Council News

GOVERANCE

Caravan Park Land Purchase

In the potential acquisition of the crownland housing the Streaky Bay foreshore caravan park, the Council engaged in community consultation throughout March. This involved distributing surveys via social media, the Council's website, and our customer service and visitor information centres. Additionally, a drop-in session was organized for individuals to directly engage with the CEO on the matter.

Following initial feedback, subsequent communications addressed raised concerns, leading to an extension of the consultation period to incorporate these concerns. To bolster awareness, a media release was issued, garnering coverage from various news agencies and prompting interviews with the CEO and Mayor.

During the consultation, the following themes were explored:

1. Is the community aware of the importance of the foreshore tourism park in terms of income generation for Council?
2. Is the community aware of the importance of tourism for our region?
3. Are the community aware of how long the foreshore tourism park has been in place for?
4. Does the community see the need for significant investment into the park's current infrastructure?
5. Are the community aware of the benefits in investment into the park's current infrastructure?
6. Does the community understand the reason why the purchase of the land is important?
7. Is the community supportive of the land purchase?
8. What are the community concerns with the land purchase and how can they be addressed?

In terms of engagement, this was one of Council's most successful consultation processes with over 119 responses provided through electronic and paper-based surveys.

Regarding consultation, there's evident robust community interest and backing for the land acquisition. However, it's clear that the Council must ensure regular updates on the progress of the purchase whenever feasible (i.e. when information isn't commercially sensitive information).

PLANNING & REGULATORY

As for the next steps, Council Officers will provide the consultation outcomes to the Office of Crown Land and await a valuation from them for the land.

A copy of the full report with specific survey results is available within the Agenda for April on Councils website www.streakybay.sa.gov.au

INFRASTRUCTURE

Streaky Bay Jetty Repairs

Council Officers will be meeting with the Department of Infrastructure and Transport representatives to discuss timeframes and plans for construction and site set up.

Anderson Road and Cape Bauer Intersection

Site has been surveyed and draft designs for an intersection realignment have been completed.

Roads Update

Roads – Construction

Currently completing

- Pines Road (from Eyre Hwy to 3.8km South)
- Jesse Flat Road (from End of Bitumen Seal to Kelsh Road)

Unsealed Roads Program 2024/25

The Council at its April meeting received an update and report for the proposed 2024/25 Annual Business Plan and its proposed roads program.

The District Council of Streaky Bay owns and maintains a large amount of road infrastructure, including more than 1,090km of unsealed sheeted roads, and the ensuring the condition of our roads is a critical activity for Council. As we move into the planning phase for the upcoming year's unsealed road construction program, it becomes imperative to ensure that our resources are strategically allocated to address the most pressing needs. This report aims to provide an overview of the selected roads for construction, highlighting the methodology behind their selection.

The roads chosen for inclusion in next year's construction program have been meticulously selected through a combination of condition rating assessments and recent visual inspections. Leveraging advanced evaluation techniques through Tonkins.

Council News

INFRASTRUCTURE CONTINUED...

We have gauged the deterioration levels of various road segments, considering factors such as surface wear (rubble depth), potholes, drainage issues, structural integrity & rideability. Furthermore, our field teams have conducted visual inspections to complement the quantitative data with qualitative insights, ensuring a comprehensive understanding of the road's condition and what to include in next year's program.

The upcoming unsealed road construction program represents a proactive step towards ensuring the integrity and functionality of our road network. By employing a data-driven approach to prioritise construction efforts and emphasising the importance of timely interventions, we aim to enhance the resilience and reliability of our transportation infrastructure for the benefit of all stakeholders.

A copy of the full report with specific roads proposed is available within the Agenda for April on Councils website www.streakybay.sa.gov.au

PLANNING & REGULATORY

Land Management Agreement Waivers

Council received a request to waive Land Management Agreement restrictions for an allotment on Blockelberg Hill Drive in the Blancheport Heights subdivision, this request was not endorsed by Council.

A request for a Land Management Agreement waiver for Edgewater Close was received and the proposed clauses for waiver were approved.

Animal Fees and Charges

Council received a report regarding setting fees for Animal registrations for the 2024/2025 financial year. Council resolved that the fees will remain the same as the 2023/2024 financial year.

Road and Place Naming Policy Review

Council received a reviewed Road and Place Naming Policy, the Policy is an existing Policy that outlines legislative requirements and community consultation requirements. The Policy was endorsed without any major changes to the existing Policy.

ECONOMIC DEVELOPMENT/TOURISM

Streaky Sounds Event Round Up

At its ordinary Council meeting held on 21 November 2023, Council resolved to support the Streaky Sounds music festival for its second year in a row, recognizing the positive impact it could have on the Streaky Bay District, both in terms of the community and the local economy.

In March 2024, the Streaky Sounds music festival proved to be a success again, generating a direct and indirect expenditure of approximately $ 298,000.00 over the two days and with an estimated $211,200.00 injected into the community by visitors.

With the weather forecast rising a week out from the event, the committee worked hard to implement additions to the event to assist with the heat, this included, organising a kid's pool, a misting tent, water pistols, heat stroke fact posters throughout the event, free water station, free sunscreen stations, marquee and umbrellas and made a BYO shade area to ensure everyone could enjoy the day safely. These additions proved extremely beneficial with not one medic visit for the entire event.
There was a great variety of food and refreshments available, and the kids were kept entertained with Xtreme Kites and Paddle Amusements and a Kids Tent offering free activities.

The event had 11 local stall holders that benefited from trading at the event, the Streaky Bay District and Community Complex had a very successful bar at the event.

The event ran very smoothly considering the weather with an event attendance of 1100 in the end, the event was everything the team could have hoped for. The event has had positive feedback from artists, SAPOL, Security, vendors, and attendees, along with various positive media reports.

Moore's Boat Ramp Shared Use Path

The Council moved a motion with notice at the April 2024 meeting of Council to name the unnamed shared use path to the Boat Ramp the "Peter Irvine Trail or Track".

Council News

ECONOMIC DEVELOPMENT/TOURISM

Visitor Centre Monthly Update

The month of March recorded 1325 visitors. The Visitor Centre continues to operate 9-5pm Monday – Friday and opened Easter Saturday with 13 visitors through the door on this day..

SUSTAINABILITY

Tree Management

Council Officers have put together a three year tree removal program based on risk assessment undertaken as part of the Tree Management Assessment and will be going out to tender for the removal of the highest risk trees in the coming months.

Stormwater Management Plan Development

The Stormwater Preliminary Findings Report was workshopped by Council in early March and endorsed for Community Consultation at the March 2024 Ordinary meeting of Council (see separate Advert in this document).

Waste Management Strategy

See separate page in this edition.

COMMUNITY DEVELOPMENT

Streaky Bay Area School Community Pool

The community school pool during the School term operates Monday – Friday 330-6pm and 2-5pm on Saturday and Sunday. Pool passes are available from the Visitor Information Centre. February had 904 users at the pool a significant increase on 623 throughout January.

Unfortunately, due to the availability of chlorine testing in April there will be limited opening times.

Youth Activities – April School Holiday

See separate page for these activities

CARAVAN AND CAMPING STRATEGY

*T*he District Council of Streaky Bay has a number of existing caravan and camping facilities that are highly valued by visitors and local residents. While the progressive development of many sites has seen significant improvement, there remain opportunities within some facilities that need to be further addressed.

The purpose of the Caravan and Camping Guide is to direct the approach to the future provision, development and management of caravan and camping facilities and supporting infrastructure in the District Council of Streaky Bay.

The Guide primarily focused on caravan parks and camping areas located on council-owned or managed land or Crown Land. Specifically, the Guide aims to:

- Recommend the appropriate level of provision and quality
- Guide future improvements to facilities
- Provide a framework for management
- Provide suitable payment and booking systems

The Caravan and Camping Strategy will be available for community consultation from Friday May 3, 2024.

Please call 08 86261001,
E: dcstreaky@streakybay or visit Council's website www.streakybay.sa.gov.au for further information.

Council News

CEO UPDATE

Isn't It Cheaper Just to Bury It in the Ground? Let's Talk Waste Management!

I'm reaching out today about a pressing issue that's been on the rise: the increasing cost of waste management. As your Council CEO, it's my job to ensure we use our resources wisely while keeping essential services up and running for our community. Sadly, dealing with waste has become tougher and more expensive lately. Here's why the costs are going up:

Changing Waste Composition: As our community evolves and adopts new lifestyles, the composition of our waste stream changes. We're seeing an increase in the amount of packaging materials, electronic waste, and other non-biodegradable items, which are more challenging and expensive to manage.

Regulatory Requirements: State and federal regulations regarding waste management are becoming more stringent, requiring councils to invest in advanced waste treatment technologies, environmental monitoring, and compliance measures. While these regulations are essential for protecting our environment, they also add to the financial burden on local councils.

Declining Recycling Markets: The global recycling market has faced significant challenges in recent years, with many countries, including China, imposing restrictions on the import of recyclable materials. As a result, the value of recyclables has plummeted, making it more costly for councils to process and recycle these materials.

Infrastructure Investment: Maintaining and upgrading waste management infrastructure, such as landfills, recycling facilities, and collection systems, requires substantial investment. As our population grows and urban areas expand, the demand for waste management infrastructure increases, necessitating additional funding.

Waste Levy: The Solid Waste Levy, managed by Zero Waste SA (ZWSA), promotes waste minimization and resource recovery in South Australia. By levying a charge on each tonne of waste sent to landfills, it signals the price of waste disposal and encourages actions that support waste reduction efforts. Essentially, it's a tax aimed at discouraging landfill disposal.

In terms of waste costs, it’s not all doom and gloom, basically we need to understand what Federal and State Governments are trying to achieve and work with them.

For you as Residents this is a case of Reduce, Reuse, Recycle: Use fewer resources, reuse items whenever possible, and recycle according to guidelines.

For us at Council we are up for the challenge and undertaking the following initiatives to reduce our waste costs:

- Develop of long-term waste management strategy
- Kerbside contract renewal tender to include recycling options for Council to consider
- Investigation of stewardship programs for further diversion from landfill
- Review of gate fees to ensure the cost of processing is kept to a minimum
- Review of Cungena Landfill site operations
- Implementation of gate house software that will provide improved data recording and reporting to understand the true quantities of the waste streams coming in.

Warm regards,

Damian Carter
CEO, District Council of Streaky Bay

Joint statement on changes to medical services at Streaky Bay and Elliston

22 April 2024

Eyre and Far North Local Health Network (EFNLHN) and the Streaky Bay and District Medical Clinic Inc (SBDMC) Board welcome the news that Dr Mark Brown has announced that he intends to establish a new GP Practice providing services to Streaky Bay and Elliston from October this year.

This means that a private GP provider could run GP clinics in both communities, which would support better continuity of care for everyone and particularly for older people with chronic conditions and families with young children.

SBDMC has decided to no longer provide inpatient or on-call emergency services to Streaky Bay Hospital and Elmhaven Aged Care (effective Monday 29 April). This has been a difficult decision for the Streaky Bay and District Medical Clinic Board. The Board has worked closely with EFNLHN to develop a new service model to ensure continuity of medical services to the community for this interim period.

Under this new model, EFNLHN will engage a locum doctor who will provide on-call emergency cover and inpatient services for Streaky Bay and Elliston hospitals.

The locum doctor will also provide GP services in both Streaky Bay and Elliston from Streaky Bay District Medical Centre and Mid Eyre Medical (Elliston) on set days each week. On the days the locum doctor is based in Elliston (three days per week), on-call services for Streaky Bay will be provided remotely and vice versa.

As a result of the changes, hospital admissions at Streaky Bay and Elliston hospitals will be at the discretion of the admitting doctor. Patients may be transferred to hospitals in Ceduna or Port Lincoln and EFNLHN is working with the SA Ambulance Service in this transition period. Aged care services will continue to be provided at Streaky Bay and Elliston.

During this transition period and until Dr Brown establishes the medical services in Streaky Bay and Elliston, Dr Brown will participate as a locum for EFNLHN one week a fortnight. EFNLHN has secured regular locums to provide services on the alternate weeks.

Weekday consults will continue to be available at the Streaky Bay and District Medical Clinic as usual. Mid Eyre Medical at Elliston will be open three days a week, Tuesday to Thursday.

We understand the concern that can come with changes to services but we would like to reassure both communities that this model already successfully operates in a number of Eyre and Far North communities.

Julie Marron
Chief Executive Officer
Eyre and Far North Local Health Network

Jonas Woolford
Board Chair
Streaky Bay and District Medical Clinic Inc

Community News

INDOOR BOWLS

The 9 year mark is coming up for the S.B.I.B.C. The occasion will mark the day, June 4, 2015 when a group of past players and interested locals met.

There had been a break of almost 6 months since the club had been forced into recess and unable to find a suitable venue. However, when the Streaky Bay Sporting Complex offered the use of the old Sports Club building this was accepted. Considerable volunteer work was done and once again indoor bowling was an enjoyable activity.

Three games of 8 ends are played every Wednesday afternoon. Visitors often join club members in the refurbished building located on the grounds of the Streaky Bay Sporting Complex. Bowling is competitive but always companionship and laughter prevail. Occasionally there is no clear outright winning team. This brings a shots count into the picture. There must be a winning team for the day. All the players appreciate applause for effort and of course there is always a chocolate for each member of the winning team. April 3 no team won all the 3 games but 2 teams each scored 2 wins and a loss. Here the shots count decided the winner.The next week again no outright winner. Two teams had scored 3 wins. Here the count resulted in the very close 34 and 33 shots.

Early April (10/4) best wishes were extended to club member Marlene for her birthday on 13/4. A cake was presented and later shared for afternoon tea along with all the other goodies of the day.

Winners Week 4
Roger, Marlene, Ros, John

Please note the AGM will be on the 8th May at 12pm

BLACK SEA DRAGON BOAT CLUB

Recently some of the Streaky Bay members of the Black Dragons competed in the State Titles at West Lakes, Adelaide and were fortunate enough to win a number of Medals. A fun week-end was had by all and we look forward to the next event.

We are always looking for new members, so if you would like to have a go at Dragon boating please call Glenette on 0477 966 523 or Pam on 0412 825 516.

We look forward to seeing you there.

Black Sea Dragon paddlers preparing for the next race.

Pictured above is an action photo at West Lakes, Adelaide.

Sharon, Jane, Cliff and Pam of the Streaky Bay Black Sea Dragons.

HOSPITAL AUXILLIARY

Meeting held 2nd April.

Decided to hold Mothers Day raffle Friday April 26th thanks to all offering to be on the roster. Grateful thanks also to Drift for generous donation towards prizes.

Vein Finder has been ordered and hold up has been finding best fix for our situation as first one was returned as seen as not fit for purpose. Wreath for Anzac day will be organised again. As Sharon or Leslie were unable to attend this time we have held back some discussions till next meeting which will be our A.G.M. Sincere thanks to all those who helped the busy bee group in the cutting of Lavenders it is a big job and the help was much appreciated. A cup of tea and birthday cake supplied by Nicki for Joyce Woods was enjoyed by all Joyce is our longest serving member and seems has hardly missed a meeting for many many years her presence is always appreciated.

The next meeting will be held on 4th June at 2pm in the Hospital Boardroom.

Community News

ANZAC DAY 2024

Streaky Bay RSL members were incredibly happy with the events of the day and accordingly received some very encouraging and enthusiastic feedback.
The weather was exceedingly kind to us and both services were very well attended. Without doubt and probably the most talked about highlight of the day was our good fortune to have bugler John McMillan from Victoria who offered his service's which was very considerate of him.
As stated in previous years, the day's success relies heavily on support from the local community and those travelling as we join to commemorate the men and women who served and continue to serve our great country. We would like to thank and acknowledge the local businesses and individuals who supported us. Foodland, Streaky Bay Meat Service, CFS, CWA, Father Steve Ardill, Rob Stephens and John McMillan.
To our RSL group, a splendid effort and team performance.

Mick Stewart

ANZAC Day Dawn Service

ANZAC Day March

SACWA

The South Australian Country Women's Association Inc.

Having had no meetings for January and March, had meetings for February and April we've been here and there – and now it's May. No meeting in May but a meeting in June! Though our handicraft ladies have maintained their consistent craft meets every third Tuesday of each month.

We have our annual tour in May, which has us heading to Ceduna for lunch and sightseeing. The Ceduna branch of SACWA will join us and are in the throws of organising the finer particulars for the included trip. Looking forward to it.

On 12/1/2024, our hearts bid farewell to one of our branch's longest serving members, Prue Cook, born 1937, a SACWA member since 1967. Her varied skill set established Brownies, Girl Guide leader, Royal Life Saving instructor, teaching, nursing studies, farming, cake decorating, retail kid's clothing and what we really know her for – needlework, which was of the highest calibre in detail, perfection and intricate finesse. RIP Prue – a lady of extraordinary life experiences.

New members always welcome.

General: Sharon 0400 622278
Handicraft: Alison 0417 854883

Community News

MENS SHED

The Shed has been busy of late with members doing projects for themselves and other people have been working on projects for the community.
Rob Fiebig our President brought a wool classing table in for refurbishing. This is still work in progress.
John O'Brien, Garry Hodge, Mick Le Cerf and Rob Fiebig himself have made it stable and have fixed the slats in place (see pic)
The bird feeding box for Betty Fox is now finished and ready to be collected. Thanks to Peter Elyward and John Lelifeld for doing the modifications to it. The base was replaced and some timbers around the tray itself were replaced. Jim Clarke and Sandy Johnson stained it. Betty was happy with the work done. (see pic)
We have been making some bird feeding trays of our own with three complete and orders for more. (see pic)
We have some bird nesting boxes ready for delivery to the craft shop with more on the go.
We have now completed another planter box for the hotel. The hotel has also asked us to make two more food serving trays which are also on the go.
The workshop looks a lot tidier thanks to Jim Petty.
We also took advantage of the Hard Waste week to clean up the inside and outside of the shed.
Friday the 19th saw the return of Clem Le leivre the locum doctor from New Zealand as well as Robin Bodycomb from Kersbrook Men's Shed. Both are members of our Men's Shed.
John Thomson is working on a table he brought to the shed to refurbish. He also had a writing table restored and it is ready for staining.
Our stocks of items for sale in the craft shop have now been topped. Drop into the craft shop and have a look.

STREAKY BAY PROBUS

'You never really know a person till you hear their story from them. '

Our speaker this month was Travis Barber our Mayor, telling his life story so far. Wow!
He has had a life filled with many highs and lows.
He told us about his sporting achievements, his various jobs in the fishing industry, including an encounter with a great white shark!!! He covered his Real Estate life working with his father on multi million dollar projects in Adel., then onto Streaky Bay where he fished and owned a fish processing business, now back in Real Estate and of course Mayor of Streaky for many years. He is also a representative on many EP committees and boards. Thankyou Travis for an enjoyable presentation and for always having Streaky Bays best interests at heart.
On Anzac Day Shirley laid a wreath for the Probus Club to honour the diggers at the RSL.
Our Happy chat was held at Drift on Friday, where 9 of us shared memories of past holidays, and it created a lot of lovely interest and chatter.

Next meeting will be held on May 16th.

Laser Tag Day

On Monday 15th April 2024, the team at Strike Force Laser Tag came all the way to Streaky Bay and hosted an incredible and unique day of laser tag for the Streaky Bay community. Over 90 kids aged between 5 and 14 came down to the Streaky Bay Oval and attended the activity from 10am to 2pm. It was amazing to see the kids having a blast in the outdoors and trying out something new. In between the laser tag game sessions, the kids had the opportunity to play with giant games such as Connect 4, Smash Net, Quoits, Bocce, etc. The feedback from this activity was extremely positive, especially from the older kids aged between 9 and 14.

Pottery Wheel & Resin Key Ring Workshop

Kayla from Retro Squid led a pottery wheel workshop as well as a resin necklace and keyring workshop on the 16th and 17th of April at the Streaky Bay Youth Precinct. From clay to resin, the skate park became a hub of artistic energy and excitement. It was amazing to see such workshops taking place in an outdoor setting, giving the kids the opportunity of spending time outside as well as staying at the precinct and having fun with their friends in between their workshops. Both days were fully booked, with over 100 kids taking part in the creative activities. The kids were extremely proud and happy to take home their own creations, such as handmade clay flower vases and resin key rings and necklaces.

Martial Arts Workshop

On the 22nd and 23rd of April 2024, the Streaky Bay youth had the chance to participate in a free Martial Arts Workshop at the Streaky Bay Institute Hall, led by Adelaide sensei John. The Martial Arts workshop focused on providing the participants with new skills such as self and social awareness, protective practices and breathing exercises, all in a fun and safe environment. The workshop also focused on fun and fitness and body activation. The older kids aged 10 and over also had the chance to participate in an Introduction to Kickboxing workshop. Over 50 kids participated in the sessions over the 2 days.

A big thank you to the Local Drug and Alcohol Foundation Program for their generous funding, which made these fantastic workshops possible for our community youth!

The Streaky Bay Wellbeing Project

The District Council of Streaky Bay and Preventive Health SA have partnered to explore the current physical, social and mental wellbeing of the community, and develop ways in which we can enhance and support wellbeing in the future.

What is Preventive Health?

Preventive Health SA's work centres on creating a balanced health and wellbeing system that supports improved physical, mental and social wellbeing for all South Australians.

This involves the prevention of risk factors in people who are well and identifying people who have risk factors to support mitigation and management.

New Years Eve FIREWORKS

The Streaky Bay Community Hotels Board of directors trust's everyone enjoyed the New Years Eve fireworks, the feedback we have received from both residents and visitors it was the best yet and everything from 'didn't know it was on' to 'what a great location, fireworks over the bay, we will be back!!

Businesses also reported very good trading over the holiday period, great for the community and surrounds, keeping the fireworks right up there as a highlight of the year.

We express our thanks to our major sponsors who kicked off the sponsorship early enabling the Board to push ahead with organisation and fine tuning the event.
This year the sponsorship support received from business and in particular residents surpassed previous years and a big thankyou to all those who pitched in, no matter how big or small is all counted toward this great event.

THANK YOU!!!!

The support received from the Streaky Bay Visitor Centre and Streaky Bay Hotel in keeping our sponsors list updated and the ladies team for running the sponsorship table is greatly appreciated.

We are needing to **commit for now for this years event** and would like to have people thinking about how they can assist, we are still looking for assistance in organising and hands on running the event on the night, suitable for a small group of interested residents, or existing volunteer group or individuals.

VOLUNTEERING OPPORTUNITY

Can you spare 10 hours a week?

HOW TO GET INVOLVED:

Come along to training:

Tuesdays 6.30pm @ The Station

(enter through main entrance of the hospital)

Call: Dave Coombe on 0428 713 033

Through the Eyes of Nature- Sutherland Shire Environment Centre launches the 2024 RD Walshe National Writing for the Environment Competition

What does the world looks like from the perspective of a creek? What do human behaviours look like through the eyes of cockatoos. The Sutherland Shire Environment Centre's 2024 RD Walshe Memorial Writing for the Environment Competition is now open. This years topic is *Through the eyes of Nature*. It invites writers to write from an alternative perspective - to write as if looking at the world through the eyes of nature. The writing must, of course, consider elements related to the environment and broader sustainability concepts.

"We forget, sometimes, that we are but one species amongst millions", said Ian Hill, Chair of SSEC. 'This year, we'd like writers to select some non-human element of nature and write from that perspective".
"You might choose to be a waterfall or a cold, crisp morning in the desert. You might choose to write the perspective of a dolphin playing in the surf. Or say what the world looks like through the eyes of a lost puppy in a city of cars. We are keen to hear about our world, our environment, our actions for sustainability from non-human eyes".

Participation is free, and there are three age categories - Under 19, 19-26 years, and Over 60 - with cash prizes of $500 for the winner of each category. Runners-up will also receive a cash prize. The Sutherland Shire Writers Group also offers an additional prize of $100 for a junior writer, the "Pat Strong Award for a Young Writer", which honours one of the Group's foundation members.

Details about the competition and how to submit your entries can be found here:
http://www.ssec.org.au/grants-and-awards/rd-walshe-memorial-writing-for-the-environment-prize/
Entries close on Friday, 30 June 2024.

COMING TO STREAKY BAY
FREE Full Body Skin Cancer Screening

BROUGHT TO YOU BY LIONS MEDICAL RESEARCH FOUNDATION

Saturday 11th and Sunday 12th of May 2024

AMENDMENTS TO THE NATIVE VEGETATION ACT 1991

Share your thoughts on proposed changes to the Native Vegetation Act 1991.

WHAT'S BEING DECIDED?

Given its age and the history of amendments, parts of the Native Vegetation Act 1991 (Act) need updating, clarification and procedural streamlining. The amendments seek to improve and refine the administration of the Act and respond to challenges encountered by the Native Vegetation Council, the Department for Environment and Water and other stakeholders.

The drafted Bill includes changes such as:

- expand the use of the Native Vegetation Fund to support a greater range of conservation related activities,
- introduce conservation agreements to support the establishment, management, conservation, protection and enhancement of native vegetation on the land,
- provide consistent and fit-for-purpose clearance requirements,
- clarify, streamline and improve assessment and compliance processes.

The Discussion Paper and Frequently Asked Questions provide further information on current issues and will help you understand the proposed changes. Sharing your feedback will help us identify opportunities to improve the proposed amendments.

BACKGROUND

The Act and Native Vegetation Regulations 2017 are the legislative basis for the management of native vegetation on private and public land in South Australia.

The Act includes provisions which:

- establish the Native Vegetation Council and the Native Vegetation Fund,
- control clearance of native vegetation,
- provide incentives and assistance to landowners,
- enable the protection of native vegetation through landowners who enter into heritage agreements,
- provide enforcement avenues for unauthorised clearance of native vegetation.

While the Act is specifically aimed at protecting native vegetation, it also considers the habitat that it provides for native fauna and therefore effectively acts for the broader protection of nature and biodiversity.

The introduction of the Planning, Development and Infrastructure Act 2016 (PDI Act) led to the development of an active referral mechanism which results in early consideration of impacts on native vegetation in the development application process. Proposed amendments seek to streamline the PDI Act referral process to allow the Native Vegetation Council to meet statutory timeframes, and avoid duplication of application requirements.

GET INVOLVED

STREAKY BAY & EYRE PENINSULA

The world is winding down

deterioration of the earth's magnetic field
is also weakening the earth's protective atmosphere.

Climate change is happening regardless
of additional human activity all because
of Adams original sin.

Noah's flood was the world's worst climate event.

Humanity is also suffering as the genetic
information from one generation
to another deteriorates
and
the world's population in general
do not include the living God
in their lives.

"Return to me and I will return to you." Says the LORD Almighty.
