PROBUS

During October we celebrated Probus month with a Pizza Party in Pioneer Park. On the beautiful sunny day we came together for a picnic and played 10 pin bowls, fiska and ate beautiful pizza supplied by Terrace 24 Pizza. We had a very enjoyable day.

Also this month we enjoyed our Christmas celebration at the Streaky Bay Hotel. Xmas bingo and scrambled words were played. Another lovely social get together for everyone.

PROBUS CONTINUED...

INDOOR BOWLS

Five shots scored on the final end of the last game played on 20/11 lifted Roger's team overall total to win the day. The team 3 game total shot count of 26 was well clear of the nearest 22, 22,20.

On the day all teams had few penalty scores and all teams seemed to be " anyone's game".

The previous week, 13/11, one team was so close to scoring the maximum 8 shots on one end and on another mat 2 teams "managed " to deliver half their bowls off the mat! Such is the variance and fun of the weekly Wednesday indoor bowls.

On 30/10 a special cake was cut to celebrate birthdays of members Darryl 11/10, Geoff 28/10, Lyn 3/11. see photo
The club festive lunch is in the Streaky Bay Hotel on Wednesday 11/12 and the last game day for 2024 is scheduled for Wednesday 18/12. On that day also there will be birthday celebrations for several members.
After 18/12 the club will follow customary recess and it is anticipated indoor bowls play will recommence on Wednesday 15/1/25.

Winning teams were=
30 Oct. = Geoff, Thip, Bev.W, Jim C.
6 Nov. = Julie, Joylene, Darryl, Jim C.
13 Nov.= Raylene, Gay, John
20 Nov.= Roger, Joylene, Marlene, Nicki

Community News

MENS SHED

Firstly, a big thankyou to Eyre Peninsula Community Foundation (especially Susan Hooker) for giving us a grant to purchase and new laptop and software to go with it.

If there are any community groups that are looking for some help with money the Men's Shed fully recommends seeking grants from EPCF. The applications forms are easy to follow, and help is available if needed.

This laptop will allow our treasurer in Jim Petty to have all Men's Shed financials separate from his personal information.

It was great to see 14 people at the Shed on Friday the 15th. We have had three visitors over the last couple of weeks.

From a work side of things, we have more bird feeding boxes on the go. We have put some wooden trucks and trailers into the craft shop for sale. The rocking chair mentioned in the last issue is being used at home now. (see pic below) The drop side table is now complete thanks to Sean Carter for staining it. The wooden fish we were asked to make have been collected and the buyer was happy with them.

Members of the shed cooked a BBQ at the craft market on Sunday the 24th.

Some ideas for Christmas decorations have been put forward from the community, which we will look at over the coming weeks.

Our group is always looking for new members, so if there are interested men in the community come along on Fridays at the old bowling club on Montgomerie Tce.

STREAKY BAY COMMUNITY OP SHOP

On Friday morning, November 22nd, a group of happy, chatty Bay Community Op Shop volunteers gathered at Drift to socialize.

At this gathering the new president, Glenette Banks, updated everyone on the changes with the committee since Karen Cilka had chosen to resign. Glenette also sincerely thanked everyone for their time and effort in making our move and day to day openings so successful.

Annette Gibbes then gave the financial input where she told us that the committee has chosen to already give back to the community.

$5000 towards the lights at the oval
$2000 towards the fireworks
$2000 to the Hospital Auxiliary from the trading table day
$3300 towards Streaky Sounds

We look forward to being able to support other groups in the community through our usual process in May when we ask for requests to be made known to us.

Thank you so much to the whole community for your continued support and have a safe and wonderful Christmas season.

From the Bay Community Op Shop committee

STREAKY BAY MARKETS

This was our fourth year organising the Streaky Bay Market, and once again, it was an absolute blast! The weather was perfect, and we had just under 50 stalls, including 10 fantastic new ones like Opal's by Steed, EleRaze Creatives, and Sweet Tooth. The vibe was buzzing inside and out all day, with everything from delicious food trucks to incredible local artisans – there was something for everyone to enjoy.

A huge shoutout to my small but mighty market crew for making everything run so smoothly – you all made it look effortless! Also, a big thank you to our amazing community for coming out to support us – your energy and enthusiasm truly made the day unforgettable. See you all next year!

Toni Foster

SACWA

Our November meeting was held at a member's home on Cape Bauer Rd, and what a stunning day it was to admire the beauty of Streaky Bay's diverse landscapes from the veranda and inside living area. First up was the meeting agenda items, followed by lunch where members brought a plate of food to share, then a dessert of berry salad and ice-cream. With totally satisfied bellies, we resumed to the lounge area to watch a documentary about Tuvalu, our 2024 Country of Study – likely to be the first country to be engulfed by rising ocean levels. Point scorers for the floral displays were Helen H & Marlene for the singles and Sharon & Marlene for the multiples.

SACWA CONTINUED...

We had our stall at the recent local markets. Thank you to those members who were able to bake and/or man the stall, the market organisers and you, the public, for supporting us all. Another great market.

Our December gathering will see our members enjoy Christmas festivities with a friend at the Streaky Bay Hotel. Looking forward to the fun, laughter and friendship (no meetings J) that will behold the day. A small summer break will have our next meet on 11/2/2025.

We wish all of Streaky Bay a wonderful, fun filled and safe Christmas and New Year. Enjoy yourselves and wallow in the beautiful natural surrounds that our epic little town offers.

STREAKY BAY NATIONAL TRUST MUSEM

November 2024

Meeting this month had less members attending due to volunteers being away. Discussion ensued regarding information from the recent National Trust Meeting held at Clare & online. Some items effecting our Museum will be the increase of Insurance & GST, refundable by ATO, will no longer be returned to each individual branch. Suggest items be catalogued and digitalised. President Sandra following up on items needing to be addressed.

Streaky Bay Museum Facebook page being looked into. Ceduna Museum have had excellent feedback & visitors since instigating their page.

Community News

STREAKY BAY NATIONAL TRUST MUSEUM CONTINUED...

Maintenance team still busy working on machinery and the yard. Streaky Bay Year 2's had an enjoyable time. Girls treated patients in the Dr Surgery. Looking to the future, maybe some nurses, receptionists, teachers! This week we have Wangary & Miltaburra.

We would appreciate school photos (with names please) from before the Streaky Bay School was relocated. Interesting seeing photos of students from 1947. Also any photos from other schools in the district. We have a photo of students from Courela School in 1922. May be difficult to name these students.

6th December, **Christmas party** for volunteers and invited guests from the community. **Christmas closure**: Museum will be closed 21st December to 7th January. Forward to 31st January 2025, Museum building will be closed for 3 weeks due to internal painting. Yard area will continue to be open. New volunteers welcome.

STREAKY BAY RSL

Back in August this year the Streaky Bay RSL Hall was stripped of all display cabinets, tables, chairs, photographs, and memorabilia so the wooden floor could be sanded back and re surfaced. The task was completed by Adelaide Hills Floor Sanders and was very much to our satisfaction.

Over the last few months, we have been putting everything back together again and its proving to be a challenging process. We have sorted through the photographs of which there are hundreds, some in frames, others not. We have re labelled most of them as the printing identifying the person or scene were faded and, in some cases, almost unreadable.

One problem we did encounter was due to the dirt driveway at the front of the Hall. We needed some heavy duty matting at the entrances to the Hall to cut down on foot marks left on the new timber floor. Our thanks go to Jennifer Watkins at West Coast Funerals for donating $1,000.00 which covered the cost of the heavy-duty matting.

We should have the Hall fully functional again within the next few weeks ready for next year. Our AGM will be in February 2025, and we look forward to current members re signing and new members will be most welcome.

EP LANDSCAPE BOARD

Biodiversity Monitoring
Eyre Peninsula Landscape Officers completed the Birdlife Australia Biennial Beach Nesting Bird Count in November 2024, spanning the coast from Fowlers Bay to Sheringa. This national population count is undertaken every two years with the assistance of volunteers and National Parks and Wildlife staff, with a specific focus on Hooded Plover, Fairy Tern, Red-capped Plover, Pied and Sooty Oystercatchers. This program assists provide the most accurate estimate of beach nesting bird populations, and record breeding activity and threats in southern and eastern Australia.

Malleefowl monitoring surveys were also completed in November with grid monitoring occurring at Lock and at Pinkawillinie Conservation Park supported by volunteers and Gawler Ranges Working on Country staff. Unfortunately, no breeding activity was recorded which is in line with dry conditions.

Weed Control
Gazania control has been undertaken along Cape Bauer Road from AB Smith Road intersection to the boat ramp. This work aims to protect the threatened Drooping Sheoak Grassy woodland ecological community. Control of pest weeds including summer grass species has also begun in the western district targeting Buffel Grass and African Lovegrass along the Highway.

Drooping Sheoak Grassy Woodland Project
The EP Landscape Board has begun work on a 4 year project funded by the Federal Department of Climate Change, Energy, the Environment and Water. Initial work has included collaborating with landholders to identify priority restoration sites where fencing, pest control and herbivore management will be undertaken to enhance the condition of remnant sites, along with identification of revegetation sites to increase the community's distribution. Biodiversity monitoring to collect baseline data along with community education and a school workshop has also occurred.

Family Fish Day 2025

Something fishy is on at Streaky Bay

The most anticipated event on the New Year calendar is on-again, Family Fish Day at Streaky Bay. Anglers rise early and head to the historic jetty to cast off at 9am. The competition attracts annual visitors and locals to compete throughout the morning for the grand prize and prestigious title that accompanies landing the biggest catch.

Celebrating its 22nd year this a free community is hosted by the Streaky Bay Tourism & Business Association. Event co-ordinator Gary Finch says: “it was a bit touch and go if we could host the 2025 event. Many would know the Streaky Bay jetty is being upgraded and will be closed for a period of time. However, as it turns out works will be completed and the jetty open by the New Year, so we can host the event. We have many families from out of town that make their annual summer holiday pilgrimage to Streaky Bay and join in the fun, along with residents from across the Eyre Peninsula and Streaky Bay locals. The event is a lot of fun and educates children and novices on the different species and the need for responsible fishing practices.”

The competition is for scaled fish only and has a catch and release policy. Registration is from 8.30am. The competition runs from 9am to 11am. Then the winners are announced on the jetty platform. First prize for the largest catch on the day is $200, runner-up $150. The heaviest of each species will receive $20 and if you catch 3 different species you will win $5. The prizes are for children aged 4 to 17 years. There are trophies awarded to the top two winners and for a selection of anglers based on their enthusiasm, so every angler has the chance to go home with something, event the unluckiest angler.

Through generous donations, made by event committee members and supportive locals like Janet and Donald Williams, many anglers go home with a quality rod and reel. Major sponsor Killas of Streaky Bay, that are renown for selling everything for, on and around the water, provide great give-aways of tackle boxes and fishing paraphernalia. They setup the weighing station, host the sausage sizzle and sell bottled water and bait at discounted prices. Shimano get behind the event too and provide some great give-aways.

The Streaky Bay Hotel and Motel have been sponsoring this event for many years and they put together a super raffle prize that has something for everyone in the family to enjoy. Tickets will be on sale at the registration desk and the raffle is drawn just before the event closes.

Generally, representatives of the Fishers Department come along to join in the day. They are on hand to assist children identify the species, encourage safe practices on and around the water when fishing and highlighting our responsibilities in sustainable fishing practices.

Anglers are advised to be SunSmart, coverup, wear a hat, apply sunblock and stay hydrated. Bring your fishing gear along with a bucket and cloth to carry the fish to the weighing station.

Many people bring a picnic lunch to enjoy afterwards on the beautiful foreshore lawns, some head to Drift Café and of course the hotel always offer a great lunch on the deck.

Basil and Belle coffee van will be on site to provide the necessary early morning coffee and Sweet Treats will be there too selling ice-creams and milkshakes throughout the day.

There is definitely something for everyone at the Streaky Bay annual fishing day !

If you’ve never attended before, come, and if you have been before come again!

Family Fish Day 2025

Ageing Well Strategy Development

The District Council of Streaky Bay is developing an Ageing Well Strategy, in response to the increased number of older people living in the area. Currently 40% of the population is aged 55 years or older.

Under the focus areas of The Streaky Bay and District Wellbeing Project council were successful in obtaining a grant from the Office for Ageing Well to develop a comprehensive Ageing Well Strategy that will identify areas in need of development and improvement along with corresponding actions council will take to rectify the issues, serving as a proactive response to the evolving needs of the growing community of older residents.

The District Council of Streaky Bay has engaged Healthy Environs to develop an inclusive strategy with DCSB staff, Elected Members, stakeholders, and the local community. This strategy will leverage community and existing capacity strengths.

The Council and Healthy Environs have been busy conducting a series of consultation session throughout October and November.
On October 28th and 29th Healthy Environs were invited to conduct sessions in the district, ranging from one-on-one interviews with community members to workshop style discussions with stakeholders. Stakeholders were engaged from a range of relevant backgrounds such as Health Care Services, Community Organisations and Groups, Planning and Policymaking, and those with lived experience.
Healthy Environs engagement leaders said that 'Our visit to the District Council of Streaky Bay to discuss healthy ageing has been a truly rewarding experience. It was inspiring to engage with a community that shows a strong commitment to supporting each other and demonstrates a deep passion for their outstanding environment and neighbourhood.'

Healthy Environs then returned to the District on November 18th and 19th to present to the community and elected members the collated data and feedback received during the first sessions.
This ensures that all the necessary information is captured, so we can develop the best Ageing Well Strategy for our people and area.

The feedback and responses received from the engagements will be collated by Healthy Environs and used to inform the development of the strategy.
A Draft strategy is expected to go to Public Consultation in early 2025.

To stay up to date with all emerging information and future community engagements, follow The Streaky Bay and District Wellbeing Project Facebook page here: https://www.facebook.com/TheStreakyBayDistrictWellbeingProject/

Council News

INFRASTRUCTURE

Overland Line Road
Council considered a report to the November 2024 ordinary meeting of Council and resolved the necessary motions to enable the finalization of this project through the lodgement of plans to the Lands Titles Office and State Roads Group.

Heart Bay Access Road
Council received a report to the November 2024 Ordinary meeting of Council in which they considered the roads to be closed adjoining the Conservation Park as part of the land swap agreement with Council and have now asked Council Officers to seek further feedback regarding reducing the roads to be closed.

Streaky Bay Jetty Repairs
Project works onsite commenced 8th October. Jetty is currently closed to the public and the entire jetty will open during the Christmas New Year period between 23rd December to 5th January. The carparking area in-front of the Jetty Platform will remain closed.

EP Grain Export Supply Chain Study
Following discussions held around the development of the export grain supply chain at the Country Cabinet meeting held earlier in the year, DIT have committed to delivering a planning study and strategic business case by the end of 2024.

The commitment of EP Council's is to contribute to 25% of the cost of the study and business case up to a maximum of $50k. Cr Philip Wheaton and Penny Wiliams (GMP) will represent Council on the working group and any feedback is strongly encouraged to be provided to either representative. Further information on the project will be provided as it becomes available.

Streaky Bay Foreshore Lights
New lights have been received to replace the existing lights at the foreshore across from the Hotel. Light poles have been ordered and soon to be delivered. Light poles have arrived and installed to planned for early in the new year.

Whilst removing the old light poles near the CBD Toilets, old steel conduit was discovered. Council staff are now exploring solar options for this area as it will be more practical and cost effective not having to install new conduit and electrical.

Roads Update
Roads – Construction
Currently completing
- Calca Bluff Road – Flinders Highway to Drinanvale
- AB Smith Rd – End of Seal to Pipeline Rd
- Pipeline Rd – AB Smith to Sceale Bay Rd

To be completed next:
- Aerodrome Second Runway - Resheet

INFRASTRUCTURE CONTINUED...

Montgomerie Terrace Shared Use Path
Council received an update information report at the October meeting of Council. Final Draft Engineered Plans and Preliminary Costings are due to be received at the end of October.

The Federal Government has just released it's Active Transport Fund. The focus areas for the program are, road safety, reducing transport emissions, active and livable communities. The program has been designed to give flexibility to address current and emerging active transport priorities. The program will provide funding to state and territory government as well as local government. The Guidelines provides that eligible projects must;
- Be for the upgrade of an existing or construction of a new bicycle or walking pathway
- Directly address at least one focus area, and be supported by evidence;
- Be located on a publicly owned road asset or corridor that is accessible to the public; and
- Be a hole and complete project (not reliant on other works)

Projects must be for the design and construction of new or existing bicycle or walking pathways to encourage the use of active transport.

Streaky Bay Traffic Flow Study
Council has endorsed the engagement of consultants to assist with looking at key traffic flow points in Streaky Bay. See poster in this edition of the Criterion for an opportunity to attend a community drop in session.

Second Dump Point Streaky Bay
A location selection has been included as part of the Streaky Bay Traffic Flow Study. Council Officers will await the outcome of this process and recommendations.

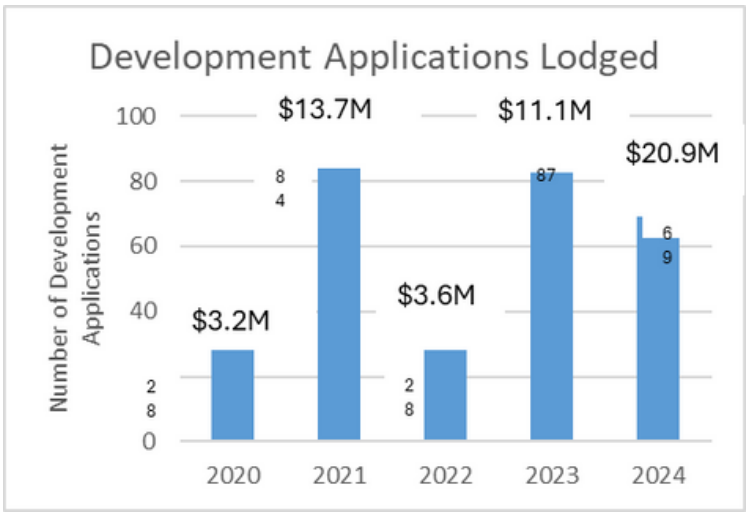

Kiosk Carpark
Since the re-opening of the kiosk, we have noticed significant parking issues during the peak lunch and dinner hours. An additional 6 parking spaces are being added to the kiosk car park. This is a low-cost solution that only required us to remove tree limbs and low shrubs. Quarry fines, pine bollards and rumble strips will be installed to define the parking spaces. The extension of the carparks spaces has been completed with road base and quarry fines. Carparking items have been received. Carpark markers, bollard, and some signage has been installed. Awaiting the arrival of new carpark signage.

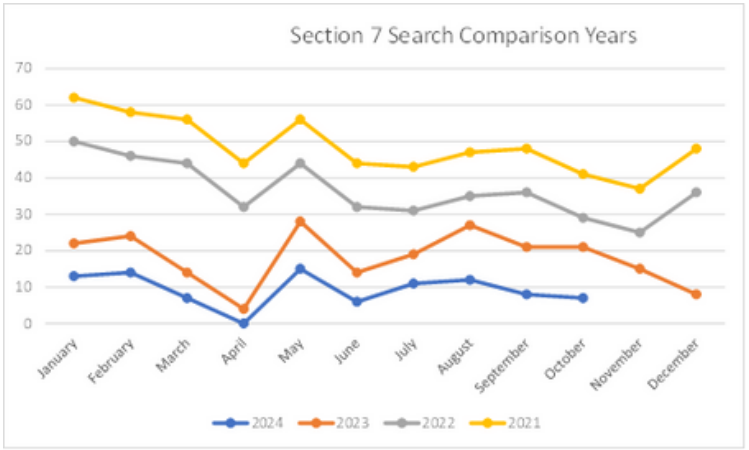

Surfers Beach Staircase
As per Councils resolution earlier in 2024 to allow the amalgamation of parcels that placed the Surfers Beach Staircase into the Surfers Beach Road Reserve. Crown Lands have notified that this process is now complete.

Visitor Centre Doors

New doors that open up the two hire rooms have been installed to improve the functionality of the space.

Regional ATDW Leads – September Monthly

- South Australia led total leads by Geographic Region.
- Baird Bay Experience was #7 in Top 10 Tours & Experience with ATDW.
- Baird Bay Experience was #2 for ATDW leads for Eyre Peninsula.
- Rodeo By The Sea #1, Celebration of Seafood #2, Streaky Sounds #4 in Top 10 Events for EP.
- Baird Bay Experience was #2 for ATDW tours for Eyre Peninsula
- Murphy's Haystacks was #8 for ATDW attractions for EP.
- Discovery Park Streaky Bay #7 for ATDW accommodation for EP.

SA Tourism Commission Regional Forum

The SATC held forums across the state as they review the 2030 Visitor Economy Sector Plan with a focus on key competitive drivers for the state that will continue to grow our economy. These forums will form part of the consultation in reviewing the Destination Management Plans for each region. The Eyre Peninsula forum was held in Port Lincoln on the 21 November 2024, the forum outlined the objectives of the new Economy Sector Plan, provided an update on where the Eyre Peninsula currently sits within the SA Visitor Economy and provided participants with the opportunity to provide feedback on local input.

Haslam Crown Land Licence Relinquishment

Council considered a report regarding a proposal for Council to relinquish a portion of its licence over crown land that adjoined Angel Oysters in Haslam.

The purpose of the proposal received from Crown Land was for Angel Oysters to utilise the piece of land as part of storage for their business. Council considered their proposal and agreed to relinquish that portion of land. Crown Land have now been notified of Council's decision.

Council News

SUSTAINABILITY

Hardwaste Disposal Week
This was again very popular and below is a summary of quantities received;

Steele (Saleable) 6.775t
Household Waste 6.270t
Timber 3.090t
Electrical Appliances 2.322t

A total of 113 persons utilized the service during this week.

Stormwater Management Plan Endorsement
The Stormwater Management Plan was endorsed by Council as a Final Draft at the November 24 ordinary meeting of Council. The Plan now needs to be finally endorsed by the Landscape SA EP Board, before being formally endorsed by the Stormwater Management Authority and then it will be able to be implemented by Council. This is not expected until February 2025.

COMMUNITY DEVELOPMENT

Thrive Wellbeing Group
A meeting was held on the 4 November 2024. The committee is working on planning their events for 2025 which includes a wellbeing day, fun run and supporting the events within the alcohol and drug foundation community action plan.

Ageing Well Strategy
Council Officers have engaged suitably qualified and experienced consultants to assist with this project with funding through the Office of Healthy Ageing.

The first round of consultation was completed and a draft vision, goals and objectives developed. The second round of consultation was undertaken in past few weeks and was very well attended by local community members who were interested in the project.

The Draft Strategy is due to be finalised in January 2025.

Kiddie Gym
The first two events of Kiddiegym were a success with over 70 kids attending. There was a great amount of support for this initiative to continue and the feedback has been very positive, especially around it being a free activity with spaces for parents to socialise and connect.

COMMUNITY DEVELOPMENT CONITNUED...

Community School Pool
Pool supervisors have been engaged and the pool opened to the community on Thursday 7 November 2024. As of the 6 November 2024, the school is still awaiting an install date for the heating system. Pool passes are available for purchase at the Visitor Centre and at the pool. School holiday hours are being negotiated to provide families and visitors a safe space for swimming whilst the jetty works are undertaken.

Grain Producers SA / Fat Farmers Community Breakfast BBQ
The CDS and WHPO have been liaising with grain producers SA to secure a visit to the Streaky Bay District whilst on their Eyre Peninsula visit, the community BBQs were originally scheduled for Ceduna and Cleve, after discussions we have secured a visit on the 10th December 2024, this will be held at Piednippie Hall.

Streaky Bay Area School Visits
On the 30 October the CDS and WHPO were invited to the Streaky Bay Area School to mentor the year 8 students that are currently working on the topic: “How are we responsible for managing the impact of humans, whilst providing a sustainable world for future generations” in HASS studies with Mrs Bell. The topics the student groups were working on reflected interests that are at the forefront of the Council and our community currently, including Jetty remediation works, establishment of a youth centre, teaching shortages, water use and infrastructure.

Comedy Road Trip
The CDS has been liaising with Fringe favourites Kel Balnaves and Amy Hetherington to secure a show for Streaky Bay. The comedy duo won the 2024 Spirit of the Adelaide Fringe Award. Streaky Bay has now been included in their regional SA comedy road trip and will be performing Friday January 17 at 7pm at the Streaky Bay Institute Hall

Australia Day 2025
The CD team has been successful with the National Australia Day Council grant application, this will allow the event to engage kids entertainment activities and extend the free community event as we did in 2023.

Council News

FROM THE CEO'S DESK

Shaping Streaky Bay's Traffic and Pedestrian Flow

As our town continues to thrive and grow, ensuring that Streaky Bay remains safe, accessible, and functional for everyone is one of our top priorities. To address the evolving challenges of traffic flow, pedestrian safety, parking, heavy vehicle movements, and the increasing number of caravans in and around town, the District Council of Streaky Bay has embarked on the Streaky Bay Traffic and Pedestrian Flow Study.

This study is more than just a review of our current infrastructure—it's about creating a long-term, strategic approach to addressing these issues in a way that reflects our community's needs, whilst planning for infrastructure into the future.

Why Is This Study Important?
We've all experienced the challenges of navigating Streaky Bay, especially during busy times. Whether its difficulty finding a parking spot, navigating pedestrian crossings, or concerns about large vehicles moving through our streets, these issues impact residents, businesses, and visitors alike. Key areas of focus include:

- Pedestrian Safety: Improving pathways, crossings, and accessibility for all ages and abilities.
- Traffic Flow: Addressing bottlenecks and ensuring smoother movement through key areas.
- Parking: Balancing the needs of businesses, residents, and visitors while improving availability and convenience.
- Heavy Vehicle Movements: Identifying routes and solutions that minimize disruption without compromising essential services.
- Caravan Traffic and Parking: Strategically managing the increasing presence of caravans, including dedicated parking zones and improved signage to guide visitors.
- Dump Point: Review of existing dump point and consideration for second dump point location in the Streaky Bay Township

This study aims to tackle these issues holistically, ensuring our solutions are effective not just for today, but for the future of Streaky Bay.

Your Voice Shapes Our Solutions
Community input is vital to the success of this initiative. You know the streets, pathways, and parking areas of Streaky Bay better than anyone. Your experiences, ideas, and concerns will help guide us toward practical, community-focused solutions.

There will be opportunities for everyone to get involved, including:

FROM THE CEO'S DESK CONTINUED...

- Surveys: Share your experiences and feedback in a structured way.
- Workshops and Public Meetings: Discuss your ideas and concerns with Council representatives and other community members.
- Feedback on Draft Plans: Review and provide input on proposed solutions.

Your participation ensures that this study isn't just a top-down exercise but a collaborative effort that puts the community at the heart of decision-making.

Caravan Challenges and Opportunities
The rising number of caravans in Streaky Bay reflects our success as a tourist destination, but it also brings challenges. As part of this study, we'll explore options such as:

- Designating specific parking areas for caravans, reducing congestion in the town centre.
- Improving signage to direct caravans to appropriate locations.
- Considering infrastructure upgrades to accommodate larger vehicles while ensuring the safety and accessibility of all road users.

Building a Better Future Together
The outcomes of this study will guide Council's approach to improving Streaky Bay's traffic and pedestrian infrastructure. By addressing these issues strategically, we can enhance the safety, accessibility, and liveability of our town while supporting its growth and prosperity.

Keep an eye on Council's website and social media for updates on how you can get involved. Together, we can create a Streaky Bay that works for everyone—whether on foot, in a car, or behind the wheel of a heavy vehicle.

Thank you for your input and support as we undertake this important initiative. I look forward to hearing your thoughts and working together to make a difference.

Damian Carter
Chief Executive Officer
District Council of Streaky Bay

Council News

PLEASE... DO NOT LEAVE YOUR PETS IN THE CAR

It takes less than six minutes for a pet in a hot car to suffer heatstroke and die. Dogs pant (which further increases the temperature) to cool themselves down and regulate their internal body temperature. As it takes barely 10 minutes for the interior temperature of a car to double, a dog can die in less time than it takes to pop into the shops.

Sadly, this is still a common occurrence around Australia, especially in the summer months. As such, it is essential to NEVER leave your pet in a locked car. Furthermore, never leave your pet in the car even on a cloudy day, under shade or with the windows down, as they can still suffer from overheating. Even on mild days, even with the windows partially open and the car parked in the shade – and remember shade moves – animals will suffer and potentially die inside that vehicle. When it is 21 degrees Celsius it can get up to 43 degrees Celsius inside a car.

In South Australia anyone found guilty of an offence of this type faces up to four years imprisonment or a $50,000 fine, as well as a prohibition order to own animals in the future. The reality is that if you leave an animal in the car, particularly at this time of the year, it will inevitably become an offence because you are leaving it in living conditions that are not appropriate.

How do dogs get locked in cars?
A dog can get left in a car for longer than intended if their owner gets caught up running errands or meets someone they know while they are out. However, this can also happen through human error, such as accidentally locking your keys in the car or excitable pets jumping and knocking internal locks.

The progressively heartbreaking symptoms of heat stroke are excessive panting, high body temperature, darkened tongue and gums, dizziness, vomiting, collapse, multiple organ failure, and death.

What to do if you see a pet locked inside a car?
Here is a simple breakdown of what to do (time is of the essence here):

- First, check if any of the doors are unlocked.
- Make a quick note of the car's make, model or license plate number. Or take a quick snap with your phone.
- Call the RAA, police 000 and SES, give them an exact location and tell them the situation is life threatening.
- Notify any businesses nearby. They may be able to locate the owner.
- Once the authorities have been notified, wait by the car for them to arrive.

PLEASE... DO NOT LEAVE YOUR PETS IN THE CAR

- While breaking a window yourself is generally not recommended, there may be circumstances particularly in rural and regional areas where response time can be slow, when breaking a window will be the most reasonable action in order to save a life.
- Do not try to cool the dog down too rapidly with ice packs or loose ice. Instead, water, damp towels, and shade (or an air-conditioned building) are preferred.

What about on the back of utes?
Dogs transported on the back of utes also suffer in hot weather as ute trays become hotplates. Try the five-second rule by placing the back of your hand on the walking surface of the ute. If it's too hot to hold your hand there for five seconds, it's too hot for your dog.

For dogs, cars too easily become coffins.... it is just never worth the risk.

David Francis
General Inspector

DISTRICT COUNCIL OF Streaky Bay

VACANT MEMBER POSITION

COMMUNITY STRENGTHENING PLANNING COMMITTEE

Section 41 Committee of Council

Are you an interested community member who is an interest and background in two or more of the following (but not limited to) areas of business, economic development, tourism, development and planning, or similar expertise?

Are you interested in being part of an active committee that reports to Council and provides advice and recommendations around economic and community development, planning, Council strategies, policy direction, project planning, tourism, arts, and culture?

The committee meets a minimum of once per quarter.

To submit your application, provide a covering letter outlining your experience and interest to HR@streakybay.sa.gov.au , post to PO Box 179 or deliver to 29 Alfred Terrace, Streaky Bay SA 5680.

For enquiries please phone Penny Williams (General Manager – Prosperity) on 08 86261001 or email planning@streakybay.sa.gov.au

Application are open until 5.00pm Friday, 29 November 2024.

Get to Know the Artists Performing at Streaky Sounds 2025

The countdown to Streaky Sounds 2025 has officially begun, and this year's lineup is shaping up to be one for the books. Headlined by one of Australia's most beloved and internationally acclaimed acts, The Cat Empire, this year's festival promises to deliver unforgettable performances, including sets from a rising Adelaide band The Tullamarines and the crowd-favorite cover band Revel. Here's a closer look at what to expect from these incredible artists at Streaky Sounds 2025.

The Cat Empire

Australia's iconic The Cat Empire will be headlining Streaky Sounds 2025, bringing their legendary blend of jazz, ska, funk, and world music to the stage. Renowned for their electric live performances, The Cat Empire has spent over two decades wowing crowds worldwide with their high-energy shows. From catchy hits like *Hello* and *Two Shoes* to uplifting songs like Brighter Than Gold, their music breaks boundaries and unites audiences of all ages.

Having performed at some of the world's most prestigious festivals, including WOMADelaide, Bluesfest Byron Bay, and Glastonbury, The Cat Empire has earned a loyal fanbase and a reputation as a festival favorite.

With a reputation for turning every gig into a party, the band promises to deliver a headline performance that will make this year's Streaky Sounds one to remember. Whether you're a long-time fan or new to their music, The Cat Empire's live show is not to be missed.

The Tullamarines

Adelaide's The Tullamarines are bringing their signature cosy-pop sound to Streaky Sounds 2025, and they're quickly making waves in the Australian music scene. Formed by Josh, Angus, Benny, and Lucinda, the band first crossed paths on the local gig circuit, bonding over their shared love for songwriting. Their music blends warmth, honesty, and distinct voices, creating a sound they've dubbed "cosy-pop" — like an old friend inviting you in for a chat and a cup of tea.

In 2023, they took home the People's Choice - Pop Award at the South Australian Music Awards, proving just how much their music is connecting with fans. They've also performed at major festivals like Laneway, Spin Off, and New Year's Eve on the Hill. Their impressive touring resume includes shows with artists such as Alex Lahey, The Vaccines, Polish Club, Dear Seattle, The Vanns, Teenage Joans, and more.

Now, with their new single OMG getting airplay on Triple J, The Tullamarines are reaching even greater heights. Get ready to experience their authentic music when they hit the stage at Streaky Sounds 2025!

Revel

After a crowd-favorite performance in 2023, Revel is back for Streaky Sounds 2025 with all your favorite sing-along hits! This Adelaide-based cover band is ready to rock the stage with the best hits from the 90s and 2000s. Get ready to sing, dance, and relive the golden era of pop and rock as Revel brings all your favorite throwbacks to life.

DROUGHT, DISASTER AND RURAL SUPPORT

Rural Business Support
Free support to help farmers find clarity during tough times. Farmers across South Australia are facing increasing financial pressures due to challenging seasonal conditions, including frost and market downturns. Thanks to funding from the South Australian, Australian, and Northern Territory Governments, Rural Business Support (RBS), through the Rural Financial Counselling Service (RFCS), is providing critical assistance to help primary producers navigate these tough times.

- 400 farming families are currently working with a RBS Rural Financial Counsellor
- 61% of these farming families have sought support from RBS in the past year

RBS's Rural Financial Counselling Service offers a range of free, confidential and independent services to support eligible farmers, fishers, foresters and small related enterprises to:

- consider the impact of the season on individual and family wellbeing
- understand their true financial position (income versus outputs, debt, insurance and oncosts)
- navigate their financial issues (might include debt management, refinancing options)
- consider long and short-term implications of market changes
- identify options for their business
- develop plans to manage cash flow and creditor payments
- access dispute resolution services
- consider transition to retirement and succession pathways
- seek broader professional advice and support
- access government and community grants, programs, or schemes.

In addition to the RFCS, RBS offers further support through its Relief Fund, which provides small grants to help farming families with essential items such as groceries, medical bills, council rates, water, and school fees. This fund is designed to provide additional support to families who are engaged in the RFCS. Farmers are encouraged to contact RBS at the first sign of financial strain.

Grain Producers and Fat Farmers
Grain Producers SA is partnering with Fat Farmers to hold a number of Community BBQ's across regional SA with 2 being held on Eyre Peninsula in early December.

Locations, Dates, Times below:

- Ceduna Football Club – Monday 9 December from 8.30 – 10.30am
- Cowell Football Club – Tuesday 10 December from 8.30 – 10.30am

Purpose:

- Bring growers (across commodities in some regions/industry) and the community together
- Create a space for people to come together in an informal setting
- Provide an opportunity to get 'off-farm'
- Plan a walk/run for those who want to join
- Share a breakfast BBQ
- Connect in with support services (roaming/informal)

Who:

- Essentially everyone is welcome!
- Local grain growers
- Local agriculture industry
- Local community
- Local support services
- Ag Bureaus
- Farming Systems Groups

We are partnering with the below organisations/businesses:

- Fat Farmers
- PIRSA - The Department of Primary Industries and Regions under the Family and Business Support Program
- Rural Business Support
- FaB Mentors
- Specialty Foods – Adelaide
- Lucerne Australia

DROUGHT, DISASTER AND RURAL SUPPORT

Livestock SA Launches ‘Beyond the Paddock’ BBQ series to Strengthen Agricultural Communities
Livestock SA has launched the Beyond the Paddock BBQ series, designed to bring producers and communities together to take some time out and support each other with the challenges beyond the paddock. In partnership with the Department of Primary Industries and Regions SA (PIRSA) and the SA Drought Resilience Adoption and Innovation Hub, agricultural groups and organisations across South Australia are invited to apply for $300 to host community led gatherings.

Livestock SA President, Joe Keynes said with challenging seasonal conditions affecting many producers, these BBQs provide an opportunity for farmers to connect, share knowledge, and support one another.

Applications are open to recognised agricultural groups and organisations across South Australia from Monday 21 October to Friday 8 November (unless funds are exhausted prior). To apply, visit the Livestock SA website and fill out a simple application form: https://bit.ly/4f8v4Yf

Department of Agriculture, Fisheries and Forestry – Farm Household Allowance
The Farm Household Allowance (FHA) program provides assistance to commercial-scale farmers and their partners who are experiencing financial hardship for any reason.

The program provides eligible farmers and their partners with a package of assistance that includes:

- up to 4 years of fortnightly income support (in every 10-year period)
- ancillary allowances such as Pharmaceutical Allowance, Telephone Allowance, Rent Assistance and Remote Area Allowance and a Health Care Card
- a professional financial assessment of the farm business (worth up to $1,500)
- funding to help develop skills, access training and pay for professional advice (up to $10,000 per person)
- Regular tailored support of a case manager.

You can get help to understand and apply for Farm Household Allowance. Specially trained staff are available on the Farmer Assistance hotline at Services Australia, call 132 316 between 8am and 5pm, Monday to Friday.

You can also talk to a Rural Financial Counsellor. It is a free service. They will evaluate your situation and let you know what you can apply for. Find your local service provider by visiting the Rural Financial Counselling Service webpage: www.agriculture.gov.au/agriculture-land/farm-food-drought/drought/rural-financial-counselling-service

Moores Boat Ramp Permits

Please remember to display your permit on the dashboard of your car.

Yearly, Monthly, Weekly and Daily permits can be purchased from Killas Fuel & Tackle, the Streaky Bay Visitor Centre and the Council Office.

BUSY KIDS
Streaky Bay

Each month Busy Kids has a theme and this month the children have been looking at sustainability. Thank you to everyone who dropped of items for the children to use.

Crafting using all things recycled is a great way for the children to use their imaginations. Cutting and using sticky tape helps develop fine motor skills

Their creations then go on to be used in interactive play

We would like to wish the community and all our families a very Merry Christmas

SA Ambulance Service

GET TO KNOW THE TEAM...

CYDNEY ALFRED
VALUED TEAM MEMBER

*This image is from a training exercise

How long have you been involved in SA Ambulance?
I joined SAAS in 2022, a year after I moved to town, and have been on the roster for almost 2 years now.

Why did you join SAAS?
When I was in school I always reamed of becoming a Paramedic, however was persuaded to study other areas within health at Uni. After my Dad's heart attack in 2021 and hearing of the incredible first response he received I felt a need to sign up and see what I could do for our community.

What is something the community might not know about being a volunteer?
Most of us work full time jobs while still committing to being on the roster at least once a week.
Its an extremely rewarding group to be a part of, and although many of the jobs can be quite sad and difficult to deal with, the feeling of helping someone in potentially one of their hardest moments is a really special thing to be a part of.

LAWRENCE TOMNEY
VALUED TEAM MEMBER

How long have you been in SA ambulance for?
I first joined St John in 1971 & then in 2001 we changed over to SAAS.

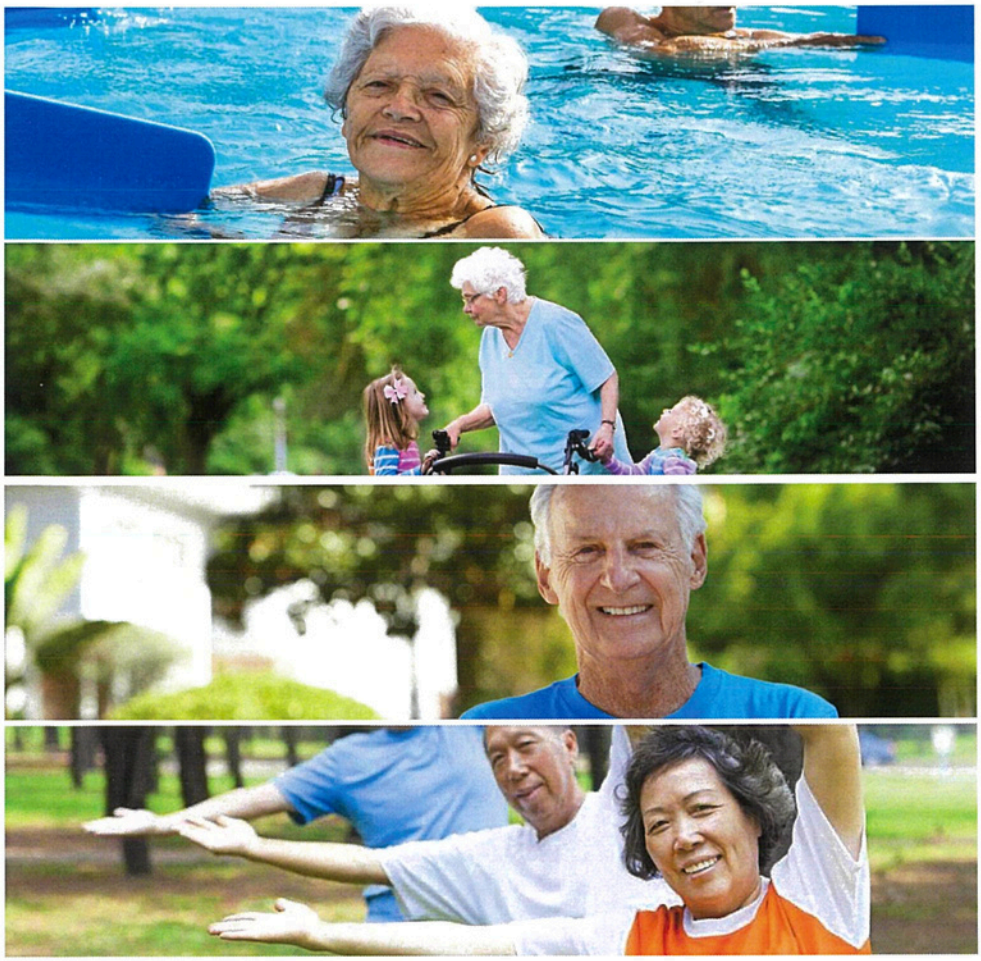

Proudest moment in SAAS?
My proudest moment is receiving the Ambulance Service Medal on Australia Day at Government House due to my 50 years of service.

Why did you join?
When I lived at Haslam, we travelled between Chandada and streaky to visit family and one day I came across a vehicle accident. Where I realised, I had to have first aid knowledge to help others.

What is something that the community might not know about being a SAAS volunteer?
We always have support for clinical assistance via the phone or radio. There are senior paramedics available 24/7 to chat too, so that you're never on your own.

Christmas !

Do you believe?

Bible verse
John Chapter 6 verses 28 & 29

Then they asked him, "What must we

do to do the works God requires?"

Jesus answered, "The work of God is this:

to believe in the one He sent."

Peter Jans
