INDOOR BOWLS

A triples team has scored the maximum 8 shots on one end. This ultimate score has not been achieved at the S.B.I.B.C. weekly competitions since 5/7/23.

A team sometimes will win 6 shots, even 7 but to score with all 8 bowlers is indeed an ultimate score.

However on 23/10/24 the triples team of Shirley, Marlene and John did combine to win 8 shots on the 5th end of the last game on mat3. see photo There was so much excitement the team nearly forgot to note the achievement on the scoreboard!

October 23 was a good day for the club. There were 20 bowlers including 2 visitors, the weather was mild and sunny, everyone was happy, lots of friendly chatter, a door prize to be won, wonderful afternoon tea and of course the usual chocolate distribution.

A few weeks previous, club secretary Julie Wild celebrated her birthday (26/9) with a strawberry and cream decorated cake. see photo

Festive season plans for the club are well in hand. The party lunch is scheduled 11/12 in the Streaky Bay Hotel and already president Bev.White and vice president Gay McCarten have the menu on display in the clubhouse for members to note their choice.

Winning teams were =
Sept.25= Darryl, Sandie
Oct. 2= Sandie, Gay, Paul
Oct. 9= Roz, Paul, Thip
Oct. 16= Geoff, Thip, Joylene, Nicki
Oct. 23= Gay, Geoff, Lena (visitor)

PROBUS

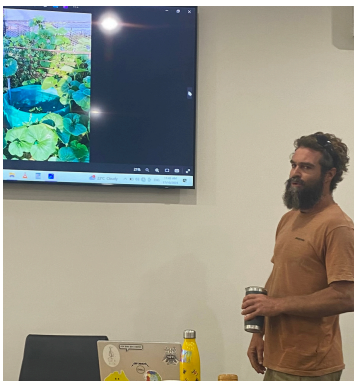

Heath Joske was very well received at our Last Probus meeting. He created much interest in his gardening techniques. Recycling lots of interesting things to create his healthy organic Garden. He uses old fishing nets, to cover and protect trees. And a water collection point out of old corrugated iron. We were very impressed by his work, even having a hand in building his families stone home.

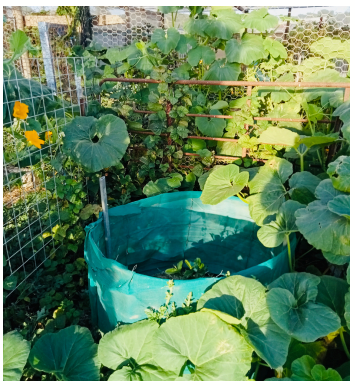

Heath is also an Ambassador for Patagonia and Yeti through his surfing career. He was in a group who went to Norway to represent the 'Fight for the Bight campaign'. And they won! Such an amazing feat for our coast.

This month we are celebrating Probus Month.

SACWA - STREAKY BAY

6 members attended October's meeting. A laugh was provided by 1 member telling us about receiving her order from the supermarket, much to her surprise, she found she had ordered 2 boxes of 24 ice-creams instead of 2 boxes of 4, much fun was had making room for them in her freezer!

She has made a mental note to herself to check the fine print in the catalogue! Superpowers were discussed with some members wishing for invisibility, supersonic hearing, to be able to teleport rapidly and the ability to finish chores before sitting to knit. Flowers, Single Helen H, 2nd Alison G, Double Helen F.

Calendar Date: December 8th, Xmas Celebrations, venue TBA.

Community News

MENS SHED

As was reported in the last edition the Men's Shed hosted a breakfast for 8 riders from Tasmania for the Black Dog Ride raising awareness for depression and suicide prevention. Tim Kroehn representing Australian Men's Shed Association for NT and SA attended as did 11 Men's Shed members and invited guests. Our breakfast consisted of bacon, eggs, hash browns toast and fruit juice/tea and coffee.

Given the bikers had to travel a great distance that day we started at 8.30am and after breakfast and some pictures, speeches from Greg Casimaty (Black Dog Ride) Tim Kroehn (AMSA) and our President in Rob Fiebig the riders left for the long trek of 590 klm's to their next stop on the way to Busselton in WA.

Thanks must go to the Council for lending us two large toasters to cook toast in a hurry, and to the Sporting Complex for lending us knives and forks to eat with. This was a great way to promote our Shed and support a great cause. All in all a great morning.

Work wise at the shed it has been all go with the mud kitchen now complete (see pic below), and the buyer is more than happy with it.

A rocking chair was repaired and has been picked up. The owners of that chair dropped off a bench seat that needs new slats and a coat of paint. We have a OLD high chair that converts to a pusher that needs a bit of work. (see pic below) Stocks of bird nesting boxes, hobby horses and wooden toys are being worked on. Some members are working on another old chair that needs sanding back and some repairs to broken pieces.

MENS SHED CONTINUED...

On the weekend of the Rodeo, we volunteered our services to check tickets and issue wrist bands at the Hotel and travel on the bus to both caravan parks to pick up people on Saturday. We also had to man the gate for entry into the Rodeo itself.

Then on Sunday some of our members + 1 helper arrived at the racecourse at 8.00am to clean up the rubbish and collect the cans/bottles.

If there are any new men in the district that would like to visit the Men's Shed, you are more than welcome to come along. We meet every Friday between 9.00am and 3.30pm in the old bowls club rooms on Montgomerie Tce.

STREAKY BAY COMMUNITY OP SHOP

THANK YOU

On Saturday 19th November the Bay Community Op Shop held its annual Hospital Auxiliary trading table. Generous cash donations, delicious homemade goodies and lovely plants were donated by the community.

A huge $2000 was raised between the trading table and the day's sales in the shop.

Thank you to everyone who helped in any way. This money will be given to the Hospital Auxiliary for their automatic watering system.

The Hospital Auxiliary would also like to thank Mitre 10 for their generous donation of $1000. The watering system can now go ahead.

Thank you most sincerely to the community for supporting this worthy cause.

Don't forget our volunteers' coffee morning at Drift on Friday November 22nd from 9:30 – 10:30 am.
RSVP Friday November 15th to Julie please.

Community News

STREAKY BAY NATIONAL TRUST MUSEUM

AGM held on Monday 14th October was extremely well attended by our volunteers. Chairperson Sandra Desira opened the meeting welcoming all with a special welcome to guest speaker, Lauren Karp. Business included appreciation to the Streaky Bay Hotel, District Council & The Bay Community Op Shop for donations to enable internal painting of the museum to go ahead. Painting will commence on 31st January. We have mammoth task ahead to move everything. Waiting on a quote from Barry Vaughn re repairs to the chimney.

Election of Officers: Chairperson – Sandra Desira
Secretary – Narelle Kurtzer
Assistant Secretary/Roster – Heather Scantlebury
Treasurer – Jane Carey
Assistant Treasurer – Carol Lydeamore
Committee – Volunteers

General Business
The maintenance team, working under Neil Hall, have made many improvements to the outdoor area especially with the laying of pavers, some of which were retrieved following the upgrade to the Pioneer Park. Sandra has been instrumental in organising displays including the making of the Blue Fin movie here in Streaky Bay, Historical photos and events in the Institute and history of the Birdseye Car.

Lauren, having already had an extensive look throughout the museum, discussed our role as volunteers in the museum, safety aspects of some of the items displayed. We appreciate her time, professional information & areas we can improve upon.

Visitors, (many from interstate, some searching for ancestor history) we also have Bus tours, Cruise ship, Schools – Ceduna, Wangary, Miltaburra, Streaky Bay School & Kindergarten.

Next Meeting: Monday 4th November 9.30 am. All welcome.

DUMPLING MAKING MASTERCLASS

On October 7th, 12 participants took part in a hands-on healthy dumpling-making masterclass at the Streaky Bay Supper Room. Elizabeth Chen, from Culture Connect Chinese Australia, came all the way from Melbourne to host the workshop, which was organised with the help of the District Council of Streaky Bay.

Participants learned how to make healthy dumplings, using fresh local and organic ingredients. Elizabeth, who loves travelling and sharing her passion for cooking, said she enjoys bringing workshops to regional areas to share her culture and love of food. She focused on healthy cooking techniques and encouraged everyone to try using fresh, local ingredients in their cooking.

DUMPLING MAKING MASTERCLASS CONTINUED...

Participants learned how to make healthy dumplings, using fresh local and organic ingredients. Elizabeth, who loves travelling and sharing her passion for cooking, said she enjoys bringing workshops to regional areas to share her culture and love of food. She focused on healthy cooking techniques and encouraged everyone to try using fresh, local ingredients in their cooking.

The class was a big hit, and Elizabeth is already planning to return to Streaky Bay for more workshops in the future. Everyone who attended had a great time and left with full bellies and new skills! Stay tuned

HOSPITAL AUXILLARY

As discussed last meeting playground Has now been assessed and approved, slippery dip part still being discussed.

Noted dead trees at Shepherds Hut and Elmhaven still needing to be cut down Lesley was to speak to Brian regards this and as she was away at last meeting this is still ongoing.

It was agreed to accept Streaky Bay Plumbing quote to install automatic sprinklers on sites at Elmhaven and that the $s made from Probus catering to be allocated towards this project.

Since our last meeting grateful thanks must go to those who helped with trimming of lavendas and tidy up at Hospital many hands certainly made light work of a big job. Thankyou one and all !!!

Also a huge thankyou to the Community Op Shop for tendering a Trading table on last Sat morning to help pay for the automatic watering system it was a huge success with $2000 donated and to all who contributed in any way please know that we are very grateful. Special mention to Drift for both their donation and contribution on that day very generous of all involved.

We are only a small group but living in this town have so much support generated when ever we are in need of it so big thankyou to the community.

Please note anyone interested in joining would be very welcome meetings are every 2nd month first Tuesday.
Next Meeting Tuesday 3rd of December 2p.m..

Rodeo By The Sea

A sunny day welcomed rodeo fans.

They came from near and far to see the competitors battle it out for the long, gut wrenching, glorius 8 second challenge.

The National Rodeo Queen of Australia, Paris Aldenton, from the Mornington Peninsula, lead the Grand Parade and assisted MC the event.

The local inagural Poddy Calf Ride was truly popular and no doubt will be back on the program for 2025.

$1,065 was raised for the RFDS. Over $20k in prize money went to competitors across each event.

In excess of $100k was spent in the community by the rodeo organisers in procuring goods and services.
We are pleased to report no competitor went home injured.

The Rodeo by the Sea audience came from NSW, Victoria, Queensland, Kangaroo Island, Western Australia, the Murray Lands, Tasmania, Northern Territory, Outer Adelaide and the Eyre Peninsula.

The Friends of the Rodeo, local businesses and individulas, kindly gave their time and equiment to help self up the event, demonstating the true spirit of community.

A tribute to Johnny McInnis and Robbie Schmidt for the Open Saddle Bronc event had the crowd upstanding, hats off, and united in celebrating their lives and contribution to the rodeo circuit.

Bianca Coombs aka Bonkers sung the National anthem a cappella and later in the evening had everyone dancing the night away with the band The Cuckoos.

The big screen showcased YouTube clips of the Eyre Pensinsual, the Rodeo's sponsors and Friends of the Rodeo as well as ensuring everyone in the venue had a good view of the rodeo action.

The day had something for everyone and the organisers are appreciative of the vendors, bar staff, volunteers, sponsors and friends of the rodeo that pulled together to create a great experience.

Thanks and appreciation to all of the sponsors that enabled the event, especially Nutrien West Coast Ag, SATC, Steaky Bay Hotel Motel, Stteaky Bay Racing, Becks Jetty View, BHP, the District Council of Streaky Bay, Courela, Ceduna Toyota, McEvoy Transport, Port Lincoln 4WD, Perry's Fuel, Border Roadhouse, RDAEP and Kennards.

Council News

GOVERNANCE

Community Plans – 4 Year Strategic Plan

The community consultation for the Council's Community Plan received over 100 responses to date.

Engagement Activities;
· Perlubie, Poochera, Haslam, Sceale Bay Drop In Sessions
· Celebration of Seafood Community Stand
· Wirrulla Drop In Session (Movie Night)

Next Steps in Planning:
Following the consultation, community plans will be drafted based on the most popular ideas. These plans will guide the development of the 4-year strategic plan, outlining projects across the following categories:

- Capital - New/Upgrade: 1 new infrastructure project.
- Capital - Renewal: 4 renewal projects, some defined by our asset management plan.
- Capital Planning: 2 projects for long-term investments, focusing on getting them shovel-ready.
- Strategic Planning: 1 regional initiative, such as an economic development strategy.

Note: Plant procurement and roads are excluded from these items and will be managed separately.

Council will meet to decide on these projects and will use the feedback from the community plans and community reference group to help guide these decisions. Then the 4 year plan will go out to public consultation for 21 days.

INFRASTRUCTURE

Streaky Bay Foreshore Lights
New lights have been received to replace the existing lights at the foreshore across from the Hotel. Light poles have been ordered and soon to be delivered.

Whilst removing the old light poles near the CBD Toilets, old steel conduit was discovered. Council staff are now exploring solar options for this area as it will be more practical and cost effective not having to install new conduit and electrical.

Kiosk
Since the re-opening of the kiosk, we have noticed significant parking issues during the peak lunch and dinner hours. An additional 6 parking spaces are being added to the kiosk car park. This is a low-cost solution that only required us to remove tree limbs and low shrubs. Quarry fines, pine bollards and rumble strips will be installed to define the parking spaces. The extension of the carparks spaces has been completed with road base and quarry fines.

INFRASTRUCTURE CONTINUED...

Carparking items have been received and will soon be installed. This is only a short-term measure until we can undertake the actions endorsed by Council in the September ordinary meeting.

Highway Shoulder Maintenance
DIT have confirmed that should maintenance is planned for sections of the road between Smoky Bay and Ceduna. Additionally, shoulder maintenance is planned for sections of the near Perlubie. Several road shoulders between Streaky Bay and Elliston will also undergo re-sheeting as part of this road should maintenance program.

Wirrulla Dump Point
Council after again considering the location for the dump point at Wirrulla resolved for Council Officers to go back out to Community Consultation to again consult with the community on their preferred location, this third round of consultation was completed and Council have resolved to install on Hay Terrace.

Roads Update
Roads – Construction
Currently completing

- Calca Bluff Road – Flinders Highway to Drinanvale

To be completed next:

- Mount Cooper Road (End of Bitumen to Colley Road)

Montgomerie Terrace Shared Use Path
The final plans for this project are expected to be delivered at the end of October. Council Officers will then actively explore opportunities for funding this project.

Streaky Bay Traffic Flow Study
Council has endorsed the engagement of consultants to assist with looking at key traffic flow points in Streaky Bay. This project will also look at a preferred location for the second dump point for Streaky Bay.

Haslam Jetty Repairs
Council Officers are continuing the tender and contract process for the engagement of suitably qualified contractors to undertake this work.

Haslam Jetty Repairs
A grant application has been submitted to the Federal Government's Safer Local Roads and Infrastructure Program for the sealing of Wirrulla Road and Chilpenunda Road, if successful this would allow for a sealed road connection between the townships of Wirrulla and Streaky Bay.

Council News

PLANNING AND REGULATORY

Swimming Pools
Council Officers have placed an information flyer into the Criterion this month and next reminding residents of their responsibilities for pools, particularly as we head into warmer weather.

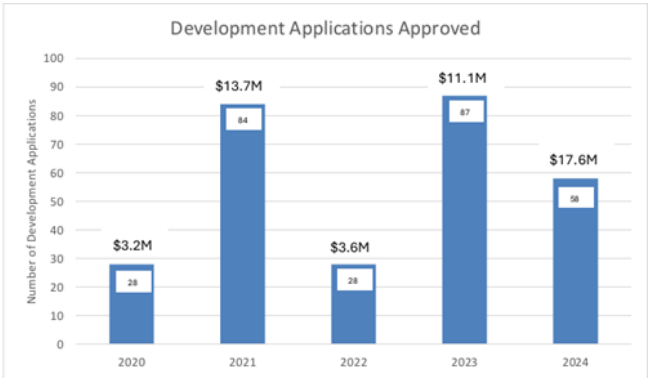

Council Officers have updated the Council's Swimming Pool register and will be undertaking inspections on new pools in the coming weeks (all new pools must be inspected following installation by a suitably qualified person).

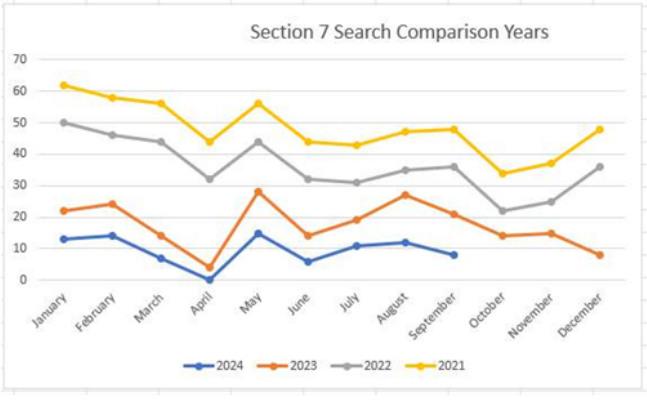

New Certificate of Occupancy Requirements
A certificate of Occupancy will be required for all houses (Class 1a buildings) approved on or after 1 October 2024. All other habitable buildings under the PDI Act continue to also require a Certificate of Occupancy prior to occupation.
This change brings SA in line with other jurisdictions and will assist in improving building safety and improving confidence in the building industry.

The 'Decision Notification Form' will list whether a Certificate is necessary for the approved development and who will be issuing it – either the building certifier who approved the building plans
or the local council.

The purpose of this Certificate is to provide assurance to the owner that the building that has been constructed is suitable for occupancy. The Certificate will be issued electronically via the PlanSA portal.

District Planning Approvals

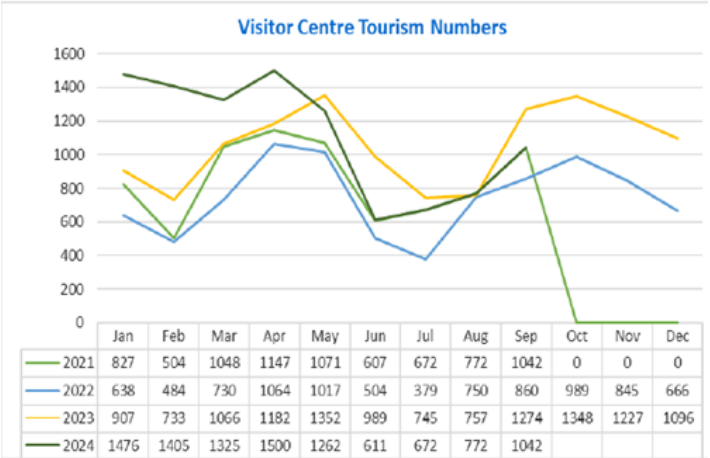

PLANNING AND REGULATORY CONTINUED...

Code Amendment – Dwelling Excision Overlay
Council received a request to consider the implementation of a Dwelling Excision Overlay within the rural zone to enable dwellings to be excised from larger rural allotments. Council considered this as a benefit and resolved to look at zoning overall and will undertake a workshop early in 2025 to consider all zoning across the district.

McCormack Way – Community Land Revocation
Council considered a report to revoke the community land status of a portion of an allotment on McCormack Way for the purpose of future sale. The proposal went to community consultation and there was no feedback received. Council Officers will now proceed with the feasibility of the sale.

ECONOMIC DEVELOPMENT / TOURISM

Visitor Centre Numbers

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
2021	827	504	1048	1147	1071	607	672	772	1042	0	0	0
2022	638	484	730	1064	1017	504	379	750	860	989	845	666
2023	907	733	1066	1182	1352	989	745	757	1274	1348	1227	1096
2024	1476	1405	1325	1500	1262	611	672	772	1042			

New Years Eve Dry Zone
Council endorsed the standard dry zone areas for New Years Eve.

Mobile Food Vendor Precinct
Council receives a number of requests each year and particularly during peak seasons from both local and out of district food vendors to operate in the Council district. It has become increasingly difficult to find ideal locations for these vendors to establish, and consideration has been given to parking within the Streaky Bay township. Council Officers proposed to establish a "Food Vendor Precinct" to consolidate the vendors into one location being the jetty cutting parking area in front of the CBD toilets and this was endorsed by Council.

Community Strengthening Planning Committee – Terms of Reference Changes
Council can have in place sub-committees (known as Section 41 Committees) and the Community Strengthening Planning Committee is one of these Committees.

Council News

ECONOMIC DEVELOPMENT / TOURISM CONTINUED...

At its last meeting the members reviewed its Terms of Reference to increase the Quorum to 4, enable Streaky Bay Tourism and Business to provide a Proxy Representative and advertise for its vacant independent position.

Western Eyre Connectivity Plan
Telstra has provided a draft Western Eyre Peninsula Connectivity Plan and discussions are currently being held about developing an application to the Regional Roads Australia Mobile Program (RRAMP) to ensure telecommunications coverage on the Eyre and Flinders Highways.

Celebration of Seafood
The Celebration of seafood event was a great success, the weather was very kind, and the event had an estimated attendance of 500 throughout the day. The inclusion of the abalone boat and oyster shucking demonstration/competition was very well received, and the CD team would love to extend on this further next year.

Feedback from food vendors has been positive with a few suggestions around the setup and a slightly earlier start time next year have been received and will be reviewed for future events.

SUSTAINABILITY

CDS Legislation Review
The EPA are currently undertaking a review of CDS Legislation in South Australia. There have been a number of concerns that Council Officers concur with from Industry regarding these changes.

Concerns include the introduction of a sole regulator who also will regulate the refund scheme. The cost and impost of the introduction of a single electronic management system (particularly for smaller depots) and general increase in reporting.

Waste to Resources (2010) Policy Review
The EPA are reviewing the policy modernize SA's approach to the regulation of resources and wastes and enable the development of a more circular economy.

The key policy review areas are:
Supporting the transition to a circular economy
- Avoiding waste generation
- Maximising resource recovery
- Supporting a strong market for recovered resources
- Protecting the environment and human health from waste pollution
- Circular economy metrics, reporting and transparency

SUSTAINABILITY CONTINUED...

This overarching policy governed by the EPA provides the regulatory framework for how we undertake our waste operations, being across the proposed changes and providing feedback will be essential.

COMMUNITY DEVELOPMENT

Co-Creating Community Connections Toolkit
Council Officers met with Melinda Gaughwin and Ian Gwilt from Uni SA to discuss a 'Linking Lives' Community Connector Toolkit. Council Officers have been invited to contribute to the development of the toolkit, which aims to address social isolation and loneliness among older adults by providing a framework for local councils and community groups in SA to build stronger, more connected communities. It will align well with Council being a key partner in this program as Preventive Health SA and the Office for Ageing well, with both organisations currently partnered with Council on the Wellbeing Strategy and Healthy Ageing Strategy.

Ageing Well Strategy
Council Officers have engaged suitably qualified and experienced consultants to assist with this project with funding through the Office of Healthy Ageing. The consultation for this project has commenced with community workshops held

Fringe 2025
The CD team has listed the Hall/Supper room as a registered venue for the Fringe 2025. The CD team will work with Fringe organisers and performers to host shows in 2025.

Community School Pool
The CDS is in discussions with the Department for Education regarding the license agreement for the Streaky Bay Area School swimming pool. As part of these discussions, the CDS has proposed extending the pool's opening hours during the summer break to provide a safe swimming space while jetty upgrades are underway. Advertising for pool supervisors for the 24/25 season has commenced.

Wirrulla Family Fun Day and Movie Night
On Tuesday 1st October, Retro Squid and the CD team coordinated school holiday activities for the Wirrulla community. Retro Squid (Kayla Window) had 30 youth attend the art workshops which included pottery wheel come and try, candle making and candle decorating.

The Wellbeing officer set up the new soft play equipment for the younger children to ensure there was something for all ages.

Council News

COMMUNITY DEVELOPMENT CONTINUED...

The CD team also facilitated some community plan consultations with the Wirrulla residents and then hosted a movie night. The Sweet Tooth Van supported the event, providing sweet treats and a BBQ for dinner.

FROM THE CEO'S DESK

Building a Healthy Aging Future Together

Our Council is thrilled to announce the start of community consultations on our new Ageing Well Strategy. This initiative reflects our commitment to supporting the well-being and active engagement of our largest and rapidly growing demographic—our residents aged 55 and over. Since 2006, this age group has grown by an incredible 116%, highlighting the need for a strong, tailored approach to meet the evolving needs of older adults in our district.

The Ageing Well Strategy will guide our actions in supporting a healthy, fulfilling lifestyle for older people, encompassing various areas beyond just health. A holistic approach is essential, recognizing that aging well includes staying socially connected, active, independent, and having access to safe and accessible public spaces. Through this strategy, we aim to make it easier for our older residents to remain active, enjoy independence, and fully participate in the community.

Many supportive programs can be introduced at low cost, providing valuable benefits to our community while remaining budget-friendly. Some examples that have been brought up by community include; simple exercise groups for older adults, such as walking clubs or gentle fitness classes in community spaces, encourage physical activity and social engagement. Technology assistance programs could also be set up to help older residents gain confidence with digital tools, supporting social connection and providing access to essential online services. Additionally, a "volunteer buddy" program to assist seniors with errands or transportation can foster independence while strengthening community ties.

While these practical, cost-effective programs help make aging easier for our older residents, we also recognize the need for dedicated advocacy. Council will continue to advocate for essential support from state and federal levels to secure funding and resources that enhance infrastructure, transport options, and health services tailored to aging populations. Safe and accessible public spaces, additional transport solutions, and age-friendly amenities are vital for creating a truly supportive environment. Our advocacy will emphasise that regional areas, like ours, must have the resources necessary to provide for all our residents, now and into the future.

FROM THE CEO'S DESK CONTINUED...

As we shape our Ageing Well Strategy, we encourage everyone to get involved. Whether you're an older person, a carer, or simply interested in creating an age-friendly community, we want your insights. Please join us in upcoming workshops, complete our surveys, or contact Council to share your thoughts. Together, we can make our community a model for Ageing Well — a place where everyone, at every age, can thrive.

Thank you for joining us in this important work.

Damian Carter
CEO, District Council of Streaky Bay

DISTRICT COUNCIL OF Streaky Bay

VACANT MEMBER POSITION

COMMUNITY STRENGTHENING PLANNING COMMITTEE

Section 41 Committee of Council

Are you an interested community member who is an interest and background in two or more of the following (but not limited to) areas of business, economic development, tourism, development and planning, or similar expertise?

Are you interested in being part of an active committee that reports to Council and provides advice and recommendations around economic and community development, planning, Council strategies, policy direction, project planning, tourism, arts, and culture?

The committee meets a minimum of once per quarter.

To submit your application, provide a covering letter outlining your experience and interest to HR@streakybay.sa.gov.au , post to PO Box 179 or deliver to 29 Alfred Terrace, Streaky Bay SA 5680.

For enquiries please phone Penny Williams (General Manager – Prosperity) on 08 86261001 or email planning@streakybay.sa.gov.au

Application are open until 5.00pm Friday, 29 November 2024.

DROUGHT, DISASTER AND RURAL SUPPORT

Rural Business Support
Free support to help farmers find clarity during tough times. Farmers across South Australia are facing increasing financial pressures due to challenging seasonal conditions, including frost and market downturns. Thanks to funding from the South Australian, Australian, and Northern Territory Governments, Rural Business Support (RBS), through the Rural Financial Counselling Service (RFCS), is providing critical assistance to help primary producers navigate these tough times.

- 400 farming families are currently working with a RBS Rural Financial Counsellor
- 61% of these farming families have sought support from RBS in the past year

RBS's Rural Financial Counselling Service offers a range of free, confidential and independent services to support eligible farmers, fishers, foresters and small related enterprises to:

- consider the impact of the season on individual and family wellbeing
- understand their true financial position (income versus outputs, debt, insurance and oncosts)
- navigate their financial issues (might include debt management, refinancing options)
- consider long and short-term implications of market changes
- identify options for their business
- develop plans to manage cash flow and creditor payments
- access dispute resolution services
- consider transition to retirement and succession pathways
- seek broader professional advice and support
- access government and community grants, programs, or schemes.

In addition to the RFCS, RBS offers further support through its Relief Fund, which provides small grants to help farming families with essential items such as groceries, medical bills, council rates, water, and school fees. This fund is designed to provide additional support to families who are engaged in the RFCS. Farmers are encouraged to contact RBS at the first sign of financial strain.

Grain Producers and Fat Farmers
Grain Producers SA is partnering with Fat Farmers to hold a number of Community BBQ's across regional SA with 2 being held on Eyre Peninsula in early December.

Locations, Dates, Times below:

- Ceduna Football Club – Monday 9 December from 8.30 – 10.30am
- Cowell Football Club – Tuesday 10 December from 8.30 – 10.30am

Purpose:

- Bring growers (across commodities in some regions/industry) and the community together
- Create a space for people to come together in an informal setting
- Provide an opportunity to get 'off-farm'
- Plan a walk/run for those who want to join
- Share a breakfast BBQ
- Connect in with support services (roaming/informal)

Who:

- Essentially everyone is welcome!
- Local grain growers
- Local agriculture industry
- Local community
- Local support services
- Ag Bureaus
- Farming Systems Groups

We are partnering with the below organisations/businesses:

- Fat Farmers
- PIRSA - The Department of Primary Industries and Regions under the Family and Business Support Program
- Rural Business Support
- FaB Mentors
- Specialty Foods – Adelaide
- Lucerne Australia

DROUGHT, DISASTER AND RURAL SUPPORT

Livestock SA Launches ‘Beyond the Paddock’ BBQ series to Strengthen Agricultural Communities
Livestock SA has launched the Beyond the Paddock BBQ series, designed to bring producers and communities together to take some time out and support each other with the challenges beyond the paddock. In partnership with the Department of Primary Industries and Regions SA (PIRSA) and the SA Drought Resilience Adoption and Innovation Hub, agricultural groups and organisations across South Australia are invited to apply for $300 to host community led gatherings.

Livestock SA President, Joe Keynes said with challenging seasonal conditions affecting many producers, these BBQs provide an opportunity for farmers to connect, share knowledge, and support one another.

Applications are open to recognised agricultural groups and organisations across South Australia from Monday 21 October to Friday 8 November (unless funds are exhausted prior). To apply, visit the Livestock SA website and fill out a simple application form: https://bit.ly/4f8v4Yf

Department of Agriculture, Fisheries and Forestry – Farm Household Allowance
The Farm Household Allowance (FHA) program provides assistance to commercial-scale farmers and their partners who are experiencing financial hardship for any reason.

The program provides eligible farmers and their partners with a package of assistance that includes:

- up to 4 years of fortnightly income support (in every 10-year period)
- ancillary allowances such as Pharmaceutical Allowance, Telephone Allowance, Rent Assistance and Remote Area Allowance and a Health Care Card
- a professional financial assessment of the farm business (worth up to $1,500)
- funding to help develop skills, access training and pay for professional advice (up to $10,000 per person)
- Regular tailored support of a case manager.

You can get help to understand and apply for Farm Household Allowance. Specially trained staff are available on the Farmer Assistance hotline at Services Australia, call 132 316 between 8am and 5pm, Monday to Friday.

You can also talk to a Rural Financial Counsellor. It is a free service. They will evaluate your situation and let you know what you can apply for. Find your local service provider by visiting the Rural Financial Counselling Service webpage: www.agriculture.gov.au/agriculture-land/farm-food-drought/drought/rural-financial-counselling-service

See all drought and rural support provided: www.agriculture.gov.au/agriculture-land/farm-food-drought/drought

DISTRICT COUNCIL OF STREAKY BAY

MEDIA RELEASE

Streaky Sounds Music Festival – Line-Up Announcement

Streaky Sounds Music Festival is back for 2025 and excited to announce The Cat Empire as the headline act for its third edition, which will take place on Sunday March 9, 2025, at the Streaky Bay Oval.

Aussie icons The Cat Empire have had an illustrious career, spanning decades and genres. Illuminating stages across the globe, the band are a magnetic force that have captivated millions of adoring fans with their high energy performances and explosive sound and visuals. With the band's infectious groove and vibrancy, audiences are guaranteed to shimmy, shake, and sing their way through a Cat Empire set.

The Cat Empire's new show will celebrate movement, vibrancy, and playfulness – with a host of new material as well as the crowd-favourites. With a history of multiple platinum records, awards, sold out tours and over 250 million streams – The Cat Empire have officially entered their golden era

Supporting The Cat Empire is an exciting lineup of South Australian talent, including the up-and- coming indie rockers The Tullamarines, the hard-hitting sounds of Audio Reign, and the popular band Chicken Salt. Returning crowd favourites from Streaky Sounds 2023, Revel, will be back to take audiences on a nostalgic journey with their greatest hits from the '90s and '00s.

The festival will also showcase the diverse talents of Eyre Peninsula acts, featuring Limited Addiction, The Wot Band, singer-songwriter Alice Haddy, and the electrifying beats of DJ Taijyyy.

Don't miss out on this incredible day of live music and entertainment at one of South Australia's greatest up and coming festival grounds!

Early Bird Tickets are now available for purchase at the discounted price of:
Adult: $90.00, Teen (13-17): $35.00, Kids (4-12): $10.00, Kids (3&under): FREE

Tickets on sale now at: https://events.humanitix.com/streaky-sounds-2025-music-festival

DISTRICT COUNCIL OF STREAKY BAY

JOB VACANCY

Gardener and Waste Transfer Station Attendant
Fulltime

The District Council of Streaky Bay is seeking an interested applicant who would like to join our team as a Gardener and Waste Transfer Station Attendant in a combined fulltime position.

The successful applicant is required to be energetic, motivated and have a high level of work ethic who can show that they can communicate, guide, and implement programs and solutions within the organisation.

The applicant must be able to work within a diverse workforce, contribute and align with Councils strategic vision and pillars. A Position Description can be obtained from the District Council of Streaky Bay Office or via the Council website www.streakybay.sa.gov.au.

Applications should include:

- Cover Letter: Addressing key responsibility areas and the skills and knowledge section of the Position Description, outlining relevant experience.
- Resume: Including details of two current referees.

Closing date is 5:00pm on Friday, 15th November 2024.

Please address applications to the General Manager of Prosperity, PO Box 179, Streaky Bay SA 5680 or email hr@streakybay.sa.gov.au and clearly mark with Gardener and Waste Transfer Station Attendant.

KNOW YOUR DRONE

FLYING FOR FUN: DRONE SAFETY RULES

You must not fly your drone higher than 120 m above ground level.

You must keep your drone at least 30 m away from other people and never fly over a person.

You must only fly one drone at a time.

Only fly during daylight hours.

You must not fly in a populous area. This includes beaches, parks, events, or sport ovals during games.

You must not fly your drone in a way that creates a hazard to another aircraft, person or property. Respect others' privacy.

Keep your drone within visual line-of-sight. This means you must always be able to see it with your own eyes (not through a device, screen or goggles). Don't fly through cloud, fog or smoke.

You must not fly your drone over or near areas affecting public safety or where emergency operations are underway. This includes ambulance, police, search and rescue, or firefighting efforts.

If your drone weighs more than 250 g, you must not fly within 5.5 km of a controlled airport (airports with control towers). If it's 250 g or less, you can fly up to 45 m high within 5.5 km but stay out of the airport boundary and don't create hazards for other aircraft. Regardless of weight, stay clear of the runway approach and departure paths.

Near smaller airports without control towers, you can fly your drone within 5.5 km. If you become aware of crewed aircraft nearby, move away and land your drone quickly and safely.

If you're within 1.4 km of a helicopter landing site and become aware of a helicopter nearby, taking off or landing, you must move your drone away and land it safely.

If you fly your drone for work (commercially), extra rules apply. You must register your drone and get a licence or accreditation.
If you only fly for fun, no registration or accreditation is needed.

The Streaky Bay & District Wellbeing Project

Kiddiegym come & try

Thankyou to all the participants who came to the first kiddiegym come and try session. Over 30 kids attended in total with parents, grandparents and friends all joining in on the fun and watching the little ones bounce, balance and explore their way through the day.

There was a lot of interest in making the kiddiegym a recurring activity for the calendar and we can't wait to set it up again in the future.

Keep an eye out on The Wellbeing Project Facebook page for updates on future events and programs.

DISTRICT COUNCIL OF Streaky Bay

October School Holidays Activities

Wirrulla Fun Day

The Wirrulla Fun Day was a huge success during the school holidays, with kids and parents enjoying a fun-filled day at the Wirrulla Hall. The day kicked off with art workshops led by Kayla from Retro Squid, where 30 kids got creative with clay, wax painting, and making their own plaster candle base.

Later in the evening, the Wirrulla community gathered for a cozy movie night, featuring Inside Out 2. Over 60 parents and children attended the movie night and snuggled up on bean bags and blankets, turning the hall into a perfect spot for the community to relax and enjoy the movie together.

The Sweet Tooth van was also a hit, serving up popcorn, lollies, slushies, ice cream, steak sandwiches, and hot dogs. It was a big favorite with the kids, adding even more fun to the movie night experience. A big thank you to Eugene and Jess from Sweet Tooth for travelling to Wirrulla and participating in this event.

With plenty of smiles and happy faces, the Wirrulla Fun Day was a great success, and the District Council of Streaky Bay is already looking forward to organising next year's event.

The West Coast Hawks Football and Netball Club Executive Committee would like to make a statement in relation to the racist material that was published in the Hawks budget on Indigenous round.

As stated in 2 public apologies the West Coast Hawks Executive Committee, on behalf of the West Coast Hawks Netball and Football Club, sincerely apologise to our First Nations Players, both within our club and across the WENA/WEFL clubs, and any other First Nations people for the offense it caused and that was received.

It has been brought to our attention that some community members are unaware of the actions we have taken to formally sanction the individual or feel that our actions have been mild and unjust. We would like to make it completely clear as it seems there has been some confusion regarding this, from the moment we were made aware of the printed material, the committee called an emergency meeting to navigate how we were to approach this breach in our publication. Right from this very first meeting we were in contact with the SANFL and Netball SA as we knew we needed to be guided by their policies and procedures, and as we are all volunteers on this committee, we were not trained in handling such a sensitive issue.

Firstly, the individual was immediately relieved of all budget duties and their 2024 Honorarium payment for this duty was forfeited. They were also prevented from carrying out any other official or volunteer duties, such as running water for the Under 13s, something which they highly valued, for the remainder of this year and all of 2025. Even though we were not required to do this by the SANFL and Netball SA, as a club we felt that this action was necessary to show we did not tolerate this behaviour.

The club also advised that Cultural Awareness training must be completed by the individual in order for any reconciliation and commencement of future roles to occur. We would like to report the individual has now completed the SANFL provided Cultural Awareness training. The SANFL supported out first apology, that was written in urgency as we wanted it immediately known this was an individual's action and did not represent the Hawks beliefs and values. However, we revised and released the second apology as we felt we had more detail and sincerity to provide.

The SANFL and Netball SA were again in support of this apology and our steps taken to remove the individual from all official duties. They advised a ban on attendance was not necessary for this breach, as this does not demonstrate and uphold reconciliation, rather education was a more suited sanction.

We cannot begin to understand the hurt and offense caused by this material to our First Nations People, however it has been a very difficult couple of months for our executive committee and has caused many emotions such as angst, stress, disappointment and sadness.

As you can appreciate this matter happened towards the end of the season and whilst it consumed much of our time, we also had a 2024 season to complete. The executive committee has been in contact with the Far West Aboriginal Corporation to discuss how the club will move forward. Going forward the executive committee will be offering Cultural Awareness training to its officials, players and members in 2025. We will also be considering other initiatives promoting diversity and inclusion. We are a work in progress and just because positive reforms have not happened immediately, does not mean they will not be implemented in the future.

The matter has been referred to the SANFL and we will not comment on it any further.

Again - we have followed guidance from SANFL and Netball SA right from the beginning and will always do so. Thank you.

The West Coast Hawks Football and Netball Club Executive Committee

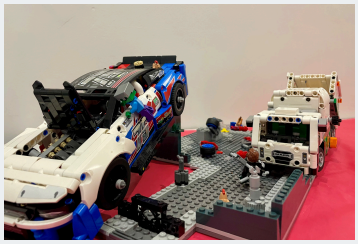

STREAKY BAY LEGO® COMPETITION

The first-ever Streaky Bay LEGO Competition was a great success, bringing creativity and fun to the local community. In the first week, kids had the chance to come and play with LEGO at the Visitor Centre and test out a special racing ramp built by the Men's Shed. A big thank you goes out to the Men's Shed for jumping on board and creating such a fun racing track for the kids to enjoy.

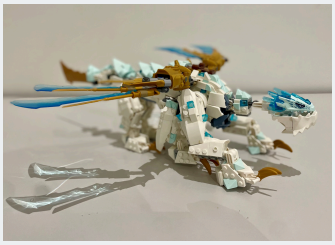

During the second week, both kids and adults had the chance to submit their own LEGO creations for the competition. There were 23 entries from a range of different age groups. Throughout the week, members of the community and visitors were invited to vote for their favourite creations. In the end, four People's Choice winners were chosen.

The LEGO competition brought in 139 visitors over the two weeks, making it a fantastic event for all involved. Please see photos of the winning creations below.

BUSY KIDS
Streaky Bay

For the month of October our centres learning focus has been about social & emotioinal development. Across the centre the children have engaged in a range of exerpiences & activities in reference to these development areas.

Children become strong in their social & emotional wellbeing as they seek out and accept new challenges, make new discoveries & celebrate their own efforts and achievements and those of others.

We welcomed Sarah to our team this month. Sarah is studying her Cert 3 in Childcare & early development. She is a fun,caring and adventurous person.

She loves to spread positivity and cheerfulness to all. You will find Sarah helping in all of our rooms.

2025 ENROLMENTS

Re enrolement forms are now due to secure your preferred days for next year. Any new famillies looking for places next year please contact Ashton at the centre and she can help you with your enrolment & CCS applications

Is your swimming pool kid safe?

Government of South Australia
Attorney-General's Department

As a swimming pool owner, YOU ARE RESPONSIBLE for safety.

Drowning is the biggest cause of accidental death for young children and most occur in private backyard swimming pools. You can reduce the risk of such an accident occurring in your swimming pool by making sure that your pool is adequately fenced and young children are supervised at all times.

Fencing

> All swimming pools must have a continuous safety barrier that is maintained by the pool owner and which restricts access by young children to the pool.

Filtration

> In-ground or above-ground swimming pools and spas must have a water recirculation and filtration system that complies with AS 1926.3 to reduce the risk of injury to a young child due to entrapment by suction.

> Swimming pool owners must ensure that all required swimming pool safety features are maintained in working order at all times.

Maintenance

> The self-closing gate, which is a required safety feature, can be compromised if not regularly maintained.

Supervision

> Children can move quickly and do not recognise the dangers of a pool - close child supervision will help to reduce the number of drownings in private swimming pools.

Resuscitation

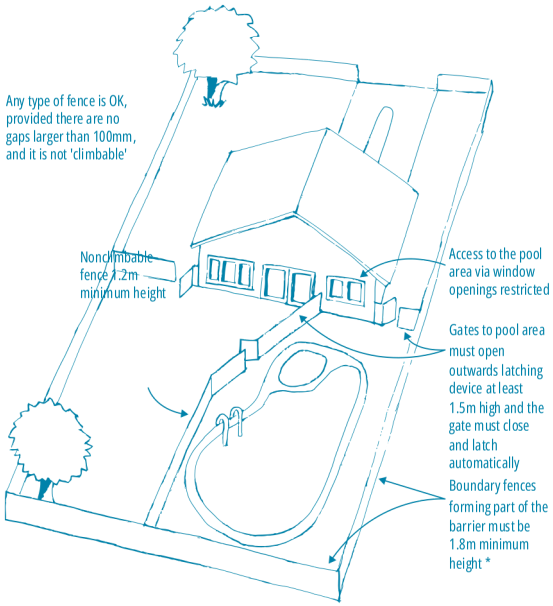

> Resuscitation skills are crucial because they save lives – make certain that someone on the property has these skills.

LEGISLATION APPLYING TO SWIMMING POOLS IN SA

Swimming pools built before 1 July 1993

If your property contains a swimming pool built before 1 July 1993 and you are placing your property up for sale you will need to ensure that your swimming pool barriers are in line with Ministerial Building Standard MBS 004 - Swimming pool safety - designated safety features for pools built before 1 July 1993.

If the property on which a swimming pool is located is not sold, the swimming pool can continue to comply with the old *Swimming Pools (Safety) Act 1972*, which requires the swimming pool owner to ensure that the swimming pool is enclosed by a fence, wall or building or any combination of these, that restricts access by young children to the swimming pool.

* Boundary fences forming part of the barrier must be 1.8m high, with a 900mm non-climbable zone at the top on the pool side of the fence.

Government of South Australia
Attorney-General's Department

Swimming pools built on or after 1 July 1993

Swimming pools built from 1 July 1993 must comply with the rules that were in place when the pool or child safety barriers were approved. Contact the local Council to find out what rules apply.

Acceptable safety barriers

All pools must have suitable safety barriers to restrict access by young children to the immediate pool surrounds, constructed in accordance with Australian Standard AS 1926.1.

Barrier requirements complying with AS 1926.1

Fencing must be constructed, such that:

> the fence is an effective barrier to young children

> it is permanent

> it does not provide access for young children to crawl under or to climb over by using foot and hand holds

> it is not less than 1.2 metres high

> boundary fences, if used as part of the child-safety barrier must be at least 1.8 metres high on the inside, with a 900mm non-climbable zone on the inside at the top. It can be less than 1.8 metres high and can be climbable on the outside (neighbour's side).

Gates to the pool area must:

> only swing outward from the pool area

> be self closing from any position

> be fitted with a latching device that is out reach of small children (generally 1.5 metres above ground level)

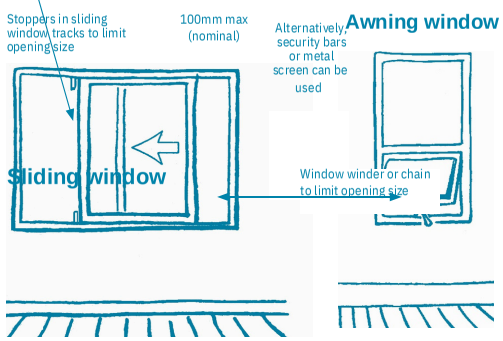

> you should never prop the gate open or prevent it from latching.

Security measures on awning and sliding windows complying with AS 1926.1

Where the openable part of any window is less than 1.8 metres above the finished ground level and provides direct access from the house to the pool area, it must have one of the following:

> bars or metal screen or

> a mechanism limiting the size of the window opening to a maximum of 100mm.

Inspections

If you are selling a property with a swimming pool, you are not required to have an inspection or compliance certificate – however some council officers, building consultants and private certifiers are able to offer advice. Only council officers have legislative authority under the *Planning, Development and Infrastructure Act 2016* (PDI Act) to enforce requirements for swimming pool safety.

For new swimming pools, your local council will inspect the pool and safety features including the finished child safety barriers. You need to notify your council at two stages:

1. When the pool itself is ready for filling with water
2. When the approved child safety barriers are finished and ready to inspect.

You must not fill the pool until a complying safety barrier is in place. A temporary barrier that complies with the Building Code can be used for not more than two months.

POOL SAFETY CHECKLIST

Ask yourself these questions to assess the safety of your pool.

> Could a young child easily climb over, under or through your fence to get to the pool?

Minimum standards for new pools require (generally) a 1.2m high permanent fence (or 1.8m in the case of a boundary fence), which a young child could not easily climb over or pass through from outside the pool enclosure.

> Do all of the gates in your pool safety barrier close and latch properly, so that they could not easily be opened by a small child?

Gates must be self-closing and self- latching. The release for the latching device must be at least 1.5m above ground level or otherwise out of reach. Gates must be hung so that they open outwards from the pool area. Never prop the gate open.

> Is the pool clear of toys and other floating objects that could attract a child's attention?

Balls and other floating toys can attract children to the water. Keep them out of the pool area when not in use.

> Could a child get access to a swimming pool through a window in your house?

The current requirement for new pools is broadly that, where the openable part of the window is less than 1.8m above the finished ground level, then a child could get access to the pool area through the window and as such the window must be protected to AS 1926.1

> Do you keep an eye out for objects that could be used for climbing over a pool safety barrier?

Objects such as garden furniture, children's toys, plants and ladders could be used by young children to climb over a safety barrier to get to the swimming pool. Keep these objects well away from the safety barriers.

> Do you supervise young children while they are in or outside the pool area?

Safety barriers alone are not enough to prevent young children from getting to a swimming pool. Young children are adventurous; they may climb, squeeze through or scale safety barriers to get to a swimming pool. Adequate supervision is essential.

> Do you have resuscitation skills?

Total responsibility includes resuscitation skills. Training for resuscitation is available from The Royal Life Saving Society, Australian Red Cross and St John Ambulance.

> Do you maintain the fence and gates?

The law requires that you must ensure that safety features are maintained in good working order at all times. This includes making sure that the gate closes and latches automatically.

Degradation of the self-closing gate can be caused by overuse or infrequent use of the pool area and its associated safety barriers.

This can lead to failure of the safety barriers to function effectively.

FREQUENTLY ASKED QUESTIONS

What is a swimming pool?

The PDI Act defines a swimming pool as an excavation or structure that is capable of being filled with water and is used primarily for swimming, wading, paddling, or the like, including a bathing or wading pool, or spa pool, but not a spa bath.

People often ask if the requirements apply to a fish pond or landscaping water feature. The answer is that they do not unless it is used primarily for swimming, wading, paddling or the like.

If I buy an aboveground or inflatable pool, what do I have to do?

If the pool has a filtration system, you will need to contact your local council about obtaining approval for the pool and ensuring safety features are in place.

The sides of my aboveground pool are more than 1.2 metres high. Do I need a fence as well?

The sides of some aboveground pools can be acceptable as pool safety barriers, however if you choose to rely on the side walls the ladder/access point must be fenced.

Can I install a portable pool or spa on a deck?

If you are thinking about installing a portable pool or spa on a deck, balcony, suspended floor or near a retaining wall you should seek advice from an engineer or your local council about whether the deck or wall can take the weight of the pool without collapsing.

Do I need development approval for a new pool?

Yes. Before approval, your local council will check:

> the details and location of safety barriers (they should restrict access to the swimming pool by young children)

> the safety of the pump (there are a number of safety requirements in place to prevent suction-related injuries or deaths in swimming pools)

> the adequacy of structural support for the swimming pool (particularly if the pool is to be placed on a deck, balcony or near a retaining wall)

I want to sell my house and I have a swimming pool. What are my legal obligations?

If your property contains a swimming pool that was built or installed before 1 July 1993 and you are placing your property up for sale you will need to ensure that your swimming pool barriers are in line with the relevant requirements for swimming pool safety. Fencing or barriers may need to be upgraded to meet the safety requirements.

Note: This requirement only applies to swimming pools built or installed before 1 July 1993.

It is the responsibility of the party selling the property to ensure that the swimming pool safety is in line with the current requirements.

Note: A certificate of compliance is not required under current legislation.

Can child-resistant doors be used as part of the safety barrier?

Child-resistant doors cannot be used for new outdoor pools – only compliant fencing can be used. For pools built before 1 July 1993 child- resistant doors can only be used in situations allowed by Ministerial Building Standard MBS 004.

How long can a temporary fence/barrier be used as the safety barrier?

For up to two months from the date of completion of the pool. The approved safety barrier must be installed before the expiration of two months.

SA Ambulance Service

GET TO KNOW THE TEAM...

KAREN CROSSMAN
VALUED TEAM MEMBER

How long have you been involved in SA Ambulance?
Over 8 years
Why did you join SAAS?
Volunteering was always something I wanted to do, I had many excuses as to why I couldn't; I needed to be there for my family, work was too busy and life definitely was too busy BUT guess what, life, family and work don't get any less busy SO in the end, all it took was another SAAS volunteer to put the application papers on my desk, I now have been a Volunteer Ambulance Officer for 8 years.
I have worked as a Registered Nurse and Midwife for over 35 years, as an Ambulance Officer, I get to have the patient contact that I no longer have in my current employment role as a Nurse Manager.
Working as an Ambulance Officer is like doing shift work, you either work the day shift or the night shift or part thereof, you can volunteer as much or as little as you want, any contribution helps fill the Streaky Bay roster and enables those people calling for assistance to get a timely response. Should you choose to volunteer you will join a super supportive and friendly Streaky Bay Team.

COURTNEY MONTGOMERIE
VALUED TEAM MEMBER

How long have you been involved in SA Ambulance?
I started in June 2020, right as Covid had just taking off
Proudest moment in SAAS
I have a few, but as Wayne mentioned in the last criterion I was partnered up with him and we attended an accident in front of the school. This patient had a severe neck/spinal injury. Because of our treatment on the day with extremely careful transportation and care, we saved him from being a paraplegic as he had fractured his spine. Several months later, the patients family travelled interstate to thank us both face to face, as well as getting a phone call at work from the patient himself. We shared some happy tears.
Another moment I'll be forever grateful/proud of, is going on call on a day that I usually don't, we had no-one available this day so I jumped on. Near the very end of my shift I got a callout, but this time it was for my Grandpa. If I wasn't on call that day I wouldn't have had the opportunity to say my last goodbye as his passing was sudden. I am grateful that I was there with him when he took his last breath.
What is something that the Community might not know about being a SAAS volunteer?
Tuesday night trainings are family friendly. My kids love coming to training and I love that they are learning too whilst being there & getting involved in our scenarios. They are familiar with the ambulance & know where the lolly container is. The team know when the Mont kids have been as the container usually needs refilling.
