The track itself will continue to evolve and develop over time, with the goal of building and maintaining a high-standard motocross facility that Streaky Bay and regional South Australia can be proud of.

The future of the Streaky Bay Motocross Club is just getting started, and the club looks forward to welcoming riders and families of all ages and skill levels as the project continues to grow.

PETER IRVINE TRAIL – RENAMING

On Sunday 17 May, Council was proud to officially rename the boat ramp walking trail to the Peter Irvine Trail in recognition of Peter's dedication and contribution to the District Council of Streaky Bay and its community.

Peter devoted almost 25 years of service to Council, leaving a lasting impact through his work, leadership, and commitment to improving our district. As shared by former Councillor Trevor Gilmore, Peter played a key role in helping bring the walking trail project to life in the late 1990s, supporting the vision for a trail connecting the boat ramp to town.

The District Council of Streaky Bay sincerely thanks Peter's daughter, Kasia Buckley, for sharing a few words on the day and attending with her family.

This renaming is a fitting tribute to a man whose impact will continue to be remembered for years to come.

The sign and distance markers were made using recycled Streaky Bay Jetty timbers.

MENS SHED

What a May it has been for the shed.

On the 1st of May we had David Coombs from South Australia Ambulance Service (SAAS) come and demonstrate the use of a defibrillator to our members. He also did a hands-on session on how to perform CPR.

David encouraged most members there to have a turn on a mannequin. Both sessions were very good with good member attendance / participation.

Then on the 8th May we had a returning Streaky Bay Shed member in Bradley Eckert and his father Graham. Bradley is 36-year-old who has William Syndrome a rare genetic developmental disorder. It is always great to see Bradley and Graham at the shed while here for the Whiting carnival.

MENS SHED CONTINUED...

While at the shed this time Bradley made a serving board and with the help of John Thomson put an engraved label on it that read "manufactured by Bradley at the Streaky Bay Men's Shed" See picture below.

Jim Petty has made a carry case for a lady that wants to store / show pictures in. See pic below.

Our shed also got a favourable write up in the Kindergarten newsletter. This was to do with the project we did where we replaced the floor around the cubby house and fixed up an old table.

Members have been busy making bird nesting boxes (Mick Taylor/John Lelifeld), fish scalers (James Cash), some playing card holders (Jim Petty/Wayne Miller) and some mirrors (John Lelifeld) for sale in the craft shop. Check out our stall there. Peter Elyward has turned up some sticks used to turn squid tubes inside out. See pic
The 15th of May saw Rob Fiebig serve up yiros. Very tasty thanks Rob. We also had a returning member in Robin Bodycomb and wife Christine drop in. Robin had a small project he wanted to do.

Thanks to Jim Petty, Wayne Miller and Brian Arnold the front veranda and grounds around the shed are looking a lot neater. Thanks to Jeff Kenny our grass and the grass around the Community garden is looking great. Jeff spent a couple of hours on the ride on then whipper snipping the area. Well done, Jeff.

We at the Men's Shed would like to thank the Bay Community Op Shop for their grant of $800 that is going towards new filter systems on our dust extractors. These filters will make for a cleaner/healthier workshop environment.

With the colder weather approaching we have bags of kindling for sale at $2 per bag.
The Men's shed is open each Friday between 9.00am and 3.30pm if you want to collect any bags.

Community News

STREAKY BAY CHILDREN'S CENTRE UPDATE

In term 2 we welcomed new children and their families Leo, Noa, Dougie and Daisy to kindy and Kye, Franklin, Oliver and Gus to Occasional care.

Some exciting developments have happened over the holidays. Our flagpoles, that we purchased with a council grant, have been erected by the District council of Streaky Bay. Also, in the backyard the cubby has new veranda decking. The old one was getting dangerously worn and the men's shed offered to replace it. It looks positively amazing; they also repaired one of our beautiful wooden tables. We are very grateful for the support of both organisations as we couldn't have done this without their help. What an amazing community we have.

We are having an official raising of the flags ceremony in Reconciliation Week on Wednesday 27th May at 10am for morning tea, we would love community members to attend. The theme for 2026 is "All In", a call for all Australians to commit wholeheartedly to reconciliation every day. It emphasizes that reconciliation is not a spectator sport and requires active participation from everyone, not just Aboriginal and Torres Strait Islander peoples. Pop it in your calendar.

If your child has or is about to turn 3 registrations of interest for universal 3-year-old preschool for the Term 3 2026 and Term 1 2027 intake at SBCC is now open. Please give us a call or drop in for a registration of interest form.

Occasional Care has some spaces on Monday's and Wednesdays, please give us a call or drop in if you would like your child to attend.

Playgroup is on every Friday of school term at 9:30am for a gold coin donation. Come for a play.

We are looking forward to a term filled with curiosity, growth, and connection. Thank you, as always, to our community for your ongoing support and partnership—it makes a meaningful difference to the experiences we provide for your children.

PROBUS

We were very pleased to welcome 6 new members at thursdays meeting. Pam Pudney, Jenny Veater, James Cash, Meryl Burden, Marie Hood, and Jackie Campbell. The President presented them with their badges and read the Principles of Probus (Fun, friendship and Fellowship).A round of applause followed.

We then invited our guests speaker to take over. Ben Simpson who is on the garden team member for Council. He is very busy man with tree planting, watering and monitoring and researching any sick trees around. His enthusiastic attitude got everyone very excited and many questions were asked. Before Ben came here 23 months ago, Ben had been working for many other large Councils and holds several certificates in aboriculture, horticulture , and land management. He showed us several slides of what his work entails. From giving trees injections to keep them surviving to mowing our vast lawn areas to never ending poisoning of Gazanias. It is always great to hear whats happening in our town.

Community News

ST AUGUSTINE'S NEWS

The 24th of May was our latest major celebration. We celebrated Pentecost (The Coming of the Holy Spirit to the Church), along with the whole of the Anglican Church Worldwide. The photo shows St Augustine's, ready to celebrate Pentecost. There was even a little sunshine to add to our celebration!

Our main function for June will be hosting "The Grace Conference" in our Hall. This will take place on June 20th. All ladies seeking some spiritual refreshment are welcome. If you are feeling tired, worn out or disconnected feel free to join us. Alternatively, if you would like to just spend some time with God or other Christian ladies, please come along. You will be welcome!

To buy a ticket to this event, go to "The Grace Conference" website and purchase a Rural Hub ticket for $10. A light lunch will be served.

If it is difficult to order your ticket this way, please do not hesitate to phone Rev'd Christine Woolner on 0407033257 Everyone is welcome – you don't have to belong to a church to attend.

We have been undertaking some grounds beautification work in recent months. On Saturday, May 23, we planted a few trees in the grounds of the church to replace some lost over the years. While these new trees are little and 'cute', hopefully they will grow like the others!

STREAKY BAY NATIONAL TRUST MUSEUM

Chairperson Sandy has applied for donations from a number of local organisations towards the repairs to Chimneys. Quote is $33,200.

We were able to give vouchers to two local ladies who were out of time & wanting to return on another day.

Wendy is looking to work with the kindy doing a puppet demonstration.

AGL doing upgrade & will be installing a digital meter on 27th May.

Two volunteers attended the National Trust Regional meeting at Cowell. A very interesting day. Each Museum represented gave an annual report. We had an online Zoom meeting with Laura Evans, regional advisor. (some of the presentation was difficult to hear due to her travelling in a car) However, there is much information we need to follow up, including importance of every volunteer completing registration form for insurance purposes, also Working with Children & Police Checks. You may have seen in the media news regarding Moonta Museum. Laura provided us with an update.

Listed are some 'Deaccessioning' instructions:
· Does the item tell a story?
· Return to donor or rehome to another owner eg another museum
· If resold, reinvest to the museum
· Not a good idea to be done by one person alone

Security of Firearms will be looked at again.

2027 Regional meeting scheduled for Ceduna.

New 'WELCOME' sign being designed for the front entrance.

Advanced planning – ANZAC Day 2027. Discussion re opening from 12-3pm for people to come after the ANZAC march to see our War History memorabilia.

Maintenance team still looking for volunteers on Tuesday mornings.

Descendant of 'Oscar Williams' (originally lived at Cape Bauer) came in looking for family history.

We have many 'History' books on display to help people look for ancestors.

John Starkey & Neil Humphrey Morgan continue to post photos on Eyre Peninsula Yarns & History Face Book page. Very interesting.

Next Meeting 13th July 9.30 am. All Welcome

Community News

INDOOR BOWLS

Three games of indoor bowling every Wednesday afternoon, all equipment supplied, the only requisite is players wear flat soled shoes.

This is the rule for the Streaky Bay Indoor Bowling Club. Visitors and beginners are welcome to join in the afternoons friendly bowling exercise. A recent bowler to join the club membership is Betty Kammerman.

On any Wednesday when play is in progress first time bowlers may look upon the scene in the clubhouse as utter confusion and disorder. There are bowlers walking every which way, others sitting comfortably on chairs, there are shouts of “good bowling “, shrieks of “off the mat “, a skipper calling “ bowl this way” etc. All the noise is part of the activity and enjoyment of the game. It is organised chaos.

Seldom the afternoon concludes with one team winning all three games. This brings a shot count into the equation.

However on 29/4, 6/5, 20/5 there was a clear 3game winner, see below. On 13/5 a shot count between two teams brought up totals of 24 to 23, only a single shot margin.

Every week the teams are made up of a mix of bowlers. A skipper one week maybe a leader, second or third the next week. All this mix is to bring together players as one comfort group.

The clubhouse has full amenities and for a $3 fee bowlers play 3 games of 8 ends and enjoy free afternoon tea (provided by club members). There is also the added fun and interest of a money card and several free door prizes (also donated by members).

In May there were birthdays for 2 club members but presentation of the customary celebration cakes was held over for a week or two. Check the Criterion next month.

Winning reams were;
Apr,29= Geof, Sandy, John, Geri (visitor)
May 6= Sandy, Lyn, Jim C.
May 13= Geof, Julie, John/ Thip/ Darryl
May 20= Raylene, Chris, Connie

HOSPITAL AUXILLIARY

A.G.M. APRIL 14TH 2026

Kerry Johnson was elected unopposed as President Heather Georgiou Secretary/ Treasurer, Coralie Walker fund raisers/ raffles. Subs to remain the same. Thanks expressed to those willing to take positions.

Approved for Brock to be approached for load of bark chips at Hospital.

Quote was given re request for catering for an agriculture event to be held in July/August.

Concern was again expressed re water problem in parking bay area at Elmhaven as sandbags were again needed and with Winter approaching it is timely to address this as a matter of urgency.

Much discussion was had re charges in so many areas of aged care and dismay felt at costs that so many are probably not even aware of. The paperwork and red tape to actually get there in the first place leaves much to be desired.

D.O.N. was unable to attend the meeting hopefully will be available next meeting.

Busy bees have been ongoing and gratitude has been expressed by many using the Hospital/Elmhaven we are very grateful to those volunteers giving their time to keep this area and Elmhaven a place to be proud of especially for the patients/ residents.

Next Meeting 15th June 2.p.m at Hospital board room.

Community News

THRIVE COMMUNITY GARDEN UPDATE

The Thrive community garden is producing, looking beautiful, and the whole space is really starting to come together! We've welcomed new volunteers, friends, and some wonderful fruit trees thanks to the generosity of supporters and donations. A shade structure is planned, thanks to Streaky Bay's The Lions Club – stay posted for more updates!

A huge thank you to the Men's Shed for all your support with the community garden fence so far, and for mowing the lawn. We truly appreciate the time, effort, and community spirit you've all brought to the project — it's already making such a difference, and we're excited to keep building something special together. Thank you again!

Regular catchups are held on Thursdays from 10:00am – 2:00pm. If you'd like to get involved but can't make a Thursday, please send your EOI to skeogh@cccsa.org.au

Do you have wooden pallets you can donate? Please email boormanpetra@streakybay.sa.gov.au

NATIONAL VOLUNTEER WEEK

During the National Volunteer Week, we acknowledge our amazing volunteers who dedicate their time and energy to supporting & connecting our community.

From lending a hand at local events to providing critical emergency services, our volunteers make a real difference every day. Their passion and commitment help make Streaky Bay and the whole district the welcoming and vibrant district that we all love.

Thinking about getting involved? Drop by the Streaky Bay Visitor Centre — we can help connect you with a volunteering opportunity that suits your interests.

Community Dates and Meetings

12th June	Granny Flaps Comedy Bingo	Games, prizes & tunes! Doors open at 6.30pm 18+ Event - Tickets at stickytickets.com.au or at the door	Streaky Bay Institute Hall

Council News

FROM THE CEO'S DESK

From the CEO's Desk: Understanding depreciation, asset values and financial sustainability

As Council moves through its annual budget process, one of the questions people often ask me is: why is Council's depreciation so high?

It is a fair question. Depreciation can appear as a large number in Council's financial statements, and it is not always easy to understand. Many people are familiar with depreciation in a business sense, where a business may buy a vehicle, computer, tool or piece of equipment and "write it off" over time.

Council depreciation is different.

For a business, many assets are purchased, used over a relatively short period, depreciated down, and then replaced. In some cases, the asset may eventually be written down to little or no value in the accounts.

Council cannot look at community infrastructure in the same way.

Council is responsible for roads, footpaths, stormwater drains, buildings, parks, playgrounds, public toilets, plant, equipment and many other assets that support daily life across the district. These assets do not simply disappear once they are fully depreciated. A road does not become irrelevant because it is old. A stormwater drain does not stop being important because it was built decades ago. A community building does not cease to have value just because it has been used for many years.

In fact, the opposite is often true.

Council assets may be getting older, but the cost of renewing or replacing them is usually going up. Materials, labour, construction standards, compliance requirements, design costs and contractor costs all change over time. This means an asset built many years ago may cost significantly more to replace today than it did when it was first constructed.

That is why Council cannot simply depreciate major community assets down to zero and forget about them.

Council has to keep asking: what condition is the asset in, how much useful life does it have left, and what would it cost to renew or replace in today's dollars?

This is where indexation and revaluation become important.

Each year, Council may index asset values to reflect changes in construction and replacement costs. Every few years, Council also undertakes more detailed asset revaluations.

FROM THE CEO'S DESK CONTINUED...

These processes help ensure Council's financial statements reflect the current value and replacement cost of the community's infrastructure, rather than relying on historical costs from many years ago.

This can feel counterintuitive. An asset can be wearing out, but its replacement value can still increase.

For example, a road built 30 years ago may have less remaining life today, but if the cost of road construction has increased significantly, the current replacement cost of that road may be much higher than its original cost. The same principle applies to stormwater infrastructure, footpaths, buildings and other Council assets.

When the value of Council's asset base increases through indexation or revaluation, depreciation can also increase. That does not mean Council has spent that money. It does not mean there is cash sitting in the bank. It means the accounts are showing the current annual cost of using up community infrastructure, based on what that infrastructure is worth today.

This often leads to another fair question: where does the cash value of depreciation go?

The answer is that depreciation does not physically "go" anywhere. It is not a payment Council makes to someone, and it is not automatically transferred into a separate bank account or reserve. Depreciation is an accounting expense that recognises the value of assets being used up each year.

However, depreciation is still very important for cash planning.

If Council raises enough income through rates, fees, grants and other revenue to cover its operating costs, including depreciation, then Council is in a stronger position to fund the renewal of assets over time. This may include resealing roads, replacing sections of footpath, renewing stormwater infrastructure, upgrading public buildings, replacing plant and equipment, or maintaining other community assets.

If Council does not raise enough revenue to cover depreciation over the long term, then the budget may still appear manageable in the short term, but Council may not be putting itself in a position to renew assets at the rate they are wearing out. This can lead to larger renewal costs being pushed into future years.

A practical example is a Council road.

If a section of road has a replacement value of $1 million and an estimated useful life of 50 years, the annual depreciation may be around $20,000.

Council News

FROM THE CEO'S DESK CONTINUED...

Council does not put $20,000 into a separate envelope for that particular road each year. Instead, that depreciation figure tells Council that, on average, $20,000 worth of that road's service potential is being used up each year.

Over time, Council needs to ensure its overall budget provides enough funding to renew roads and other infrastructure when required. Some years, Council may spend less than the depreciation amount on that particular road. In other years, when resealing, reconstruction or renewal is required, Council may spend significantly more.

That is why depreciation should not be seen as cash disappearing from the budget. It is better understood as a signal. It tells Council and the community how much of the asset network is being consumed each year and helps guide how much funding should be planned for future renewal works.

Put simply, Council depreciation is not based only on what assets cost in the past. It is often based on what those assets would cost to replace today.

This is one of the main reasons Council depreciation can be high. Council is not depreciating one vehicle, one building or one piece of equipment. Council is recognising the annual consumption of a large community asset network worth many millions of dollars.
Put simply, Council depreciation is not based only on what assets cost in the past. It is often based on what those assets would cost to replace today.

This is one of the main reasons Council depreciation can be high.

This is also why depreciation is so important for financial sustainability.

Financial sustainability is not just about whether Council can balance this year's budget. It is about whether Council can continue to provide services, maintain infrastructure and renew assets over the long term without leaving an unaffordable burden for future ratepayers.

If Council ignores depreciation, the budget may look better in the short term. But over time, roads can deteriorate, buildings can become more expensive to maintain, stormwater systems can fail, footpaths can become unsafe, and the cost of renewal can be pushed further into the future.

Depreciation helps Council and the community understand what is being used up each year. Revaluation helps us understand what it would cost to replace. Together, they give a more honest picture of the long-term cost of maintaining community infrastructure.

FROM THE CEO'S DESK CONTINUED...

This also links to an important financial measure known as the asset sustainability ratio.

In simple terms, this ratio helps show whether Council is spending enough on renewing existing assets, such as roads, footpaths, drains and buildings, compared with the rate those assets are wearing out.

A ratio of around 100% generally means Council is renewing assets at about the same rate they are being consumed over time. A ratio below 100% may suggest that Council is not renewing assets quickly enough, which can lead to higher costs, poorer asset condition or infrastructure backlogs in the future.

For example, if Council records $5 million in depreciation but only spends $2 million on renewing existing assets, that may indicate Council is not keeping pace with the rate at which those assets are being used up.

That does not mean Council must spend exactly the same amount as depreciation every year. Asset renewal is not always even. Some years require more investment than others, depending on the condition of assets, grant opportunities, project timing and community priorities.

However, over the long term, the asset sustainability ratio helps Council understand whether it is investing enough to maintain the assets the community relies on.

This is important because current ratepayers are using today's roads, drains, buildings, parks and facilities. If Council does not plan properly for the cost of renewing those assets, future ratepayers may be left with a larger and more difficult bill.

The key message is this: Depreciation is not Council wasting money. It is Council being honest about the cost of wearing out community assets over time.

Just as importantly, revaluation does not create the cost of replacing infrastructure. It reveals it.

At budget time, these figures help Council look beyond the next 12 months. They help us make informed decisions about rates, service levels, grants, borrowings, maintenance, renewal priorities and long-term planning.

Council's responsibility is not only to deliver services today. It is also to ensure the community's assets are managed responsibly for the future.

In simple terms:

Depreciation tells us what we are using up.
Revaluation tells us what it would cost to replace.
The asset sustainability ratio tells us whether we are renewing assets fast enough to keep pace.

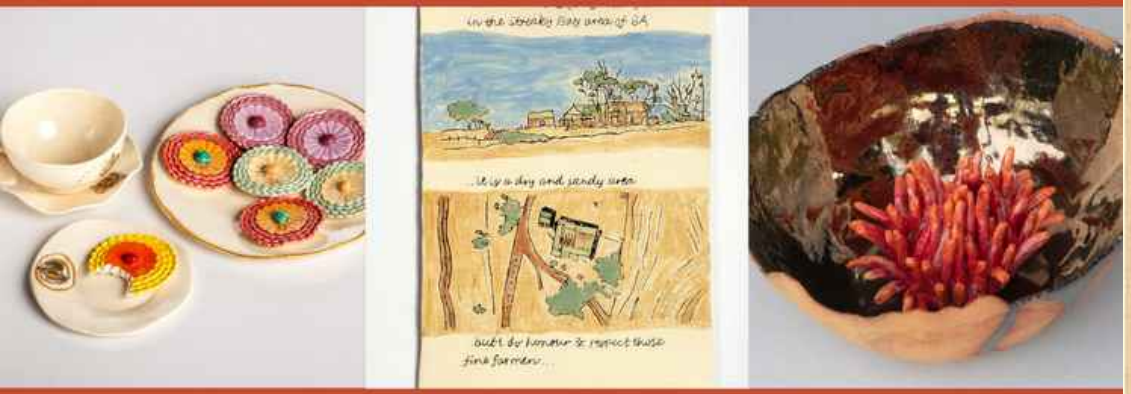

That is why depreciation, indexation, revaluation and asset renewal are central to Council's long-term financial sustainability.

Kind Regards,
Damian Carter – Chief Executive Officer

WOMEN OF LETTERS EXHIBITION

EXPLORING THE LOST AND FOUND CORRESPONDENCE OF 1947 BETWEEN DAISY BATES AND MARY NORMAN-BAIL

by Christine Goodwin

30 JUNE TO 9 JULY 2026

MONDAY TO FRIDAY
9.00 AM – 5.00 PM
Streaky Bay Visitor Centre

The chance discovery of a yellowing handwritten letter sparked a lengthy journey for artist Christine Goodwin. Her travels took her from the Far West Coast of SA chasing the elusive Sunny Brae Farm, where Daisy Bates sat down to write her letter, to Western Victoria where Mary Norman-Bail, Principal of St Andrews Path Finder School, received the letter and carefully stored it to be found some 70 years later.

In response to this correspondence Christine made ceramic flowers and plants to reflect the two women's personalities and passions.

Mary's theories about symbolism in art and the vibrations of colour inspired the exhibition's 25 part centrepiece, *Garden of Vibrations.* Other ceramic works reference the art of letter writing, locations and connections with people met along the way.

Share Our Shores Exhibition Update

Thankyou to everyone who visited Share Our Shores Exhibition whilst it was held in Streaky Bay.
The exhibition was a great success, not only has it helped raise awareness for shorebirds, it has also raised $800 from donations and the selling of cards and games.
I am currently talking with Birdlife Australia to work out how we can best use these funds to help our incredible shorebirds on the Eyre Peninsula.
The exhibition will continue to raise funds and awareness as it travels to other coastal towns on the Eyre Peninsula over the next year.

Thankyou to the District Council of Streaky Bay and Streaky Bay Visitor Information Centre for letting me exhibit Share Our Shores Exhibition at the Streaky Bay Visitor Centre.

- Zephyr Jones

Australia's
Biggest Morning Tea

Every dollar raised helps support those impacted by cancer.

When: Tuesday, 23rd June 2026
Where: Streaky Bay Supper Room

BUSY KIDS STREAKY BAY – NOTICE OF CHANGES TO HOURS OF OPERATION

When I moved to Streaky Bay nearly six years ago, one of the things that struck me was the lack of long day care options available for families in our community. This was preventing some families from moving to town and limiting opportunities for parents, particularly mums, to return to the workforce — both of which have a negative impact on business growth and workforce availability within our region. I was passionate about improving this situation and, together with friends already working in the industry, we established Busy Kids Streaky Bay. Finding 10 Mudge Terrace and transforming a building with such history into a vibrant childcare centre, with the help of our amazing local tradespeople, was a huge undertaking. Even today, stepping through our colourful front door still makes me smile.

Last year, the South Australian Government introduced its 'Flying Start' 3-year-old preschool program within the kindergarten sector. This change to now include 3 year olds within the kindergarten setting, has created significant challenges for long day care providers such as Busy Kids.

Busy Kids has always delivered high-quality preschool programming, educational content, and learning opportunities for all the children in our care. Like kindergartens, our services operate under the same national assessment and rating framework, with a strong focus on early learning outcomes and school readiness.

However, the funding and subsidies available to families attending long day care are not comparable to those offered through the kindergarten model. This imbalance has placed our service in a difficult position, resulting in a significant decline in enrolments as many families transition their children to the local kindergarten program to access the additional financial support available.

Unfortunately, we are now in a position where we can no longer sustain ongoing financial losses. As a small independent business, Busy Kids Streaky Bay does not receive government subsidies or charity funding.

Therefore, it is with regret that we advise the following changes to our operating hours:

- From Friday 22nd May, Busy Kids Streaky Bay will close at 4:30pm on Fridays.
- From Friday 3rd July 2026, Busy Kids Streaky Bay will no longer operate on Fridays.

Childcare services are, quite rightly, subject to strict regulations to ensure the safety, wellbeing and quality care of all children. Staffing requirements are determined by child numbers and age group ratios, and our current Friday attendance numbers no longer make it financially viable to remain open on that day.

We remain hopeful that, with increased permanent enrolments in the future, we may be able to revisit this decision.

Busy Kids Streaky Bay will continue to offer limited casual placements. We encourage families to discuss Child Care Subsidy (CCS) eligibility with our team, as many families may be eligible for significantly subsidised care through our service.

We sincerely thank the Streaky Bay community for its ongoing support.

Dr Victoria Bradley
Owner
On behalf of the Busy Kids Streaky Bay owners, management and staff

GLASS RECYCLING AT STREAKY BAY WASTE TRANSFER STATION

Glass is made from three raw materials: sand, soda ash and limestone. Recycling your glass bottles and jars can help conserve these materials. This glass can be recycled over and over without degrading: it's a great example of a circular process keeping valuable resources in use.

Different types of glass have different melting and cooling points, so they can't be recycled together. See below for glass that can and cannot be recycled.

Glass that can be Recycled

- **Beverage Bottles:** 10c Refund – Beer and soft drink bottles
- **Beverage Bottles:** Non Refund – Wine and Spirit bottles
- **Bottles and Jars from Foods:** Jams, spreads, pickles, sauces, coffee, oil, condiments, etc.
- **Medicine and Toiletry Jars and Bottles:** Cough syrups, vitamins, supplements, cosmetics such as lotions and oils.
- **Colours:** Clear, green, and amber (brown) glass are generally accepted

Glass that cannot be Recycled (non-recyclable):

- **Drinking Glasses and Glass Kitchenware:** Regular cups/glasses, tumblers, wine glasses, baking dishes, etc.
- **Vases and Candles**
- **Perfume Bottles**
- **Heat-Resistant Glass:** Pyrex,
- oven-proof dishes & ceramics
- **Windows & Mirrors:** Window
- pane glass, mirrors & glass doors
- **Light Bulbs & Globes:** Incandescent & LED light bulbs
- **Opaque Glass:** White opaque glass/milk glass

Important Tips for Recycling:

TIPS

- **Remove lids and caps:**
- (There is no need to remove paper labels)
- **Rinse Well:** Remove any remaining food or other contents
- **Beverage Bottle Deposits:**
- Many drink bottles are eligible for a 10c refund

DISTRICT COUNCIL OF Streaky Bay

Keep it out of your household kerbside bin: Larger items like mirrors or windows should not be placed in the household bin as they can cause damage to waste trucks. Please take to the Transfer Station for disposal (Fees apply).

Authorised by M Sherry,
Electoral Commissioner.

SHAPE your WORLD

Council Elections 2026

Enrol. Nominate. Vote.

Streaky Bay | Electoral Commission SOUTH AUSTRALIA | lga South Australia

How to enrol:

To participate in South Australian council elections—either to vote or nominate—you must be enrolled on the South Australian electoral roll (also known as the House of Assembly). Enrolment or updating details can be done quickly, but must be completed before 5pm, Friday 31 July 2026.

Who can enrol for Council elections?

Council elections allow a wider range of people to enrol compared to state elections. Eligible individuals include those on the South Australian electoral roll, non-resident owners or occupiers, sole owners/occupiers of a body corporate, landlords, and joint owners/occupiers.

Those interested in joining Council as an elected member for the District Council of Streaky Bay must be enrolled on either the State Electoral roll at an address within the District Council of Streaky Bay area or on the Council Supplementary Roll.

If you wish to vote you must be enrolled on either the State Electoral roll (House of Assembly roll) or on the council supplementary roll at an address within the District Council of Streaky Bay area.

What is the voters roll?

The voters roll is a list of all the people who can vote in an election. The voters roll for Council elections are made up of the South Australian electoral roll and Council's supplementary roll.

South Australian electoral roll

If you are on the South Australian electoral roll for the District Council of Streaky Bay area, you will automatically receive a ballot pack in October to vote in the 2026 council election.

Unsure of your enrolment status? You can check your enrolment details online (AEC website).
It is important to check if your residential and postal details are up to date on the South Australian electoral roll. If you have moved house or changed your name, you need to update your details via any of the below methods:

- online on the Australian Electoral Commission (AEC) website
- print a PDF enrolment form from AEC (you can complete the form online then print, scan and send your form to the AEC)
- call the Electoral Commission SA on 1300 655 232 to request an enrolment form mailed.

Please note that you cannot enrol on to the South Australian (House of Assembly) electoral roll or update your details over the phone or by post.

Councils Supplementary Voters Roll

If you are enrolled on the House of Assembly (State) roll but your primary residence is not in the District Council of Streaky Bay area you may still be eligible to register on the council supplementary roll if you are:

- a non-resident sole owner (a landlord of a rateable property), or a non-resident occupier (tenant) within the District Council of Strealy Bay
- an owner or occupier of an organisation or business
- an owner of a holiday home
- a group of owners or occupiers of rateable property.

As required by Legislation, Council's supplementary roll was purged on 1 January 2026. All landlords, business lessees and property owners were removed from the council voters roll and therefore must re-enrol to be able to vote using the appropriate forms, which can be found on the **District Council of Streaky Bay website: www.streakybay.sa.gov.au**

PAWS UP!

Dog and Cat Registration Both Now Mandatory

Dog and cat registrations for 2026/27 will be available for processing through Dogs and Cats Online after 22nd June 2026. While you can register your dog or cat early you will not receive your Renewal notices before Wednesday 1 July 2026.

CAT REGISTRATION IS NOW MANDATORY within the Streaky Bay council area from 2026/27

As in prior years, registrations for dogs and cats must be completed before 31st August 2026.

- Every dog and cat over 3 months of age must be registered.
- All dogs and cats born after July 2018 are required to be desexed before they are 6 months old or within 28 days of possession. Exemptions do apply.
- All dogs and cats are required to be microchipped prior to 3 months or within 28 days of possession.

Registration fees for dogs have not changed from the previous year.

Registration fees for cats are:

- $5 for standard cats (microchipped and desexed).
- $20 for non-standard cats (not microchipped and/or desexed).
- Concession holders will pay $5 (standard) and $10 (non-standard).

Council partners with the Dog and Cat Management Board and the National Desexing Network to offer owners a heavily discounted rate of $50 to have their cat desexed (conditions apply). Contact the council office for more information.

Dogs and Cats Online (dogsandcatsonline.com.au) is the statewide online system used by all South Australian councils for dog, cat and breeder information. By registering your dog and cat you are helping to keep your pet safe, and our community safe and pet friendly.

Registration only takes a few minutes and can make all the difference for us to re-unite lost pets with their families.

Thank you for your co-operation.

Draft Annual Business Plan and Budget + Fees & Charges for 2026/2027

Notice is hereby given that the District Council of Streaky Bay has prepared the Draft Annual Business Plan and Budget + Fees and Charges for the financial year 1 July 2026 to 30 June 2027.

Copies of the Draft Annual Business Plan and Budget + Fees and Charges for 2026/2027 are available on the Council's website at www.streakybay.sa.gov.au or by contacting the Council Office. Any person wanting to make a submission on the Proposed Annual Business Plan and Budget must lodge their submission by **5.00pm on Friday, 12th June 2026.**

We want your Feedback

- **Email:** dcstreaky@streakybay.sa.gov.au
- **Post:** PO Box 179, Streaky Bay SA 5680

Note: submissions are made available to the public in full (including any personal information).

Any person making a submission is entitled to request (in the submission itself) to be heard in support of the submission.

All submissions will be received, heard and considered at the Councils Ordinary Meeting on Tuesday, 16th June 2026 in the Council Chambers, 29 Alfred Terrace, Streaky Bay starting at 9.30am - 10.30am. If no submissions are received, Council will consider whether to amend the or adopt the Budget.

Damian Carter
Chief Executive Officer

DISTRICT COUNCIL OF Streaky Bay

EXPRESSIONS OF INTEREST

Purchase of Batteries

Council is seeking Expressions of Interest (EOI) from persons interested in purchasing batteries (and other recyclable items) that are disposed of and then stored at the Streaky Bay Transfer Station.

Expressions of Interest must include:

- Business Details (including any licencing requirements for certain items)
- Recyclable Item
- Purchase Price (per Item)
- Minimum Frequency for Collection (e.g. monthly, etc)

Expressions of Interest can be forwarded to the District Council of Streaky Bay

- **Post –** PO Box 179, Streaky Bay SA 5680
- **Email –** dcstreaky@streakybay.sa.gov.au
- **In person –** 29 Alfred Terrace, Streaky BaySA 5680

Expressions of Interest must be received by close of business (5.00pm) on Friday 26 June, 2026

For further information regarding the Expression of Interest please contact Waste Services Team Leader, Michelle Hutchison on 08 8626 1001.

RURAL PROPERTY ADDRESSING

We need your help!

Is your sign faded, disappeared or you don't have one?

Your assistance in keeping these signs visible, clear of vegetation and legible, will help our emergency services and other service providers find your property!

It has become apparent there are many illegible signs that may potentially impede the time our emergency services will take to find your property! Give them a hand and ensure your sign is clearly identifiable!

It is the property owners' responsibility to ensure property address signs are maintained, including the cost to replace.

If you need your sign replaced please contact the Council Office.

Got a question? Call 08 8626 1001 now! Don't waste valuable time!

THE WEST COAST JUSTICE GROUP NEED YOUR HELP.

The West Coast Justices Group is urgently seeking more volunteer Justices of the Peace (JPs) to serve our local communities across the West Coast — including Streaky Bay, Wudinna, Ceduna, and surrounding areas.

Due to the vast size of our region and a decline in available JPs, many residents are experiencing long delays and travel times just to access essential witnessing and certification services. Our small but dedicated team of JPs is stretched thin — and **we need your help.**

HELP SERVE THE COMMUNITY BY:

- Witnessing documents
- Verifying identity documents
- Taking Affidavits and Statutory Declarations
- and much more!

A Seasonal Guide for Streaky Bay Gardeners

May in Streaky Bay brings cooler days, softer light, and the real arrival of autumn. While temperatures are dropping, the soil still holds warmth from summer and recent rains — creating excellent conditions for steady growth. It's a productive, slower paced month focused on establishing crops and maintaining garden health heading into winter.

What to Plant in June

June in Streaky Bay settles into a true winter rhythm, with cold mornings, shorter days, and regular rain showers across the district. After a wetter than usual autumn and a chilly start to the season, gardens are benefiting from excellent soil moisture, although growth has naturally begun to slow.

Winter may feel quieter in the garden, but it's an important month for establishing strong roots, improving soil, and maintaining healthy winter crops.

What to Plant in June

Cool-season vegetables continue to perform well in June conditions:

- Brassicas: broccoli, cauliflower, cabbage, kale
- Leafy greens: spinach, silverbeet, rocket, lettuce
- Root crops: carrots, beetroot, turnips, parsnips
- Alliums: onions, garlic, leeks, spring onions
- Herbs: parsley, coriander, chives

Tip: Choose the sunniest position possible during winter to maximise warmth and growth.

Working With Winter Conditions

Recent rain has left many gardens with good deep moisture:

- Reduce watering frequency and check soil before watering
- Avoid compacting wet soil by limiting foot traffic in garden beds
- Maintain mulch to protect soil from heavy rain, weeds, and cold winds

Tip: Even if the surface appears dry, soil underneath may still be holding moisture from earlier rain.

Planting Trees and Natives

Winter is one of the best times to establish trees and native plants:

- Cooler weather reduces stress on young plants
- Damp soil supports strong root growth
- Plants can settle in before spring growth begins

Reliable coastal choices for Streaky Bay include:

- Westringia (coastal rosemary)
- Grevillea
- Correa
- Eremophila

What to Prune in June

- Fruit trees: begin pruning deciduous trees once dormant
- Roses: winter pruning can start late in the month
- Perennials: remove old or damaged growth
- Herbs: harvest lightly to avoid slowing recovery

Avoid pruning during very wet weather to help prevent disease spread.

Gardening for Wellness

Winter gardening offers a slower and more peaceful pace:

- Fresh air and gentle outdoor activity support physical and mental wellbeing
- Cooler conditions make gardening comfortable during the middle of the day
- Tending winter crops encourages patience and routine during quieter months

Even small gardening tasks can help create calm, connection, and a sense of purpose throughout winter.

For more information on the wellbeing benefits of spending time in nature, visit the Preventive Health SA website.

Eyre Peninsula Landscape Board News

Staff have recently sent letters and Gazania fact sheets to landholders on the fringes of the Streaky Bay township regarding the management of Gazania on their properties.

The Eyre Peninsula Landscape Board, in partnership with the District Council of Streaky Bay, will be undertaking roadside Gazania control works in the coming weeks and months. All landholders are required to control Gazania as it is a declared pest plant under the ***Landscape South Australia Act 2019.***

Landholder cooperation will help maximise our collective effort to reduce the spread of this pest plant, supporting the broader regional Gazania control program from this pest weed. While Gazanias remain common within townships, current regional management efforts are focused on outlying infestations in outer sub-developments, along roadsides, agricultural land, and nature reserves with the aim of drawing infestations back toward township areas. This allows a practical and sustainable long-term control program that protects and enhances our natural landscapes and agriculture industry.

Now is the best time to control Gazania - protect your patch and remove all Gazania on your property. You will enhance your property while reducing the spread of seed which will help your neighbour, our farmers and our environment.

Biosecurity and seed transfer

Those of us lucky enough to work in the EP could unknowingly spread pest plant seeds from place to place. Most invasive weed species are prolific seeders, with seed heads often small and light enough to be moved around long distances by wind, outcompeting natives and invading precious cropping land.

LANDSCAPE SOUTH AUSTRALIA EYRE PENINSULA

Seeds hitch a ride in equipment, clothing and vehicles, making our job of managing, controlling or eradicating weeds much more difficult. Some simple planning, checks and cleaning of equipment will ensure you are reducing the risk of spreading pest plants from a known infestation to somewhere new.

Preventing weed spread - what can I do?

Ensure vehicles and equipment are clean before entering a new site, stay on tracks and avoid areas of high-risk or known infestations. If unavoidable, plan a route from areas of low infestation to areas of high infestation.

FLAVOURS OF STREAKY BAY!

Each month, The Criterion will be featuring recipes from one of our locals. We hope to eventually build a recipe book that showcases the best of Streaky Bay! The recipe can be anything you love to eat, from a sauce to a sweet! Please email all your recipes to info@streakybay.sa.gov.au

Sunny's Chicken & Corn Soup

Ingredients

- 4 cups (1 litre) chicken or vegetable stock
- 1 can creamed corn
- 1 can corn kernels, drained
- 3 tsp soy sauce
- 1 tbsp sweet chilli sauce
- 2 tbsp Chinese cooking wine
- 2 tsp grated ginger
- 2 garlic cloves, finely chopped
- 2 tsp cornflour, mixed with a splash of cold water
- 2 eggs, whisked
- 2 cups shredded cooked chicken (a supermarket roast chook works perfectly)
- Salt and pepper, to taste
- 4 spring onions, sliced
- Drizzle of sesame oil

Instructions

1. Place the broth, creamed corn, corn kernels, soy sauce, sweet chilli sauce, Chinese cooking wine, ginger, garlic, and cornflour mixture into a saucepan over high heat.
2. Bring to the boil, then reduce heat to medium. Stir occasionally and simmer for 5 minutes, or until slightly thickened.
3. Season with salt and pepper to taste. Turn off the heat and slowly pour in the whisked eggs while stirring gently to create egg ribbons throughout the soup.
4. Stir through the shredded chicken and half the sliced spring onions.
5. Finish with a drizzle of sesame oil and garnish each bowl with the remaining spring onions before serving.

Phil's Self Saucing Chocolate Pudding

Ingredients

Pudding Batter

- 1 cup self raising flour
- 2 tbsp cocoa powder
- 1/2 cup caster sugar
- 1/2 cup milk
- 60g butter, melted
- 1 tsp vanilla extract

Sauce Topping

- 1/2 cup brown sugar
- 2 tbsp cocoa powder

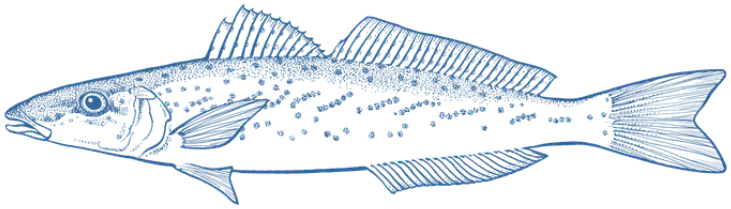

To Pour Over

- 1 1/4 cups boiling water

Instructions

1. Preheat oven to 180°C). Lightly grease a medium baking dish.
2. In a bowl, mix the flour, cocoa powder and caster sugar. Stir in the milk, melted butter and vanilla until smooth.
3. Spread the batter evenly into the baking dish.
4. In a separate bowl, combine the brown sugar and extra cocoa powder. Sprinkle evenly over the batter.
5. Carefully pour the boiling water over the back of a spoon onto the pudding mixture. Do not stir.
6. Bake for 30–35 minutes until the top looks cooked but the sauce is bubbling underneath.
7. Let stand for 5 minutes before serving.

Serve warm with vanilla ice cream, cream, or custard.

JOB VACANCY

District Council of Streaky Bay

Information Systems and Records Management Officer
1 Year Contract - Part-time

The District Council of Streaky Bay is seeking an interested applicant who would like to join our team as an Information Systems and Records Management Officer.

The successful applicant is required to be energetic, motivated and have a high level of work ethic who can show that they can communicate, guide, and implement programs and solutions within the organisation.

The applicant must be able to work within a diverse workforce, contribute and align with Councils strategic vision and pillars. A Position Description can be obtained from the District Council of Streaky Bay Office or via the Council website www.streakybay.sa.gov.au.

Applications should include:

- Cover Letter: Addressing key responsibility areas and the skills and knowledge section of the Position Description, outlining relevant experience.
- Resume: including details of two current referees.

Closing date is 5:00pm on Friday, 26 June 2026.

Please address applications to the General Manager of Business, PO Box 179, Streaky Bay SA 5680 or email hrstreaky@streakybay.sa.gov.au and clearly mark with Information Systems Records Management Officer.
